Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w15d

When Baby was sick, we gave her Castoria
When she was a Child, she cried for Castoria
When she became Miss, she clung to Castoria
When she had Children, she gave them Castoria.

Hagyard's Pectoral Balsam.

Hagyard's Pectoral Balsam gives prompt relief in coughs, colds, hoarseness, whooping cough, croup, asthma or bronchitis. It is the most pleasant and perfect throat and lung healer in the world for children or adults. Price 25c. 2w15d

A Suitable Gift.

A tube of Dyer's Jelly of Cucumber and Roses for making the skin soft and smooth will be acceptable to any lady. Druggists keep it. W. A. Dyer & Co., Montreal. 6d80

TO BE free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver, and free the stomach from bile. dw

AN INACTIVE or Torpid Liver must be aroused and all bad bile removed. Burdock Pills are best for old or young. dw

HAVE no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the sides and all liver troubles—Carter's Little Liver Pills. Try them. dw

AS A PICK-ME UP after excessive exertion or exposure, Milburn's Beef, Iron and Wine is grateful and comforting. dw

Children Cry for Pitcher's Castoria.

BURDOCK BLOOD BITTERS

BANISHES BAD BLOOD.

Bad Blood is responsible for all the Boils, Blotches, Pimples, Eruptions, Skin Diseases, Humors and Disfiguring Rashes that are so prevalent, especially in spring. There is a NATURAL FOE TO BAD BLOOD called Burdock Blood Bitters which always conquers, never fails and is recommended by thousands. It searches out and removes all impurities from the smallest pimple to the worst scrofulous sore. In Scrofula, Erysipelas, Salt Rheum, Shingles, Tetter, etc., its effects are wonderful.

WHAT THEY SAY.

Two of my children had large sores on their bodies caused by poorness of the blood. They were completely cured by one bottle of B. B. B. MRS. J. PIKEL, London East, Ont.

About a year ago I got a running abscess on my neck which made me very weak. B. B. B. cured it and I am strong again. MRS. GEO. LEDINGHAM, Montefiore, Man.

A Faithful Friend.

SIRS,—I have great faith in your Burdock Blood Bitters, and can recommend it for most anything. Two years ago I was troubled with an ulcer on my ankle; having used B. B. B. for bad blood I procured a bottle, and a box of Burdock Healing Ointment; after using three bottles and three boxes I was completely cured and can recommend it everywhere. Yours truly, MRS. WM. V. BOYD, Brantford, Ont.

Perry Davis' PAIN-KILLER

STRIKES THE SPOT AT ONCE

Is used both internally and externally. It acts quickly, affording almost instant relief from the severest pain.

DIRECTLY TO THE SPOT.

INSTANTANEOUS IN ITS ACTION.

☞ Beware of Counterfeits and Imitations.

FLAX-SEED EMULSION COMPOUND

BRONCHITIS

136 Lexington Ave., New York City, Sept. 19, 1889.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results. JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1889.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form. J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility. JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use. D. A. GORTON, M. D.

WASTING DISEASES

127 West 24th St., New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

Sold by Druggists, Price $1.00.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles inident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the cause of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO. New York.

Small Pill. Small Dose. Small Price.

Company "A" 57th Batt.

The above named Company will hold their annual meeting on Wednesday evening, April 15th, in the drill shed, for the purpose of appointing different committees for the ensuing year. Applicants for membership will be received. It is important that every member should be present. E. F. MASON, Capt. No. 1. 2d

Will be Dealt With Later.

A meeting of the Presbytery of Peterborough was held at Port Hope Tuesday. The St. Andrew's Church pastorate was not discussed, as it would have been irregular to introduce the subject, sufficient notice not having been given. A special meeting of the Presbytery will be convened at Peterborough shortly, to deal with the matter.

A Fine Window.

A. Clegg shows this week a handsome carved and polished solid mahogany parlour suite, upholstered in blue tapestry; and a fine quartered oak sideboard, antique finish, with rich oxydized trimmings of Louis the XIV style. This drawing room suite, like the last one exhibited, is sold out of town, and will be shipped to-morrow. 1d

Painted in Water Colors.

Bartholomew Fox was yesterday found drunk by the police, his face daubed with black paint and his clothing drenched with water. Some miscreants had painted him and then playfully turned on the hose. Bartholomew was placed in the cells, and this morning fined $2 or 20 days in gaol on a charge of vagrancy. He was given a week pay the fine.

Grand Trunk Double Tracking.

This week, says the Cobourg *Post*, timber has been distributed along the line of the Grand Trunk from Belleville to Port Hope, which will be used in the construction of the double track. From present indications it is evident that the contractors intend to take up this work on thorough business principles and will go on with the construction with a rush when commenced. Operations are expected to be begun in a few days, but which end will be worked first has not been decided upon as yet. From appearances it looks as though it would be in the west, which is about what is desired by the people in this vicinity.

His Life Was in Danger.

The EXAMINER a few days ago published an account of the burning of the Listowel hotel, from which a number of drummers had a narrow escape, among them Mr. Geo. Ellis, a young man well known in Peterborough. It has since been learned that Mr. G. Bruce Brown, a former Peterborough boy, now travelling for P. Bertram & Co., of Dundas, was among those who narrowly avoided death in the burning building. He escaped in his robe de nuit and saved almost nothing. Mr. Brown is a son of Mr. Geo. Brown Peterborough.

This Summer's Canoe Meet.

Rear Admiral Col. H. C. Rogers has received a communication from the Toronto Canoe Club, soliciting the aid of Peterborough canoeists in having the annual meet of the Northern Division, A.C.A., held in the vicinity of Pigeon Lake this summer. The eastern men are trying to get it for the Thousand Island Park or the Two Mountains, and the Toronto men want some nearer and more central point selected, suggesting Pigeon Lake as the most desirable. If any organized effort is made the meet may be brought to this district. It is safe to say Toronto can count upon the assistance of Peterborough canoeists in this matter.

The Sons of Ham.

Gorton's minstrels had a good audience at the opera house last night, and the performance gave satisfaction. The programme is almost entirely the same as given here last year, and to those who attended the previous performances last nights' show was rather stale. There is an improvement in the dancing, a few changes in the songs and some new acrobatic work and good club swinging. There was nothing approaching the objectionable in the entertainment. Another minstrel company is billed for the opera house next week, though the advance agent has not yet appeared with the advertisements.

A Coming Concert.

Posters will be out in a few days announcing the P.A.A.A. concert on the 28th inst. A choice programme of purely local talent has been prepared, comprising, with others yet to give answers, such artists as Miss Vair, Mr. Arlidge (flautist) and Master Arlidge, the boy soprano, Mr. T. Dunn, our popular baritone, Mr. J. R. Cobb, fancy club swinger, a male quartette comprising Messrs. W. H. Manning, W. R. Greatrix, W. Drope, and R. Rose, and the Amateur orchestra. This programme ought to satisfy the most fastidious and will no doubt draw a large audience to the concert.

An Absconded Hatter's

stock for sale, consisting of Cocksey's, Christy's and Stanley's stiff hats, and a large quantity of American and English soft hats, made to the order of S. Glaister & Co., hatters, of Stratford, Ont., for the spring trade, which were stopped in transit, and purchased by us in bond at greatly reduced prices. The styles are the very latest English and American blocks fresh from the factories, and consist largely of fine goods. We are clearing the lot at prices which cannot be maintained by us after this stock is sold out or touched by other dealers who have purchased their stock in the regular way. FAIRWEATHER & Co., hatters and furriers. dw

Judicious Advertising

In last week's edition of the EXAMINER appeared for the first time J. J. Sheehy's advertisement concerning an immense shipment of carpets and lace curtains for the spring trade, fresh from the manufacturers. Already that announcement has been read far and wide throughout the country, and the result, Mr. Sheehy says, has been most gratifying to him. Orders have been received by post for sample pairs of lace curtains, and one lady sends for fifty yards of carpet at a low price, leaving the selection of the pattern to the bearer of the order. This week will be opened out a beautiful line of black and coloured dress goods, gloves and hosiery. As usual, he adds—no trouble to show goods. lawd-w

Dominion Building and Loan Association

The Dominion Building and Loan Association has, says the Belleville *Intelligencer*, organized local boards with a large membership in Trenton, Picton and Wooler. Among those of the first named place, are such well known citizens as Robert Fraser, Supt. C.O.R.; Geo. Collins, station agent; J. F. Spanisbury, G. W. Ostrom, J. W. Cunningham, J. A. O'Rourke. In Picton.—F. W. Martin, R. B. Martin, C. H. Widdifield, G. M. Farrington, N. D. Gilbert, Dr. Platt, W. J. Carter, H. Toby, H'y C. Gibson, Jas. O Clark. In Wooler.—R. J. McConnell, A. G. Abbott, C. G. Rattan, T. R. Garrett, W. M. Rattan, Philip Wessels, S. Vanwicklin. Messrs. Tickell, (Secretary of this city's Board) and Happer, of the G. T. R. Board, show over 525 shares in Belleville.

Triple A Directorate.

Tuesday afternoon the P.A.A.A. Directorate met and completed organization. Committees were appointed and these officers elected:—

HON. PRESIDENT.—Dr. Halliday.
PRESIDENT.—Dr. Geo. Burnham.
FIRST VICE-PRESIDENT.—J. L. Gower.
SECOND " " —W. A. Sanderson.
SECRETARY.—W. E. Lech.
TREASURER.—Geo. A. Schofield.
PATRONS.—Messrs. A. C. Dunlop, B. A. Jackson, C. McGill, H. LeBrun and D. W. Dumble.
PATRONESSES.—Mrs. (Dr.) Burnham, Mrs Dennistoun, Mrs. H. C. Rogers and Mrs. E. A. Peck.

Arrangements were made with the lacrosse club for the use of the grounds during the season.

The Directorate is now fully organized, and the opening of the sporting season is eagerly anticipated. A most successful year is expected for the P.A.A.A.

News Nuggets.

—A diphtheria card was put up on King street last night.

—The bill regarding the Nicholls Hospital Trust, passed the Private Bills committee on Tuesday.

—"That tired feeling" is entirely overcome by Hood's Sarsaparilla, which gives a feeling of buoyancy and strength to the whole system.

—The revival services in the Mark Street Methodist Church, Ashburnham, closed on Monday night, after a continuance of three weeks.

—The adjourned meeting of the officers and teachers of the Charlotte Street Methodist Church Sunday school will be held after the prayer meeting to-night.

—The Inspector of Weights and Measures has laid two charges against the Belleville Gas Company of having sulphuretted hydrogen in their gas. It's a good thing Belleville can "come out strong" in some thing.

—T. A. Davis, deacon of the Baptist church, Belleville, died of congestion of the lungs at the residence of Dr. Tracy Tuesday morning. The deceased was well-to-do and favourably known in Belleville. At one time he was a prominent merchant in Kingston and in Belleville.

—Fish stories have started down east already. Mr. R. J. Ferry, of Napanee, exhibited at the front of his store, on Saturday last, a muskinonge weighing twenty-seven pounds.

—Complaints are being made that refuse and filthy deposits are being dumped on the cribbing at the goose pond on Water street. The police have put up a notice warning the public from depositing objectionable matter there.

—Juvenile thieves are in the habit of visiting the driving sheds of the Charlotte Street Methodist Church and stealing the whips from the vehicles. It is very thoughtful of the thieves to select a variety of spoil that may, in case of detection, be used as the means of punishment.

Young's Point.

(From Our Own Correspondent.)

REMOVAL.—We learn with regret that our esteemed citizen, Dr. Lunfear, who has lived here for about two years, is about to leave us. During his stay with us he has made many warm friends, and in his professional capacity he has been very successful, never having lost a case under his charge. Dr. Lunfear is going to take up his residence in Melrose, Hastings county, and his many friends here unite in wishing him every success in his new field of labour.

HONOR ROLL.—S.S. No. 9, Young's Point, for the month of March.—Fourth class—Frank Young, E. Robinson, A. Young. Third class—L. Wright, G. Blewett, W. Walsh. Second class—W. Lane, L. Heckaday, J. Dever. Part II class—L. Godfrey, W. Anglesey, J. Ayotte. Part I class—A. Chalmers, B. Graham, L. Gordon.

Personal.

Dr. Bruchet, president, presided at the annual meeting of the Royal Caledonian Curling Club at Toronto yesterday.

Children Cry for Pitcher's Castoria.

Otonabee.

Disastrous Fire on Mr. Matthew Breakenridge's Farm—A Shooting Accident.

Tuesday morning about two o'clock fire was discovered issuing from the farm yard premises of Mr. Matthew Breakenridge, lot twenty-eight, concession three, Otonabee, near Indian River station. When Mr. Breakenridge looked out of his house the barns and sheds were enveloped in flames. A number of neighbours quickly gathered and assisted Mr. Breakenridge in rescuing as much as possible from the devouring element, but very little was saved. Mr. Breakenridge was severly burned on the head and arms in his efforts to save property. Too buildings were entirely consumed, consisting of two barns, stable for horses, driving sheds, hay loft, cow stable, etc. Ten cows were burned alive, a large quantity of hay, 700 bushels of grain, 100 lambs, two tons of barley chop, a quantity of bran, pollards, etc., some agricultural implements including two fanning mills, weigh scales, etc, were all lost, besides a waggon and cart, the former loaded with provisions and supplies which Mr. Breakenridge had brought from town the night before and left in the driving shed until morning. Mr. Breakenridge estimates his loss at over $3,000, on which there is an insurance of $700 on the buildings in the Watertown Company. The contents were uninsured.

Mr. Breakenridge feels certain the fire was the work of incendiary, though he cannot account for any enmity among his neighbors, who on the other hand showed the greatest kindness and evidences of good will on the occasion of the fire on Tuesday night. No clue has yet been obtained as the origin of the fire.

SHOT BY HIS OWN HAND.

Willis Nelson, only son of Mr. Perry Nelson, of Otonabee, met with a painful accident last Saturday. The little fellow took an old fashioned revolver and went to the barn to shoot a chicken. The revolver was accidently discharged, the contents lodging in the calf of his leg. Dr. McNaughton was summoned, and succeeded in extracting the bullet, which was imbedded in the muscles of the leg. The little fellow stood the operation like a man and is now getting along nicely.

Women Workers.

Meeting of the Presbyterian Missionary Society.

Mrs. and Miss Fairbairn and Miss Davidson, of Peterborough, are attending the fifteenth annual meeting of the Women's Foreign Missionary Society of the Presbyterian church at Kingston this week. There are about 200 delegates. Mrs. Crack read the report of the Peterborough society.

The tabulated statement of the home work is: Number of Presbyterian societies, 25; number of new auxiliaries, 93; number of new mission bands, 37; total number of auxiliaries, 471; total number of mission bands, 200; total number of branches, 671; auxiliary membership, 10,746; mission band membership, 5,189; total membership, 15,935; life members added during the year, 51; total number of life members, 472; members of general society, 2,893.

Giving per member, so far as can be estimated from numbers in:—From auxiliaries, over $2.50 per member; from mission bands, about $1.25 per member.

Some 20,000 lbs. of new and second-hand clothing, valued at $20,000, was forwarded to the North-West. The *Letter Leaflet* is doing a good work; 7,500 copies are issued. The Literature Committee handled a fine lot of missionary works and pamphlets. There were 100,645 publications sold and 25,752 issued gratuitously. The year's receipts were $1,105.14, and the expenditure only $46.47 less.

Address and Presentation.

The Employees of the Peter Hamilton Company's Agricultural Works Honor a Departing Associate—Address and Presentation to Mr. T. G. Gillespie—The A.O.U.W. Tribute of Appreciation.

Mr. T. G. Gillespie, who has been connected with the Peter Hamilton Agricultural Works for twenty-one years, has decided to remove to British Columbia. In view of Mr. Gillespie's departure, the employees of the establishment determined to give him a piece of their mind. Mr. Gillespie is foreman of the wood-working department, but his popularity is not confined to that—the whole establishment holds him in high respect, and accordingly at six o'clock Tuesday night they assembled and surprised their old associate, who was about to sever his connection with them. Mr. Stephen Roadhouse read the following address, Mr. Robert Hamilton, sr., making the accompanying present, an elegant gold locket and chain:

MR. T. G. GILLESPIE,—

DEAR SIR,—We, the employees of the Peter Hamilton Manufacturing Company, having heard of your intended departure from the town, take this opportunity of addressing you to say how very greatly on our own account, we regret your decision to leave Peterborough. But you have been 21 years with the establishment, and consequently being of age, it is proper that you should strike out into the world for yourself. We are sorry to lose you, dear Tom. We have every reason to respect and esteem you. We have seen how diligently, quietly, steadily and successfully you have pushed forward the interests of the works, especially in your department; and while being faithful as a foreman you have in you deportment towards those under you in your department, not only won the good will but their warmest friendship as well. In the same manner you have won the respect of every member of the staff of these works and besides have so comported yourself as a citizen as to win the respect and esteem of the public so that not only your associates but the general public feel that in losing you they are losing a skilful mechanic, a faithful friend and the town a valuable and worthy citizen, such as any other city or town on the continent may be proud of. We wish you God speed, dear Tom, and hope that the largest prosperity may attend you to the distant Province you are going to. In earnest of our good wishes for your success and happiness, we ask your acceptance of this locket and chain with the hope that as often as you look upon it it will remind you that the boys in "the shop" are thinking of you and picturing your prosperity in your new home. Again, good by, be sure you will not be forgotten, either in the hearts or in the good wishes of the "boys you leave behind you."

Signed on behalf of the staff,
S. ROADHOUSE,
ROBT. LOGAN,
J. L. MAUDE,
GEO. MINORGAN,
ROBT. HAMILTON, SR.

Mr. Gillespie, who was completely surprised was very much touched by the evidence of the good will of his friends and associates for so many years and replied to the address very briefly. He thought the words of the address more complimentary than he deserved for he had simply done his duty in the position in which he was placed. He fully and cordially reciprocated the kindly sentiments of the address. He should not forget the "boys at the shop" while life lasted.

Mr. Gillespie did not escape with this either. Tuesday night at the meeting of A. O. U. W. lodge of which he is past master workman and has been recorder for the last past three years, passed a resolution, referring to Mr. Gillespie's good qualities as a "Workman," friend and citizen in the most eulogistic terms.

Mr. Gillespie enjoys not only the respect of his every day and society associates, but of the general public as well. In losing him, Peterborough loses a thoroughly good citizen in every respect—the Liberal party an energetic and loyal working member. He will be sure to make his way in the new sphere of action upon which he is entering, for he has all the qualifications of success—skill, strength of character, industry and integrity, and the EXAMINER joins with his many friends in wishing him the greatest measure of success and prosperity.

The Avenger Passes Away.

Clinton M. Lawson died at his residence in Brighton Township recently, aged 63 years. He was brother-in law of the notorious Dr. King, who died upon the scaffold at Cobourg gaol on June 9, 1858, for the odious crime of poisoning his wife. Clinton Lawson hunted and brought to justice his sister's murderer and now he has gone to appear before the great Judge. Cancer in the throat was the cause of his death.

West Peterborough Licenses.

List of Licenses Applications Granted.

On Wednesday morning the License Commissioners for West Peterborough, Messrs. Graham, Dolan and Walton, met at the Council Chamber, to consider applications for licenses for the year 1891-92. There were forty-three applications for licenses, shop and tavern. Of these the following were granted:

TAVERNS—TOWN OF PETERBOROUGH.

A. P. Morgan	"Morgan" House.
Wm. Croft	"Croft" House.
John Callaghan	"Shamrock" House.
J. E. McIntyre	"Oriental" Hotel.
Edward Phelan	"Phelan" Hotel.
Wm. Dineen	"Queen's" Hotel.
Mrs. E. Halpin	"American" House.
F. J. Daly	"Grand Central" Hotel
Mrs. Catherine O'Shea	"Royal Oak" Hotel.
Thos. Dunn	"Palace" Restaurant.
Overend Bros.	"C. P. R." Hotel.
W. Clancy	"City" Hotel.

SHOPS—TOWN OF PETERBOROUGH.

Alex. Elliott. John Garvey.
Stapleton & O'Connor. Brown Bros.

TAVERNS—VILLAGE OF LAKEFIELD.

R. J. Munro ..... "Queen" Hotel
Wm. Leahy ..... "St Lawrence Hall"

SMITH TOWNSHIP—TAVERNS.

L. G. Fobert ..... Bridgenorth
Thos. Eastwood ..... Hall's Bridge
Jas. E. Kearney ..... Young's Point
Wm McFarlane ..... Young's Pt. (6 months)

The application of Wm. Kennedy for license for hotel at Burleigh Falls in the township of Harvey, was laid over for future consideration. The application (new) of Isaac Guerin for shop license, No. 1 Ward, was not entertained, nor was that of John McKee, George street, also for shop license. The board adjourned till next Tuesday at ten o'clock to consider the remainder of the applications before them.

The Alleged Asphodel Arson Case.

To the Editor of the Examiner:

DEAR SIR,—Would you please allow me space in your valuable paper to throw some light on a subject that has been presented in a very mystifying manner to the public.

In the fall of 1890, a school house in Asphodel termed Birdsall School-house was consumed by fire. Said fire was supposed by some to be incendiary in its origin, others held that it caught from the stove. The trustees then procured an old dwelling house from Frank Birdsall, Esq., and fitted it up as a school house. On the morning of January 1st, 1891, this also was consumed by fire. Of course, feeling ran high, two fires so close together and in such a short time. The morning of the fire a mitten was found near the old building which was burnt, said mitt being recognized as Mr. Charles Fox's and at once all the capital possible was made out of the finding of the mit. The trustees procured from the Asphodel council a requisition asking the coroner to hold an inquest as to the cause of the fire. The investigation was held, the witnesses were subpœnaed the day previous. Charles Fox was not subpœnaed. At the investigation a lawyer was present, at whose instance, it need not be said. The result was that the coroner's jury returned a verdict seriously implicating Charles Fox. The county attorney did not act on the verdict of the coroner's jury. Mr. Fox then endeavored to have the matter sifted and, although he asked for a further investigation from the council, offering to deposit part of the expenses, he did not succeed. He then went to the County Attorney and insisted on having a trial.

When the Crown prosecutor arrived in Peterborough on the morning of Monday, April 6th, he concluded to lay the matter before the grand jury, which was done. The same witnesses were again subpœnaed, with the result that the grand jury threw the case out, thus publicly vindicating Charles Fox on the very same evidence that the coroners' jury rendered their verdict on. Now, during all this trying time Mr. Fox did not have any opportunity to bring forward his proofs of innocence.

The facts are simply as follows, Mr. Fox lost his mitten at the annual meeting held the day previous to the fire. Shortly after his arrival home he missed his mit and searched for it in the pocket of his coat but failed to find it. He then asked his brother to look for the mitten when he was going to the Post office. His brother met a chum and with him went to a party in another direction and did not look for the mit.

The hired girl is also prepared to swear that on Mr. Fox's arrival home from the annual meeting he said he lost his mit and she helped him to search for it thinking it was in the house somewhere. To the innocent, investigation has no terrors, and the fact that, after the coroner's inquest at Westwood Mr. Fox had to persistensiy urge the matter on and demand a trial, is proof that the charge was a myth.

Those who know Mr. Fox best did not for one moment believe the charge, and feel that one worthy of all honor and respect has been, for a time, subjected to great injustice, and now rejoice that he has been publicly vindicated. Thanking you, dear sir,

I remain your respectfully,
JUSTICE.

Asphodel, April 14, 1891.

Thousands of Lives Lost.

Poets and novelists go into ecstasies over what they romantically call "beautiful spring," and "gentle spring," and while, no doubt, everyone is glad to see winter release its icy grasp, "beautiful spring" is after all one of the most deadly seasons of the year. Sudden transitions from warmth to extreme cold, with piercing chilling winds; from dry to sloppy, "muggy" weather, all combine to make the season a most trying one, even to the hardiest constitutions, while to those with weak constitutions the season is one of positive danger. Undoubtedly the greatest danger at this season of the year is from cold in the head, which very few escape, and which if not properly and thoroughly treated, develops into catarrh, with all its disagreeable and loathsome effects. Catarrh, neglected, almost as certainly developes into consumption, annually destroying thousands of lives. At this trying season no household should be without a bottle of Nasal Balm. In cases of cold in the head it gives almost instant relief and effects a speedy cure, thus preventing the development of catarrh. When the latter disease has already secured a hold it is equally efficacious, and with a persistent use will cure the worst case. From the outset it sweetens the breath, stops the nauseous droppings into the throat and lungs, dispels those dull headaches that afflict the sufferer from Catarrh. Nasal Balm is not advertised as a cure-all—it is an honest remedy, which never fails to cure cold in the head or catarrh when the directions are faithfully followed, and thousands throughout the country have reason to bless its discovery. Nasal Balm may be had from all dealers, or will be sent on receipt of price, (50 cents small, or $1 large size bottle) by addressing Fulford & Co., Brockville, Ont.

Trashy Literature.

The world moves on, and so does the production of literature. Month after month new books and publications appear at astonishingly low prices. A very large percentage of these new publications are trashy and worthless, and are unworthy of a place in any respectable home. The works of many well-known and esteemed authors are now offered at the very low prices asked for worthless and badly written publications. Canadians are possessed of sufficient intelligence to judge rightly in this matter of home reading. The long-tested and reliable Diamond Dyes do not cost any more than some of the spurious and crude makes now offered for sale; and give to the consumer every guarantee of what is so much looked for, viz, brilliancy of color, strength and great durability. Therefore, which are the cheapest and best?

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Killing Deer out of Season.

Deer Butchers Brought to Book—Heavy Fines Imposed.

A correspondent of the Belleville *Intelligence* from Bancroft send the following particulars of the trial and conviction of persons in Bancroft for killing deer out of season:—

On Saturday last Thomas Stanyer, John Stanyer, Christopher Lake, William Lake and Norman Lake were charged before Police Magistrate Clark, of Bancroft, with violation of the Game Law, in killing deer out of season. Reports had been circulated that a great slaughter had been made on the deer by the settlers, but nothing definite could be learned for a few weeks. At last the truth began to leak out as to the actual offenders, and the case was taken in hand by Constable Sweet, and worked up to the arraignment of the above parties. On trial the charges against Thomas and John Stanyer were dismissed, evidence not being forthcoming that they had any hand in it; but the offence was fully proved against the three Lakes, above named, and a fine of $16.20, including costs, imposed in each case.

The above is a very important case, as it is a shed that about fifteen deer, forming a drove, or as it is termed a "yard," constantly together for the winter, were all destroyed, and the majority being does and heavy with young, neither the venison nor skins were of any value at this season to the butchers.

This instance of the wanton destruction of game, as well as the great slaughter continually going on in the Nipissing district, in the six townships contiguous to the county of Hastings, extending twenty miles further north, ought to commend itself to the consideration of the commission now dealing with the game laws. Some inspector or inspectors should be appointed who would be compelled to take an active interest in suppressing these violations and bring offenders to justice, and the police magistrate should be sustained in his endeavours to enforce the law, and not persecuted for carrying out his duty.

What a debt of gratitude the world owes to such men as Drs. Ayer and Jenner—the latter for the great discovery of vaccination, and the former for his Extract of Sarsaparilla—the best blood-purifiers! Who can estimate how much these discoveries have benefited the race!

BIRTH.

BREAKENRIDGE.—On Saturday, April 4th, 1891, the wife of Mr. M. Breakenridge, Otonabee, of a daughter.

DIED:

NELSON.—At the residence of her daughter, Mrs. Matthew Sedgwick, Seymour township on Friday April 3rd 1891, Jane Jones, aged 65 years and 7 months. In hope of eternal life.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mrs. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

Intense Suffering 8 Years

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

A BAD HUMBUGGED.

$5,000 Squandered on Doctors, Medicine with result. Gave himself up to die.

Cured With Suggestive Cuticura Remedies. Unable for 7 months, and in entirely Cured.

I was in the war during 1862-65, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulders, which spread impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure but could not, and finally gave myself up to die, my good wife suggested to me, one day, to try the CUTICURA REMEDIES, which proved an extraordinary advertised and used. I followed her suggestions, and not happy to say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money, without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. C. L. PEARSALL,
1 Fulton Fish Market, New York.
April 15, 1890.

BAKING CABINETS

on exhibition at J. J. TURNER'S Sail Tent and Awning Factory. This is one of the most complete and useful articles for any and every house, as it holds your flour, spices, raisins, sugar, meal, &c., and when you are through baking you can lock it up and it makes a nice piece of furniture. Having bought the right for Peterborough and Ashburnham to manufacture this, I want some good live agents to sell it.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

Head Office—Montreal. | Incorporated—1865

Authorized Capital..... $1,000,000.00

The progress of the SUN in 1890 is unprecedented in the history of Life Assurance in the Dominion of Canada. The increase in 1890 equals the whole business put in force by the Company for the first seven years of its existence.

Income in 1890 ..... $761,700.00
Policies written in 1890..... $5,200,000.00
Life policies in force at close of year..$16,800,000.00

The surplus PROFITS for the year exceed what accrued for the first six years the Company did business.

Peterborough Daily Examiner.

VOL. XII NO. 89. PETERBOROUGH, THURSDAY, APRIL 16, 1891. PRICE

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credits. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on these terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a *few* leaders only, but a general reduction in *everything* from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Householder, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

FATAL RIOTS IN POSEN.

MILITARY RESERVES AND POLICE IN CONFLICT.

Three of the Reserves and a Large Number of the Combatants Wounded, Several Fatally—A Rigid Investigation to be Made Into the Cause of the Disturbance

LONDON, April 16.—A terrible riot is reported at *Budsin, Posen*, between the military reserves and the police. The trouble appears to have originated in some rudeness on the part of the police toward the military. The latter resented, and a bloody fight followed, both police and soldiers using their weapons freely. The police got the best of the struggle, and three of the reserve men were killed and many seriously wounded.

A military investigation is being held as to the cause of the outbreak, and in the meantime all the soldiers and several of the policemen who took part are under guard. The trouble is believed to have its origin in the growing impatience of the populace, especially in Posen, which is not a German province, with the burden of military service and their consequent hatred of the police, who are looked upon as representatives of the military regime.

STRUCK MY LORD.

And the Latter Was Aghast at the Fellow's Impudence.

LONDON, April 16.—In Ireland the farmers are up in arms against rack-renting squires and peers. The young Earl of Lucan-Bingham, a captain in the Prince of Wales Regiment, was dashing madly across Phoenix Murphy's meadow after a fox and a pack of hounds, when the farmer mercilessly appropriated and seized the Earl's horse by the bridle. The Earl, who traces his ancestry to a friend of the Conqueror, was aghast at such an infringement on liberty on the part of a plebeian and striking his whip struck a blow at the farmer. Murphy held the horse with one powerful arm, while with the other he struck an all nearly dismounted the Earl.

Extensive Preparations for Hostilities.

ST PETERSBURG, April 16.—In spite of the peaceful utterings of its own and other papers in Europe and Russia everybody knows Russia is making extensive preparations for war and that her friends are making great preparations for the struggle, which must sooner or later take place. Russia has been spending enormous sums in the construction of strategic railways, and in this and other ways the arrangements for the transportation of large bodies of Russian troops to the Austro-German frontier.

Influenza Abroad.

LONDON, April 15.—The reappearance of influenza in the North of England, where it appeared in 1889 before anywhere else in England during that year, causes great apprehensions of a serious epidemic. In addition to the fact that influenza is already prevailing in an epidemic form in Sheffield, as already noted, the disease is also prevalent throughout Yorkshire and has reappeared suddenly at Hull, where the death rate has doubled during the last fortnight. In the Driffield district, 20 miles from Hull, nearly everybody is affected more or less with influenza and work has practically been suspended everywhere. There have been many deaths in the district from the disease there.

In Lincolnshire also the reports show that there is a general renewal of the influenza epidemic, and several other counties make similar reports.

England Interferes in Chili.

LONDON, April 15.—The Marquis of Salisbury has sent a cable despatch to the British Minister at Santiago de Chili and another to the British admiral, Rear Admiral C. F. Hotham, C.B., in command of the Pacific station. In these despatches the British Premier says that the closing of the nitrate ports of Chili by order of President Balmaceda is ultra vires, in so much that the blockade of these ports had not been officially declared. Lord Salisbury has also notified the British shipowners who are interested in the trade with Chili that the British admiral in Chilian waters will protect their interests, and that England does not recognize the double exaction of duties now collected by the Chilian Congress party and by President Balmaceda's adherents. But the Marquis of Salisbury adds that he advises the British merchants to pay the double duty in order to avoid trouble and to do so under protest.

The Prince Willing to Testify.

LONDON, April 15.—Sir Charles Russell and Mr. Clarke, counsel for the respective parties in the Gordon-Cumming baccarat libel suit, had a conference to-day and agreed to ask the court to-morrow to fix the earliest possible date for the trial. All concerned show a desire to expedite the case. The defendants have decided not to call the Prince of Wales as a witness.

Sir William has not yet determined whether to call the Prince on his side or not. The Prince has signified his perfect willingness to testify to all the facts within his knowledge.

A Child On a Mad Cow's Horn.

SHAMOKIN, April 15.—The bright red frocks of 3-year-old Bessie Metaskie of Hickory Ridge attracted the attention of a vicious cow while the child was gathering arbutus yesterday. The beast rushed towards the child, knocked it down and then gored it with its horn. Frightened by man, the cow raised its head with Bessie impaled on one horn and ran into the underbrush. There the infuriated beast was lassoed and the bleeding little victim released from the horn. Though still alive, Bessie will die.

Septuagenarians Marry.

ST. MARY'S, April 15.—Francis Anderson and Jean McAnch have been married. Rev. A. Grant, pastor of Knox congregation, tied the nuptial knot, and the happy couple started out on a wedding tour. Their combined ages are 156 years, the groom being 79 and the bride two years younger.

A Laceration Requiring $350 Balm.

QUEBEC, April 15.—Mr. Guillaume Belanger of St. Raphael has brought action for breach of promise of marriage against Dame Ursule Carrier of St. Henri. The plaintiff places the money value of his lacerated feelings at $350.

Missed the Chicken: Shot Himself.

PETERBORO, April 15.—Willie, son of Mr. P. Nelson of Otonabee, took an old-fashioned revolver and went to the barn to shoot a chicken. The revolver was accidentally discharged, the contents lodging in the calf of his leg.

BRITISH AND FOREIGN.

THE TURKS COERCED BY A RUSSIAN OFFICER

And a Russian War Vessel Allowed to Pass Through the Dardanelles—Doubts as to Whether Bismarck Has Been Elected to the Reichstag.

CONSTANTINOPLE, April 15.—A Russian warship belonging to the volunteer fleet, fitted out by popular subscription, has been stopped by the Turkish authorities at the Dardanelles. The Russian vessel was proceeding through that passage on her way to Vladivostock. She was loaded with railroad material and had as passengers a large number of "military workmen," according to the term used by Russians who are detailed to construct the trans-Siberian railroad, which will make Vladivostock one of the most valuable ports in Russia. The officer in command of the Russian ship upon being brought beneath the guns of the forts of the Dardanelles immediately appealed to the Russian ambassador at Constantinople, Nelidoff, who entered the strongest protest possible with the Turkish officials of this city. Nelidoff claimed that the action of the Turkish officers at the Dardanelles was an indirect and flagrant violation of the terms of the commercial treaties existing between Russia and Turkey. After a considerable interchange of views the Porte concluded it would be inadvisable to detain the warship and she was allowed to proceed. The action of the Turkish authorities in stopping the warship is taken on the ground of the treaty of 1841, concluded by the five great powers and Turkey, by which it was decided that no ship of war belonging to any nation save Turkey should pass the Dardanelles without the express consent of Turkey, all merchant ships being also required to show their papers to the Ottoman authorities.

The Turks have almost entirely neglected the Black Sea approaches to Constantinople and that on the other hand the straits of the Dardanelles are being steadily fortified with heavy guns, which would be of use against any power but Russia. The correspondent adds that the autumn of the year will see concentrated on Russia's southwest frontier a Russian army sufficiently powerful to meet any eventuality which may possibly startle Europe from its present pacific slumber.

Bismarck's Election in Doubt.

BERLIN, April 15.—The polling at Greestemunde to-day for a member of the Reichstag was active throughout the 71 districts forming that constituency. A large number of votes were cast. The result will not be known before to-morrow evening at the earliest. The Socialists and members of the Freisinnige party are hopeful that Premier Bismarck will not be returned without a second ballot.

Partial returns indicate that a supplementary ballot will be necessary between Bismarck and Schmalfield (Socialist).

Parnell's "National Cavalry."

DUBLIN, April 16.—It is expected that Mr. Parnell's meeting at Irishtown next Sunday will be the most imposing demonstration of his strength yet made. A striking feature of the occasion will be the presence of several thousand horsemen calling themselves the National Cavalry. Mr. Parnell encourages the formation of such semi-military organizations, and seldom fails in the course of his shrewd addresses to drop a veiled hint as to their possible future usefulness.

The Newfoundland Bill.

LONDON, April 15.—Lord Knutsford announced to-day that the bill for coercing Newfoundland would be brought up for a second reading on Monday next and the Newfoundland delegates would be heard at the bar of the House if desired.

Chat from Over the Sea.

The Portuguese Cabinet has resigned.

The people of Sheffield, England, are suffering from the grip.

The C.P.R. steamship *Empress of India* is expected at Yokohama to-day.

Fifty members of the British Parliament have died since the last general election.

The Earl of Kimberly is to succeed Earl Granville as Liberal leader in the House of Lords.

Sir Charles Tupper, the Canadian Commissioner to England, arrived at Liverpool yesterday.

The statement that Henry M. Stanley had been appointed governor of the Congo State is officially denied.

Important experiments have been made with snow breastworks in Russia, which have been found almost impenetrable when treated with water.

The Leeds Millers' Association raised the price of flour yesterday 1s. 6d. per 18 stone. This makes an advance of 7s since Feb. 24.

The executors of the estate of the Right Hon. George Cavendish-Bentinck, M.P., have intimated that his collection of classic curios, valued at £100,000, will shortly be sold at auction.

The Czar has renamed most of the Russian regiments after commanders and generals notable since the time of Peter the Great, and the reserve battalions after important Russian victories.

An American who is a collector of curiosities has been in Rome for several days trying to buy the bed on which Prince Napoleon died. He made an offer of $500, but it was politely but firmly refused.

The British postoffice authorities announce that the contract with the Allan Steamship Company for carrying the Canadian mails has expired and that henceforth the Canadian mails will go to New York via Queenstown instead of via Londonderry.

Statistics of the French wine crop for the year ended in March show that 23,773,194 bottles were exported from the champagne district during that period. This is the largest yearly output on record. The world's stock of champagnes is at present estimated at 110,256,000 bottles.

A syndicate of British capitalists has offered to expend 25,000,000 lire at once, and 200,000,000 lire ultimately, in extending the Villa Ludivisi quarter of Rome, building bridges, quays, etc., providing certain changes be made in the Italian commercial code, which now hampers foreign investments of this character.

More serious fighting is looked for in the near future between the British troops and the insurgent Manipuris. Profiting by the delay of the British troops in advancing to the front, the Manipuris are erecting stone stockades, digging rifle pits and in other ways preparing to give the British a warm reception. The British authorities are hurrying forward a large force under command of Gen. Graham and Gen. Collett.

ONTARIO LEGISLATURE.

THE FIRST DIVISION OF THE SESSION.

It Arose on the Question of Fees as Salaries—The Government Has a Majority of 21—Mr. Mowat Says Payment by Fees is Found More Advantageous than Salaries Would Be.

TORONTO, April 16.—In the Ontario Legislature yesterday Mr. Wood of Hastings moved:

"In the opinion of this House the system of paying provincial officers by fees is objectionable in principle and that the law ought to be so amended as to provide for the remuneration of sheriffs, registrars of deeds, clerks of the peace and county attorneys by salary instead of by fees, and a like change should be made in the mode of remunerating all other provincial officers now paid by fees, to whom the same could be satisfactorily applied."

Mr. Wood said in 1882 this matter was first brought to the attention of the House by the present Provincial Treasurer in a motion seconded by Mr. Thomas Murray declaring "that the system of remunerating sheriffs by fees is undesirable and unjust and that it would be in the public interest to substitute therefor a system of payment by salary." The motion was withdrawn after a discussion in which the Attorney-General intimated some change would be made. Nothing has ever been done. On the contrary the abuse has increased with the increase of population and business. The Government has abandoned the system in other offices. The official guardian of infants, Mr. Hoskin, formerly received as much as $20,000 a year in fees. He was given instead a salary of $5000 and he did the work equally well. Then, in the case of nine local masters, salaries varying from $950 to $3500 were substituted for fees, the salaries being arranged in proportion to the work done. If changes in these offices worked well they would in the offices mentioned in the resolution also. The Dominion pays postmasters and customs officers by salaries. Certain municipal officers, notably treasurers, were once paid by fees, but the system was changed with advantage. The principles upon which officials should be paid were:

1. That the salary should be ample for the work done.

2. That there should be no distinction of salary except as regards difference of work.

3. That previous social and political records should have no influence on the salary paid them.

4. That only capable men should be employed.

Turning to the actual results, Mr. Wood showed that in Muskoka, Dufferin, Thunder Bay, Prince Edward, Lennox, Prescott and Russell, Renfrew and Perth the average income of county attorney and clerk of the peace, both offices being held by one man was $720. In eight other districts it was $1250. In eight others it was $2120. In York, Wellington, Wentworth, Bruce, Elgin, Middlesex and Lambton the average income was over $3000. There was the anomaly that in Leeds and Grenville one person held the offices of attorney, clerk of the peace, local master and deputy-registrar for $1367, while another in Essex holds the same offices for $2584, or nearly double, while in Algoma the fees for attorney and clerk of the peace amounted to $637, which was supplemented by a grant of $800.

The average income of 45 sheriffs was $2060, which was fair and not too large. But the sheriffs of eight districts averaged $1055 each, while the sheriffs of Toronto, York, Carleton, Leeds and Grenville, Simcoe, Elgin, London and Essex averaged $4000. The sheriff of Toronto received $363 more than the united incomes of the sheriffs of Dufferin, Lanark, Lennox and Addington, Ontario, Peel, Muskoka, Halton and Prince Edward.

The registrars of 63 divisions averaged $1800 each, to which must be added the sum paid to deputy registrars for work which should have been done by the registrar. The average net receipts of eight registrars were $1013. The average net receipts of Toronto, two offices, Lambton, Simcoe, Middlesex, York, Huron and Oxford was $8842. Or, eight offices average nearly $6300 over and above expenses and eight others average a little over $1000. Giving each Toronto office $8757, or one-half of the total received in both, each of the registrars received $698 more than the total net receipts of Durham East, Kingston, Glengarry, Lanark North, Northumberland West, Grenville, Parry Sound and Perth South.

Inquiry shows that many of these officials are seldom in their offices, leaving their work to be done by underpaid subordinates. If a change were made from fee to salary the result would be: 1, That the public would be better served; 2, that greater care would be exercised in matters of detail, because underpaid men now do the main part of the work; 3, that the men actually doing the work would get the pay; 4, that corrupt practices and excessive fees would be avoided; 5, that the work would be done in the interest of the public and not of the individual. As an example of abuses Mr. Wood said that in one county not far from his own the former county attorney got about $1000. His successor "worked up" the fees to $22,000 by forced interpretations of the law.

Mr. Wood believed that he had shown that the system was objectionable in principle, that there was a general demand for change, that it resulted in unjust inequalities of payment for the same services, and the payment of some officials for no services, that the remedy was to substitute a salary in proportion to the work done.

Mr. Mowat in reply said that a large part of the feeling throughout the country was due to exaggerated reports of the amounts of the fees. The fees actually received varied greatly from those published in newspapers. He was not prepared to say that the country would go to destruction if salaries were substituted for fees. At the same time the Government had studied the question and come to a conclusion the reverse of the motion—that the fee system was not inferior but preferable on the whole to the salary system. The motion referred to the principle of the payment and not to the incomes derived, which were entirely different things. Salaries or fees might be so regulated that the results would be the same. But the principle of the fee system is better in almost every way if the income is not too large. The fee system is the better because the reward is in proportion to the work done and the responsibility involved. It is a virtue in the fee system that there is a disparity between the incomes in different offices because the occupant of a small office should not get as much as one in a large office. There is no way to apportion responsibility and receipts so well as by the fee system. To give all officials the same salary would be indefensible and therefore the Government is opposed to it. If there are abuses it is the duty of the inspector to look after them. One registrar was removed because he insisted on overcharging. But such cases are rare. The money question influenced the press, which was not well informed. An officer paid by salary will apply himself to his office work only during office hours, whereas an official paid by fees often will work until 12 o'clock at night. This is a great advantage, because if work is required to be done the official is willing.

There is a misapprehension as to the result of a change. It has been said there would be a gain to the Province. Enquiries which he had made showed there would be a large reduction in fees and an increase in disbursements by the Province if there were a change. It was beyond doubt or dispute that the change asked would not result to the advantage of the country. He knew officially two facts illustrating this. Mr. Hoskin occupied a peculiar position, being largely a judicial adviser of the court. There was no corresponding office in England. For these reasons he was paid by salary and not by fees.

The newspaper which first gave rise to this discussion suggested $3500 as the maximum. But few officials have more. As for the sheriff of Toronto, he would not speak of the present officer. But the net income of the sheriff in 1888 was $9616, in 1894, $8716; in 1895, $8701, and in 1896 $9670. He never heard any complaint about that. The real estate increased the business of the registrar. The business fell off when the boom slackened. The fees of the registrar for the first quarter of this year were one-half of those for the first quarter of last year.

Financial institutions paid larger salaries. The cashiers of the Bank of Toronto and of the Bank of Commerce received each $15,000, the cashier of the Standard $12,000, of the Dominion $11,000, of the Ontario and Canada Permanent $10,000, the managers of the G.N.W. and of the Consumers' Gas Company $8000 each, of the Confederation Life $7000, and so on.

The conclusion of the Government was that *the fee system* was the better, that salaries were inapplicable to the office of sheriff, that where the fees of sheriffs were too high the excess should be taxed just as the gross earnings of the registrar now are. The Government had no scheme now but might have a measure next session.

The debate was continued by Messrs. Clancy, Baxter, White, Mackenzie C., Campbell, A. F., Awrey, Godwin, Bishop and Miscampbell.

Mr. Davis found fault with the last clause of the resolution, "where the change could be satisfactorily applied," which was too vague. He moved in amendment:

1. That remunerating sheriffs, registrars, clerks of the peace and county attorneys by fees is, in the public interest, preferable to a system of payment by salary;

2. That placing these officers on salaries would result in a general increase of the expenses and cost of carrying on the necessary business of these offices;

3. That it is very probable that the salaries to be paid to such officers and their necessary assistants would considerably exceed the total fees received, and by reason thereof the province would in most, if not all, cases be burdened with an increase of expenditure;

4. That as to registrars the result of such a change, if made, would in some instances wipe out and in others greatly reduce the amounts which under the present system are payable to counties out of the fees received in registry offices;

5. That as to sheriffs the system of payment by salary could not well be adopted, and, if adopted, the work of these offices generally would be apt to be less diligently performed, and thereby interests not alone of the general public, but of suitors, litigants and judgment creditors and others, would suffer and be greatly prejudiced;

6. That, having regard to the public interests and of persons having to transact business in or through the offices of clerks of the peace and county attorneys, the result would probably be the same as, in respect of the business to be transacted in sheriffs' offices in a somewhat less degree;

7. That, having heard the assurance given that the Attorney-General proposes before next session to make special enquiry as to the remuneration at present actually received by such officers respectively and as to such other matters as would enable the Government to fairly and fully consider in what degree and with respect to what offices (if any) the said remuneration might be reduced, further consideration of the question during the present session is unnecessary.

Mr. Meredith regretted that the debate had assumed a party aspect. The amendment was simply for the purpose of placing a buffer between the followers of the Government and public opinion. He took the ground that the principle of the motion was sound in theory and practice and had often been assented to by the House at the instance of the Attorney-General. Within two years a separate office has been established in Toronto for the purpose of giving a place to a follower of the Government. The fee system involves putting in the hands of officials the temptation to exceed the legal fees, in order to have a square vote on the principle involved he moved in amendment to the amendment that

Salaries should always be regulated according to the duties, responsibilities and work of the office.

Mr. Mowat said the debate showed that the fee system was the better one and the only one by which payment could be made proportionate to responsibility involved and work done. The suggestion of payment according to instruments registered, made by Mr. Meredith, was nothing but the fee system.

After short speeches by Mr. Whitney and Mr. Tait, the vote was taken at 12.40 on the Meredith amendment, which was lost on this division:

TORONTO TOPICS.

TORONTO, April 16.—In St. Peter's Church yesterday, Mr. Henry Ruttan Alley of the Education Department and Miss Florence Maud Mason, daughter of Mr. J. Herbert Mason, were made one. The bride wore white brocade with cream bengaline train and orange blossoms and carried white roses.

TRAINS TIED UP.

A Strike on the Montreal & Sorel Branch of the Great Eastern.

MONTREAL, April 15.—The Montreal & Sorel Railway is tied up, the men having all quit work yesterday, broke into the engine-house at Sorel and took possession of the only two locomotives not undergoing repairs. Five of the ringleaders have been arrested. The men claim the strike is due to arrearages in wages, while the directors say it is an attempt to "steal the road" under a recent judgment.

That Protest Against Dr. Rainsford.

NEW YORK, April 15.—The public announcement of the protest against the policy of the Rev. Dr. W. S. Rainsford of St. George's did not create a particular sensation in Episcopalian circles yesterday, especially as it was well known that Dr. Rainsford would refuse to take cognizance of the matter until after Bishop Potter had considered it. The protest simply outlined the views against the liberal action of Dr. Rainsford in allowing speakers of other denominations to occupy their pulpits during the Lenten period. It is considered, however, that neither the Bishop nor the Episcopacy of the diocese is likely to remove from the ministry such an acknowledged light as Dr. Rainsford.

Insane From Religion.

BRANTFORD, April 15.—Solomon Moss, arrested on a charge of insanity, is in the county jail awaiting the development of his case. He continues to be religious, preaching all the time. He imagines that he owns the city of Stratford and desires to make some real estate deals. Moss is a Plymouth brother. His insanity developed very suddenly the other day while at work, and he began preaching.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and is the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. So that from the time of purchase until Hood's Sarsaparilla is prepared, everything is carefully watched with a view to obtaining the best result. Why don't you try it?

AT

TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN Who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

THURSDAY, APRIL 16, 1891.

TIMELY TOPICS.

The spring has come upon us so gradually and imperceptibly, that we have not realized when was drawn the dividing line between winter rigour and vernal mildness. Now that the change has come, there are several things that demand attention, and upon the proper, faithful and intelligent attention to them will largely depend the health and comfort of our citizens and the attractiveness and beauty of the town. To be practical, the first thing needing attention is our backyards. In the most cleanlily kept premises there is sure to be in spring, no small collection of sediment and deposit of dirt, and it is of great importance that this be promptly collected and promptly removed, and not allowed to fester in the sun and exhale foul odours and disease germs. Not only will this stuff, if allowed to remain where the winter left it, corrupt the air, but it will contaminate the water supply. All open wells, no matter how carefully closed in, will be contaminated with surface water. Surface water is not necessarily unwholesome, if it comes from the melting of pure snow or from pure rain water, but if it is impregnated with the essence of filthy yards and grounds it must necessarily render the water supply unfit and unsafe for consumption. When the water is, through neglect, mixed with water that there is reason to believe is tainted with surface impurities, the well should be emptied of the contaminated water and the supply replenished from the springs that furnish its normal supply. The cellar should also receive the earliest possible attention, and all decaying vegetables and other possible refuse removed, and the walls sweetened with a coat or two of lime wash and the best possible ventilation brought into play.

The inside of the cup and platter having been made clean, timely attention should be given to making the outside bright and tidy. The swathings should be removed from tender plants and leaves and litter raked up and removed to the compost heap or if there is a lack of room, burned. If it is desired to have a good lawn it should be well rolled about this time. Now is the best time for planting trees and shrubs. It seems unnecessary almost to even to have to mention the desirability of planting trees and shrubs. There is nothing in the world that, in proportion to the expense, adds so much to the beauty and value of property as a fine equipment of ornamental or shade trees. In addition to the beautifying effect we have the direct financial return. Take for instance a certain property in town which is provided with grown or growing shade trees. Say that an intended purchaser sees that place the first of June or in the heat of summer. He is willing to pay, say, $5000. Remove the trees and see whether his offer would not drop a thousand or so. Yet it is not the mere money value of the trees that entered into the revised offer. The impression made by the view of a beautifully shaded, sheltered and ornamental home, contrasted with a bare, bleak, barn-like heap of brick, mortar and lumber, alone accounts for the difference. These trees did not probably cost more than 25 cents a piece, yet with a little care they have been instrumental in adding hundreds of dollars to the property. In differing degrees this is true of every house and lot in town How much more beautiful and attractive the town would be if the whole town were uniformly shaded with trees; if every home were made neat, tidy and cleanly. In doing their spring cleaning, householders should not neglect the streets in front of their premises. A very little attention, a very little cleaning and smartening on the part of each resident, will make a whole street neat and attractive. Now, a little touch of the golden rule. You are implored, when raking up the rubbish on your premises, not to throw it on the street. It is more unsightly on the street than behind your fence, and you get double blame for the practice—you are blamed for making the street in front of your premises untidy, and also blamed for exhibiting a spirit of selfishness by consulting your own convenience regardless of the annoyance others may suffer. These remarks do no not apply to you, dear reader, but to your neighbour who offends by making the street a dumping ground for rubbish.

Above all things plant a tree if you have space for it; which means, plant trees around your property *this* spring. Don't delay; why should you lose a year? Select the places for your trees, and plant them low, or raise the soil to suit the grade you will strike. Then, while you are levelling your grounds, your trees will be growing. Plant trees about your new home. There's comfort in it; there's beauty in it; there's money in it. Don't delay; don't lose a year's growth. If every one should heed this advice, what a wonderously beautiful and attractive town we should have in a few years.

Only 12 Cents.

The sum of 12 cents in stamps, sent to the Sabiston Litho. & Pub. Co., Montreal, the publishers of the DOMINION ILLUSTRATED, will secure a sample copy of that journal, and which its enterprising publishers are endeavoring to introduce into every house in Canada. It is the only high-class illustrated weekly published in the Dominion, and no pains are spared to make it more and more worthy of the praise of the home circle. With every sample copy is sent out a circular with rules and particulars of the prize competition now going on, and which any new subscriber may enter. The prizes aggregate over $3,000 in value.

Children Cry for Pitcher's Castoria.

WISHED TO DIE IN THE TEMPLE.

So that He Would Be Certain to Be Buried With Full Masonic Rites.

ST. CATHARINES, April 14.—Richard Ratcliffe, the prominent Mason who committed suicide last week, it now appears attempted suicide in the Masonic Temple. He appears to have visited the rooms, put everything in order for his funeral, laying the paraphernalia out as was his custom when there was to be a Masonic funeral. He then took a piece of rope which he found in the anteroom and fastened it over the transom of the door leading into the paraphernalia room. His whole weight must have been allowed to rest on this, either to test the rope or in an attempt to hang himself, as the marks of the rope are plainly visible on the wood. He took the rope away with him and with it successfully finished the awful deed in the store. The careful manner in which everything was arranged for the Masonic service shows that the suicide was coolly premeditated, no thought entering his mind that he would not be buried with full Masonic rites.

Arrest of a Clerk in the Kingston Post office.

KINGSTON, April 14.—Robert J. Gowdy, a clerk in the postoffice, was arrested this morning for tampering with Her Majesty's mail. For some time past, it is said, money letters have been disappearing and the postoffice authorities have been trying to solve the mystery. A decoy letter addressed to a citizen of Belleville was posted and a watch was set on Gowdy, who was seen to enter an outbuilding. He was watched through auger-holes by the inspectors, and it is claimed pulled letters out of his pocket and proceeded to investigate their contents. After he had torn the corner of one letter the inspector shouted from above, "Ah, there, I have caught you at last." He then jumped into the building and seized Gowdy. Three letters were found in his possession. Gowdy was then handed over to the police. Gowdy denies being guilty and says the letters that were in his pockets were addressed to himself. He said his arrest was due to spite.

An Old Crime Recalled.

COBOURG, April 14.—The death of Clinton Lawson is announced. He was a brother-in-law of the notorious Dr. King, who died on the scaffold at Cobourg jail on June 9, 1859, for the crime of poisoning his wife. Clinton Lawson, brother of the murdered woman, with great patience and admirable skill, for which he won popular admiration at the time, traced the murderer to his hiding-place in the United States, brought him to account at the point of a pistol and escorted him back to Canada, where he handed him over to the authorities.

An Innocent Man Released.

OTTAWA, April 14.—His Excellency the Governor-General has remitted the sentence of George Scott, now in Welland jail on a charge of larceny. Scott, who was a Pullman car conductor, was convicted of stealing money and sentenced to two years' imprisonment. This happened last month. Scott pleaded that he was innocent of the crime and later developments substantiate the plea.

Newfoundland Bait Privileges.

OTTAWA, April 14.—It is reported that if the Newfoundland Government persists in its refusal to grant Canadian fishermen bait privileges in Newfoundland waters the Imperial Parliament will pass a bill restricting the bait bill in so far as it affects British subjects.

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. dw

It Does Its Work.

Mrs. James Dix, Brock street, Kingston, Ont., says: I suffered with an inflamed throat and bad cough for seven months. Was treated by physicians without success, when six doses of Miller's Emulsion of Cod Liver Oil cured me. It's as palatable as cream. For sale by all druggists. dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

A Great Blessing.

Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Oh! What Beautiful Hands.

Dyer's Jelly of Cucumber and Roses will cure chapped hands and make them soft and smooth. Try it, druggists keep it. W. A. Dyer & Co., Montreal. 6180

A WOMAN who is weak, nervous and sleepless, and has cold hands and feet, cannot feel and act like a well person. Carter's Iron Pills equalize the circulation, remove nervousness, and give strength and rest. dw

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

FOR NETTLE RASH, Summer Heat and general toilet purposes, use Low's Sulphur Soap. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

Ayer's Pills,

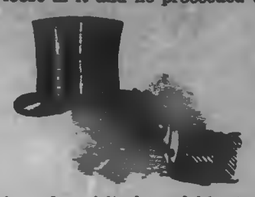
Goughs' Grandest Go!

UNPARALLELED STROKE OF ENTERPRISE:—THEY CHARTER A SPECIAL SPRING POET.

During the past few months, GOUGH BROS. have been making Immense Improvements in their Shops, till now—in their Spring attire—they have the Nobbiest, Brightest, Neatest Establishment in the District.

Having laid in a Superb and Unrivalled Stock, they cast about for some special means to make it known to the public, and at enormous expense they captured a Genuine Genius in the Poetical line, whom they christened "Gough Bros. Special Spring Poet." They fitted up the office as a box-stall and turned the poet loose in it and he proceeded to let himself loose in the following manner:

O, beauteous, sloppy, balmy spring,
You are a bright and welcome thing;
You bring us sunshine—check the mumps,
And make the people stir their stumps.
(To "stir their stumps" they must have boots,—
And Goughs have just the stock that suits.)
You clothe the world in garments new—
Your bright example Goughs pursue;
They deck their shop with brightest hues,



And give the public chance to choose
From 'mongst the biggest stock on earth—
In no department is their dearth—
From head to foot, from top to toe,
The great Goughs' lines of great goods go.
They've nobby tiles for brainy heads,
They've dandy boots for dainty treads;
They—they—they—

At this point a loud groaning was heard in the poet's lair, and a visit showed him tearing his hair, the very picture of despondent despair. He was in a state of collapse. He was sent to the hospital, and a sane man employed to make the simple statement that GOUGH BROS.' Superb Spring Stock of HATS and CAPS, BOOTS and SHOES, and CHOICE SPRING CLOTHING

Beats the Dominion! Bought in the Best Markets! Culled from the Choicest Collections! Bought for Cash and to be Sold for a Song! Cheap and Good, Good and Cheap!

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credit and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

TELEPHONES.—Bell No. 38, Ontario No. 112.

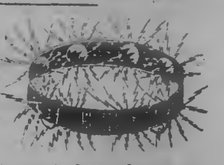
AT GRAND CENTRAL HOTEL, PETERBOROUGH,

On Friday and Saturday, 24th and 25th April

MR. C. R. DORENWEND, Inventor of the famous Dorenwend Electric Belt and Attachments, will be at the above place and date with a complete stock of these appliances. A practical common sense method of the self application of Electricity for the relief and cure of all forms of Muscular and Nervous Diseases. BE YOUR OWN PHYSICIAN. Use these inventions, and leave drugs and compounds alone. Electricity as applied by



The Dorenwend Electric Belt and Attachments,

Will cure, without Medicine,

RHEUMATISM, NEURALGIA, GOUT, LUMBAGO, DYSPEPSIA, KIDNEY DISEASE, LIVER COMPLAINT, SPINAL DISEASE, LAME BACK, NERVOUS DEBILITY, VARICOCELE, IMPOTENCE, SEXUAL DECLINE, PARALYSIS, FEMALE COMPL'NTS

The Dorenwend Electric Belt is provided with a battery which generates a mild continuous current of Electricity. It can be felt and can be regulated at will by the wearer whilst the belt is on the body. It is a light contrivance, and can be worn at any time without the least inconvenience. It is the only Electric Belt in the world that follows out the true principles of electrical science. It has been examined and pronounced by experts and authorities to be the most practical and efficient method of healthy application yet invented. Call anyway and examine them, and get a copy of book on home treatment.

At Grand Central Hotel, on Friday and Saturday, 24th and 26th April.

PAN-REPUBLICANISM.

A CONGRESS TO BE HELD NEXT YEAR TO BOOM REPUBLICANISM.

Twenty-three Republics to Confer—A Mimic Senate and Congress of Republican Representatives to be Held in the United States—Outline of Work.

On April 8 the general committee of 300 assembled in Washington to complete arrangements for the assembling of the pan-republican congress in some city in the United States in 1892. It is suspected that it is a Yankee dodge to interest outside republics in the World's Fair at Chicago, but notwithstanding this the gathering will be a notable one, and will furnish an interesting study in self-government. It was in outed and organized by Hon. James G. Blaine and its director is William E. Curtis, author and journalist.

This congress to meet next year will mimic the congress of the United States in having two branches—a senate and a house. The senate will be the superior body and will consist of delegates appointed by the presidents of all the republics in the world—of which there are 23—one delegate-at-large and one delegate for every 5,000,000 citizens. This will give the United States a round dozen of delegates in the senate. The house, the inferior body, will be composed of delegates from the great patriotic, civil, commercial, educational and industrial organizations. Each of these, omitting religious organizations, shall be entitled to one delegate-at-large, and one delegate for each 100,000 members in good standing. All monarchies may be represented in the house by one delegate-at-large each, and one delegate for each 5,000,000 of citizens—though how these latt are to be authoritatively appointed does not appear. The objects of the congress are:

1. To promote the establishment of republics.
2. To forward the interest of humanity.
3. To substitute arbitration for war.
4. To inculcate international morality.
5. To establish reciprocity in trade.
6. To increase education.
7. To encourage methods tending to prolong and protect human life.

Churches shall not be represented nor religious topics discussed.

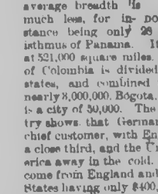
It is said, too, that some of the influential promoters of the congress have taken an idea from the discussion concerning the trade federation of the British empire and her colonies, and will make the attempt to federate the trade on a free trade basis—of all the republics of the world.

THE AMERICAN REPUBLICS.

The Central and South American republics which have intimated that they will be represented in this pan-republican congress are those which follow, together with some statistics of their area and trade and portraits of their chief executive officers:

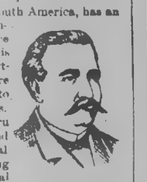
DON RAFAEL NUNEZ.

The United States of Colombia, formerly New Grenada, is a republic of South America whose President is Don Rafael Nunez, and whose portrait is presented herewith. The extreme length of the republic is 1000 miles with a breadth of 750 miles, but its average breadth is much less, for instance being only 28 miles wide at the isthmus of Panama. Its area is estimated at 521,000 square miles. The United States of Colombia is divided into nine federal states, and combined their population is nearly 8,000,000. Bogota, the national capital, is a city of 50,000. The exports of the country shows that Germany is the republic's chief customer, with England next. France a close third, and the United States of America away in the cold. Its chief imports come from England and France, the United States having only $400,000 of these out of a total of $6,000,000. The trade of the republic with civilized countries is growing rapidly and is worth catering for.



DON BERNARDO DE SOTO.

Costa Rica, a Central American republic, has an area of about 22,000 square miles, and an estimated population of 200,000. The President of the Republic of Costa Rica is Don Bernardo de Soto, whose portrait accompanies this paragraph. It exports coffee, hides, cedar logs and planks, etc., the value of which is placed at $2,388,000. Its imports are estimated at about $2,225,000, of which about 50 per cent. were from Great Britain, 20 per cent. from France, Germany, and other European countries, 5 per cent. from the United States and the other 15 per cent. from other countries. The financial condition of the country is very promising but not so stable as it would be were their fewer insurrections and feuds. Costa Rica has rarely had a President who served his full term of four years. The Republic is divided into six provinces.



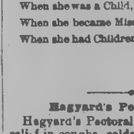
REMIGIO M. BERTION.

Peru, a republic of South America, has an area now roundly computed at 500,000 square miles. The republic is divided into 17 departments, and these are further sub-divided into provinces and districts. The population of Peru is between 2,500,000 and 3,000,000, the official documents disagreeing thereupon. The capital is Lima with a population of about 175,000. MUDEZ

The country has a most interesting ancient history, and which attracts readers as do the pages of romance. Its great sources of wealth have been silver and quicksilver, and since 1845 the republic's principal source of wealth has been the guano islands. The latest discovered and most accessible beds of guano are estimated to be worth $675,000,000. Other great sources of wealth are borax and saltpetre. Precious stones are also found in paying quantities. Its flora, too, is very beautiful and in some cases valuable, and from cabinet timber woods it has quite a nice income. Great Britain, France and the United States are its principal customers. Its imports from these countries aggregating in the order named about $15,000,000 annually. Its exports to the same countries total $30,000,000. The railways are owned by the government, and have a mileage of over 1500 miles at a cost of $150,000,000. Since the revolution of 1836, the country of the Incas has been governed under a constitution similar to that of the United States. It has, however, a great deal of trouble in keeping a president, and numerous civil wars occur. At present Remigio M. Bertion of about 175,000 resides is President of the Republic of Peru, and his portrait is given above.

DR. RAIMUNDO ANDUEZA PALACIO.

The United States of Venezuela is a republic of South America with an area of 403,000 square miles, and a population of about 2,000,000. It is divided into 20 states, 1 federal district and 1 territory. The chief city, Caracas, the capital, has a population of about 50,000. Its chief products are coffee, cacao, tobacco, cotton, indigo, sugar-cane, yucs, maize, cocoa, plantains, fruits and cereals. Of these it has under cultivation some 700,000 acres. In proportion to the size of the republic this is a very small proportion of the cultivable area. The whole cultivable region is said to be 165,084 square miles, and this is only 1,094 square miles. Here indeed is great room for growth. It has a large amount of live stock, whose estimated value is $35,000,000. The exports of all kinds amount to about $25,000,000 annually, with imports of about half that value. In 1864 Venezuela became a federal republic, with a constitution based upon that of the United States; but the president has no veto power. The central judicial power is confined to the supreme court. The republic has an army of from 20,000 to, including the militia, 100,000. The religion of the people is Roman Catholic, and although all colors have equal rights the whites manage to retain power in their hands. Education is more advanced in this than in the sister republics of the South American continent, and the native people are intelligent and courteous. The portrait at the beginning of this paragraph is that of the President, Dr. Raimundo Anduesa Palacio.



GEN. MANUEL L. BARRILLAS.

Guatemala, another of the Central American republics, has an area of only 40,077 square miles, and a population of 1,300,000. The whole surface of the republic is an elevated plateau, a continuation of the table land of the Yucatan. From the sea, however, the depression is so rapid, that the plateau looks like a mountain range. It has still some active volcances. Gold, silver, copper and iron are found in sufficient quantities to be worked with profit. The soil is fertile, and generally the climate is salubrious. Its exports amount in value to $2,750,000 annually. The constitution of the republic dates back to 1851, and provides for a council of state of 24 members and a congress of 52 members, with the executive power vested in a president, the term of office being four years. Its revenue from customs upon imports and the tobacco monopoly amounts to $1,800,000 in round numbers, with an annual expenditure of probably $10,000 less. Generally Guatemala has kept out of the wars which have cursed the other small republics, and its president is now a military man, Gen. Manuel L. Barrillas, whose portrait appears herewith.

DON ANTONIA FLORES.

Ecuador, a republic of South America, is so named from its situation under the equator. The extreme length of the republic is 740 miles, with a greatest breadth of 520 miles. Its area, including the Galapagos islands, is 254,951 square miles. It presents a more varied surface than any other country in the world, having snow-clad hills and tropical savannas at one and the same time all the year round.

NATURE requires aid in correcting irregularities at this season, and for both men and women no other remedy equals Dr. Williams' Pink Pills as a spring blood tonic. They supply all the constituents necessary to enrich the blood and build up the system. Sold by all dealers, or sent post paid on receipt of price:—50c. per box, or 5 boxes for $2 - by addressing Dr. Williams' Med. Co., Brockville, Ont. 6d86w

Everybody Likes It.

Wm. Dredge, Ellen street, Barrie, Ont., says: One bottle of Miller's Emulsion of Cod Liver Oil brought back appetite which other Emulsions took away; removed cough entirely, and gained five pounds. It tastes just like cream, the oil being perfectly disguised. Sold by all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w15d

FOR FLAX-SEED EMULSION COMPOUND

BRONCHITIS

136 Lexington Ave., New York City, Sept. 19, 1888.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results. JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N.Y., Feb. 14th, 1889.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form. J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility. JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use. D. A. GORTON, M. D.

WASTING DISEASES

137 West 34th St., New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

Sold by Druggists, Price $1.00.

FLAX-SEED EMULSION CO.

35 Liberty St., New York.

The D&L Emulsion OF Cod Liver Oil AND THE Hypophosphites of Lime and Soda.

No other Emulsion is so easy to take.
It does not separate nor spoil.
It is always sweet as cream.
The most sensitive stomach can retain it.

CURES

Scrofulous and Wasting Diseases.
Chronic Cough.
Loss of Appetite.
Mental and Nervous Prostration.
General Debility, &c.

A Hard Nott for Regan.

Chief Rossel yesterday afternoon arrested a couple of young men for fighting in the arcade. They were named John Regan, from Otonabee, and an Indian from Chemong named William Nott. Both were intoxicated, and they each carried marks of the encounter. They were let off with a reprimand by the magistrate.

A War of Words.

The Epworth League of Christian Endeavor of the Charlotte street Methodist church is arranging for an entertainment a week from Monday night. An invitation has been extended to the league of the George street church to engage in a spelling match and debate on the occasion.

Two Vags.

At the police court this morning Chas. Wren and Edward Plewes were charged with vagrancy. The former is a diminutive shoemaker who has been dissipating and has no employment or means of subsistence. He was cautioned and advised to go to work, and discharged. Plewes hails from Cobourg, and has been knocking around Peterborough for some time. He was ordered to return at once to Cobourg if he wished to escape gaol.

Midnight Mechanics at Work.

When Mr. John Wayte, the well-known foundryman, went into his office at his establishment on McDonel street this morning he found the door of the safe open and its contents disturbed. A broken window explained the manner of ingress of the safe-crackers, who had drilled a hole through the plate of the safe door, and then opened the combination with a punch. The contents were rummaged through and seventy five cents' worth of postage stamps and postal cards taken. Nothing else is missed, a quantity of notes and papers being left behind, as valueless to the thieves. There is no clue to the depredators, who we certainly ill-paid for their enterprise.

A Coming Concert.

Posters will be out in a few days announcing the P.A.A.A. concert on the 28th inst. A choice programme of purely local talent has been prepared, comprising, with others as yet to give answers, such artists as Mr. Arlidge (flautist), and Master Arlidge, the boy soprano, Mr. T. Dunn, our popular baritone, Mr. J. R. Cobb, artistic club swinger, (illuminated), a male quartette, comprising Messrs. W. H. Manning, W. R. Greatrex, W. Drope and R. Rose, and the amateur orchestra. This programme ought to satisfy the most fastidious, and will no doubt draw a large audience to the concert. Plan of the hall now open at Sobsfield's drug store.

Qui Currit Legat.

The following self-explanatory legend is inscribed on the sign board which stands out prominently on the vacant lot at the corner of Murray and George streets:

"This lot, 60x105, has been secured as a site for the Peterborough Young Men's Christian Association for the erection thereon of a building containing reading room, lecture room, parlors, amusement room, gymnasium, baths, etc., at a cost of $23,000. $15,000 of the legacy of the late Mrs. Nicholls will be used for this purpose, the balance of $7,000 to be raised by the friends of the Association. When this is done the contract will be let. Before a general canvass is made for the same, contributions will be thankfully received by Mr. G. J. Early, President of the Association."

Charlotte Street Methodist Sunday School

The adjourned annual meeting was held after prayer meeting on Wednesday night, Rev. S. J. Shorey presiding. These officers were elected:—

SUPERINTENDENT—O. C. Rowse.
ASSIST. SUP.—A. Tebb.
SEC. TREAS.—W. G. Morrow.
LIBRARIANS—W. Hamilton, W. Squires, T. Barrie.
BIBLE CLASS TEACHERS—J. Richardson, A. Tebb, Mrs. Taylor, R. Neill.
PIANIST—Miss Morrow.
LEADER S. S. CHOIR—Miss Stevens.

The report of the secretary showed the Sunday school to be in a most flourishing condition. During the year the library has been paid for, the debt completely wiped off the piano, and the attendance has increased so much that steps are being taken to enlarge the Sunday school room. It is expected the addition will be finished in about three months. A number of changes were made in the classes and others are yet to be made. The average attendance at the school is about 275, and the staff of teachers and officers numbers 30.

Children Cry for Pitcher's Castoria.

Strike at the Carbon Works.

The Moulders and Carriers go Out for More Pay.

Yesterday the moulders and carriers employed at the Carbon Works asked for more pay, but their request not being granted they went out on strike—five moulders and three carriers.

One of the moulders explained the position of affairs to an EXAMINER reporter. He says that the moulders have been working for 60c. a hundred and the carriers for 50c. This he says is starvation pay, and working their hardest the moulders could not make over $1.25 a day. Two hundred moulds a day is, he stated, considered good work for one man. They ask an increase to 75c a hundred, or $1.50 a day, they do not care which. The carriers ask a proportionate increase:—from 50c to 65c. a hundred. The men say they will not go back to work for the wages they were receiving, and claim that the management can afford to give them the asked for raise.

THE OTHER SIDE OF THE CASE.

Mr. J. W. Taylor, manager of the carbon works, was seen soon. "There is no strike at all," he said. "I told the men that if they went out of the door they could stay out, and I mean it. We trained those men in the business in the first place, and gave them good wages when they were earning scarcely anything for us. They were all green hands when we took them, and now after a year or so they are making more money than moulders' apprentices usually do. Moulders as a rule serve four years at very little pay, whereas these men, who came in as apprentices and were trained by us, are making full wages. It's all nonsense to say that one man cannot make more than 200 moulds a day. There has been as high as 265 moulds made in a day. Now, these men are out, and we will go to work and train a new set of hands. There is no strike about it. The men left us of their own accord."

Peterborough Gaol.

Extract from Report of the Inspector of Prisons.

From the annual report of the Inspector of Prisons and Public Charities, is extracted the following summary of the Inspector's Report in regard to

PETERBOROUGH GAOL.

	1888.	1889.	1890.
Prisoners committed during the year.....	154	111	161
Greatest number confined at any one time	30	23	25
Number of recommittals	71	47	71
Total cost of maintaining gaol.....	$2,861 29	$3,547.12	$3,617.84

A copy of the report made by Mr. Christie to the Government upon upon this gaol is annexed;

I made an inspection of this gaol on the 12th March, and saw the twenty-one prisoners then in custody, eighteen males and three females.

Three of the males were fully certified as insane; five were under short sentences for larceny, and the remainder were under sentence for vagrancy, drunkenness, etc.

I found the premises neat, clean and orderly. Although no greater number of prisoners has been in charge up to the present than in former years, yet the lack of sufficient accommodation is obvious.

There are only four corridors in the gaol, each containing room for six prisoners, and the day of my visit, three of these corridors were occupied exclusively by males. Consequently, only one can be set apart for females, and, of course, no attempt at classification or separation can be made on the female side.

I found that one of the corridors on the male side was appropriated more particularly to the use of the juvenile culprits, together with some of the older male prisoners committed for vagrancy. These old men are respectable, though in indigent circumstances, and are chosen with a view to keeping an oversight of the younger class. This, no doubt, is the best provision that can be made, under the circumstances, for the benefit of the juvenile offenders.

The books of record were in proper order, and there was good evidence of attention on the part of the gaoler and his assistants.

Mr. Christie instructed Mr. Mann to make the second inspection of this gaol. A copy of his report is annexed:—

As instructed by Mr. Christie, I made the second inspection for the year 1890 of the Peterborough gaol on the 16th August. I found 13 prisoners in custody, 11 males and 2 females. The charges under which they were committed are as follows:—Males, vagrants 6; insane 2; damage to property 1; larceny 1; placing obstruction on R. R. track 1; females, insane 1; vagrants 1. The early hour at which I visited this gaol, viz. 6.30 a.m., found matters rather unsettled caused by prisoners getting out of bed, washing and dressing themselves, and getting ready for the daily routine, still still there appeared to be regular order observed. Their breakfast was being prepared in the kitchen by one of the prisoners, and the food served was of a wholesome nature. I examined the books which were entered up to date, and the gaol generally was in a satisfactory condition.

The Biscuit and Confectionery Works.

Some Further Information Regarding Our New Industry.

Mr. Reid, of the firm of Reid, Gilmour & Co., the proprietors of the new biscuit and confectionary works that will shortly be established in our town, called at the EXAMINER office to-day, and asked to have a slight correction made in regard to one of the statements, so that no wrong impressions might be left. From our report it would appear as though the firm had been engaged in manufacturing in Brockville, and were removing the works here. This is not the case. The business will be started on an entirely new basis. Mr. Reid, the senior member, has been identified with the confectionary and biscuit manufacturing business for about fifteen years, the last nine years of these in the leading position in connection with the Brockville Steam Confectionary and Biscuit Works. He will, therefore, bring practical experience to bear in the new enterprise. His partner, Mr. Gilmour, has had a considerable business experience in connection with the wholesale grocery business of T. Gilmour & Co., of Brockville. Mr. Reid informs us that the new firm will endeavor to carry on their business on such lines as will make it one of the permanent and profitable institutions of the place. We make this correction so that the information given the public may be strictly in accordance with the facts. After all, the principal thing is that Peterborough will have another successful industry. Mr. Reid is here in connection with the improvements which have already been commenced. The firm expect to get started about first of June. A building similar in size to the one now standing will be built, and ground was broken to-day on the new structure. In this new building will be the engine and boiler, and the oven, the latter a tan pan reel oven, 11 feet high from floor, a cellar depth of 7 feet 6 inches, 13 feet front and 17 feet deep. The premises are on Simcoe street, next the Lock works, and the new firm will have a commodious factory supplied with the most improved machinery. They will manufacture all kinds of confectionery and biscuits, and will also handle a few side lines. They expect to rapidly increase their business, and will start on about the same scale as the Brockville works. The EXAMINER wishes Reid, Gilmour & Co., every success.

News Nuggets.

—The "Aunt Jack" Company are registered at the Oriental hotel.

—There is danger in impure blood. There is safety in taking Hood's Sarsaparilla, the great blood purifier. 100 doses one dollar.

—Mr. Wm. Russell has purchased Al. Haskell's barber shop on Simcoe street, and will in future manage it in first-class style.

Personal.

Rev. J. E. Trotter attended the quarterly meeting of the Baptist Foreign Mission Board at Toronto yesterday.

Mr. David McNaughton, an old Peterborough boy, now a prosperous citizen of Cleveland, is in town on a visit of a few day's duration.

Watch Repairing.

Take your watch to ERNEST R. MANN and have it properly repaired. Satisfaction guaranteed or your money will be refunded. Brown's Music Store, 199 Hunter street, Peterborough. dw

Poetical Literature.

A Paper by Mr. John Jeffers, English Master at the Collegiate Institute.—Read Before the Organization Meeting of the Peterborough Teacher's Association.

The following paper was read by Mr. Jeffers, before the organization meeting of the Peterborough Teacher's Association, and the paper presented itself so favourably to the members of the association that they requested its publication. It may be mentioned that the "plan for teaching" dealt with at the latter part of the paper was illustrated by readings from the works of the poet Bryant:—

Perhaps no subject placed upon our curricula requires greater tact, or more painstaking effort on the part of the teacher than that of Poetical Literature. He has to overcome the difficulty of arousing interest in the study of a subject that to beginners possesses, at first, but little attraction. In fact, to that class and to all others who have not formed literary habits, it is quite distasteful. This seems to be due to two reasons: They find difficulty in grasping the meaning, owing to the peculiarities of poetic diction. But a stronger reason seems to be their failure to understand the leading traits of the poetic nature, the particular sphere in which the poet labors, the special gift he brings to bear upon the material he selects, the aim he has in view, and the function he performs in human society.

Now, the question arises as to how far these peculiarities may be simplified and made intelligible to pupils, and the difficulties connected with them thereby removed. We shall consider for a moment, first, How poetic diction diverges from the common usages of prose. The poet, in his endeavour to make his utterances more effective, takes the liberty of condensing and abbreviating, because poetry is naturally opposed to lengthiness. He cuts out conjunctions, adverbs and relatives, which, while they serve the useful function of connecting the important points, have a tendency to impede progress. He also shortens the form of many words, and frequently resorts to word-compounding. He employs forms older than current use,

WORDS THAT ARE NO LONGER EMPLOYED

in ordinary discourse, and shuns to a large extent the language of common life. This is because language unsullied by every day associations is more congenial to the elevated region in which poetry moves. In addition to these characteristics, and for similar reasons, the structure is made unnatural by frequent inversions. Now if a child is led to learn that these numerous peculiarities may be brought together under two or three classes, and if he is made to understand the reasons why they are resorted to, they will sooner or later grow to be a charm, a source of pleasure instead of vexation and pain. But this difficulty will be more readily solved by turning our attention to several other points.

1st. How does the poet, as a man, differ from other men? This difference is the very foundation of the appreciation of a poet's efforts. Make the pupil understand that the poetic nature is rooted in the heart, not in the head. Direct his attention to the fact, as the poem you are reading will prove, that his heart is larger, more open to impressions, more easily touched than that of his fellows, and that what he feels, he feels more intensely than they. This is the reason why he takes a lively interest in many things others would pass unnoticed, and why he draws lessons from what others deem quite trivial. In dealing with feelings let there be drawn the distinction between emotions and sensations, between feelings aroused by an impression made upon the heart, and those aroused by an impression made upon the senses. A child may be easily led to see that a poet has not only a large heart with which to feel, but an ear, and even a palate and a nose,

FOR ALL THAT IS BEAUTIFUL,

melodious and sweet about him. He will soon learn that the sensations play no unimportant part in the delight of a poet and in the interest of the reader.

We now naturally come to the second question—the sphere in which he works. From what has been said, it would follow that any fact, truth, or object that his soul comes vividly in contact with, and takes home to itself with intensity, will arouse in him a thrill, the expression of which is poetry. His material is adapted to his nature, and, though apparently limited, yet covers a wide range of existence.

3rd. What is the special gift with which he works? The pupil will soon discover that the poet possesses a mental organ, which he uses to great advantage, and which is quite distinct from men's understanding. This is imagination. He will see that matter-of-fact is heightened; that statements are made which do not correspond with the dictates of reason; that facts are not stated, nor scenes described, as they literally occurred or existed; that out of a mass of incongruous materials many things irrelevant to the purpose are dropped, and those selected are combined into a harmonious whole; that what is intellectual is given a tangible shape, and what is spiritual is given a visible body; and that to many ordinary things a higher meaning is given than mere understanding would dream of. In these processes we have mentioned those three attributes which assign to poetry, in some measure, its boundaries, and give to the reader so much pleasure, namely, Concreteness, Ideality and Harmony.

Lastly, what are his aim and function? There is no doubt that a considerable portion of

POETRY IS SPONTANEOUS,

in which case a conscious purpose is clearly present. When strongly and deeply inspired, he is wholly absorbed in his subject, and the desire to give due expression to what he feels, is a sufficient motive. But when he does reflect as to the effect of his work, he no doubt aims at appealing to and developing the higher side of human nature; he aims at ennobling men, and at affording them the most refined—the highest type of pleasure.

The instrument the poet uses in attaining this end, is language. One other step remains, therefore, in the view of poetry. That is, the power language itself possesses as an instrument of emotion and pleasure. This phase of poetry may be made both interesting and easily intelligible, for children have a natural ear for the melody of verse. It is the duty of the teacher to indicate how this melody is attained, which will involve the treatment of rhyme, rhythm, alliteration, the avoidance of harsh and displeasing words, and the disposition of sounds in combination so as to produce the highest attainable melody. Lastly.—We shall notice one of most pleasurable artistic effects to be found in a poem, that of harmony. The crowning work of the poet is the adaptation of sound to meaning, to a limited degree in individual words, to a higher degree in the movement of the metre and its sequence of sounds. Ideas may be more clearly conveyed, impressions made more vivid and lasting, and

THE ÆSTHETIC PLEASURE ENHANCED

by making the sound echo the sense.

The following outline might be taken as a plan of teaching a lyrical selection.

I. Ask a series of questions based on the text, to draw from the class the contents of the poem and the circumstances connected with its composition as expressed or implied in the poem itself. Such an examination also presents to the pupil's mind the idea of a plan, and brings to his notice the relative prominence of ideas. Moreover possessing now a bird's eye view of the poem he is able to see more quickly and clearly the full meaning obvious or hidden, and the beauties deduced by the subsequent minute examination.

II. Deduce the subject or topic of each stanza as found in the leading thought, enlarged by amplifiers, or in the general impression made by a series of co-ordinate thoughts.

III. Then proceed to form an outline, or skeleton of the poem.

IV. Now will follow a more or less minute examination of each stanza. The aim here should be to bring out all the meaning, to assist in a proper interpretation of the feeling and in an appreciation of all beauties. Lead the pupils consciously or unconsciously, as the case may require, to consider

WHATEVER DEVICES THE POET MAY HAVE

employed to elevate the mind, to awaken feeling, to vivify impressions, to aid the understanding, and to engage the fancy. This will involve some of the following lines of criticism:—(a) A discussion of the meaning and appositeness of words and phrases and of the various ways in which poetic language and arrangement diverge from those of prose. (b) The explanation or expansion of all figures of speech, and the determination of the effects produced by them. (c) A discrimination of emotional effects, such as pathos, or tender feeling—sublimity, elevation, or power—humour and satire—fervor, or energy. (d) A view of æsthetic effects, such as beauty of pictures to the imagination, melody, harmony. (e) A study of the arts used to produce the most pleasurably results—for example, the departure from finality by exaggeration, or by the selection and omission of certain circumstances, the harmonious grouping of details, picturesqueness, imagery, the avoidance of abstract terms, etc.

These modes of criticism, although laid out separately are, of course, not all separate classes of thing. In some measure, they are the same things looked at from different points of view. But the repetition is useful, insofar as it varies the manner of approaching a point to suit various occasions.

V. The stanza might now be taken as an exercise in oral reading, the aim being a precise expression of the thought and sentiment. At this stage the metrical structure might also be considered.

VI. After this examination a critical estimate of the poem should be made, and the author's mood at the time of composing it ascertained.

VII. Before leaving the poem the class should be required to quote it, or, at least, its more beautiful parts.

Joyous Spring Time.

Spring time! What gladness and cheer in the words! We look around us and see nature changing and putting on a new garb. The grass is showing up in a lovely green, the trees are budding, the feathered songsters are hovering around us and flitting from tree, pouring forth their musical welcome. The farmer is clearing his ground and putting things to order for a more bountiful harvest than last year's. Even the beasts of the field seem glad and rejoice at the coming of Spring. Spring time, from a sanitary point of view, should be an important season to every man and woman in Canada. We should now seriously consider the state of our health. It is our duty to cast off all impurities which the system has received during the winter season. From the impurities which the blood has received many suffer from nervousness, headache and dizziness; the brain is clouded and wearied, and the whole body feels used up and tired. Dyspepsia is laying its hand heavily on many.

At this season all should seek that fountain of health—that great brain and nerve food, Paine's Celery Compound. It is the only reliable and effectual remedy for the toning and bracing up of the nervous system; it builds up the body and strengthens the whole digestive organism. It gives new life, vim and energy to resist the enervating effects of a hot and sickly summer, and enables all to avoid disease and contagion.

Norwood.

(From Our Own Correspondent.)

Last Thursday night the long-looked-for electric lights shone forth and their brilliancy corresponded with the brightest hopes of our citizens. We are in possession of 12 street lights, placed in the most advantageous positions, as well as having the majority of the stores lit by this modern luxury. The village has now quite a town-like appearance at night, thanks to the efforts of our indefatigable Reeve.

We regret to record the indisposition of Rev. Jas. Carmichael. An attack of *la grippe* prevented him occupying the Presbyterian pulpit during last Sunday's services. The Rev. Mr. Clarke kindly filled the vacancy in the morning, but the evening service was omitted. In the Methodist church Rev. Mr. Dewey occupied the pulpit, and during this week is holding revival services. Rev. Mr. Carmichael is rapidly recovering.

Very little headway has been made towards discovering the perpetrators of the burglary of Mr. A. J. Fitzgerald's hardware store. It appears that two men entered the store about midnight last Friday night by means of withdrawing a pane of glass from a rear window, and after clearing the show case of knives and jewelry to the value of $150 made for over the hill, towards the station. The public as usual, have discussed the case, *pro* and *con*, very sage opinions being offered as to the right ones to suspect etc., but nothing of real value has been discovered.

While the band was welcoming the advent of electric light the other night, they entered the Central Telephone office, and dispatched melodious strains to Hastings, Warkworth, and to the other points on the line.

Since the breaking of spring, building operations have been begun. Mr. John Pettigrew, Sr., is erecting a brick dwelling on Spring street, and Mr. W. P. Plant is making operations for a similar structure on Queen street.

An Absconded Hatters'

stock for sale, consisting of Cocksey's, Christie's and Stanley's stiff hats, and a large quantity of American and English soft hats, made to the order of S. Glaister & Co., hatters, of Stratford, Ont., for the spring trade, which were stopped in transit, and purchased by us in bond at greatly reduced prices. The styles are the very latest English and American blocks fresh from the factories, and consist largely of fine goods. We are clearing the lot at prices which cannot be maintained by us after this stock is sold out or touched by other dealers who have purchased their stock in the regular way. FAIRWEATHER & Co., hatters and furriers. dw

Grand Results and Great Blessings.

Such lovely colors, tints and hue!
For every household joyful news,
Of what the ladies all can do
With Diamond Dyes so strong and true.
Your jacket old, your shawl, and dress.
Can be renewed for usefulness;
Your hose and ribbons, feathers too,
Can all be dyed to look like new;
While trousers, coats, and vests as well,
Can be transformed to suit a "swell;"
In fact, with Diamond Dyes you can
Work blessings for the home of man.

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Grain Market.

Cables Tuesday, 14th, were unchanged, but showed an easier tendency. In American markets wheat declining over 1c; corn and oats ½c. Local wheat markets are steady; flour strong, with Manitoba 25c higher; barley and peas steady and in demand; oats lower.

The Dairy.

BUFFALO, April 14.—Eggs did not take the expected drop again, and were sold about Saturday's prices, yet they will doubtless be down to 12 cents at the end of the week. Butter was dull, but prices were not materially changed. Apples are becoming scarcer, and prices up a shade or two for best grades. Maple sugar slower but prices unchanged.

MONTREAL, April 14.—The egg market still continues weak. The receipts are heavy, and dealers are selling at from 12 to 13 cents for the choicest.

Live Stock Markets.

TORONTO, April 14.—The receipts last week were 997 head of cattle, 117 sheep and 854 hogs. The receipts yesterday were 20 loads, including 190 calves, 60 sheep and lambs and 200 hogs. There was a fair demand for good butchers' cattle at from $3 50 to $4 75 per 100 pounds, and nearly all the pens were cleared. Calves were in fair demand at $3 to $10, according to size and condition. The market for sheep and lambs was rather slow at $4 to $5 50. Spring lambs are in more active demand. The market for hogs was fairly active at unchanged prices.

ROQUEFORT CHEESE.
Another case just received which is very fine, at
ALEX. ELLIOTT.

BIRTH.

Funeral from the family residence Friday at 2.30 p.m. to Little Lake Cemetery.

FRYE—At 199 Weller street, on Thursday, April 16th, 1891 Charles Lester Frye, infant son of Mr. Daniel O. and Lizzie Z Frye, aged 14 days

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

Intense Suffering 8 Years

N.B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

A BAD HUMOR CURED.

$5,000 Expended on Doctors and Medicine with scrofula. Cured himself up to date.

Cuticura Remedies.

Used them 7 months, and is entirely Cured.

I was in the war during 1863-5, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure but to no good, finally advised me to try to do it. My friend with suggested to me, one day, to try the CUTICURA REMEDIES, which I very re-luctantly advertised and used. I followed her suggestion, and am happy to say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience.

C. L. PEARSALL,
1 Fulton Fish Market, New York.

April 13, 1891.

Peterborough Daily Examiner.

VOL. XII NO. 90. PETERBOROUGH, FRIDAY, APRIL 17, 1891. PRICE

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credit. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on these terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

ONTARIO LEGISLATURE.

THE EAST HASTINGS ALLEGED IRREGULARITIES.

The Government Decides That the Case Does Not Warrant an Investigation The Telegraph and Telephone Bill Defeated.

TORONTO, April 17.—In the Ontario Legislature yesterday Mr. Mowat refused to allow Mr. Hudson's motion to refer the matter to the Committee on Privileges and Elections and moved in amendment that the legitimate purposes of investigation would be better accomplished by the ordinary tribunals provided by law, or by a commission under the authority of the act respecting enquiries concerning public matters, if a case for that purpose be made out hereafter, and that the House recommend that in case of a commission being issued any report that may be made be laid before the House at its next session. The amendment was carried by a vote of 51 to 31. Mr. Campbell of East Durham, Equal Righter, declined to vote as he did not hear the question put. But when Mr. Hudson's motion, as amended, was put to the House, Mr. Campbell voted for it, thus casting his first vote in the House with the Government.

The bill respecting the inspection of stationary engines and the granting of certificates to those in charge was discussed by a special committee yesterday. It is probable that the Stationary Engineers' Association will adopt the suggestion of Mr. Gibson, that instead of having the bill passed making examinations compulsory the engineers get a charter similar to that of the architects' association, giving diplomas, which secured a recognized standing for the holder.

The Municipal Committee knocked out Joe Tait's bill to amend the Municipal Act by compelling telegraph and telephone companies to place their wires in cables, and also by compelling telegraph, telephone and electric companies owning a line of poles on any street to permit any other such company to place its wires upon such lines of poles on paying reasonable compensation.

LOOK 'ERE YOU DRINK.

A Passenger Conductor Takes Arsenic for Medicine.

NIAGARA FALLS, April 16.—Andrew B. Brown, passenger conductor G.T.R., in mistake took a quantity of arsenic for a dose of medicine this morning at his home. The two bottles were on the same shelf. Proper smetics saved his life.

Strychnine in the Capsule.

ST. CATHARINES, April 16.—Isaac Haun of Port Dover, who is attending the Collegiate Institute, emptied a quinine capsule and filled it with strychnine to take to school for experimenting purposes, placing it with the others. Feeling unwell he took one of the capsules and in mistake picked up the one containing strychnine. Doctors who pumped him out had difficult work in saving his life.

The Audience Loudly Cheered While a Woman Was Slowly Killed.

ST. PETERSBURG, April 16. News of a most remarkable and horrible tragedy which has just occurred in the town of Polotsk in Russian Poland has reached here. A day or two ago a traveling circus gave a representation in that town. The managerss of the circus, a woman of remarkable beauty and popularity, who was herself an excellent horsewoman, was just on the point of leaving the ring after performing some daring feats with a spirited horse, when the animal suddenly attacked her in a furious manner. For a few minutes the audience, in spite of the woman's shrieks, did not appear to realize anything unusual occurring, but applauded and cheered the actions of the horse, thinking them a part of the performance. Not until the animal kicked her with such force that she fell to the ground did the people realize that something was wrong. The brute then trampled upon her with such fury that none of the public or the grooms in attendance had the courage to approach the spot. At last, by some means, the unfortunate woman managed to extricate herself from beneath the animal's hoofs, half stunned, with her dress all torn and her face and body streaming with blood. She had sufficient fortitude to salute the audience and stagger from the ring without any assistance. She, however, had hardly reached the dressing-room before she commenced to utter piercing shrieks, which were heard by the audience in the circus. After lingering several hours in great agony she succumbed to the terrible agonies she had received.

Electric Wirelets.

Twenty thousand K. of L. employed in the Charleroi coal basin have decided to strike on May day.

There were 227 deaths in New York yesterday for the 24 hours ending at noon. This is the largest number for any one day this year. Twenty-five of these were caused by the grip.

A special from Pine Ridge states that Boss Farmer Smoot arrived at the agency yesterday from Medicine Root bringing intelligence that a band of Cheyenne River Indians are now camped on Wounded Knee near the Big Foot battle ground. No further trouble is feared, however.

Rev. James McMahon, pastor of St. Andrew's Church, New York, yesterday gave the Roman Catholic University at Washington real estate valued at over half a million dollars. The property is situated at Long Branch. The gift is made for the purpose of founding a school of philosophy, erecting suitable buildings for the department and beautifying the grounds surrounding the university.

Cremated in a Train Wreck.

BALTIMORE, April 16.—A freight train of 18 cars and 3 engines on the Maryland Central Railroad broke through a trestle to-day at Fallston, near this city. Nine were in the train, of whom 3 were killed and 2 badly injured. The others had time to jump and escaped. The cars were quickly ablaze and burned. Two of the killed were cremated.

Said to Evade the U.S. Law By Coming First to Canada

WASHINGTON, April 16.—The Treasury Department has taken steps to secure information in respect to reports that immigrants for the United States in many instances first land at Halifax, N.S., and then come across the border by rail to escape the operations of the new immigration law.

The collector at Portland says a large portion of those landed at Halifax ultimately reach the United States. He suggests that detectives be stationed in Halifax to trace the ultimate destination of any considerable number of those intending to cross the line.

TO BE EXECUTED MAY 21.

WIFE-MURDERER KANE TO BE HANGED FOR HIS CRIME.

The Belleville Butcher Attempts a Defence of Insanity—McKinnon, the Goderich Fisherman, Acquitted on the Charge of Murder.

BELLEVILLE, April 16.—James Kane was to-day tried for the murder of his wife Elizabeth on March 23 last. The couple, who were both over 50 years old, had for some time lived unhappily, and after a married life of six years had separated about a week before the bloody culmination of their differences. On the day in question Kane, after inquiring the whereabouts of his wife, went to the house of her son, Alfred Skinner, in Church-street, where she was assisting in the removal of his effects, and entering at a moment when all were absent from the house stabbed his wife to the heart, being caught *almost in the act by some* neighbors. He admitted the deed and said he did not regret it.

For the defence it was urged that prisoner's intellect had become unsettled by an injury to his head received in a runaway accident last autumn. Several witnesses swore that Kane had changed in his demeanor since that occurrence. The jury after an absence of about an hour returned a verdict of guilty, and prisoner was sentenced to be hanged on May 21.

Did Not Kill His Wife.

GODERICH, April 16.—At the assizes today the case of Donald McKinnon, charged with murdering his wife, was taken from the jury and the prisoner acquitted on that charge, the evidence having shown that the woman herself must have inflicted the wound which caused her death. At the time of the alleged crime McKinnon attempted to commit suicide, and on this charge he was committed to jail for four months.

To Be Electrocuted Next Week.

SING SING, N.Y., April 16. — Warden Brush is preparing to electrocute murderers McElvaine and Trezza some time next week. The apparatus has been satisfactorily tested.

£250 For a Stamp.

LONDON, April 16.—Probably the rarest stamp in existence has just been sold by Mr. W. A. Palmer of 281 Strand for £250. It is an American five-cent stamp, issued at Brattleboro, Vt., in 1840.

A NAKED LAMP AND DEATH.

Another Frightful Colliery Disaster in Pennsylvania—Some of the Victims Burned to a Crisp.

TAMAQUA, Pa., April 16.—A terrible explosion of gas and fire damp occurred at No. 10 colliery, owned and operated by the Lehigh Valley Coal and Navigation Co., a few miles east of this place to-day. James Haggerty of Lansford was instantly killed and was burned to a crisp. William Reese of Tamaqua was fatally injured. John Davis, Frederick O'Donnel, Charles E. Lilly, all of Coaldale; Daniel Reese of Lansford and James Gallagher of Tearytown were seriously injured. The explosion was caused by a naked lamp.

MANITOBA'S RAILWAYS.

Both Bills Pass the Legislature—Work to Be Vigorously Pushed.

WINNIPEG, April 16.—The second reading of the bill to give $150,000 bonus to the C.P.R. for an extension to Souris coal fields passed the Legislature last night, but not until the Opposition unmercifully scored the *Government for being compelled to seek* assistance of a road they had denounced for years to carry out the principal object for which the Northern Pacific had been at a heavy cost introduced into Manitoba by them.

The bill granting $1,500,000 to the Hudson Bay Road was introduced and will likely pass to-night. One hundred and forty miles are to be completed by the end of 1892 on penalty of forfeiture of bonus.

Emma Abbott's Dresses Sold.

CHICAGO, Ill., April 16.—Emma Abbott's entire wardrobe, consisting of over 100 costumes, was exposed for sale to-day. It was the most gorgeous exhibition of gowns ever seen in Chicago, all being the work of Worth and Felix of Paris. The famous "Chicka-saw" dress and mantel, covered from the top of the Abbott collar to the hem of the train, weighing 150 pounds, an exquisite combination of white crepe and white silk, a facsimile of the deshabille in which Anna Boleyn was executed, and a counterpart of the coronation robe of the Empress Josephine of white crepe embroidered in gold, are some of the most notable costumes. One hundred women were employed on the embroidery alone of this last named garment for several weeks.

Four Die on the Friesland and Five on the Garrick.

NEW YORK, April 16.—The Red Star steamship Friesland, from Antwerp, which reached here yesterday, had a most unfortunate voyage. While en route two female immigrant passengers died and were buried at sea. When the vessel got in sight of the Jersey coast a male passenger in the steerage dropped dead on deck, and scarcely had the steerage passengers been landed in Hoboken when another passenger died.

The steamship Garrick, Captain Grant, from Santos and Rio de Janeiro, was detained at quarantine yesterday as a "Yellow Jack" vessel. The steamer sailed from Rio de Janeiro March 17. Two days later yellow fever broke out among the crew, two of whom were stricken with the disease but soon recovered. When the deputy health officer heard of it he ordered the Garrick to be quarantined. The steamer will be detained for five days.

Live Stock Cremated.

BRADFORD, Ont., April 16.—About 12 o'clock last night the barns, stables and out buildings belonging to Mr. James Lawson of West Gwillimbury were destroyed by fire. A large quantity of hay, seed grain, three horses, ten pigs and all his farming implements were destroyed. The fire was the work of an incendiary. Insured for $2500.

To Marry Lady Geraldine.

OTTAWA, April 16.—Captain Streatfeild, A.D.C. to General Herbert, is, according to The London Morning Post, to be married to Geraldine, second daughter of the late Lord Fitzgerald of Kilmarnock.

A Fiery Visitor from Space.

QUEBEC, April 16.—A blazing meteor as large as a flour barrel fell at Levis about midnight. As it flew rapidly through the air it left a fiery streak behind. No trace of it has yet been found on the ground.

BISMARCK IS BEATEN.

THE IRON CHANCELLOR WILL NOT SIT IN THE REICHSTAG.

Maurice Healy Taunts Parnell in the Commons with Reference to His Breakdown—The Newfoundland Delegates Arrive in London.

BERLIN, April 16.—Returns from Gumminude are still incomplete, but show that Bismarck must submit to a supplementary ballot unless, as is not improbable, he retires from the contest.

Schmalfield, the Socialist, seems to have been a much stronger man than was anticipated.

The O'Sheas Bringing Libel Suits.

LONDON, April 16.—Mrs. O'Shea has taken steps to sue The Liverpool Post and several other provincial dailies for libel. The alleged libelous matter was contained in a circular letter sent out from a London press agency, in which the lady's name was most grossly used. Capt. O'Shea also has a libel suit on hand. He has brought proceedings against John Deasy, M.P. for West Mayo, for asserting that the Captain allowed Mr. Parnell to defray his household expenses as the price of his wife's dishonor.

LONDON, April 16.—In the House of Commons yesterday the bill making permanent the closing of public houses in Ireland on Sunday, and including in its scope the cities of Dublin, Cork, Belfast, Waterford and Limerick, passed its second reading by a vote of 248 to 98. During the debate preceding the vote Parnell protested against applying the measures set forth in it to the city of Cork or other Irish cities. He said Balfour, Chief Secretary for Ireland, was not inconsistent in supporting the measure against Irish opinion, because he (Balfour) always maintained that the Imperial Parliament ought to decide such questions. This, however, was not the case with the Liberals. The latter had been urging for years that Irish members should decide Irish matters upon the elementary question as to how Irishmen ought to eat and drink. The Liberals might have shown a greater attachment to the principles they had proclaimed on English platforms.

Maurice Healy, one of the members for Cork city, assured the House that Parnell did not upon this or other questions represent the city of Cork, a thing that if he wanted to test the truth of his (Healy's) words let him keep his promise made to his constituents and face him in a contest for re-election. (Cheers and laughter.)

The Feeling in Newfoundland.

LONDON, April 16.—The delegates from Newfoundland who are here with the object of impressing the Newfoundland side of the lobster fisheries question upon the British Parliament, during the course of a joint interview to-day, said there was no doubt that circumstances of comparatively recent occurrence had created a very friendly feeling in Newfoundland toward the United States, whose action had been an attraction to the colony. Newfoundland would deeply regret estranging the Mother Country, but nevertheless the existing impatience would, if followed by our failure to successfully present Newfoundland's views to the Imperial Parliament, deepen the alienation, the effect of which it would be difficult to foresee. Anyhow there would never be the same friendly feelings toward England as there had hitherto been.

Capt. Verney Will Return From Italy to Meet the Charges Against Him.

LONDON, April 16.—Henry Matthews, Secretary of State for the Home Department, in the House of Commons to-day said criminal warrants had been issued against two members of Parliament, both of whom had left the country. One of them, Capt. Edmund H. Verney, representing North Buckinghamshire, had telegraphed from Italy that he had started for London to meet the charge against him. The other member referred to is Edward De Cobain, representing East Belfast, who is charged with a heinous offence.

The Italian Question.

ROME, April 16.—In referring to the New Orleans question in the Chamber of Deputies, Premier di Rudini said if it was proved to be impossible to obtain a favorable solution of the problem grave complications would not arise, but he would deem it a matter of profound regret that the people of the United States, so advanced in civilization, should show themselves far removed from the principles of right and justice universally proclaimed and scrupulously observed in Europe.

The sentiments of the Premier were loudly cheered by all the deputies. At the conclusion of the address the interpolators expressed approval of the conduct of the Italian Government and said they were satisfied with the Premier's explanation.

Deaths from Starvation.

BELFAST, April 16.—A report reached Belfast yesterday of the death by starvation last week of an aged fisherman named MacManus and his sister at Kearney on the County Down coast. They had lived in an isolated cottage and the severe weather of the past few weeks prevented the old woman from following her usual vocation.

Grace Hawthorne's Bankruptcy.

LONDON, April 16.—The liabilities of Miss Grace Hawthorne, the American actress, who was recently declared bankrupt, amount, according to the official report, to $78,915, with no assets. Miss Hawthorne was forced into bankruptcy by two actors whose plays she produced at a great loss.

Mary Anderson's Infant.

LONDON, April 16.—A despatch from Bournemouth states that Mary Anderson Navarro gave birth to a child, whether boy or girl not stated, on Monday night at the Metropole Hotel, West Cliff, Bournemouth, where she has been staying for several weeks.

Chat from Over the Sea.

The executors of the will of the late Prince Napoleon have formally asked the French Government permission to inter his remains at Ajaccio, Corsica.

The famous Castle Bouquet, near Namur, has been burned. The collection of paintings, including many rare and priceless works, perished in the flames.

Vladimir Korolenko, the talented Russian writer, is now a prisoner in the gloomy fortress of St. Peter and St. Paul. His arrest is due to a series of articles entitled "In Deserted Places."

Leslie Stephen, the well-known author and contributor to The Saturday Review and The Pall Mall Gazette, is suffering from pleurisy.

Smallpox on Vanderbilt's Yacht.

NEW YORK, April 16.—A despatch from quarantine states that the steam yacht Alva, belonging to William K. Vanderbilt, which has just arrived at quarantine, was detained there on account of smallpox on board. Mr. Vanderbilt and a party of friends have just returned from a cruise. All communication with shore is prohibited. Hugh Halpin, an oiler on the yacht, is suffering from the disease. He has been sent to the smallpox hospital.

Is This Another Innocent Man?

WALKERTON, April 16.—Important evidence has been elicited which will go far to prove the innocence of McLeod, who was lately sentenced to 14 years for barn burning. The evidence will be laid before the Minister of Justice this week. The probability is that the prisoner will soon be restored to liberty. Strong suspicion attaches to another man as the guilty party, and the case is being quietly worked up.

The Speech from the Throne.

OTTAWA, April 16.—It is reported that Hugh John Macdonald, M.P., of Winnipeg, and J. D. Hazen, M.P., of St. John County, will respectively move and second the address in reply to the speech from the throne in the Commons.

Children Cry for Pitcher's Castoria.

SUICIDE FROM GRIEF.

Funeral of One More Victim of the White Czar's Barbarism.

ST. PETERSBURG, April 16.—The funeral of the Princess Olga Feodorowna, mother of the Grand Duke Michael, cousin of the Czar, took place to-day. The Princess is said to have committed suicide owing to the Czar's refusal to restore her son to his post in the army, from which he was dismissed because of his private marriage to the Countess of Merenberg. The funeral was a gorgeous pageant and attracted an immense concourse. The Czarina rode in a carriage and the Czar and the grand duke followed the cortege on foot. Fifty generals were in line. The whole route from the railway station to the cathedral, four miles, was lined with troops. Interment will take place to-morrow.

MORE ONLY NATURE'S GARMENTS.

On the Eve of His Wedding a Young Man Runs Amuck in the Costume of Adam.

DURHAM, April 16.—A most extraordinary and exciting incident occurred at Durham yesterday afternoon. A young man who lived at West Stanley came to Durham yesterday morning with a young woman, who came from Kimblesworth, for the purpose of being married at the Registry Office. Owing to some cause the wedding, it was found, could not take place yesterday, and it was put off till Wednesday. The young couple went from the Registry Office into the Banks and sat down on a seat. They had not been there long when the girl noticed something strange in the demeanor of her companion. He went away from where they were sitting, and having divested himself of all his clothing was running about Prebend's bridge completely naked. The police were sent for, and the young man, who was inclined to be violent, was removed to the police station in the ambulance cart. The young woman followed to the station, and said she could not account for the behavior of her sweetheart. The young man is stated to have been of a religious turn of mind for the last eight or nine years. He was detained at the police station.

The man was released and next day on the road near Kimblesworth he stripped off the whole of his clothes and proceeded to the village in a nude condition, much to the alarm of the inhabitants, who ran away in terror at the sight of the big, powerful young fellow in that state. When he got to the house of his intended wife's parents he knocked out of the window a pane of glass eleven inches by fifteen, and crept through into the house; then from the inside he knocked out the remainder of the pane and crept out again. By this time there was help at hand, and the poor fellow was taken to a neighboring house and attended to, a medical man being summoned at once. His two passages through the broken glass had inflicted frightful lacerations all over his body, and last night he was considered to be past recovery.

A HORRIBLE SUICIDE.

A Quarryman Places a Cartridge in His Hat and Lights the Fuse.

NEWCASTLE, April 16.—About 20 minutes past 5 o'clock the dwellers in the pretty little workmen's cottages, just a little below Addycombe, were alarmed by a loud report and violent concussion and found the body of William Ramsay, a quarryman, lying immediately in front of his door. He was lying on his back, his face rigid and his eyes staring. The wall and ground around were bespattered with brains, blood and bits of bone. Portions of what turned out to be deceased's hat were also found. On raising the body the constable found that the whole of the top and back of the head had been blown away. Ramsay, who was 61 years of age, after spending a somewhat restless night, got up and deliberately committed suicide. He had used an ordinary dynamite blasting cartridge to accomplish this end. He had in all probability lighted the fuse and placed the cartridge in a fold on the top of his soft felt hat and patiently stood awaiting the fearful result. Death must have been instantaneous.

HURRYING TROOPS FORWARD

Anticipations of Further Fighting on the Assam Frontier.

CALCUTTA, April 16.—The Thirteenth Bengal Infantry from Barrackpore, the First and Second Goorkhas, the Eighth Bengal Mountain Battery, the Thirty sixth Bengal Infantry (Sikhs) from here and other troops from Burmah are on their way to the front. The troops from Burmah are under the command of General Graham and includes half a battalion of the King's Royal Rifles, the second battalion of the Fourth Goorkhas, two guns from No. 2 Mountain Battery of the Royal Artillery and a regiment of Madras infantry. General Graham was last reported as advancing via Tamu.

General Collett was reported as advancing from Nigriting, on the Brahmaputra, with No. 8 Bengal mounted battery, the Second Goorkhas and other troops which have been despatched to Kohima. The sending to the front of such a force of British troops, of which the corps mentioned are only a part of the army now advancing, shows how serious the situation is.

Lieut. A. Grant, who has so distinguished himself, is attracting attention in England, as, doubtless in reply to an enquiry on the part of the authorities, the Viceroy of India telegraphed to London on the 5th inst.: "Grant belongs to second battalion of Fourth Goorkhas." The Victoria Cross will probably be his reward.

The Government has concentrated the civil and military authority in the hands of Gen. Collett by appointing him Acting Chief Commissioner of Assam.

No Intention to Injure Canada Roads.

NEW YORK, April 16.—In discussing the order of the Treasury Department forbidding the transit of goods from Canada to the United States under the consular bonding system, Secretary Foster said: "We simply propose to treat all goods coming into this country on the same basis, no matter where they enter our borders. The same system will be followed on the Canadian border as is in operation at the seaports—New York, say. When a European steamer lands goods here destined for Chicago they are permitted to be sent forward to the West in bond under Treasury lock. The packages are not opened by the Customs officers, nor the duties appraised and paid until the goods reach the consignees in Chicago. The adoption of the same system on the Canadian border does not mean that there will have to be a reshipment or a change of cars.

"There is no politics in this matter—only a determination to treat all goods coming into the country on the same basis and to see that the revenue is duly collected. Nor is the new measure aimed at the Canadian railroads, or at anybody or any interest in particular. I cannot say just when the orders will be issued—just as soon as they are duly formulated. We shall enforce them with as little friction and as little trouble to the railroads as possible."

Mr. Foster added that there was no intention on the part of the Treasury Department to tax foreign cars.

Big Fire Raging in New York.

NEW YORK, April 16.—Fire broke out at 11.45 in the Ross building, adjoining the big Taggart storage warehouse, Albion place, destroying the first named building and setting the warehouse on fire. The loss already exceeds half a million dollars.

To Inspect Canadian Mines.

MONTREAL, April 16.—Professor J. D. Frossard, the well-known English mining expert, is on his way to Canada for the purpose of inspecting Canadian mining properties on behalf of English syndicates.

What it Costs.

Must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the great middle classes because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said, "100 doses One Dollar," and a bottle taken according to directions will average to last a month.

J. C. Turnbull.

ATTRACTIONS IN
DRY GOODS
AT
TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD up the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

Daily Examiner.

FRIDAY, APRIL 17, 1891.

Interesting Dominion Election Figures.

The Liberals have a Preponderance of the Popular Vote.

The *Globe* publishes a comprehensive summary of the results of the Dominion elections, which will not only be interesting reading for the present time, but well worth preserving for future reference:

There were 1,090,000 names on the voters' lists used at the recent general election. These were divided between the Provinces as follows:

Ontario	646,000
Quebec	305,008
Nova Scotia	86,000
New Brunswick	70,000
Prince Edward Island	24 000
Manitoba	46,000
British Columbia	14,000
Total	1,090,000

Ontario, Quebec and Prince Edward Island, which have 875,000 of this total, voted condemnation of the policy of restriction. The other Provinces, which have but 215,000 of the total vote, saved the Government from defeat. The Liberal leaders will be supported in the new Parliament by a majority of members from Quebec and Prince Edward Island. But from Ontario, notwithstanding that the Liberals have a clear majority of the popular vote, the Government have a majority of three of the members elected. A casting up of the total vote gives a liberal majority in Ontario of 899. The following is

THE VOTE IN THE VARIOUS CONSTITUENCIES:

Constituency.	Opp.	Min.
Addington	2,307	2,246
Bothwell	2,550	2,000
Brant, North	1,729	563

Liberal popular majority, 899.

We have sought to be absolutely fair in this calculation. It will not be surprising if the Liberals shall charge that we have been more than generous to the opponents. In West Middlesex, where three candidates were in the field, we have divided the vote can for the third man equally between the Liberal and Conservative candidates. The third candidate was the nominee of the Patrons of Industry and stood upon a platform substantially hostile to the Administration, and at least upon the trade question in complete harmony with the Liberal policy. In Bothwell, where a candidate of the Patrons of Industry pas likewise in the field, the same course has been pursued. In Prescott there were four candidates a Liberal and an independent Liberal, a Conservative and an independent Conservative, and we have added together the votes cast for both Liberal candidates and also those cast for both Conservative candidates, as fairly presenting the strength of each party in the constituency. In South Simcoe, where Col. Tyrwhitt was elected by acclamation, we have taken the figures of the last general election, when the same member was returned by a majority of 1,060. In Carleton, where the straight Conservative nominee was defeated by an Equal Rights candidate, who will, however, support the Government, we have again taken the figures of the last general election, when Sir John Macdonald took out of the constituency a majority of 1,085. In East Middlesex, East Durham, South Huron and West Ontario we have taken the vote as cast. In West Ontario and South Huron there were no Conservative candidates, and the five men running, two in West Ontario and three in South Huron, all

TOOK GROUND AGAINST THE N.P.

But we have counted for the Liberals only the vote cast for the recognized party candidates. In East Middlesex and East Durham we have taken for the Liberals votes cast against the straight Ministerial candidates and against the policy of restriction. The net result is a popular Ontario majority for the Liberal leaders of 599.

The chief cities of the Province gave large Conservative majorities, as follows:—

Toronto	3,649
Hamilton	654
Ottawa	983
Kingston	498
Total	5,784

Add this to the popular majority throughout the Province of 599, and the Liberals are shown to have a majority of nearly 7,000 in the country districts. If the figures were thoroughly investigated we are convinced that a majority of the farmers of not less than 15,000 or 20,000 was rolled up against the N.P. Except the farmers are prosperous the prosperity of the towns and cities, which depends upon the agricultural districts, cannot endure. That they are not doing well is unmistakeably demonstrated by their votes on March 5th.

These figures show an astonishing result when we consider the influences used by the Government. The election was sprung upon the Liberals at five weeks' notice. The alien and dead vote was brought in free of freight charges from all over the continent. Huge sums of money were spent in the cash purchase of votes. The Red Parlor men

RETORTED CAST IRON PLEDGES

from their workingmen that they would vote for restriction at the peril of prompt discharge. The banks exerted pressure and the business interests in some of the centres of population took a strange alarm at the hysterical predictions of the boodle press and Red Parlor orators. But in spite of it all the Government was saved from defeat only by the gerrymander. Some of the Liberal papers have declared since the election that the effects of the gerrymander have been overcome. This is not so. That unholy instrument was of great advantage to the government in the recent election. It is true that in Bruce it has been partially and in Huron wholly overcome. But the Conservatives still hold North Bruce and South Norfolk and South Wentworth by the agency of that infamous measure. In Middlesex County, which gave a majority of 52 against the government, three out of the four seats allotted to the county are held by the Conservatives. Muskoka or North Ontario belongs to the Liberals. Farther east the Liberals are weakened by the operation of the gerrymander. Under a fair redistribution, a fair vote and a fair count the Liberals of Ontario would hold eight or ten additional seats in the new Parliament. The figures prove that their leaders have the confidence of the country, and that the policy of trade restriction is doomed; and no influence that can be employed by the desperate restrictionists can avail to retard for long the triumphant advance of the forces that make for trade emancipation.

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. dw

It Does Its Work.

Mrs. James Dix, Brock street, Kingston, Ont., says: I suffered with an inflamed throat and bad cough for seven months. Was treated by physicians without success, when six doses of Miller's Emulsion of Cod Liver Oil cured me. It's as palatable as cream. For sale by all druggists. dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

A Great Blessing.

Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Oh! What Beautiful Hands.

Dyer's Jelly of Cucumber and Roses will cure chapped hands and make them soft and smooth. Try it, druggists keep it. W. A. Dyer & Co., Montreal. 6 30

A WOMAN who is weak, nervous and sleepless, and has cold hands and feet, cannot feel and act like a well person. Carter's Iron Pills equalize the circulation, remove nervousness, and give strength and rest. dw

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given universal satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Haael, Perfumer, Philadelphia, Pa.

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credit and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

THE LANGUAGE OF THE WORLD.

Music Universally Appeals to the People of all Nations.

We may call "music" the language of the world, for it speaks as many idioms as there are nations, races, and even individuals. One single detached note, intoned by different voices or instruments, will convey as many meanings as there may be ears to hear it. It may sound martial upon the "trumpet," sylvan upon the "horn," feminine upon the "clarinet," naive upon the "haut boys," sublime upon the "organ," mysterious upon the "aeolian-harp," prosaic upon the "street organ," and common upon the "banjo." The specific timbre of these instruments and their handling may invest that one tone with volumes of images and poems, to a certain degree akin among cultivated listeners, and quite contradictory to others. Sweetest remembrance may be recalled by it upon the banjo, terpsichorean inspirations roused upon the street organ, and a chorus of angels may descend from it upon the worldly cornet-a-piston. The simplest song, although provided with words, will scarcely ever repeat analogous sensations in the same person, and probably never in a large audience, in which traditions, associations, historical or national influences, will more or less increase or lessen the receptive powers. Adding to this the numerous conditions under which the performance of that song may take place—such as the singer's voice, disposition, art, and personal magnetism; the audience's number and kind; the locality, its atmosphere, light, etc.—it is evident that even if the en gros effect may be of a homogeneous nature, in details it will be quite kaleidoscopic.

The "pibroch," the "Marseillaise," "Die Wacht am Rhein," the "Rakoczy March," speak each its own special language, untranslatable in its real essence. It takes a Scotchman, a Frenchman, a German, and a Hungarian to understand their full meaning, although their governing spirit may be valued by everybody. This is, of course, more applicable to national than to cosmopolitan music, which may be also the subject of local, political, or other influences. National music, the source of all cosmopolitan music, is in the same measure attached to language and poetry as race characteristics, fine arts, and sciences depend upon climatic, geographical, and political conditions. Thus it is a nation's language which generates its musical rhythm; its poetry which creates its melody; and its temperament, the spirit of its dignity, tenderness, mirth, sadness, or flightiness, whichever may express the respective people's national character.—From "Nationality in Music," by Francis Korbay, in Harper's Magazine for March.

IN "A. MINER" KEY.

Pure and simple—Joseph.

A stuffed profit—the sausage.

A sugar trust—kisses on credit.

Prys-tight—a battle with handspikes.

Out of place—a "crick" in the neck of a toper.

Always serve a game supper after a card party.

It is surprising how well we can stand the misfortunes of our friends.

It is better to give than to receive, especially in a personal encounter.

Talk is cheap, when you can send it through a telephone at the rate of ten cents an hour.

A well digger who retired from business, explained that he had grown weary in well doing.

Be careful how you deal with a man taller than yourself. He can always overreach you.

There are more Indians in America now than there were when Columbus discovered them.

It requires years to make one saint, but sinners can be turned out at the rate of a dozen a minute.

The man who sells beer by the schooner is the one exception to the rule that no man can serve two masters.

During the winter the hen may be dilatory, but she generally comes to the scratch when the garden is planted.

Temperance lectures should avoid bowling alleys. It doesn't sound well to hear them shouting, "Set 'em up again!"

To keep a resolution, base it firmly on good and sufficient grounds, and do not forget either the preamble or the resolution.—Texas Siftings.

Though poverty stares him straight in the face,
And hunger and want be his fate,
A man, you will find, is never so poor
But his carriage is seen by his gate.

Increase of Religious Intolerance.

I am sorry to have to confess it, but among the many lessons which a comparative study of religions teaches us, there is one that seems very humiliating, namely that religious intolerance is much more common in modern than in ancient times. I know no excuse which is made for this. It is said that, as our convictions become deeper and stronger, our intolerance of falsehood also must assume a more intense character, and that it would show an utter want of earnestness if it were otherwise. There may be some truth in this, but it is a dangerous truth. It is the same truth which led the Inquisition to order the burning of heretics because it was better for their souls, and which inflicted in our own times a less violent, though perhaps a not less painful, martyrdom on such reverent men, true thinkers, sincere lovers, and earnest inquirers after truth as Dean Stanley, Bishop Colenso, and Charles Kingsley.—Prof. Max Muller in the March Forum.

Far From the Madding Crowd.

"What have you been reading lately?"

"Nothing."

"How do you like it?"

"Very much. There is no adventure, of course, no plot, no sensational incidents. In fact, it's quite the same as reading a fashionable novel."

Children Cry for Pitcher's Castoria.

JOHN PIPE'S FATE.

The Body of a Well-known Farmer Found in a Pool of Water—Murder or Suicide?

WOODSTOCK, April 15.—At an early hour on Monday morning John Pipe, a well-to-do farmer, residing on the 10th concession of Blenheim, lot 9, rose from his bed, having spent a restless night, and taking his gun said he was going shooting. Not returning, a search was made. By the side of a pool of water not far from his house a handkerchief was found tied to a tree and not far from the water was the gun belonging to Mr. Pipe bearing evidences of having been lately discharged. Further investigation revealed the man lying in the pool, covered with water. In his right breast was found a wound about an inch in diameter, caused by a discharge of shot. Dr. Bradley of Woodstock was summoned to hold a coroner's inquest.

Deceased was a well-known and prosperous Blenheim farmer. He was about 40 years of age and was the eldest son of the late William Pipe, well known in his neighborhood as a stock-raiser.

The finding of the handkerchief on the tree near the water seems to indicate a case of suicide, but the fact that the gun was found at some distance from the body raises a difficulty in the way of that theory.

SECRETARY FOSTER TALKS.

Why the Bonding Privileges of Canadian Roads Are to Be Withdrawn—Examination at the Frontier.

WASHINGTON, April 15.—In regard to the proposed new regulations governing the shipment of goods to points in the United States brought to the border by Canadian railways Secretary Foster said:

"We have settled the question of the manner in which we will treat goods coming in bond on Canadian roads. They must be treated in the same way as goods arriving from abroad at the port of New York. At present such goods are brought across the border under consular seal and are forwarded to their destination, where they are examined for the first time.

"While the volume of business was small it did not much matter, but now that it has become large this system has become a farce, as far as offering any safeguard against fraud. What examination is made is done by railroad officials, the manifest is approved and the goods come across the frontier without proper inspection by customs officials. It is alleged that large frauds have been perpetrated under the consular seal system.

"New regulations are being prepared and the manner of treating goods crossing the border will be materially modified, so that there may be proper protection against frauds on the revenue."

It is thought that the changes in the regulations will deprive the Canadian railroads of some of the advantages they have heretofore enjoyed, and that they will inure to the benefit of the American trunk lines.

NEW YORK, April 15.—Secretary Foster, speaking to-day of the status of the Canadian Pacific-New York Central sealed freight transit question, said: The principle has been definitely agreed upon to restrict the present policy of the department which permits the Canadian railway to carry goods sealed in bond across the continent into our territory, for shipment from our ports to other countries. The goods which come to our frontier from Canada will therefore be treated precisely as if they had arrived at the port of New York. In other words, the policy will be to prohibit transportation of goods in bond across our territory. In adopting this policy there is no purpose to attack any particular railway or system of railways, but merely to protect our own revenue system against possible frauds and irregularities. It will probably take about two weeks to arrange the details and put the new policy into effect.

NATURE requires aid in correcting irregularities at this season, and for both men and women no other remedy equals Dr. Williams' Pink Pills as a spring blood tonic. They supply all the constituents necessary to enrich the blood and build up the system. Sold by all dealers, or sent post paid on receipt of price:—50c. per box, or 5 boxes for $2—by addressing Dr. Williams' Med. Co., Brockville, Ont. 6d86w

Everybody Likes It.

Wm. Dredge, Ellen street, Barrie, Ont., says: One bottle of Miller's Emulsion of Cod Liver Oil brought back appetite which other Emulsions took away; removed cough entirely, and gained five pounds. It tastes just like cream, the oil being perfectly disguised. Sold by all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w153

A tube of Dyer's Jelly of Cucumber and Roses for making the skin soft and smooth will be acceptable to any lady. Druggists keep it. W. A. Dyer & Co., Montreal. 6d80

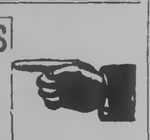
TO BE free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver, and free the stomach from bile. dw

AN INACTIVE or Torpid Liver must be aroused and all bad bile removed. Burdock Pills are best for old or young. dw

HAVE no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the sides and all liver troubles—Carter's Little Liver Pills. Try them. dw

AS A PICK-ME UP after excessive exertion or exposure, Milburn's Beef, Iron and Wine is grateful and comforting. dw

CARTER'S LITTLE LIVER PILLS.



CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail

FOR

FLAXSEED EMULSION COMPOUND

BRONCHITIS

133 Lexington Ave., New York City, Sept. 19, 1888.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.

JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N.Y., Feb. 14th, 1889.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.

J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.

JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.

D. A. GORTON, M. D.

WASTING DISEASES

137 West 34th St., New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

Sold by Druggists, Price $1.00.

FLAX-SEED EMULSION CO.

35 Liberty St., New York.

the D&L Emulsion OF Cod Liver Oil AND THE Hypophosphites of Lime and Soda.

No other Emulsion is so easy to take.

It does not separate nor spoil.

It is always sweet as cream.

The most sensitive stomach can retain it.

CURES

Scrofulous and Wasting Diseases.
Chronic Cough.
Loss of Appetite.
Mental and Nervous Prostration.
General Debility, &c.

The Last Obstacle Removed.

The town council yesterday completed the purchase of the last piece of the right of way for the Grand Trunk siding into the Edison Works, and on Monday, or perhaps earlier, work will be resumed on the construction of the spur, which has already been carried as far as the Carbon Works. The line will be finished in a few days at most.

The Board of Trade

is called together for this evening, and every member should be there. This important body has been of good service to the town, and has in this projected railway scheme fair food for discussion. The members of the deputation that interviewed the G.T.R. will be present and have consented to explain the reason why. The question of the enlargement of the jurisdiction of the Division Court will also be brought up for discussion.

Vacant Houses Scarce.

No better evidence of the prosperity of Peterborough is needed than the fact that there are very few empty houses in town, and these few are being rapidly picked up. One of the assessors told the EXAMINER to day that these are only two empty houses in the south ward, and they are down near the cemetery. The prospects are that the building season will this year be unusually active, for a great many houses will be required to accomodate our increasing population.

The Grand Edison Ball.

Preparations on the most elaborate scale are being made for this great socialistic event. Music for the terpsichorean trippers of the light (electric) fantastic toe will be given by a magnificent Toronto orchestra. Refreshments will be provided of the highest quality, as shown by the fact that hawley bros. will supply the tea to be used for the occasion. If everything else corresponds in excellence this will be the most splendid social event ever happening in Peterborough. dw

A Good Increase.

The assessors have now almost completed their labors, and will be able to report tomorrow, or Monday at the latest. The returns for the first ward are already finished, and from these it is apparent that the town has made substantial progress during the past year. In No. One Ward alone there has been an increase of 240 in the population and the total assessment has risen $75,000, exclusive of the $30,000 exemption of the Edison Works. If the other wards show a proportionate growth the figures will be most satisfactory to the townspeople.

The Telephone for Stony Lake.

The managers of the Ontario Telephone Company are considering the advisability of extending their lines to Stony Lake this summer. The projected route is from Peterborough to McCracken's landing, thence by a long overhead wire to Juniper Island, and from thence to the smaller islands in the vicinity. The line would also be continued by the main land to Bonebinck, where there would be a good many subscribers. Stony Lake campers hope that the company carries out the projected extension.

A Coming Concert.

Posters will be out in a few days announcing the P.A.A.A. concert on the 28th inst. A choice programme of purely local talent has been prepared, comprising, with others yet to give answers, such artists as Mr. Arlidge (flautist), and Master Arlidge, the boy soprano, Mr. T. Dunn, our popular baritone, Mr. J. R. Cobb, artistic club swinger, (illuminated), a male quartette, comprising Messrs. W. H. Manning, Geo. Mathews, W. Drope and R. Rose, and the amateur orchestra. The programme ought to satisfy the most fastidious, and will no doubt draw a large audience to the concert. Plan of the hall now open at Scholfield's drug store.

Children Cry for Pitcher's Castoria.

The Old Hospital Property Sold.

Mr. Thos. Bradburn has purchased from the Nicholls Hospital Trust the old hospital building in the west end of the town. The price paid was between $7,000 and $8,000. The building will be fitted up for occupation by Mr. T. E. Bradburn, who will have one of the handsomest suburban residences in Peterborough.

New Law Offices.

Commodious offices are being fitted up at the corner of Water and Simcoe Streets, for Mr. E. B. Stone, barrister, who is separating from the firm of Sawers & Stone, and will occupy his new place of business in a week or so. Mr. Stone will have one of the best offices in town, on the ground floor, centrally situated, and nicely fitted up. Mr. Stone will no doubt do a good business in his new stand.

Military Oddfellowship.

The following officers of Peterborough Canton, No. 10, *Patriarchs Militant*, have been elected for the ensuing year:—

CAPTAIN—Jas. Mills.
PAST-COMMANDANT—D. H. Moore.
FIRST LIEUTENANT—A. McFarlane.
ENSIGN—John Fraser.
CLERK—Jas. Fearing.
TREASURER—W. H. Dayman.

The Canton will go to Campbellford on May 25th to take part in a demonstration there on that date. An exhibition drill of military Oddfellows is among the attractions announced for the occasion.

Stony Lake Housebreakers.

Mr. R. W. Grabbe has received intelligence that his summer house at Stony lake was broken into a few weeks ago, but he does not know if anything was stolen. Mr. Chris. Crowe, who attends to the house during the winter, found the place open and boarded it up. It is reported that the American quarters at Bonebink were also broken into. The Stony Lake Property Owners' Association has not yet been able to convict any of these depredators, but the first time any of them are caught they will be made to feel the full force of the law.

The Town Dairy.

This is the name of a new milk industry started the 1st of February, by the undersigned, who has now got arrangements perfected, and is prepared to deliver cream, milk, creamery milk and butter milk either by can or bottle delivery. His herd of cows consists of Durhams, Ayrshires, Devons and Jerseys,—healthy stock, specially fed. To meet the encouraging and increasing trade which he has already secured, he is having built a new delivery rig of special design which will be placed on the road in a short time. The office and headquarters is situated at 11 Conger street, and has telephone connection. A trial is respectfully solicited.

B. WHITE,
3390-1w General Manager.

All Toronto Ladies.

The Women's Foreign Missionary Society closed its meeting at Kingston Wednesday night. The officers elect are as follows: *President*, Mrs. Ewart; first vice-president, Mrs. McLaren; second vice-president, Mrs. G. H. Robinson; third vice-president, Mrs. Kirkland; fourth vice-president, Mrs. Hamilton; home secretary, Mrs. Shortreed; foreign secretary, Mrs. Harvie; recording secretary, Mrs. Playfair; corresponding secretary, Miss Haight; secretary of supplies, Mrs. Jeffrey; secretary of publications, Mrs. Telfer; treasurer, Mrs. McLennan; executive committee, the officers named and Mesdames Clark, McGall and Crombie and Miss Reid. All the officers are Toronto ladies.

A Northwest Wedding.

The Prince Albert *Times* of April 8th has the following concerning the marriage of Mr. Richard Cook, a former Peterborough boy, whose many friends in town will wish him and his bride all possible happiness:

"On Thursday evening last St. Alban's church was the scene of a happy event, the occasion being the marriage of Mr. R. S. Cook, Crown Timber Agent of this district, to Miss McLean, youngest daughter of the late Dr. McLean, Lord Bishop of Saskatchewan. The interesting ceremony was performed by Ven. Archdeacon George McKay, brother-in-law of the bride. Rev. Canon Flett, also a brother-in law, gave the bride away. Mr. J. M. R. Neely assisted the groom, while Miss Cook, Misses Daisy and Dotty Flett performed a similar duty for the bride. After the marriage ceremony the company adjourned to the residence of the bride's mother, where a sumptuous repast had been prepared, and a goodly number of the friends and relatives of the contracting parties spent a most pleasant evening. The young couple have our most hearty wishes for their future welfare."

A Cyclonic Commercial Convulsion.

"What is it?"

Why, Gough Bros.' Saturday sweepstakes sale and devastating divvy of profits with the public.

"In the matter of clothing?"

Of course; Gough Bros. are the kings of the clothing trade, and next Saturday, April 18th, they will out-Herod Herod, or, rather, out-Gough Goughs. They will hold a special discount sale on Saturday, April 18th, when such destructive discounts as these will be given: Note the figures, and call and see if every item is not carried out by Gough Bros., and you may wager your rock bottom dollar that the goods will be carried out by you. Look at three deceptatory cuts: $9 suits cut down to $6.30, $5 coats cut down to $3 50; $2 50 pants cut down to $1.80; $1 vests cut down to 70c. At these prices everything goes, and everybody goes to Gough's next Saturday to strike the biggest bonanza in bargains—the grandest golconda in gain ever unearthed on this Canadian continent.

Farce Comedy.

"Aunt Jack" was presented at the opera house last night to a good-sized audience, much better than such high-priced travelling companies usually receive in Peterborough. The performance apparently gave the highest satisfaction. The audience scarcely ceased its laughter from the rise of the curtain to the closing scene. Full of absurd situations and ridiculous complications, the farce-comedy is one of the best of the many that are on the road this season, though there is a variety of opinions expressed regarding the performance here, some considering it rather weak for the prices charged. Joan Bryson, a buxom, blooming damsel of a decidedly enterprising and aggressive disposition, has entered an action for breach of promise against Colonel Tavenor. Her counsel, Caleb Cornish, her own nephew, marries the blustering Colonel's neice, while on the night preceding the great trial, Mr. Brue, counsel for the defendant, proposes marriage to the fair plaintiff, of whose identity he is unaware. These circumstances occasion a rare lot of misunderstandings and skward positions. The final scene in court, where the plaintiff sings a couple of verses of the comic song which is alleged to have caused the breaking of the engagement between herself and the Colonel, and the whole court, including the judge, jury, counsel and witnesses, joined in the chorus, is the acme of absurdity. Finally Mr. Brue gives up the case in despair, the defendant is assessed damages, and Mr. Brue flies for consolation to his fair charmer, "Aunt Jack." The curtain went down amidst shouts of laughter. The company is a good one throughout, not a weak character is visible. Miss Paget as "Aunt Jack," gave a spirited interpretation of the role, and was the most striking figure on the stage. Mr. Chas. Bowser as Mr. Brue, and Mr. E. A. Eberle as Col. Tavenor, maintained well their important characters. Mr. Justice Mundle was also ably represented by Mr. W. B. Murray. George Backus as "Caleb Cornish," Miss Bertha Creighton as his pretty wife, "Mildred," and Charles W. Butler (who played the Private Secretary through here a few years ago,) as "Julius," the much-abused country solicitor, were all good roles well taken. The company is one of the best seen here for a long time.

News Nuggets.

—For bracing up the nerves, purifying the blood and curing sick headache and dyspepsia, there is nothing equal to Hood's Sarsaparilla.

—The Millbrook baseball team have reorganized for the season. W. T. Wood was elected captain and W. P. Dinsley secretary. Challenges from amateur teams are invited.

—Wednesday night burglars effected an entrance through the cellar into Mr. Quinn's clothing store, King street west, Cobourg. Two of the thieves took off their clothes in the store and fitted themselves with new suits, including overcoats. They left their old clothes in the store as souvenirs of the visit.

Important to Cheese-makers.

Excellent as Canadian cheese is, sometimes from causes not always clearly defined, there is a falling off in quality. This falling off in quality it seems was particularly noticeable last summer; so much so that an English produce exchange has thought it worth while to refer particularly to the matter. We quote from the Montreal *Gazette* of April 14th, as follows:—

"The receipt by the English mail of a circular from the London, Produce Exchange making several complaints re Canadian cheese last season makes the above advice apt. For although we are not prepared to admit in their entirety all the counts in cities, still there is no doubt that there has been some ground of complaint and the circular a timely reminder to Canadian factorymen that the least neglect on their part is apt to tell against them and the reputation they possess. One of the complaints, that during the past season the cheese had a dry, hard cord, with appearances of skimming, may be attributed to the anxiety of the factorymen to make a solid cheese suitable to the London market. We are strongly inclined to deny the skimming. London wants a solid, firm cheese it is true, but it would appear that some of the factorymen have erred on the wrong side a "little." Those to whom it applies should guide themselves accordingly. With regard to the weight and allowance for shrinkage it is too difficult a question for us to answer, but, perhaps, in time some method on which to base allowances in the connection may be devised which will bring the exporter and receiver on the other making more in harmony. One thing is certain, and that is that the weights are all right when they leave Montreal, although some claim that there is ground for complaint, as regards the shipments from west of Toronto. If such is the case, the shippers in question should recognize in time that they are biting their nose to spite their face. As regards the boxing, there can be no doubt that some of the factories east of Toronto, and in Quebec Province, are stingy in this connection, and they should take warning accordingly; but some allowance has to be made for the handling in transit, which is certainly not too gentle. Finally, that Canadian factorymen have arrived at a stationary period may be to a certain extent true, but we think it safe to claim that the shipments as a whole last season were better than those of the previous one and sold as represented, with one or two exceptions. As to the danger of a retrograde movement, we consider it doubtful, in view of the precautions the Dominion and Provincial Governments have taken to keep our cheese up to the standard and the able Commissioner the former has in charge of the direction of dairy matters."

Postmasters.

And Some of the Nice Incomes They are in Receipt Of.

The following compilation of the St. Thomas *Journal* is interesting, particularly in view of the action taken by the Opposition in the Ontario Legislature on Wednesday with a view of abolishing the fee system of paying the emoluments of sheriffs, registrars and other officers of the Ontario government:

"The *Journal* points out that various Dominion officials have good salaries and yet receive commissions. For example, the St. Thomas postmaster is credited in the public accounts with a salary of $3,800. Between $300 and $400 in addition, appears to be paid on account of certain services in connection with the office. It seems understood, although no mention of the sums so received is made in the accounts, that the master at that office receives the entire sum paid in rent for boxes. If this be placed at, say $2,000, it follows that the total emoluments of the office will reach over $6,000. The postmaster has to pay his assistants in the office, but even accounting for this, our contemporary argues that the office is a very lucrative one, and likely to become increasingly so as the city grows. The following are the sums paid to postmasters in those cities in Ontario where a salary alone is given:—

Toronto	$4,000
Ottawa	2 000
Kingston	2 000
London	2.000
Hamilton	2.400
Windsor	1,400
Belleville	1,400

In cities in which the officers are paid partly by salary and partly by fees the following sums, exclusive of box rents, were received:—

Brantford	$4 885
Chatham	3,628
Guelph	5,359
Peterborough	4,205
St. Catharines	3 843
St. Thomas	4,172

The Telephone System.

Great Extensions will be Made Immediately by the Bell Company.

The Bell Telephone Company, of Canada expect to commence operations for the season upon the construction of trunk lines in about two weeks. They contemplate a larger amount of trunk line extensions in this province this year than they have made in any other season for the past six years. In the greater portion of this work the city of Toronto is directly interested, as it will naturally aid in promoting her position as the commercial metropolis of Ontario. A through copper line will be constructed from Toronto to Orangeville, and from thence will be extended through the flourishing towns of Shelburne, Dundalk, Flesherton, Markdale and Chatsworth to Owen Sound, and from thence to Hepworth and Wiarton via Tara. This will open up a large and important district which has not before had the advantage of telephone connection. It will also give Owen Sound a very much better connection with Toronto than it at present possesses in the round of circuits. This is important to Toronto in two ways. It will relieve the pressure on the present trunk lines reaching the city, via Barrie, Orangeville and Guelph, and will also bring a large volume of business which the city has not heretofore had. A trunk line is also to be constructed from Mount Forest to Durham and Flesherton, connecting with the above main line. Another extension will be made from Parkhill to Sarnia, and also a connecting link between St. Thomas and Ridgetown, in each case taking in all important places along the route. There will also be an extension of the trunk line north from Lindsay to Fenelon Falls and Bobcaygeon. All these will furnish good connections for the city. These lines will all be of copper, constructed in the most substantial manner and with a view of ultimately making them metallic circuits. Other and still more important trunk line improvements in this district are in contemplation, simply awaiting the turn of events in the city.—*Mail.*

Young's Point.

(From Our Own Correspondent.)

STEAMBOAT IMPROVEMENTS.—Mr. P. P. Young, the genial proprietor of the steamer "Mary Ellen," wishing to keep abreast of the times, has spared neither pains nor expense in fitting up his boat for the accommodation and comfort of campers and tourists. The machinery has been moved aft about six feet, which will give her more power and speed. The cabins have been enlarged and refitted, and the awning on the harricane deck has been extended to the stern, which will do away with the annoyance caused by dust and sparks. She is now afloat and sits to her lines like a duck, and intending campers may rest assured that not a more comfortable and speedy craft, or a more obliging and painstaking crew, will be found during the coming season on Stony Lake waters.

REMOVAL.—The many friends of Mr. Wm. Pope and family, regret to learn that he is about to remove to Peterborough. For several years he has been running a general store here, and also held the position of postmaster, in which capacity he gave entire satisfaction. The store has been rented, and the stock purchased by Mr. R. A. Kearney, who will in future carry on the business. Mr. Pope has been offered a lucrative position in Peterborough, and while we are sorry to lose such a good citizen, we wish himself and family, prosperity and happiness in their new home.

HIGH WATER.—The water has not been so high in the river here for several years, and it continues to rise several inches every night, as the ice has not left the lakes yet. The mills have been shut down in consequence, and we may expect a flood if this soft weather continues. Look out below!

The Carbon Works' Strike.

A Manitoba Reptile to the Hamilton's Statements.

To the Editor of the Examiner:

DEAR SIR,—I notice in yesterday's *Review* a few statements from Mr. Taylor which I would like to deny. In the first place he says the men were making $1 50 and $1.30 per day for the past two weeks. This I say is false. Now, the EXAMINER reporter he says, "I told the men if they went out of the door they could stay out." This I say is false, for he did not say that. But what he did say was that he (Mr. Taylor) would sooner let the men quit work than raise their wages. Further, Mr. Taylor also stated in the EXAMINER that they trained the men in the business and gave them good wages when they were earning scarcely anything for them. This again I say is false. Does he call sixty cents a day a good wage for a man who had to work amid the dirt of the shop for ten hours a day? Not only did the men only get sixty cents a day, but there were several weeks when they were laid off, and for a month at one time, and earned nothing. But this he does not take into consideration, Mr. Taylor also says that we were green hands and tries to justify the low wages by saying that we were making more money than moulders apprentices. Now, Mr. Editor, I don't think it is fair to call us apprentices. We can and have turned out as much work in a day as any American moulders, and if the men are only apprentices, what are the helpers? I contradict his statement that we were making full wages and can state, on very good authority, that we were not making within 45 per cent. as much as the moulders in Cleveland. I agree with him when he says that a man can make more than 200 hundred moulds in a day, but I consider it a good day's work when the culls come out, and, besides, when we did put on speed in order to run up our make, the foreman came round and told us we could not sufficiently heat the carbons by handling them so swiftly. He says that there have been as high as 365 moulds made in a day, and I want to make an offer to him on the strength of this. If Mr. Taylor will show by his books that any man ever made 365 moulds in a day in the shop here, I promise and agree to work for him for six months and will ask no wages. This same offer I will make as to the truthfulness of the $1.80 per day. I know that the largest number turned out in one day was 304 or 305, but we were not on piecework when that was done. There were 69 culls out of this number, leaving 236, which at 60 cents per hundred, was $1 42 for the day's work. The difference between $1.42 and $1 80 is marked and needs no demonstrations to be seen by the general public.

Now, Mr. Editor, in closing I will just repeat that when Mr. Taylor proves his statements in regard to the 365 moulds per day and the $1 80, I am ready to go to work for him. Thanking you, sir, for the privilege of trespassing on the space in your valuable paper, I am

MOULDER.

They're After a Boom.

In the Cobourg correspondence of the *Empire* is the following:—"In the assembly of town fathers Councillor Hayden referred to the agitation at Peterborough for the construction of a new railway from that town to Sudbury via Bobcaygeon, Kinmount and Huntsville, in connection with the G. T. R. system. Subsidiary to this scheme is the completion of the road from Harwood to Peterborough. He suggested that a civic deputation be appointed forthwith to interview the Ontario Government in reference to the petition for the transfer of the $26,000 granted to the C.N. and P.R. He said the government should be asked to declare that if this subsidy be not earned and claimed by the G. T. R. for the early completion of the Harwood branch (for which it was originally voted) before the expiration of twelve months or some fixed time, it should become forfeited to the G. T. R. and be devoted to the C. N. and P.R. It was not fair, he said, that any railway corporation should be allowed to act the part of a dog in the manger. On motion of Councillor Graveley, Messrs. Wm. Kerr, Sam Clarke and P. McCallum were appointed a deputation to proceed to Toronto and request the Ontario Government to transfer the sum of $26,000 to the C.N. and P. R in the manner suggested by councillor Hayden."

An Absconded Hatters'

stock for sale, consisting of Cooksey's, Christy's and Stanley's stiff hats, and a large quantity of American and English soft hats, made to the order of S. Glaister & Co., hatters, of Stratford, Ont., for the spring trade, which were stopped in transit, and purchased by us in bond at greatly reduced prices. The styles are the very latest English and American blocks fresh from the factories, and consist largely of fine goods. We are clearing the lot at prices which cannot be maintained by us after this stock is sold out or touched by other dealers who have purchased their stock in the regular way. FAIRWEATHER & Co., hatters and furriers. dw

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

MARRIED.

NORTHCOTT—MORRISON.—At the residence of John Isbister, Esq., Lakefield, on Wednesday, April 15th, 1891, by Rev. John McEwen, Solomon Nicholls to Catharine Morrison.

McLEAN—COOK.—In St. Alban's Church, Prince Albert, Saskatchewan, on Thursday, April 2nd, 1891, Florence Maude Dagmar McLean, youngest daughter of the late Dr. McLean, first Bishop of Saskatchewan, to R. S. Cook, Esq., Crown Timber Dep't.

Found Dead by the Roadside.

Mr. Henry Gelless was somewhat startled, when driving into Bobcaygeon on Tuesday morning, the *Independent* says, by finding the body of a dead man. The corpse was that of Elijah Brock, an elderly man, at one time a farmer in Verulam, and whose family has lately lived in Harvey. He was found near the house by the Simpson farm on the Peterborough road, about four miles south of the village. It appears that the unfortunate man has for some time been of deranged mind, and was moved about among his relations. On Sunday afternoon he passed through the village, coming from Harvey, and was spoken to by several. He was poorly clad for the season, having scarcely anything on his feet. To two persons at different points, when spoken to he said he was trying to catch that fellow with the bean and get a hit, though there was no bean in sight. When found he was laying on his face, near the fence, in some snow. He had apparently been walking near the fence, and coming on to a piece of ice that had been undermined, it broke with him, throwing him on his face, and being in an exhausted condition, he dropped off into his final sleep. The body was brought into the village, and buried on Wednesday by his relations. He leaves a wife and a grown up family of seven or eight children.

A Hypocrite Will Often Pass Scrutiny.

The hypocrite often passes the scrutiny of the wise and those of ripe experience. His outward bearing and garb will often enable him to do this with success; but the time surely comes when the mask is torn away and his true character is revealed. Thousands in Canada know well that they have been deceived in appearances when buying package dyes for domestic dyeing. The deception only became apparent when those dyes were used; and then the wish was expressed, "Oh, had I but used Diamond Dyes, all this trouble could have been avoided." Diamond Dyes are always the same—safe, reliable and unfailing; and the only dye that can assure all of satisfactory results.

"A Great Spelling Match."

The greatest spelling match on record is that offered by Our Homes Publishing Co., in which they will award the following magnificent CASH PRIZES:—One prize of $300; one prize of $200; two prizes of $100; four prizes of $50; eight prizes of $25; twenty prizes of $10; forty prizes of $5; one hundred prizes of $2; and two hundred of $1. These prizes will be awarded to the person sending in the largest number of correctly spelled words found in the advertising pages of the February number of Our Homes, in which no letters occur but those found in the sentence: *"Our Homes is unrivalled as a Home Magazine."* Special cash prizes will be given away each day and each week during this competition, which closes April 25th, 1891. Send 10 cents, in stamps or silver, for a sample copy of the February number, with rules and regulations governing the competition. Address OUR HOMES PUB. CO., Brockville, Ont. dw

A BAD RUMOR CURED.

$5,000 Expended on Doctors and Medicine with result. Cured Almost up to date.

Good Will Suggests Cuticura Remedies. Less than 7 months, and is entirely Cured.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1870 I broke out in sores all over my chest and shoulders, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure but could not, and finally gives myself up to die. About this time my wife suggested to me, one day, to try the CUTICURA REMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to say that by different applications of your CUTICURA REMEDIES for seven months I was entirely cured. After spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. C. L. PEARSALL,
1 Fulton Fish Market, New York.

April 15, 1890.

VOL. XII. NO. 91. PETERBOROUGH, SATURDAY, APRIL 18, 1891.

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credit. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on those terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

TEXT OF THE PETITION.

PRESENTED TO THE QUEEN BY THE NEWFOUNDLANDERS.

Plea for the Rights of Settlers Against Arbitrary Restrictions Imposed by Naval Officers Employed to Protect French Fishery Claims.

LONDON, April 17.—Mr. William Henry Smith, the Government leader in the House of Commons, stated in that body to-day that the Government was not aware that the Newfoundland delegates who are now in London in order to present Newfoundland's side of the lobster fisheries dispute to the Imperial Parliament desired to be heard at the bar of the House of Commons, but in accordance with invariable precedent the delegates could not be heard at the bar of the House until after the second reading of the bill providing for the maintenance of the modus vivendi between France and Great Britain relative to the Newfoundland fisheries.

The delegation is composed of Premier Whiteway, an Englishman, who has spent most of his lifetime in the country and who has been successful in amassing from $100,000 to $150,000 by law and politics; Hon. A. W. Harvey, a colleague of Premier Whiteway in the Executive, is a Bermudian and is one of the most enterprising business men in the colony; Hon. Moses Monroe is a member of the Legislative Council and does an extensive business in general trade in fishery supplies and manufacturing; George H. Emerson is a native of Newfoundland and is Speaker of the House of Assembly. He is a lawyer of high legal attainments and an orator of great ability. The other member of the delegation, Mr. Alfred B. Morine, is a remarkable gentleman. Without means, without friends, he has forced himself to the front by industry, perseverance and natural gifts of tongue and pen.

The following is the joint address which has been presented to the House of Lords and Commons:

To the Right Honorable the Lords Spiritual and Temporal in Parliament assembled:

We, the Legislative Council and House of Assembly of Newfoundland, in session convened, beg leave to approach your honorable House, to appeal to you for protection and support under circumstances which have filled the minds of all classes in this country with profound anxiety and dismay.

Your honorable House is aware that the old-time difficulties consequent upon the treaties between Great Britain and France on the subject of the Newfoundland fisheries have of late years assumed even unaccustomed gravity, producing painful and ceaseless agitation among our people. Two delegations proceeded from here during last season to represent to Her Majesty's Government the exorbitant growth of the claims of the French under alleged sanction of treaties and the further injustice wrought to the community of Newfoundland. Their efforts for redress have been so far unsuccessful, and we are now confronted with a new evil essentially more intolerable than any of those with which experience has rendered us but too familiar.

We refer to the proposal of Her Majesty's Government by a bill now before Parliament to re-enact the act of George IV., chapter 51, for the better conduct of the treaties between Great Britain and France respecting the Newfoundland fisheries, which act expired in the year 1824.

This act embodied provisions of an arbitrary and oppressive character, wholly repugnant to those principles of liberty and justice which are held to be the basis of modern British legislation. They conferred upon the officers of Her Majesty's ships engaged in fisheries protective service, who, were intrusted with the settlement of treaty disputes, powers of summary adjudication independent of all the restrictions and safeguards which British law has devised for the defence of the inherent rights of British subjects. These powers extended to most severe penal inflictions and were beyond all appeal, and when it is remembered that they were exercised by persons unacquainted with legal procedure and whose peculiar training and habits of thought and action dictated unquestioning submission to their decrees, it must be manifest that extreme hardship and injustice were the frequent and inevitable results.

It may be alleged that while yet the act of Parliament in question was on the statute book it had been allowed to lapse into comparative desuetude, so incompatible with modern civilization would have been the application of this barbarous law. But, unhappily, the record of the years 1887, 1888 and 1889 gives instances of its enforcement under assumed authority with disastrous consequences to the property and industry of some of Her Majesty's subjects engaged in the fisheries of Newfoundland.

We submit that this law could not possibly be rendered applicable to the circumstances which it is designed to meet. All social and general conditions in Newfoundland, and particularly on those parts of the coast affected by the treaties, have undergone a radical and complete change in the many years that have elapsed since the law under consideration was enacted. There was then no resident population in those localities. Population has long since settled there in considerable numbers, and trade and various sources of employment have become developed and yield their contributions to our customs revenue. Several years ago Her Majesty's Government confirmed the occupation of the coast by acceding to the desire of the residents for representation in the House of Assembly and for the appointment of magistrates and police. They are periodically visited by the Supreme Court on circuit; they have regular communication with the rest of the country and with Canada by mail and passenger steamers—in a word, all the ordinary institutions of civil life to the extent to which the means of the colony enable it to provide them. The permanence of their position being thus conclusively assured and recognized, it can hardly be necessary to point out with what cruel severity, with what destructive effect, the proposed law would operate upon the trade, the industries and every appreciable interest of this section of our people. It must be clear, beyond reach of doubt, that to recall this instrument of coercion in their case would be to outrage the feelings and the rights of the law-abiding and loyal inhabitants of this whole dependency of the British Crown.

We would, therefore, most earnestly implore your honorable House, by all your honored and revered traditions, to desist from inflicting upon the people of this country the calamity of such an enactment as that which is now in contemplation.

We would remind your honorable House that Her Majesty's Government and that of France have lately agreed on arbitration respecting the Newfoundland fisheries, such tribunal, however, proposing to deal with one question only, and this the recent question of the lobster fishery. This partial proceeding has been decided, not only without reference to the Newfoundland Government, but against their emphatic protest.

We, too, on the part of this colony, beg to present an equally emphatic protest against a course adopted in direct violation of the principles of that constitutional form of government which it is our privilege to possess.

We would, in conclusion, respectfully invoke the aid of your honorable House for the protection of the treaty rights of Newfoundland against the demand of the French for an exclusive fishery, including lobster fishing, on those portions of the coast where they hold acknowledged privileges. The rights of British subjects have on several occasions been declared and the pretensions of the French disallowed by some of the ablest of the statesmen of Britain, notably by Lord Palmerston, and only last year by the Marquis of Salisbury. We feel that your honorable House will recognize the justice of our prayer that the definitions of these high authorities shall not continue to be more theoretic pronouncements which France is permitted to contravene, but shall be carried out in their true significance and to their full practical effect.

We beg to inform your honorable House that we have appointed the Hons. Sir William V. Whiteway, Augustus W. Harvey, Moses Monroe, George H. Emerson and Alfred B. Morine, Esq., as a delegation to present this remonstrance, and we pray that they be heard at the bar of your honorable House.

Newfoundland's Claims.

LONDON, April 17.—Mr. Morine, one of the Newfoundland delegates, in an interview yesterday declared that if France declined to submit the whole Newfoundland question to arbitration England would be justified in enforcing a proper interpretation of the treaties. "Why," he asks, "should France alone choose the points for arbitration? There is no real fear of war. If Lord Salisbury had treated France as he treated America in the Behring Sea question all this trouble would have been saved." Both Mr. Morine and Mr. Emerson admitted that the present position in Newfoundland was bound to lead to annexation to America.

IMPROVED TRADE.

Crop Reports Hopeful and Business in All Lines Brisker.

NEW YORK, April 17.—Telegrams to Bradstreet's indicate that more seasonable weather and improving country roadways have had favorable effect on general trade. Crop reports from the Northwest are very favorable, as are those affecting winter wheat, and merchants in the spring wheat region are discounting their bills to a noticeable extent. Exports of wheat from San Francisco have been very heavy this week at high prices, spot commanding 99c per bushel, with Europe a ready taker. Wool sales have been slow with prices tending downward. Telegrams from Ontario report the wheat crop doing well with an encouraging influence on general trade. In Quebec the outlook for spring trade is fairly good. Navigation at Montreal will soon be open. The Dominion reports 33 business failures this week against 37 last week and 29 this week last year. The total number, January 1 to date, is 672 against 637 last year.

DROVE A WIRE IN HIS BREAST.

Donald McKinnon Desired to Die—Suicides in Other Towns.

GODERICH, April 17.—Donald McKinnon, who was acquitted at the assizes on a charge of murdering his wife, and was sent to jail for four months for attempted suicide, made another attempt to end his life yesterday. This time his implement was a small piece of wire, which he succeeded in forcing about an inch into his body two inches below the heart. His effort at self-destruction was discovered by Jailer Dickson and the wire taken away.

Two Months Married and Tired of Life.

NORTH BAY, Ont., April 17.—A man named Gagnon, a cook in a shanty at Nipissing village, was found hanging to a beam in the shanty yesterday morning. He left a note in his pocket saying no one was to blame, that he had been sick for four months and was tired of life. He was married about two months ago.

Sought a Watery Grave.

PORT HOPE, April 17.—Considerable excitement was caused yesterday afternoon in the vicinity of Barrett's pond by a woman named Milne attempting to commit suicide, while under the influence of liquor. She was, however, dragged out.

Melancholy Drove Him to Suicide.

CAYUGA, April 17.—Charles Barrett of Seneca had not been feeling well for some time, and rising early in the morning, before daylight, went out to his barn and hanged himself.

NINETY PERSONS PERISHED.

Wreck of a British Ship Off the Caroline Islands.

SAN FRANCISCO, April 17.—The steamship Monowai, which arrived here to-day from Sydney and Honolulu, reports that the British ship St. Catharis, has been wrecked off the Caroline Islands and 90 persons drowned.

Stricken Down in the Road.

MILTON, April 17.—Peter Campbell of Trafalgar was stricken down with paralysis while walking to Milton. He lay senseless for several hours and then crawled to town on his hands and knees. Next day he died. Deceased was 63 years of age and was a brother of Col. D. Campbell, County Registrar.

Scalped by a Limb.

MOUNT FOREST, April 17.—George Langdon of Normanby was at work cutting down trees in Ryan's Bush near Pike Lake. He had cut through a tree which in falling knocked a heavy limb off, striking his head with such force that the whole top of the skull above the ears was literally swept off. Some fellow-workmen saw the accident and gave the alarm, but death must have been instantaneous.

Mistress Murphy's Husband.

HALIFAX, April 17.—A case of bigamy is attracting attention at Pictou. George Prendice of this town married a Mrs. Murphy, nee Mag. McLennan, about five years ago. They have been living together since that time. A few days ago husband No. 1, Thomas Murphy, made his appearance from Boston and had his wife arrested on a warrant.

IMPERIAL PARLIAMENT.

INTERESTING DEBATE ON THE IRISH LAND BILL.

Morley, Balfour and Parnell Participate—An Amendment by Morley Voted Down—Parnell Does Not Wish for Local Government.

LONDON, April 17.—The debate on the Irish Land Bill was resumed in the House of Commons last evening. Mr. Morley moved an amendment to the effect that an advance of money should not be granted under the bill except with the approval of the County Council in the districts in which the holding for which the advance was asked might be situated. Tenants excluded from the benefits of the bill, he said, were required to make good the default of favored tenants without having any voice in the matter. The provision was so indefensible that he understood that Mr. Balfour now consented to modify it. The objection to delay, pending the creation of the councils, confirmed his belief that the Government had no real intention to introduce a local government bill. If they had such an intention, the Ashbourne Act would fulfil all purposes until a local government bill was passed.

Mr. Balfour insinuated that Mr. Morley's speech was for electioneering purposes. He contended that the exceptional position of Ireland justified exceptional treatment. He referred vaguely to his suggested modification as tending to maim, though not to destroy, the bill, and said that it would therefore be only applicable in acute cases of difference.

Mr. Parnell agreed with the principal which Mr. Morley advocated, but he objected to waiting for local government. If the Liberals were victorious in the general election, as he supposed they intended to be—(laughter)—they would not be in a hurry to promote local government, which they had always promised for the last 35 years. He proposed to amend Mr. Morley's amendment by a clause making it operative whenever a Local Government Bill was passed.

In the House of Commons to-day Thomas Sexton, one of the members for Belfast who was loudly cheered by the McCarthyites and by the Liberals during the debate on the Irish land bill, strongly condemned Parnell's attitude last night when the latter attacked the Liberal policy. Sexton said the Liberal position was not changed, but it was Parnell's attitude which had undergone a change. Mr. Parnell's proposed amendment to Mr. Morley's motion making it operative whenever a local government bill was passed would prevent Morley's object from being attained, which object was to compel the Conservatives to give Ireland local self-government. Morley's amendment was to the effect that an advance of money should not be granted under the bill except with the approval of the County Council in the district in which the holding for which advance was asked might be situated. After further discussion Morley's amendment was rejected 247 to 170. Parnell's amendment to Morley's motion was also defeated.

Although Morley's amendment, introducing in the Irish land bill the principle of local control, was a point on which the Irish sections were expected to sink all differences the spirit of faction got the upper hand. Parnell's amendment to to the Morley amendment, followed by Sexton's amending the Parnell amendment, produced a feeling of irritation in the ranks of the Opposition, inducing many members to leave the House without voting on the most important attempt to alter the bill in committee. After this defeat the battle against the measure will be guerilla warfare. No leader of the Liberals will make any further effort to alter the character of the Government proposals. The bill has virtually passed the committee stage in the form which the Government projected. An announcement of the most striking kind was Mr. Balfour's statement that the bill which he was preparing to give Ireland local government would be circumscribed in character. His allusions to the operation of the land bill under local elected bodies clearly point to a scheme of county councils similar in structure to the English county councils.

IT KEEPS HIM BUSY.

Parnell Replies to Tim Healy's Bitter Attacks Upon Him.

LONDON, April 7.—In the House of Commons to-night Tim Healy made a bitter attack on Parnell and his followers for there insubstantiency spicad with references to the fox had lost its tail, etc., Parnell turned on Healy and Sexton. They were, he said, trying in an underhand way to destroy the bill. He taunted them upon days when they were under his protection and direction and regarded with contempt to pose as land reformers.

PARNELL ON HEALY.

Parnell Now sends Out a Manifesto to the English Electors.

LONDON, April 18.—Parnell has issued a manifesto to the members of the National League of Great Britain. The manifesto declares the McCarthyites are under English influence and he calls upon his countrymen in Great Britain to ignore the convention summoned by Irish whips under the shadow of English influence and calls on them to assert the principle of national independence and to declare that Irishmen alone shall regulate the conduct of Irish business.

PACKED IN A TIN BOX.

A Postmaster's Shocking Discovery Near A Small Village in Wellington.

GRAND VALLEY, Ont., April 17.—An inquest was held last night on the body of a child found on the side of the railway track about three miles west of the station here. Robert Dickson, postmaster at Peepabun, was walking along the track, and observed a parcel lying at one side of the track, about six feet from the rails, which at once aroused his curiosity. The parcel was done up with a sheet of grey paper on the outside and tied on by a cord. Mr. Dickson thinking that the package to be goods of some kind and probably dropped off the train at once began to investigate. He unfastened the cord, took off the paper wrapping and found a woman's garment surrounding a tin tobacco box, the box being about one foot in length. He then opened the tin, which was fastened with small nails, and a black woollen scarf or shawl appeared, and on lifting the scarf he was horror-stricken to behold the remains of a female infant, which was crushed into the box.

The evidence of the doctors at the inquest was that the child had been murdered. Whether the box was thrown from the train or was placed there is a mystery.

Wiped Out by a Cyclone.

LIBERAL, Kansas, April 17.—The Court House at Hansford, Texas, in course of construction and nearly completed was destroyed by a cyclone Wednesday. A brick mason and another man were killed. Every house in the small town was more or less damaged. The cyclone also destroyed Palmlora, a little town in Oklahoma.

Death Roll of a Day.

Mr. John McMillan of Petrolea and Montreal, one of the oldest oil refiners in Canada, died at his residence in Petrolea yesterday.

Dr. Edward H. Trenholm of Montreal died yesterday in Michigan at a sanitarium. He was affected with some spinal malady.

Mr. Williams Wainwright, assistant general manager of the Grand Trunk Railway, received a despatch yesterday that his father had died near Manchester, Eng.

George Lee, one of the best known of Hamilton's merchants and for many years conductor of a restaurant in King-street, died yesterday, aged 61.

Cables received at Montreal state that Capt. Huntley B. MacKay had died in Africa of West African fever. Captain MacKay was a Canadian and a graduate of Kingston Medical College.

WHERE WOMEN CAN VOTE

NEW SOUTH WALES TO ENFRANCHISE THE LADIES.

Bismarck Continues to Show Indomitable Opposition to the Government—Gladstone on the Opium Traffic in India—General European News.

BERLIN, April 17.—Prince Bismarck was interviewed to-day and says the Emperor would do well to desist from conceding further reforms and to revert to the Conservative policy maintained by his grandfather. Bismarck entered at length into matters of union of Germany. He said it was unnecessary to belong to a particular party to be Conservative, therefore in the last years of his official life he had the trouble to coalesce the Nationals Liberals and the Conservatives. He would much regret if that coalition fell to pieces. He hoped the Conservatives would distinguish between those with whom it was impossible to live in political concert and those who were honestly ready to do so.

Bismarck insisted upon his right to express an opinion on current affairs. His opinion might not agree with the ministerial opinion but would always be conservative. He would like the Government to attend to the motto "Quieta non Movere" as one of the highest principles of policy. Bismarck's speech presages his indomitable opposition to the Government.

Bismarck Still Has a Chance.

BERLIN, April 17.—The final returns from Geestemunde show there is a remote chance of Bismarck being defeated for the Reichstag on the necessary second ballot. He still gives no sign of retiring from the contest.

The danger will probably stimulate the National Liberals to poll a heavier vote in their effort to secure a Bismarck triumph.

Emperor William is somewhat anxious and is consulting Chancellor Von Caprivi, Count Von Moltke and other experienced men about the situation.

THE OPIUM TRAFFIC.

The Grand Old Man Tells What He Thinks About It.

LONDON, April 17.—In reply to letters and petitions from his Midlothian constituents in regard to the suppression of the opium traffic in India, Gladstone writes that he could not support Pease's motion made in the House of Commons on April 10 against allowing the opium traffic in India because he doubted that the House would support the measure dependent on the proposal of pledging parliament to compensate the loss to the Indian revenue consequent on such suppression. Gladstone says: "England's action as to the opium traffic until recently has often been indefensible, but she has happily altered her policy in the direction of restraint, for which I am hopeful of good results; though I await with anxiety and misgiving to learn what is the justification for the recent opening of opium shops in Upper Burmah."

TROUBLE IN HOLY CITY.

The Excitement in Benares Gradually Cooling Down.

BENARES, April 17.—The excitement in this city, originating from the demolition of a temple in order to provide a site for the new waterworks, has taken a change for the better in the aspect of affairs here, though the change was preceded by a serious riot. The mobs which filled the streets during the morning became more violent. In spite of the efforts of the local officials, the police and the military, the natives, who were in a state of semi-revolt, cut the telegraph wires, looted the railway station and plundered the railway treasury sheet of 3000 rupees. The local authorities summoned a large number of volunteers to their assistance, and succeeded in arresting a hundred of the most violent of the rioters. These arrests have resulted in quieting the disturbance for the present at least.

New South Wales to Give the Ladies Votes.

SYDNEY, N.S.W., April 17.—The Premier of New South Wales, Sir Henry Parkes, announced to-day that the Government would introduce a bill providing for the enfranchisement of women.

ONTARIO LEGISLATURE.

A Bill to Enable Public School Boards to Assist Industrial schools—A Scarcity of Subjects.

TORONTO, April 18.—The Assembly was occupied yesterday with the motion of Mr. McColl, that in the opinion of this House, sheriffs, registrars of deeds, county attorneys, clerks of the peace, clerks of the County Court, Division Court clerks and bailiffs and other county officials now appointed by the Lieutenant-Governor in Council ought hereafter to be chosen by popular election.

The motion was opposed by the Government. Mr. Fraser was particularly strong, speaking of the change as a most pernicious one. If those officers were elected, why should not also the judges, police magistrates, justices of the peace, etc.? He hoped the day would be far distant when the House would vote for any such resolution.

In the course of the debate Mr. Awrey quoted from newspaper statements attributed to Mr. Sol White favoring annexation. Mr. White said he was not a revolutionist but a loyal citizen. He preferred political union on fair terms to unrestricted reciprocity. If any political change was inevitable he preferred to make it now when the country could make fair terms. He denied that he had said anything against the interests of Canada in any way. The motion was withdrawn after a long discussion.

Mr. Ross has introduced a bill to amend the Industrial Schools Act by providing that Public School boards may aid Industrial Schools even if they are without their jurisdiction.

Dr. W. T. Aikins, dean of the medical faculty of Toronto University, and Dr. Geikie, dean of Trinity Medical School, interviewed the Minister of Education with reference to securing subjects for dissection of which there is a scarcity at present.

BRANT'S NEW SHERIFF.

William Watt, Jr., of Brantford Secures the Appointment.

BRANTFORD, April 17.—Mr. William Watt, jr., B.A., secretary of the Brantford Reform Association, has been appointed sheriff of Brant county in succession to the late William J. Scarfe. Sheriff Watt will enter upon his new duties within the next few weeks.

The new Sheriff was born in Brantford in September, 1845, and is the son of William Watt, merchant. He studied for the bar, but after practising his profession for a few years entered journalism, purchasing The Expositor in 1874. Early in 1890 he sold out to the present proprietor and again resumed the practice of his profession.

SAVED BY A BUCKLE.

It Was Lucky For William Miller That He Wore Suspenders.

WINGHAM, April 17.—Peter Miller, son of James Miller, was fooling with a revolver when it discharged, the ball entering the breast of his brother William, penetrating the skin just below the nipple and taking a downward course for about two inches. The revolver was an old one, and it is thought the bullet that entered the young man's side must have come from the breech instead of the muzzle, as there were three chambers emptied and there were only two reports. The ball struck the buckle of his suspender, which broke its force, and thus the young man's life was saved, no doubt. Peter Miller's hand was also injured.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar," is true.

ATTRACTIONS IN

DRY GOODS

AT

TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RESTORATIVE, as they supply in a condensed form the substances actually needed to enrich the blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN Who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail, ckness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

SATURDAY, APRIL 18, 1891.

THE Y. M. C. A. AND ITS NEW BUILDING.

In another part of this issue of the EXAMINER will be found an elaborate description of the plans prepared by Mr. Wm. Blackwell, architect for the new Y. M. C. A. building to be erected on the fine site secured by the Association on the corner of Murray and George streets one front of which faces Central park. A careful reading of the description of the proposed plans, will show that the structure will, while not being extravagant in size or expensive, in proportion to the accomodations demanded, will admirably suit the requirements of the Association and make for it an elegant permanent home and provide the best possible material equipment to fit it for carrying out its grandly important moral and religious, restraining and reforming, functions.

As stated in yesterday's impression the amount necessary to complete the building and provide the requisite equipment, is $22,000. Mrs. Nicholls noble gift is $15,000, leaving a sum of $7,000 to be provided, for which the citizens of Peterborough are naturally and confidently looked to. Confidently looked to, for the great body of respectable citizens cannot, if they would (which it is certain they do not do), ignore the great benefit the Young Men's Christian Association is to the community, nor ignore the excellent work it has done in the past, with all the financial entanglements which have hampered the movements of the modern "Christian" in his battle with the giant of sin. That the Association's capacity for good work will be immeasurably increased by the facilities which the new, suitable, sufficient attractive and permanent premises give, will be readily admitted, and in view of the past record of the local Association, and in view of the work it has done, and aims to do, that it has strong claims upon the liberality of men of all classes, will also be readily admitted.

The Christian philanthropist "who loves his fellow man," must have his whole sympathies enlisted in the cause that seeks to improve the moral condition of the young men of the community. The parent who loves his or her son—and seeks to place a bar to the "ways that lay hold on hell;" the business man who wishes his employes shielded from the temptations to acquire means to meet expenses beyond their wages; the churches who do not wish to see their membership lost to all aspirations for a higher life: all persons who believe that virtuous, moral, law-abiding citizens are best for society and the State, and, finally, all those who wish to see good prevail over evil in the lives of the young hope of our country, must feel an interest in the new building as representing the enlarged powers for good of the Association, and will, no doubt, feel it a duty as well as pleasure to contribute liberally towards the building fund.

The following reasons why an association should own a building will commend themselves to every thoughtful business man and citizen:—

"A substantial building owned by an incorporated society is a guarantee of stability and longevity. It gives to an association and its work a character of permanency in the eyes of the public that is helpful in many ways, inspiring respect and confidence, and provoking liberality, not only as to current support, but in the way of bequests and benefactions. It creates a home feeling, which knits the membership closely together.

There can be no advertisement equal to an imposing building known as the property and home of the Young Men's Christian Association. No stranger will ask in vain to be directed to it, and no young man seeking a friendly resort need fail to find its door. It is a perpetual though silent educator of the people regarding the extent and importance of the work. It also stands as a witness of practical Christian unity, and of the love and care of the churches for young men.

The acquisition of a good property at once raises the standing of the association in the eyes of business men. Better men are needed and can be secured to manage its growing operations, which gives additional character to the institution. The attendance at the rooms and the membership increase, and every department of the work is pushed with new activity.

A commodious building, a portion of which can be let to suitable tenants without detriment to the working of association, is the most popular form of endowment. Men will give large sums of money for such a building, which they would not think of giving to an endowment fund. And again, in raising money needed for the new and enlarged work in the building, men are more willing to solicit, and those solicited are more ready to respond in connection with such a supplemental fund. All improvements made upon the premises have a permanent value to the association, and the appreciation in real estate, an important matter in most cities, instead of increasing expenditure by advancements, on the other hand augments the income."

It Does Its Work.

Mrs. James Dix, Brock street, Kingston, Ont., says: I suffered with an inflamed throat and bad cough for seven months. Was treated by physicians without success, when six doses of Miller's Emulsion of Cod Liver Oil cured me. It's as palatable as cream. For sale by all druggists. dw

Children Cry for Pitcher's Castoria.

Canadian Cheese.

To the Editor of the Examiner:

SIR.—The cheese trade is indebted to the EXAMINER for the interest it is taking in this great industry. The article in yesterday's issue in regard to the quality of last season's cheese, was timely, and will have a good effect. It is true the quality of Canadian cheese last year was not as good as the year before, and there were complaints from England. I have endeavored to ascertain the cause of this deterioration, and I have heard several theories propounded, as the following:—

(1.) Last year about thirty patrons in this county were exposed and punished for bringing skimmed and adulterated milk to the factories, and no doubt there were other delinquents who escaped detection. That, I think, had a good deal to do with the complaints in England, the cheese being "off" and would not "break down" by keeping. What the English people want is full, cream "meaty" cheese, clean and well made.

(2.) Then, some cheesemakers said that owing to excessive moisture in the atmosphere, the grass was soft—too luxuriant, and that affected the quality of the milk.

(3.) But, I think, the principal reason why the cheese was inferior was owing to the careless and hasty handling in the manufacture. This arose from the mistaken policy of the patrons in grinding down the cheesemakers to a price that made it almost impossible to do justice to their work. One factory gets 1¼ cents per pound, and another 1½ for making the cheese, drawing the milk from the farms to the factory, supplying boxes and guaranteeing the quality of the cheese. This compels the maker to cut down his expenses by buying the cheapest and poorest boxes, and employing the cheapest help. Such factories, when their cheese is boarded at the sales, sell among the second or third "selections" at from ½ to ¾ of a cent per pound under first selections. It would be wiser to give two cents per pound to the maker and sell the cheese at a higher price.

When the inspector rejects a factory, the cheese is thrown on the hands of the maker, and he has to pay the patrons the full price of first selections and lose the difference of price.

(4.) But I think the weather has much to do with the quality of the cheese. In the autumn of last year September make sold for half a cent per pound more than the October cheese, while it turned out that the October was the finest cheese. In September the weather was changeable, with several hot days in the beginning of the month. October was a beautiful month, with mild, equable temperature. The October cheese sold for a higher price in England than the September make, and gave better satisfaction.

Yours truly,
W. CLUXTON.

April 16th, 1891.

Free to Ladies.

Every lady reader of this paper sending at once her address on a postal card will receive a free copy of the *Ladies'* (Pictorial) *Newspaper*, containing full particulars of their old fashioned English prize competition. Over $6,000 00 in prizes will be given away between now and June 1st, with special daily prizes of value for each locality. The *Ladies' Newspaper* is one of the largest and most profusely illustrated publications in Canada, and the competition offered by them is to be conducted in a strictly honourable manner, without partiality to persons or locality. Anyone can secure a good prize by a little work. No cheap presents will be given. It costs you nothing for full information and a sample copy, if you send at once. Address: The *Ladies' Newspaper Co.*, Canada Life Building, Toronto, Ontario. d73t-w14

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It *sells for 50c.* and $1 a package, and is called Lane's Family Medicine. dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

A Great Blessing.

Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Oh! What Beautiful Hands.

Dyer's Jelly of Cucumber and Roses will cure chapped hands and make them soft and smooth. Try it, druggists keep it. W. A. Dyer & Co., Montreal. 6i80

A WOMAN who is weak, nervous and sleepless, and has cold hands and feet, cannot feel and act like a well person. Carter's Iron Pills equalize the circulation, remove nervousness, and give strength and rest. dw

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

Miller's Emulsion of Cod Liver Oil is prepared by a new process and will keep in any climate. Be sure and ask your druggist for Miller's Emulsion and take no other. dw

FOR NETTLE RASH, Summer Heat and general toilet purposes, use Low's Sulphur Soap. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

Ayer's Pills,

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credit and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

A NEW TOWER OF PISA.

A LEANING MARVEL PROJECTED FOR THE CHICAGO WORLD'S FAIR.

The Cantilever Principle to be Employed to Get a Lean of 100 Feet—The Architect Thinks it Will be Perfectly Safe.

J. B. Halpenny, of Chicago, has presented the world's fair committee on grounds and buildings at Chicago with a novel scheme for a leaning tower. Mr. Halpenny's tower leans a little more than the one at Pisa, but he thinks it would be fully as safe.

If built it will be 225 feet high and loan 100 feet. Its estimated cost is $500,000. It is designed on the cantilever principle and its trusses are intended to be of iron and steel. At the basis of the tower and covered with earth is an "L"-shaped foundation. The tower will be provided with elevators and winding stairways. The design was submitted at the last meeting of the Committee on Grounds and Buildings, and action upon it was postponed.

CURIOUS CONTRASTS.

Cardinal Manning at the Age of Four Years and at Eighty-one.

London's latest magazine, The Strand, has an interesting article entitled "Portraits of Celebrities at Different Times of their Lives." The following is a sample of the illustrations and the text:

CARDINAL MANNING

Henry Edward Manning, at the age of 4, had his portrait taken by a miniature-painter, who depicted him upon a cliff above the sea, absorbed in listening to the murmur of a shell. This most interesting picture of the future Cardinal, to-

gether with companion portraits of his little brothers and sisters, long hung upon the wall of the library of his father's house at Totteridge. But one night the house was broken into by a gang of burglars, and, among other valuables, the miniatures were carried off. The vexation of the family was extreme, but by a curious freak of fortune the portraits were at length discovered in an old curiosity shop in London, and after years of absence resumed their old positions on the library wall.

The second portrait shows the Cardinal as he appeared but a short time ago.

TO GO TO THE COLD POLE

When it Shall Have Warmed Up a Wee The Doctor Will Start.

A Christiania correspondent of the Herald called on Dr. Nansen at his home in that city the other day. "Having considered the various Arctic expeditions, their outfits and their routes," said Dr. Nansen, "I have made up my mind to build a little ship, make her as strong as possible and just large enough to carry provisions for twelve men for five years. A ship of about 175 tons will probably be large enough. It shall DR. NANSEN, THE have engines of strong ARCTIC EXPLORER. enough to carry us six miles an hour, and also be fitted out as a sailing-ship. The most important point in the construction of this ship is to build her so that she will withstand the pressure of the ice. She must be so constructed that the ice can get no opportunity to press her to pieces, as was the case with the Jeannette and other ships. My ship will be so constructed that the ice will lift her up, and that a ship can be so constructed nobody can doubt who has ever seen a ship in the ice.

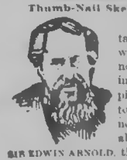
"When I have such a ship and a crew of twelve carefully selected men and provisions for five years I will take a route through Behring Strait, and then along the north coast of Siberia in the direction of the new Siberian Islands as early in the summer as the ice will allow.

"When I arrive at the new Siberian Islands I will examine the currents and the ice conditions, and then select the best moment for a start for the further north through ice-free water, which I think will be in August or in the commencement of September.

"How long do I think the expedition will last? Well, I should think the expedition could safely reach the Greenland Sea in two years.

"Do I expect to 'discover' the North Pole? Well, wait and see."—London Herald.

Thumb-Nail Sketch of a Celebrity.



There has been so much talk concerning Sir Edwin Arnold that it may not be out of order," to introduce here a bit of a picture of him. Little photographs, by the way, are now "all the go" round-about this country and SIR EDWIN ARNOLD. there certainly is something "taking" about them, especially when the subject is a pretty girl.

NEW YORK, April 16.—Crazed with grief at the death of a daughter, Joseph Zuckerman of No. 108 West Sixty-fifth street, this city, a broker doing business at No. 20 Broad-street, shot himself at the grave of his child in the Salem Fields Cemetery, East New York, yesterday.

Children Cry for Pitcher's Castoria.

"I Have Spited You Now, Mamma!"

MONTGOMERY, Ala., April 16.—Willie Mendheim, the 13-year-old son of Mrs. Mendheim, an estimable widow became angry with his mother yesterday and told her he was going to commit suicide. The boy went out into the barn, procured an ordinary rawhide hamestring, returned and, before his mother's eyes, made his preparations for death. He fastened the leather to the ceiling with a large nail, cut a slit in the leather large enough to admit his head, got up in a high chair and jumped. Just before the leap he said: "I have spited you now, mamma!" His neck was broken. His mother saw him as he made the fatal spring.

Toronto Street Railway Arbitration.

TORONTO, April 17.—The arbitrators in the dispute between the corporation of the City of Toronto and the Street Railway Company finished their award Wednesday and it was made public yesterday. The arbitrators decide that the city on taking over the street railway plant and business shall pay the company $1,543,786. The company claimed over $5,000,000 and Hon. Frank Smith declares that he will not accept the award, but will fight the matter to the end. Mr. Samuel Barker, arbitrator on behalf of the company dissented from the finding, which was signed by the other two.

A Farmer and His Hired Man Have a Lively Time.

RIDGETOWN, April 16.—Joseph Baker, a farmer near Weldon, had in his employ a man named George Bird. Some days ago a dispute arose between the parties and Baker dismissed Bird, as he says paying him shortly after in full. Bird returned and demanded his money. Baker and Mrs. Baker assert that Bird on being refused the money pulled a revolver and began firing, and that Baker then resorted to his gun to defend himself against Bird. Bird says the shooting was all done by Baker, and that he had no revolver. Chief Tompkins arrested Bird, and on Mr. and Mrs. Baker's evidence he was sent to Chatham to stand trial.

Collision in the Channel Between the Glamorgan and the P. Caland.

LONDON, April 16.—The Dutch steamer P. Caland, Capt. DeVries, from New York April 1 for Amsterdam, was in collision in the channel at 9 o'clock last night with the British steamer Glamorgan, bound from Antwerp to Cardiff. The Glamorgan was so badly damaged that she soon filled and sank. The accident was due to a heavy fog which prevailed at the time of the collision. The crew of the Glamorgan took to the small boats and all hands were picked up by the P. Caland. The P. Caland arrived in Dover Roads with her bows badly stove. She was unable to come to anchor, owing to the fact that her anchoring gear was so badly damaged that it was impossible to use it. She was also damaged below the water line.

Claimed to Own the Life-Giving Stream.

WELLAND, April 16.—No Welland assize is complete without the familiar figure of the Rev. George Tomkins. Having exhausted all the litigative vitality of his family connections he has now turned his guns in another direction. Mr. Tomkins claims an interest in the once wonderful burning springs and brought this action to assert his rights. The defendant, Mr. Milton Glasgow, takes a different view of the situation and says that he is the sole proprietor of the life-giving stream. The question at issue is one wholly dependent on legal points and His Lordship requested counsel to put in written arguments and reserved his judgment in the meantime.

The Date Satisfactory.

OTTAWA, April 16.—The Government replied to-day to Sir Julian Pauncefote's note of yesterday stating that Oct. 12, the date fixed by President Harrison for the trade conference, was satisfactory.

NATURE requires aid in correcting irregularities at this season, and for both men and women no other remedy equals Dr. Williams' Pink Pills as a spring blood tonic. They supply all the constituents necessary to enrich the blood and build up the system. Sold by all dealers, or sent post paid on receipt of price:—50c. per box, or 5 boxes for $2—by addressing Dr. Williams' Med. Co., Brockville, Ont. 6d86w

Everybody Likes It.

Wm. Dredge, Ellen street, Barrie, Ont., says: One bottle of Miller's Emulsion of Cod Liver Oil brought back appetite which other Emulsions took away; removed cough entirely, and gained five pounds. It tastes just like cream, the oil being perfectly disguised. Sold by all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w15d

When Baby was sick, we gave her Castoria
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Hagyard's Pectoral Balsam.

Hagyard's Pectoral Balsam gives prompt relief in coughs, colds, hoarseness, whooping cough, croup, asthma or bronchitis. It is the most pleasant and perfect throat and lung healer in the world for children or adults. Price 25c. 2w15d

A Suitable Gift.

A tube of Dyer's Jelly of Cucumber and Roses for making the skin soft and smooth will be acceptable to any lady. Druggists keep it. W. A. Dyer & Co., Montreal. 6d80

TO BE free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver, and free the stomach from bile. dw

AN INACTIVE or Torpid Liver must be aroused and all bad bile removed. Burdock Pills are best for old or young. dw

HAVE no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the sides and all liver troubles—Carter's Little Liver Pills. Try them. dw

AS A PICK-ME-UP after excessive exertion or exposure, Milburn's Beef, Iron and Wine is grateful and comforting. dw

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles inci-dent to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents five for $1. Sold everywhere, or sent by mail

BANISHES BAD BLOOD.

B. B. B. BLOOD BITTERS

Bad Blood is responsible for all the Boils, Blotches, Pimples, Eruptions, Skin Diseases, Humors and Disfiguring Rashes that are so prevalent, especially in spring. There is a NATURAL FOR TO BAD BLOOD called Burdock Blood Bitters which always conquers, never fails and is recommended by thousands. It searches out and removes all impurities from the smallest pimple to the worst scrofulous sore. In Scrofula, Erysipelas, Salt Rheum, Shingles, Tetter, etc its effects are wonderful.

WHAT THEY SAY.

Two of my children had large sores on their bodies caused by poorness of the blood. They were completely cured by one bottle of B. B. B. MRS. J. PINEL, London East, Ont.

About a year ago I got a running abscess on my neck which made me very weak. B. B. B. cured it and I am strong again. MRS. GEO. LEDINGHAM, Montefiore, Man.

A Faithful Friend.

SIRS,—I have great faith in your Burdock Blood Bitters, and can recommend it for most anything. Two years ago I was troubled with an ulcer on my ankle; having used B. B. B. for bad blood I procured a bottle, and a box of Burdock Healing Ointment; after using three bottles and three boxes I was completely cured and can recommend it everywhere. Yours truly, MRS. WM. V. BOYD, Brantford, Ont.

FOR

FLAX-SEED EMULSION COMPOUND

BRONCHITIS

199 Lexington Ave., New York City, Sept. 19, 1889.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results. JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1888.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form. J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief, and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility. JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use. D. A. GORTON, M. D.

WASTING DISEASES

137 West 34th St., New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

Sold by Druggists, Price $1.00.

Y. P. S. of C. E.

The anniversary meeting of St. Paul's church Young People's Society of Christian Endeavor will be held on Monday evening, 20th inst., at 8 o'clock. Solos will be given by Miss Vair, Miss Sophy Cameron and Master Arlidge. All are cordially invited. Collection will be taken up in aid of the society's funds.

Our Vigilant Nocturnal Guardian.

Following is Nightwatchman Gordon's report for the first four months of this year: Number of back doors found open, twenty-five, four of them non-subscribers; number of front doors found open, seven; articles found outside of doors, one thermometer, one hair broom, seventeen horsewhips (whips non-subscriber), one hair broom, one halter.

The Grand Edison Ball.

Preparations on the most elaborate scale are being made for this great socialistic event. Music for the terpsichorean trippers of the light (electric) fantastic toe will be given by a magnificent Toronto orchestra. Refreshments will be provided of the highest quality, as shown by the fact that hawley bros. will supply the tea to be used for the occasion. If everything else corresponds in excellence this will be the most splendid social event ever happening in Peterborough. dw

For Charity's Sake.

The Rev. J. R. Teefy, B. A., Superior of St. Michael's College, Toronto, arrived in town this morning, and is the guest of His Lordship the Bishop of Peterborough. Father Teefy will deliver a lecture to-morrow (Sunday) evening, in St. Peter's Cathedral, under the auspices of the St. Vincent de Paul Society, for the poor. The distinguished Basilian is a member of the Senate of Toronto University, and is recognized by all denominations to be one of the most powerful and eloquent pulpit orators in the province. At the close of the lecture a silver collection will be taken up in aid of the funds of the society.

A Coming Concert.

Posters will be out in a few days announcing the P.A.A.A. concert on the 28th inst. A choice programme of purely local talent has been prepared, comprising, with others yet to give answers, such artists as Mr. Arlidge (flautist), and Master Arlidge, the boy soprano, Mr. T. Dunn, our popular baritone, Mr. J. R. Cobb, artistic club swinger (illuminated), a male quartette, comprising Messrs. W. H. Manning, Geo. Mathews, W. Drope and R. Rose, and the amateur orchestra. This programme ought to satisfy the most fastidious, and will no doubt draw a large audience to the concert. Plan of the hall now open at Schofield's drug store.

Old Friends are the Truest.

Men and women learn to appreciate and love old and true friends after they have passed through the ordeal of bitter disappointments, treachery, and betrayal by new found friends about whose antecedents they know nothing. It is just so with package dyes for domestic dyeing. The old and true friends, Diamond Dyes, are loved by all; but at times new friendships are cultivated through carelessness, and crude, common dyes are tried, only to cause regrets, anger and disappointments; strong resolutions are then made that the old friends will forever be firmly adhered to, and continued confidence placed in them.

Children Cry for Pitcher's Castoria.

Forester Officers Elected.

At the regular meeting of Court Peterborough No. 29, C.O.F., on Friday night, there was an unusually large attendance. In addition to the initiation of candidates (bringing up the membership total to 204), the election of officers occupied the chief attention of the Court. The following is a list of the officers elect:—

Robt Robertson	C R
W S Robinson	V C R
Chas Curtis	Rec Sec
H Nesbitt	Fin "
A Comstock	Treas
A D Russell	Chap
W Hinchcliffe	S W
Geo Dredge	J W
Fred Laing	S B
Jas Moore	J B
A Carpenter	Trustee

Representatives to High Court—Bros. F J Jamieson, A Carpenter, A Macfarlane and C Curtis.

The foregoing officers will be installed the next regular meeting, the first Friday in May—May 1st.

P A A A

The following complete list of the performers that will contribute the programme of the P. A. A. A. concert on Tuesday evening, April 28th, shows what a musical treat awaits those who patronize this charming entertainment:—Miss Vair, mezzo soprano; Miss Dunn, soprano; Mr. T. Dunn, baritone; Master Arlidge, boy soprano; Prof. Arlidge, flautist; the Peterborough Male Quartette, Messrs. Manning, Rose, Matthews and Drope; the Amateur Orchestra in a fine programme of overtures and selections; Mr. J. H. Cobb, artistic illuminated club swinging. Prices, 25c. and 50c. Plan of hall at Greatrex's drug store. d91

April Weather Notes.

Mr. Thos. Telford writes:—During the past 6 days the weather has been fine and uniform. Taking the morning at 2 p.m. and the night added, the aggregate is from 125° to 151°. But again Friday morning at sunrise Crystal Jacket made his appearance, as saying, "aha, I am here again", with the thermometer at 4° below the freezing point. But as every dog has his day, so had he. At 9 a.m. it stood at 40° in the shade, 11 o'clock at 60°, at 1 p.m. at 64° and 3 p.m. at 69°. Exit my fine white fellow. Inquiry is often being made regarding the spring and early sowing. On the 16th of April, 1888, I commenced sowing when in a new fallow; on the 15th of April, 1889, I commenced sowing wheat on one of my oldest fields, and some of my neighbors had a few day's start of me; and on the 24th of April 1890, I commenced sowing. I am satisfied none have sown yet, although no doubt on the 1st of June our crops will be as far advanced as during any of the above years.

Another New Court of Foresters.

W. H. Nesbitt, D.D.H.C.R., assisted by Mr. R. Q. Dench, D.D.H.C.R., of Lakefield, and a number of members from Court Peterborough, instituted a new court of the Canadian Order of Foresters at Bridgenorth, on Thursday evening, April 16th. The new court will be known as "Court Bridgenorth, No. 315," and starts with a charter membership of over twenty, with good prospects for its future growth. This makes 41 new courts organized in the Dominion during the past five months. The following are the officers:

Benjamin Mitchell	Chief Ranger
James Taylor	Vice Chief Ranger
John Telford	Financial Secretary
Robert Morrison	Recording Secretary
William Telford	Treasurer
John Little	Chaplain
William Mann	Senior Woodward
W H Wilson	Junior Woodward
T A Young	Senior Beadle
Dan Rosebrough	Junior Beadle
Robert Telford	Past Chief Ranger
William D. Scott, M.D.	Court Physician

The Way of the Fakir is Hard.

A couple of enterprising fakirs opened up for business in a vacant store on George st. yesterday. They filled the windows with great paintings of a huge African woman and "the biggest boy on earth." A hand organ inside, and a month organ outside, to draw custom, and the "fake" was complete. The show was a fraud of the first water. There was no big woman nor no big boy. The nickels of the gullible were taken in, but towards evening the long-suffering public began to grow tired, then angry, and about nine o'clock a crowd of men gathered on the sidewalk and began pelting the loud-voiced shouter with eggs. He and his "pard" took the hint, rolled up their lithographs and locked the store. They appealed to P. C. McGinty for protection, and the officer escorted the trembling quacks to Charlotte street. After being again left to themselves, the pair were followed by the crowd and egged again. They hid in Fitzgerald's wood yard, but were routed out of that, and finally sought shelter in a hotel. To-day they are not in town.

Dr. Willoughby's Bridge Scheme Squelched.

Killed in Committee—The Invasion of Peterborough's Rights Repelled—Her Interests Well Watched.

Dr. Willoughby's bill to compel Peterborough county to help maintain a bridge in Northumberland, was killed in the municipal committee of the Legislature on Thursday. There was an unusually large meeting of the committee. All the interests concerned were represented, Northumberland and Victoria in favour of the bill, and Peterborough contra. The result was that the bill was thrown out by the committee by a majority of three—the vote standing 23 to 20. It is a fortunate stroke of justice to Peterborough that the bill was thus dealt with. Had it passed and become law, Peterborough county would have been saddled with the half maintenance of the Bobcaygeon, Pigeon Creek, Kinmount, Trent Narrows and Hastings bridges, and whatever other bridges could by any construction of the law have been foisted upon Peterborough. During the efforts to forward the unjust legislation represented by Dr. Willoughby's bill, the interests of Peterborough county were vigilantly guarded by her representatives in the county council and Ontario Legislature.

Beet Root Sugar.

For the Encouragement of the Growth of Sugar Beets.

Mr. H. Calcutt has offered the sum of twenty dollars for the best sample of sugar beet, to be shown at Jubilee Point, September 10th, 1891. Farmers competing must sow not less than ¼ acre, and be a member of a farmers' Institute in the county of Northumberland, Durham, Peterborough or Victoria. Seed will be furnished free by the Institute.

News Nuggets.

—A diphtheria card was put up on Cedar street to-day.

—When you go to buy Hood's Sarsaparilla be sure to get it. Don't be put off with an inferior substitute. Insist upon Hood's.

—Mr. J. J. Turner has received an order for 18 large tents to go to the Northwest. Also a large order for sails from an Ontario city.

—Miss Madigan, late of Hastings, has established dressmaking apartments at 372½ George street, second floor. Her advertisement appears in another column.

—A special meeting of the town council has been called for to-night for the purpose of discussing the Bobcaygeon railway scheme and the question of assisting it.

—The Grand Orange Lodge of British North America will assemble at Kingston on May 26 and sit for a week. Delegates are expected to be present from Ireland, Scotland, Wales, England and Australia.

—That Mr. William Thexton, of Millbrook, is doing a good business, and selling at prices which command the attention of outside firms, the *Reporter* says, is evidenced by the fact that last week he shipped from his Millbrook lumber yard over 40,000 feet of dry lumber to Mr. A. Rutherford, one of Peterborough's large contractors.

Personal.

Miss Loch has returned home from an extended visit with friends in Montreal.

Miss Roxborough, of Norwood, is visiting friends in town, being the guest at present at Mr. Charles Cameron's, Harvey street.

Rev. J. R. Teefy, B.A., Superior of St. Michael's College, Toronto, arrived in town to-day. The reverend father will preach the St. Vincent de Paul Society, sermon in St. Peter's Cathedral on Sunday evening.

AN IMPOSING STRUCTURE.

The Proposed New Home of the Y.M.C.A.

A Glance at the Plans—Description of the Building as Projected and Approved Of—It Will be Both Elegant and Commodious.

Much interest is being manifested in the new Y.M.C.A. building which is to be erected at the corner of George and Murray streets this summer, and for which the public is being asked for $7,000 to make up the necessary amount required for the completion of the work. As stated on the board which now occupies the site of the building, $15,000 of Mrs. Nicholls' liberal legacy is available for building purposes, leaving a balance of $7,000 to be raised by donation and subscription. The Y.M.C.A. directors earnestly hope that the public will rally to their assistance and enable them to push the work to speedy completion.

After the examination of several designs and the most careful consideration of their adaptability for the purposes required and their probable cost, the committee having the matter in charge have provisionally approved of the plans of Mr. Blackwell, architect, of this town. These plans are now being rapidly pushed to completion, and will shortly be exposed for public inspection.

An EXAMINER representative was favoured by Mr. Blackwell, architect, with an inspection of the approved plans for the proposed building. The plans show that the new structure will be worthy of the Association and the town, and of the commanding site it will occupy. In style the exterior presents an appearance which can only be described as handsome. The outlines follow no particular style, but the architect has given free rein to his fancy, and has produced a design unique as it is graceful and imposing. The building has a frontage of 60 feet on George street, and 104 feet on Murray street. Its three stories reach to a height of 60 feet, exclusive of the tower, the plans for the latter still being subject to alteration. The George street front, especially, presents a tasty decorative appearance. Its chief features are the wide main entrance, the tower which rises over the middle, the gabled roof (slated), the balcony over the main entrance, the library bay window, the arched plate glass windows, some of which are tipped with cathedral glass, and the variety of material used in the walls, the first story being of brown Credit Valley stone, the second of brick, and the gables of the third story filled in with tile; while across runs the words: "Young Men's Christian Association." The general effect is striking, yet pleasant to the eye.

There are two entrances, one on George street, with a flight of stone steps ten feet wide leading up under an arched doorway, which has a good sized balcony overhead, and the other, less pretentious, on Murray street.

The basement ceiling has a height of ten feet, the ground floor ceiling fourteen feet, the second floor, sixteen feet, and the third story fifteen feet. The first floor is six feet above the level of the ground.

The main hall, which is 15 feet wide, extends to the Murray street entrance. It is L shaped. On the left hand is the library, 18x15 feet, (with bay window), and behind it the assessment room, 16x17 feet. In rear of this is the office of the secretary, commanding a view of the whole suite of rooms, and an inner private office. On the opposite side of the hall are the parlor, 27x15, reading room, same size, and lecture room, 25x27, all three divided by sliding doors, which when open form a single room 59x27 feet, suitable for large gatherings. These three rooms, as well as the library and amusement room on the south side of the building, open into the hall by means of high arched doorways. Both parlor and library will be supplied with fireplaces. The boys room, 16 feet square, is situated just behind the lecture room. The back part of the building is occupied by the gymnasium, which takes in two stories. It is 24 feet high, and 57x30 feet in dimensions. At the foot of the main corridor are a couple of hat and cloak closets. The stairways leading to the apartments above and below are close to the Murray street entrance. This entrance gives convenient access to the second story, or the lecture room on the first floor, and is intended mainly for use on Sundays, when the front entrance will be closed.

On the second story, the front part will be used as a public hall. It will be 57x33 feet in size, with platform at one end, and capable of seating about 320 people. Off the stage is a dressing room and lavatory, which are also connected with the ladies room, the latter, an apartment 16x11 feet, opening off the hall at the head of the stairs. The hall on the second story is 11 feet wide. There are on this flat a series of class rooms, one 16x17 feet, another 22x20 feet, and another 18x15 feet, the latter having a balcony looking over Murray street.

The top story will accomodate the caretaker, besides affording space for a large room suitable for use by societies. A dumb waiter will connect the kitchen with the rooms below, which will be of service on occasions when refreshments are being served.

Descending to the basement, the plans show first the entrance to the gymnasium, which as has been stated occupies the rear part of the basement and first story. Convenient to the "gym" are toilet and bath rooms, a shower bath, etc. The ball space in the basement is taken up as a bowling alley, which is supplied with two tracks. The front portion of the basement, an apartment 27x40 feet, is to be fitted with lockers, and may be fitted up for Turkish baths. The coal room and boiler room are also in the basement. The boiler is, of course, to be used for heating purposes.

The above is a pretty full description of the plans, and one can gain from it a fair idea of what the proposed building is like. The finish will be in keeping with the rest of the appartments. The floors will be of hardwood, the walls plastered, and the woodwork stained. The plans when carried out will results in a building of which the Y. M. C. A. and the whole town may well be proud.

We Want the Railway.

The Board of Trade Strengthens the Hands of the Gentlemen Who are Seeking to Extend Peterborough's Railway Connections.

A meeting of the Board of Trade was held Friday night for the purpose of hearing the report of the deputation which went to Montreal last week re the extension of the Grand Trunk Railway system from Peterborough to Bobcaygeon and north. As is well known, this is a part of the scheme to construct a line to Sudbury and Sault Ste. Marie, which has been undertaken by a company of local gentlemen, under the name of the Peterborough, Sudbury and Sault Ste. Marie Railway Company.

Mr. Robert Fair, Vice-President, occupied the chair. There were present, among others, Mr. J. H. Burnham, Secretary, Geo. Hilliard, T. A. Hay, D. W. Dumble, F. J. Lewis, J. M. Irwin, H. A. Malbeu, B. Shortly, R. McWhinnie, R. Malholland, Wm. Manson, A. Clegg, E. Green, C. N. Brown, W. J. Minore, Geo. A. Schofield, H. Phelan, J. W. Taylor, W. E. Sherwood, C. Wynne, A. V. R. Young, A. Elliott, J. W. Fairweather, T. Kelly, Jos. English, J. R. Stratton, M.P.P., A. Stevenson, W. Brundrette.

The members of the deputation above referred to were present: Messrs. John Barnham, M. P., E. H. D. Hall and T. Cahill. Mr. J. G. Macklin, chief engineer of the Midland Railway, was also in attendance.

Mr. BURNHAM, who is president of the Peterborough, Sudbury and Sault Ste. Marie railway, spoke first. He exhibited plans of the proposed route, and outlined the progress made with the railway, from the first interview with Sir Joseph Hickson last summer, through the various stages to the present time. The public are quite well informed already concerning this line. Mr. Barnham said efforts were being made by Victoria county to get a line from Pontypool to Bobcaygeon, through Lindsay, but Peterborough had need of railway communication with the north, and the promoters of the railway had undertaken the matter in the town's interest, and hoped to get in ahead of the others. Mr. Barnham reported the results of the interview with Mr. Seargeant, the General Manager of the Grand Trunk, whose favourable notice had already been announced in the press. Three routes to Bobcaygeon were proposed. One an extension of the line from Lakefield, another from Chemong across the lake, and the other from a point on the Missing Link near Fowler's Corners. But it was thought the best plan was to build via Chemong Lake through Bobcaygeon to Kinmount, a distance of 43 miles, where by tapping the Haliburton road, direct communication could be had with the north country. The Company for this purpose wanted a government subsidy, and the assistance of the town in pushing the matter.

Mr. CAHILL and Mr. HALL also spoke, dwelling upon the importance of the railway to Peterborough, and asking for public support. The promoters of the railway had no pecuniary interest to be served, but were acting for the town. Mr. Hall thought both the Dominion and local governments ought to give a subsidy. If a grant of $3,200 per mile from the Dominion and $3,000 from the Ontario government was received, it would be thought build the line to Bobcaygeon with the exception of about $50,000. The company had already gone to considerable expense, but a charter was wanted first, which would cost $600, and in this matter the company asked for assistance.

An informal discussion followed and some of the pros and cons mentioned, and Mr. Dumble moved, seconded by Mr. Geo. Hilliard, that the Board respectfully requests the town council to make a grant of $600 to assist the promoters of the Peterborough, Sudbury and Sault Ste Marie Railway in securing a charter and promoting the scheme of the proposed railway.

Mr. J. G. MACKLIN, chief engineer of the Midland, explained the Grand Trunk's position in this matter. A rival line was seeking to build a line from Pontypool to Bobcaygeon, with the ultimate object of tapping the north country. This would affect the Grand Trunk's interests there, and they thought by getting their line to Bobcaygeon first they would head off their competitors.

Mr. J. E. STRATTON, M.P.P., said that the local assembly had been asked to subsidize the line from Pontypool, but he could not say what the government intended doing. Personally he thought if subsidies were to be granted at all it would be more economical to subsidize the line from Peterborough to Bobcaygeon, and besides he believed the Bobcaygeon people would rather have direct connection with Peterborough. For these reasons Mr. Stratton thought the government would give the matter careful consideration if a reasonable proposition was laid before them.

The motion was then put and carried unanimously, and, on motion of Mr. Phelan, seconded by Mr. Schofield, the Railway Committee of the Board of Trade was appointed a deputation to wait upon the council and present the above resolution.

Mr. Stratton moved further, seconded by Mr. Malhern, that the Mayor be requested to call a special meeting of the town council for to-morrow (Saturday) evening to discuss the matter.—Carried.

OTHER BUSINESS.

The Secretary read a circular from the Owen Sound Board of Trade, asking the co-operation of the Peterborough Board in urging upon the government to extend the jurisdiction of Division Courts. On motion of Mr. Hay, the matter was left in the hands of the Mercantile Committee.

These new members were balloted for and accepted:—Messrs. K. G. Loch, John R. Reid, Albert Gilmour, J. P. Hurley and W. H. Casement (Lakefield).

The Board then adjourned.

East Riding Licenses.

The Commissioners Grant a Number of Licenses—The Change of District Approved Of.

The East Peterborough License Commissioners met at the Temperance House on Hunter street to-day. There were present Mr. Wm. Moher, chairman, Messrs. J. M. Drummond and Robert Wilson, and the inspector, Mr. J. J. Crowe.

The Commissioners considered the applications for liquor licenses laid before them and decided to grant licenses to the following persons:—

Dennis Connolly	Tavern,	Havelock.
Hugh N. Drain	"	Norwood.
O. A. Brennan	"	Norwood.
Chas. McDonald	"	Norwood.
John Gall	"	Keene.
John Doherty	"	Westwood.
Chas. H. Webster	"	Apsley.
M. Kennealy	"	Keene.
John Morgan	"	Warsaw.
Daniel Flynn	"	Havelock.
Wm. Kennealy	"	Julian's L'd'g
Mrs. Patterson	"	Havelock.

A number of applications were held over till next Saturday for further consideration.

THE GOVERNMENT UPHELD.

The following resolution was adopted:—

Moved by J. M. Drummond, seconded by Robt. Wilson, that this Board approves of the action of the Government transferring the village of Ashburnham from the license district of East Peterborough and attaching it to West Peterborough license district, this arrangement, in our opinion, being calculated to better serve the strict enforcement of the Liquor License law, as it affects the prohibitory clauses relating to drunkards and minors.

Y. M. C. A. Notes.

Young Men's Rally to-night from 8 to 9 o'clock, topic, "Daniel, the young man with a purpose." Mr. George Gilchrist, leader. Come, boys, come.

Hospital service, Nichol's Hospital at 3 p.m., led by Miss Code and general secretary.

Personal purity meeting at 4 15 Sabbath afternoon. Straight talk to men only by Mr. M. Cummings. Lively singing led by orchestra.

Gospel and song service Sabbath evening at 8 30. Mr. James Sutherland will give the address. Public invited.

Mr. C. K. Calboun, General Secretary, Lindsay, will be present at all the services. Bible class Tuesday evening at 5 p.m.

The Town Dairy.

This is the name of a new milk industry started the 1st of February, by the undersigned, who has now got arrangements perfected, and is prepared to deliver cream, milk, creamery milk and butter milk either by can or bottle delivery. His herd of cows consists of Durhams, Ayrshires, Devons and Jerseys,—healthy stock, specially fed. To meet the encouraging and increasing trade which he has already secured, he is having built a new delivery rig of special design which will be placed on the road in a short time. The office and headquarters is situated at 11 Conger street, and telephone connection will be made in a few days. A trial is respectfully solicited.

3190 1w B. WHITE, General Manager.

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Speaking of Tips.

A tip is a piece of special or valuable information such as this, that Hagyard's Yellow Oil is a prompt and effectual cure for croup, colds, hoarseness, sore throat, rheumatism, neuralgia sprains or soreness of any kind. Known as reliable over 30 years. 2w15

ST. JOHN'S SOUTH WARD MISSION—2 p.m. Sunday School. 7 p.m. Evening Prayer and Sermon.

How Long Must Our People Suffer?

It seems strange after the thousands of years men have been living in houses that they should not know how to build them,—and yet this is true if we are to judge from the complaints and cries of despair which rise every now and then in the newspapers. Some of the weak points are: bad ventilation, imperfect drains, and badly constructed traps. These three drawbacks, or errors in connection with house building, are responsible for an immense amount of sickness and disease in every community. We live in a polluted atmosphere, and continually breathe sewer gas, and the vitiated air resulting from bad ventilation. While this state of things is terribly dangerous to the perfectly healthy, it is murderous and generally fatal to the weak, and those predisposed to disease. Typhoid, diphtheria and blood poisoning are seen on every hand and are busy in hundreds of homes. Here a word of warning and advice to the weak, nervous, brain-tired, weary and worn-out man man or woman is necessary. Those who are subjects of headache, mental depression, dyspepsia, biliousness, despondency and imperfect digestion are warned of danger, especially if living in badly constructed houses. Paine's Celery Compound, if taken at regular intervals, is the best known preventative of disease. It tones the whole system, giving to it strength, vigor, perfect circulation, and fortifies the digestive organs. It gives a calm and peaceful feeling, and a tranquil mind, as well as a cheerful disposition. Paine's Celery Compound does all this, and will assuredly enable all to resist disease and suffering.

"A Great Spelling Match."

The greatest spelling match on record is that offered by Our Homes Publishing Co., in which they will award the following magnificent CASH PRIZES:—One prize of $300; one prize of $200; two prizes of $100; four prizes of $50; eight prizes of $25; twenty prizes of $10; forty prizes of $5; one hundred prizes of $2; and two hundred of $1. These prizes will be awarded to the person sending in the largest number of correctly spelled words found in the advertising pages of the February number of Our Homes, in which no letters occur but these found in the sentence: "*Our Homes is unrivalled as a Home Magazine.*" Special cash prizes will be given away each day and each week during this competition, which closes April 25th, 1891. Send 10 cents, in stamps or silver, for a sample copy of the February number, with rules and regulations governing the competition. Address OUR HOMES PUB. CO., Brookville, Ont. dw

A BAD HUMOR CURED.

$5,000 Deposited on Running and Meadow with result. Cuticura Remedies Up to date.

Good Wife Suggests Cuticura Remedies. Does them 7 months, and is entirely Cured.

I was in the war during 1863-4, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1871 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure but could not, and finally giving myself up to die, my attention was called to one day, by my wife CUTICURA REMEDIES, which were extensively advertised and used. I followed their suggestions, and am happy to say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. G. L. PEARSALL,

1 Fulton Fish Market, New York.

April 13, 1888.

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credit. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on these terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

KINGAN & CO.

166 Hunter Street. Hardware Importers.

A FRIGHTFUL WRECK.

MANY KILLED IN A LAKE SHORE COLLISION.

Six Postal Clerks and Two Engineers Among the Dead—The Passengers all Received a Shaking up but Escaped Serious Injury.

CLEVELAND, O., April 18.—A frightful wreck occurred on the Lake Shore Railroad at Kipton Station, 40 miles west of Cleveland, early this evening, in which six postal clerks and two engineers were killed. Fast mail No. 14 bound east collided with No. 21, the Toledo express, just as the latter train was about to pull on the siding to let the fast mail pass. The fast mail was running at full speed and the force of the collision was so great that both engines, three mail cars and one baggage car were completely wrecked.

List of the Killed.

EDWARD BROWN, engineer of No. 21, Toledo.
CHARLES TOPLIFF, engineer of No. 14, Toledo.
F. J. NUGENT, postal clerk, Toledo.
CHARLES HAMMILL, postal clerk, Elyria.
F. F. CLEMENS, postal clerk, Cleveland.
JOHN F. BOWERFINE, postal clerk, Elyria.
JAMES McKINLEY, postal clerk, Conneaut, O.
C. H. McDOWELL, postal clerk, Elyria.

The injured include Staley, fireman of No. 14, shoulder dislocated and leg broken, and Danzig, son of section foreman, struck by wreckage and badly hurt. None of the passenger cars left the track and none of the passengers received serious injuries. The scene at the wreck is indescribable. Iron rods, splintered fragments of lumber and debris of mail are scattered in all directions.

The accident was due to a conflict of orders. A despatch was sent that the trains should meet at Oberlin, seven miles east, and almost immediately it was followed by another announcing Kipton as the meeting place, but the latter was too late. No. 21 had come almost to a standstill when the collision occurred, while the other train was running at the rate of 40 miles an hour. The track was cleared some two hours after and the passengers on train 14 brought to this city.

The bodies of the dead were horribly mangled. Limbs were torn off and the bodies crushed out of almost all semblance to human things. The accident is the most frightful that ever happened on the division of the Lake Shore road and the first serious disaster to the fast mail.

Remained At His Post.

Charles Topliff, the engineer of the fast mail, remained bravely at his post and was found with his hand on the throttle, dead. His hands and face were so badly scalded that the blackened flesh dropped from the bones when his body was taken out. Fireman Staley of the fast mail jumped from the train and escaped with a broken leg and dislocated shoulder. The doctors said he would recover. The poor postal clerks had not a chance to escape. They were caged like rats, and the telescoping of the cars crushed the life out of them without a moment's warning.

It is difficult to locate the blame for the accident, as both the engineers are dead. It is said, however, that No. 21 was ordered to stop at Oberlin but went on to Kipton and had not sufficient time to make the side track.

A Tramp Killed.

VICENNES, Ind., April 19.—A wreck occurred on the Ohio & Mississippi Railroad last night, when Nos. 1 and 2 lightning express trains collided. The passengers of both trains were badly shaken up, but none were seriously injured. A tramp who was stealing a ride on No. 2 was killed. Two mail clerks were injured.

RIOTOUS COKE STRIKERS.

Move Fighting in the Connellsville Region —Sheriff's Deputies Attacked and One Probably Fatally Hurt.

SCOTTDALE, Penn., April 19.—The coke region is again the scene of lawlessness, and excitement is at fever heat. Last night a band of about 100 strikers assaulted the Leisenring No. 2 plant of the Frick Coke Company. Shots were exchanged, and for a time the fight was waged furiously. The guards held their ground and finally compelled the mob to beat a retreat, but not until one of the deputies was dangerously injured, and it is thought he cannot recover.

Reports have just been received here that the strikers blew up the water tanks at the Kyle works of the Frick Company early this morning.

Throughout the region all Friday night the earth fairly trembled with a succession of shocks following the explosion of dynamite bombs at Leisenring No. 3 of the Frick Brothers' works. The crowd of strikers gathered on the hill, and at one time 30 bombs were exploded simultaneously, tearing great holes in the earth, breaking windows in many houses and frightening the people for miles around by the terrific roar.

At Leisenring yesterday morning Deputy Sheriff Crawford and a posse were serving writs of ejectment, when they were captured by an angry mob and harshly treated. Deputy Sauner was knocked senseless. It is feared he will die.

An effort will be made this week with a large force to evict the strikers and trouble will follow, as hundreds are to be turned out. Secretary Parker of the labor organization has ordered 1000 tents, which will be used for sheltering evicted persons.

HARRISBURG, Pa., April 19.—Sheriff McCormick of Fayette county last evening wired Governor Pattison of the troubles in the coke region and declared he is unable to maintain order without aid of militia. He asked the governor to order out soldiers to his support.

The Riots at Bradford.

BRADFORD, Eng., April 18.—The striking weavers held an immense mass meeting today. It had been previously announced. The speakers addressed the crowd from three platforms, which had been erected in different parts of the Town Hall Square. Resolutions were adopted protesting against the action of the municipal authorities in forbidding meetings of the strikers. The assembly was quite orderly.

Sequel to an Elopement.

HOBOKEN, N.J., April 19.—Just before the steamship Elder sailed yesterday, Philip Obnacker, aged 35, shot and killed Mrs. Catharine Barth, aged 30, in the steerage of that vessel and then committed suicide. Mrs. Barth eloped from Germany with Obnacker, leaving behind a husband and two children.

Fatal Fall From a Saddle.

ALMONTE, April 19.—David, son of D. Sneddon, near Blakeney, was thrown from his horse and received injuries which resulted in his death.

TORONTO TOPICS.

Election Petitions—Absconding Boodlers Caught—A Contractor's Death.

TORONTO, April 20.—John Elliott, the senior member in the firm of Elliott & Noelon, who have the contract for the masonry work on the new civic buildings, died at his residence in Spadina-avenue on Saturday morning. Mr. Elliott was born in Yorkshire in 1822, and came to this country in 1843. He was one of the best known and most extensive contractors in Canada, and among other contracts he erected the post-office, Lieutenant-Governor's residence, custom house and central prison in this city, the county buildings at Brantford, and the Parliament buildings at Quebec.

Three election protests were filed this morning against the return of Conservatives. The members protested are W. F. Roome, West Middlesex; J. H. Marshall, East Middlesex, and Col. Tisdale, South Norfolk.

There are two very mad women in the Albion Hotel and two very disconsolate Yankee sports behind the bars at Police Headquarters. This is how it came about. On Saturday evening at 7.30 Detective Inspector Stark received a telegram from the chief of police of Cleveland asking him to locate and arrest if possible two men named Joseph H. Du Broy and Louis M. O'Dell of that city, wanted on a charge of grand larceny. Detectives McGrath and John Cuddy were detailed to get on the trail, and it was not long before the men were traced to the Albion. There it was found that they had registed as L. M. Howard and J. H. Driggs, and were accompanied by their wives.

The hunt was kept up until 12 o'clock when the officers discovered that Du Broy and O'Dell had spent Saturday night in one of the leading hotels up town, and after breakfast had hired a cab and driven east. They were followed step by step along Queen-street east until the officers sighted the cab and their men near Greenwood's side line. They were in a cab as well as the strangers, and by putting on a spurt soon came alongside. With their hands on their revolvers Cuddy and Porter stopped the other carriage, and scrambling in made prisoners of the two occupants before they had time to recover.

On Du Broy was found $1000 in American bills, a receipt for $500 paid to Charles Korman for his tobacco store, 396½ Yonge-street, [illegible] O'Dell had a few dollars on him, but to all appearance it seemed Du Broy was cashier. The story of the crime for which the men were arrested has some peculiar features. Du Broy was a clerk in the Euclid-avenue National Bank of Cleveland. On Tuesday of last week he was given $3000 to express to a western firm. Instead of going so he kept the package, and with O'Dell, O'Dell's wife and O'Dell's wife's sister skipped for Canada. Miss McNera, the sister-in-law, was engaged to be married to Du Broy's brother, but she forsook him for Du Broy, whom she married in Windsor on the Wednesday succeeding the theft. This little bit of business accomplished, the party came on to Toronto, arriving here on Thursday and putting up at the Albion.

ALGOMA NOMINATIONS.

Both Parties Nominate Residents of Port Arthur—Carling Not to Run.

SAULT STE. MARIE, April 19.—The nomination of candidates to contest Algoma for a seat in the House of Commons took place yesterday. George H. Macdonell of Port Arthur was nominated by the Conservatives and D. F. Burke of the same place by the Liberals. There was a large attendance of electors from all parts of Eastern Algoma.

SUPPOSED MURDER.

Two Men Quarrel in Hamilton and One of Them is Found Dead in Bed at Winona.

HAMILTON, April 19.—T. J. Woods and William Foster, two young men from Winona, came to Hamilton on Saturday morning, and after drinking considerable got into a quarrel in Roache's Hotel, near the station. The quarrel started over paying a boy for carrying a valise. After the fight Foster went back to Winona on the 5 o'clock train and Woods returned on a later one. This morning Foster was found dead in his bed. He has a nasty bruise on the side of his head and suspicion points strongly to Woods, with whom he had the quarrel. Woods is a farmhand and has lived in Winona for a long time, while Foster, known as "Yankee Foster," has been in Winona only a few days, coming, it is said, from the States. Woods has been arrested and an inquest will be held to-morrow.

STRUCK BY LIGHTNING.

Startling Experience of Three Young Women in Strathroy.

STRATHROY, April 19.—As the Misses Moore and Miss Rason of North-street, accompanied by Miss Waite, were leaving the Frank-street church door a ball of lightning burst just before them, and the quartet were thrown to the ground by the shock. One of the Misses Moore was burned on the left shoulder and arm and on the right foot, and Miss Waite on one of her feet, while the other two, as well as Mrs. Bowley, were prostrated for a short time. Medical aid was at once summoned and the injured ladies removed to their homes.

An Alleged Murderer "Vagged."

TILSONBURG, April 19.—Corydon Smith, who was released from Simcoe jail a few ago where he had been awaiting trial for the murder of Maria Colville, was arrested here for vagrancy yesterday and sentenced to six months' imprisonment.

A 20-lb. Pike.

PICTON, April 19.—In Little Creek yesterday, M. E. Graham speared a pike that weighed 20½ lbs., and measured 3 feet 6½ inches in length, 4½ inches across the back, and 4¼ inches across the top of the head.

An Awful Crime Charged to a Father.

TILSONBURG, April 19.—Solomon Parker has been committed for trial on the awful charge of having committed rape on the person of his own daughter, Victoria Parker. The offence is alleged to have been committed in May, 1888, and it is alleged that he has maintained an improper and unnatural relationship with her since. The daughter, who is the chief witness, was also sent to jail, not being able to furnish security for her appearance when called on.

"An Old Maid" Hangs Herself.

HAMILTON, April 19.—Fanny Robb, an old maid, who lives with her brother and sister a mile from Ancaster village, committed suicide by hanging at 12 o'clock to-day. She was found hanging in the barn by her sister. No cause is assigned for the rash act.

BETRAYED A GOVERNESS.

A BRITISH MEMBER OF PARLIAMENT ON TRIAL.

Miss Beckett Testifies As To the Circumstances of the Attempted Crime Which the Accused Vehemently Denies—Arranged in Bow-street Police Court.

LONDON, April 18.—Capt. Edmund H. Verney, Liberal member of Parliament, against whom a warrant was issued on the charge of having procured a girl for immoral purposes, was arrested to-day. At the time the charge was made against Verney he was traveling on the Continent. When he heard that the English court had issued a warrant for his arrest he telegraphed to the Home Secretary stating he would return to England as quickly as possible to meet the accusation. He reached London this morning and was immediately taken into custody by the police. Capt. Verney was taken to the Bow-street Police Court, where he was formally charged with attempting to procure Nellie Beckett, a governess, for immoral purposes. The prisoner looked pale and careworn and his appearance was so changed that it was impossible for friends to recognize him. Miss Beckett was present and detailed at length the tactics that had been adopted to inveigle her into wrongdoing. She said she was seeking a position to instruct children; that she watched the advertisements in the papers of people who wanted the services of a governess. She finally saw one which offered a position she thought would suit her, and she answered it. She received a reply with instructions to call at a certain house. She went to the place and saw the woman who had inserted the advertisement. After several interviews with this woman, who wanted her to go to Paris Miss Beckett finally consented to go to that city as a governess. When she reached Paris she was introduced to a man who went under the name of Wilson. At this point Capt. Verney was requested to stand up, and Miss Beckett formally identified him as the man who had been introduced to her as Wilson. Miss Beckett then described in detail the attempts that this man had made to ruin her. Miss Beckett said that when she refused to accede to Capt. Verney's solicitations the woman who had prevailed upon her to go to Paris, and who turned out to be a procuress named Madame Florat, who had accompanied her to Paris, gave her $10 and her fare back from Paris to London. Miss Beckett then returned to London and shortly after her arrival she informed a doctor with whom she was acquainted of all the circumstances in the case. Miss Beckett afterwards, at the instance of her friends, entered into correspondence with Madame Florat, and was readily able to bring about her arrest and conviction on the charge of procuring women for immoral purposes. The hearing of the case was adjourned until Friday next. Capt. Verney's bail was fixed at $5000, with two sureties in that amount, and the further bond of $2500 to be furnished by himself. The bail was furnished and the captain left court with his counsel and a number of friends.

PRIESTS MAY MARRY THERE.

But in Escaping Celibacy They Suffer Many Other Ills.

BERLIN, April 19.—Advices from Poland state that the Russian authorities are prosecuting with great bitterness the priests and members of the Greek united branch of the Roman Catholic Church. The priests of this branch are the only ecclesiastics in the Roman Catholic Church who are allowed to marry, this being a special privilege granted to them by the Pope. The Russian church is endeavoring to drive them into the Russian orthodox church, and many of the priests and their flocks have been exiled to Siberia, while others have been forcibly removed [illegible]

A NEW DIVORCE BILL.

To Be Modeled in Future After the Law in Vogue in Scotland.

LONDON, April 19.—Dr. Hunter's bill in the House of Commons to assimilate the law of England to the law of Scotland on the subject of divorce is generally approved and likely to pass the House. The bill provides that a wife may obtain divorce on the ground of her husband's infidelity, and that either husband or wife may obtain divorce after desertion for a period of four years. This removes the discrimination which has so long existed whereby a wife could not obtain a divorce for infidelity unless accompanied by cruelty, and it also gives the deserted husband or wife a chance to be free.

The struggle on the bill will come in the House of Lords, where the prelates have their seats as representatives of the Church of England, which grants divorce for but one cause.

Murder and Suicide in a Church.

VIENNA, April 18.—While services were being conducted in the cathedral at Vaisen yesterday a shoemaker in the congregation suddenly drew a revolver and shot the priest, who fell dead before the altar. The man next fired at an acolyte, but failed to wound him. He then shot himself dead. The motive assigned for the double crime is a desire for revenge owing to overpowering jealousy.

Rakes on the Defensive.

LONDON, April 19.—The House of Commons by a majority of 70 rejected the proposal to inquire into the working of the post-office. The motion was practically one of censure, and Postmaster-General Raikes defended the administration in a spirited manner.

Parnell on the Land Bill.

DUBLIN, April 19.—Mr. Parnell delivered a speech in Athlone on Saturday. He denounced Mr. McCarthy's opposition to the Land bill, which measure he asserted conferred great benefits on Irish farmers, and he expressed his pleasure at the defeat of the Opposition in the vote on the bill.

A Proposed Imperial Zollverein

LONDON, April 19.—Sir John Macdonald and Minister Tupper of Canada have become vice-presidents of the United Empire Trade League, which proposes to establish an Imperial Zollverein.

King Leopold to Visit Canada.

QUEBEC, April 18.—In a letter to Hon. Charles Langelier, Provincial Secretary, Hon. Mr. Mercier says King Leopold declared himself delighted with the Premier's visit, and hoped that he would prolong his stay, as he wished to speak more regarding Canada, for which he felt great [illegible] The King [illegible] to visit Canada [illegible]

[illegible]

Found His Dead Body.

MONTREAL, April 18.—The body of Swenson, the Swedish watchmaker, who so mysteriously disappeared last winter, was found to-day in the bush. All his jewelry was found upon him, and he is supposed to have perished with cold.

A Female Clergyman.

PROVIDENCE, R.I., April 19.—In Bellstreet chapel to-day Mrs. Anna Garlan Spencer was ordained to the ministry and installed over the society worshipping there. The ordination ceremony was in accordance with a vote of the society.

His Exit Like Shamus O'Brien's.

BALTIMORE, April 19.—William Blaney, convicted of the murder of his grandmother and aunt, escaped from jail Friday. Gov. Jackson the previous day appointed the day for his execution and the death watch had not yet been set. He was recaptured yesterday.

Killed By a Spider's Bite.

LITTLE ROCK, Ark., April 19.—A 6-year-old boy named McKinney Alexander has died in Sebastian county from the bite of a spider. The leg was bitten on the arm and fingered three or four days in great suffering.

Children Cry for Pitcher's Castoria.

BRITISH AND FOREIGN.

Continued Reports of Wars and Rumors of Wars.

LONDON, April 20.—It is stated in military circles in Russia that the Government intends to increase the forces on the south western frontier by 80,000 men. There is a growing belief that the period of armed reserve in Russia is about to end.

SIMLA, April 18.—The British forces have engaged and defeated a large body of Miranzais. The victory was not obtained until after a stubbornly contested engagement had been fought and until in the heat of the fight the British troops, making a dashing advance, carried everything before them, and completely routed the Miranzais. Several English soldiers and two English officers were severely wounded. A general advance of the British troops will be made to-day, the object of this movement being to break the enemy's lines and clear the Samana range of hills, which the Miranzais occupy by force. The enemy's loss in the engagement which has just taken place is unknown, but it is believed to have been heavy.

LONDON, April 20.—A telegram from Pretoria, South African Republic, announces that a Boer expedition, with the consent of Portugal, will establish a republic in either Mashonaland or Manicaland. This project, if carried out, will affect Manica territory claimed by England and will result in fur[illegible] or trouble between England and Portugal.

PARIS, April 19.—The French are said to be in a bad way in Tonquin, their occupation being almost entirely confined to the military posts, and it being dangerous for Frenchmen to venture on a journey except with a strong military guard. The rebels are everywhere active.

LONDON, April 19.—The members of an artillery battery at Portsmouth mutinied. They complained of excessive drill and other onerous duties. The leaders of the mutiny were arrested and will be tried by court martial.

WILL GET THERE YET.

The Fleas of Fate Has Bitten Bismarck But the Wound is Not a Serious One.

BERLIN, April 19.—Prince Bismarck's failure to secure a majority in the Geestemunde election for the Reichstag on Wednesday gives equal pleasure to those who hate him and to those who hate Germany. The French, or at least the Parisian press, the German Socialists and the German Emperor all rejoice together. The best opinion seems to be that Prince Bismarck will be chosen on the second ballot. He polled nearly twice as many votes as his chief competitor, who is a Socialist (in Germany a majority vote is necessary), and can only be beaten by a coalition between the Socialists, Radicals and Guelphs, which will not be easy to bring about.

Prince Bismarck has tacitly consented to stand a reballot in Geestemunde, but he also consents to become a candidate in the Lehe district, where he is certain of return, the electorate being almost purely Conservative.

The Geestemunde district is situated in the province of Hanover, which formerly was a kingdom and was annexed to Prussia 25 years ago. The province is as loyal to German unity as any other portion of the empire, but has still a large element of people that entertain a sentimental attachment for the fallen dynasty and cherish the memories of the time when Hanover was an independent German state. This sentiment in favor of a lost cause has little practical importance, but it gives the name of Guelphs to a conservative opposition party confined to this single province.

The supplementary ballot in the Geestemunde district will be held on April 30.

Primrose Day.

The Anniversary of Dizzy's Death Celebrated in the Metropolis.

LONDON, April 19.—To-day is Primrose Day, the anniversary of the death of Disraeli, and the city of London is fairly yellow with the profusion of emblems brought out by the occasion. Hundreds of meetings of the Primrose League are being held all over the country, and a wave of Conservatism and anti-Gladstonianism is sweeping over the land. The statue of Lord Beaconsfield in Parliament-square is almost buried in primroses. Street vendors of flowers have done a rushing business in the genuine article, and having sold out are earning an honest penny by peddling artificial substitutes so deftly made as to be hardly distinguishable from the real primroses.

Foreign Money Markets.

LONDON, April 19.—There was a fair demand for discount during the past week at 3⅛ for 3 months and 3 for short. Further orders for gold for the Continent, combined with the bullion requirements of Scotch banks and the usual May term payments will probably cause another increase of the Bank of England's rate within a fortnight. On stock exchange during the week business was active, yet values generally tend to recede. The uneasiness in the foreign department affects all other departments.

At Paris there was a general shrinkage of values on the Bourse, many weak speculators trying to unload on falling prices. Yesterday heavy parcels, chiefly foreigners, were offered and everything closed at a decline.

At Berlin business on the Bourse was irregular. Foreign securities were depressed.

The Fool Policeman Again.

WINDSOR, April 19.—J. F. King, the young man sent to Sandwich Jail Thursday charged with drunkenness, but who it seems had not been drinking at all but was very sick, is dead. Saturday noon King's brother called on U.S. Consul Joslyn, and while they were discussing what to do with the sick man information came from the jail that the young man died at 12.30. King was a native of Hamilton, where his father now lives. The cause of death was typhoid pneumonia.

Killed in a Sawmill.

MAXVILLE, Ont., April 19.—John McRae, the 16-year-old son of Peter McRae, entered McDougall's sawmill to get a bag full of saw dust. He carelessly threw the bag down near a part of the revolving machinery, in which it became entangled, and in trying to disengage it he was pulled into the wheel, which was moving with terrific speed. The poor fellow's arm was torn from the body and about half an hour after he was taken out he died.

For Love He Fought; For Love He May Die.

NEW YORK, April 19.—Two Brooklyn young men, Bremar Kriede and George Filberger, being rivals for the affection in one young lady, agreed to-day to fight it out. Filberger was knocked out in the first round with such vigor that he is now in the hospital suffering from shock and concussion. Kriede was arrested.

Arsenic in the Coffee.

LOUISVILLE, Ky., April 18.—From the effects of poison, taken at the Snooks-Herr wedding at Lyndon Wednesday evening, B. Frank Guthrie, one of the wealthiest and best known residents of Louisville, died this morning. Mrs. Guthrie and her sister, Mrs. Robert Gray, are down as victims of the same poison. The victims are suffering from arsenic poisoning and it is thought the drug was put in the coffee at the wedding dinner for the purpose of killing some one.

Suicide in a Cell.

BUFFALO, April 19.—Nellie Spaulding alias Jessie Gilman, who had been arrested for drunkenness, committed suicide in her cell Saturday. The dead woman was born at Watertown, Jefferson County, N.Y., March 17, 1869. She was a widow, and leaves a beautiful little daughter about 5 years of age.

Don't Feel Well.

And yet you are not sick enough to consult a doctor, or you refrain from so doing for fear you will alarm yourself and friends—we will tell you just what you need. It is Hood's Sarsaparilla, which will lift you out of that uncertain, uncomfortable, dangerous condition, into a state of good health, confidence and cheerfulness. You've no idea how potent this peculiar medicine is in cases like yours.

J. C. Turnbull.

ATTRACTIONS IN

DRY GOODS

AT

TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief. Permanent Cure. Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, losing sense of smell, foul breath, hawking, and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of Nasal Balm. Be warned in time, neglected Cold in head results in Catarrh, followed by consumption and death. Nasal Balm is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

Daily Examiner.

MONDAY, APRIL 20, 1891.

TARIFF deputations in Ottawa are now as numerous as the flowers of spring, and Mr. Bowell has to listen to a variety of complaints against the Foster tariff. So afraid is the Minister of Finance that his wonderful work of last session will be undone that he has apparently caused it to be announced that no changes save one or two are to be made this session. Every aggrieved manufacturer and importer will of course hug the delusion that the one or two admitted changes will be those he is praying for, so that the announcement is not likely to stop the flood of deputations. In any event, by what right does Mr. Foster assume what a parliament will or will not do in the matter of relieving the burdens of the people or doing justice to injured industries?—*Free Press.*

THE loyal Conservative journal denies with a good deal of warmth any assertion, pointing in the least to the fact there is an exodus of Canadians to the United States. In this it seems he is more loyal to "the party" than to the truth. For instance, the exodus of French Canadian families from the Eastern Townships to the United States has assumed such alarming proportions that Mgr. Racine, the Catholic bishop of Sherbrooke, has been impelled to issue a mandament urging his people to stay in their own country. Of course the good bishop must be a traitor and an annexationist, or he would not follow the bad example of "the Grit press" and in an official circular direct attention to the disagreeable fact that Canada under Sir John Macdonald's rule is being depopulated. High taxation and a restricted market for labor and the products of labor, the fruits of the Tory trade policy, are forcing the French Canadians to seek employment in the United States. If Bishop Racine could only induce the Dominion government to abolish the existing restrictions upon commerce between Canada and the neighboring republic, and wipe out the high taxes upon food, clothing and other necessaries of life, he would have no difficulty in keeping his people at home.

THE head-centre of the N.P., Ottawa, is, after all, a bad place to show forth the mighty benefits which the "National Policy" found at the Capital, are those petted and protected manufacturing monopolists, who flock thither, to prevent any reduction of the tariff that enriches them. Persons who are honest, and work for a living and pay for what they get, seem to have a hard chance to find any work to do. Times are so hard in Ottawa that the civic authorities continue to be inundated with applications for work. The local authorities also came in for many appeals, but Mr. Robillard instead of pointing out the tall chimneys and furnishing these men with work from the infinite resources of the N.P., is sending them to the Mayor with the request that his Worship furnish his constituents with passes to the Northwest. What these penniless settlers would do when they get there, Mr. Robillard does not explain. Asking for bread and getting a stone is not at all unsuggestive of Mr. Robillard's modestly suggested substitute for bread-earning employment.

Obituary.

The Late John Ivison.

On Saturday night about ten o'clock Mr. John Ivison departed to his eternal rest. Last Tuesday he was attacked with congestion of the lungs, and at his advanced age he was not able to resist the disease, and he was compelled to yield to the common enemy, which he had kept at bay for eighty-one years. He has always enjoyed good health, and was active up to his last days, having been on the market the Saturday previous to his death. The deceased gentleman was a native of the County of Northumberland, England, where he was born in 1810. He came to this country with his family in 1852, settling first in Smith and afterwards removing to Emily. He followed the calling of a farmer with marked success. Retiring from this business, he removed to Peterborough in the fall of 1886, where he has since resided. In 1830 he was married to Miss Jane Vears, who shared his joys and sorrows, successes and reverses, till within fifteen years ago this month, when she passed away. There were born to this union two sons and six daughters. The youngest son died at the early age of eighteen years. The eldest, the late Rev. J. A. Ivison, died exactly two years previous to his father—to a day. The daughters are all living. In religion the late Mr. Ivison was a devoted Methodist; in politics he was a staunch Reformer. He took no pleasure in public life, contenting himself with performing his duties as a father, husband and private citizen, in a manner to win the love of those most closely connected with him, and the high respect and esteem of the whole community in which he lived. The funeral took place this afternoon at 2.30, and was very largely attended. An affecting feature of the funeral was that the bearers were six of the deceased gentlemen's grandsons, viz.: the three sons of Mr. Alex. Edmison, Smith, the only son of Mr. Alex. McGregor, also of Smith, and the two sons of Rev. J. C. Wilson, Cobourg.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

"A Great Spelling Match."

The greatest spelling match on record is that offered by Our Homes Publishing Co., in which they will award the following magnificent CASH PRIZES:—One prize of $300; one prize of $200; two prizes of $100; four prizes of $50; eight prizes of $25; twenty prizes of $10; forty prizes of $5; one hundred prizes of $2; and two hundred of $1. These prizes will be awarded to the person sending in the largest number of correctly spelled words found in the advertising pages of the February number of Our Homes, in which no letters occur but those found in the sentence: *"Our Homes is unrivalled as a Home Magazine."* Special cash prizes will be given away each day and each week during this competition, which closes April 25th, 1891. Send 10 cents, in stamps or silver, for a sample copy of the February number, with rules and regulations governing the competition. Address OUR HOMES PUB. CO., Brockville, Ont. dw

A RIOT IN THE RING.

A Circus and Wild West Show Wrecked by a Mob at Knoxville, Texas.

KNOXVILLE, Texas, April 19.—A circus and wild west show which came to this city last Monday has gone, and in future will leave this city off its route. Thursday night the large audience which was present began to jeer some of the performers. Finally a clown mounted a block and began singing a song. He had sung one verse when some one hit him square in the face with a brickbat. He fell senseless to the ground and was dragged away by his companions. By this time everything was in an uproar, women screamed and a mad rush for the exits was made. The police were powerless. Scores were knocked down and trampled on. Everything in sight was seized and wrecked. The band instruments were smashed flat. The seats were torn down and broken. Some one cut the ropes and the big tent came down with a rush, burying 200 or more people in its folds. A rush was then made for the dressing rooms, which were also torn down, leaving the actors and actresses half dressed in the open air. The side shows were next attacked and wrecked. After wrecking everything in sight the crowd went away. Some 20 people were hurt.

One of the Same Kind.

BUFFALO, April 19.—In the first part of last June the Scandia Bank of Minneapolis, Minn., was robbed of $4500 by one of its trusted employes and yesterday morning Detective Donovan arrested the thief, a man named Charles Benson. Benson was a bookkeeper for the Scandia Bank and was obliged to work late at night. One night as he was putting his books into the vault he came across a large roll of greenbacks. The temptation was too strong for him to resist and he shoved the money into his pocket. He then left the bank and the day after he disappeared. He came to Buffalo soon afterwards and opened a department store in Niagara-street.

Found Dead by the Roadside.

BOBCAYGEON, April 19.—The corpse of Elijah Brock, an old man belonging to Harvey, was found on the roadside near here. He had been deranged for some time. Brock had apparently been walking along near the fence, and coming on to a piece of ice that had been undermined, it broke with him, throwing him on his face, and being in an exhausted condition he dropped off into his final sleep.

The Public demand Safety

Three competing lines of railway run to a large and important commercial centre. Two of these lines run poorly furnished coaches; their bridges are not as safe as they should be, and they make poor time. The third line is noted for its very complete equipment, its safe road-bed and bridges, and its fast time, and fares are as low as the poorly equipped roads. Does it not naturally follow that all sensible people must travel on this latter road? In Canada, several makes of package dyes are now offered to the public for home dyeing, many of them being unsafe, unreliable and worthless; causing loss of time, money and vexation of spirit. Diamond Dyes offer every guarantee of security and and success in the dyeing operation. The Diamond Dye manufactory is a thoroughly equipped institution, and the only concern of the kind in Canada possessing the necessary means to successfully protect the consumer. Which are the safest?

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

A Great Blessing.

I used a few bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Ahead of Koch's Lymph.

Charles Campion, Kingston, Ont., says:—Gained 7 lbs. with one bottle of Miller's Emulsion of Cod Liver Oil. Cured bad Bronchial Cough with a few doses and made me feel like a new man. I strongly recommend it. All druggists keep it. dw

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses, from its wonderful efficiency in curing chapped hands, and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. dw

A MAN'S wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so, too! dw

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

FOR NETTLE RASH, Summer Heat and general toilet purposes, use Low's Sulphur Soap. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hazel, Perfumer, Philadelphia, Pa.

Ayer's Pills,

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credit and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

TELEPHONES.—Bell No. 28, Ontario No. 112.

The Pug Nose.

I sing the nose that seeks the skies,
In wild and mad endeavor,
To leave its place between the eyes
And mount above the earth forever,
As if it had quarreled with the chin,
And up the face had tilted,
To where the bridge had caved in,
To sit and look tip-tilted.

Let other poets rave about
The red or Roman-nosed ones,
I maintain there's never a doubt
Their virtues are supposed ones,
And that the turned-up nose has cause
For all its seeming scorning
Of any nose that hides the laws
Of simple face-adorning.

I celebrate the piquant nose,
That ever is aspiring,
Yet neighbors with a mouth that shows
A tongue can be untiring.
The flirting nose so debonair,
All grave affairs a-spurning;
Long may it seek the upper air,
And persevere upturning.

Gen. Booth's Farm Colony.

LONDON, April 17.—Gen. Booth, Commander-in-Chief of the Salvation Army, has agreed to pay £10,000 for 600 acres of land near Southend, upon which he will establish his farm colony—one of the agencies by which he expects to redeem "Darkest England." He will from time to time buy additional land, and will spend from £15,000 to £20,000 in buildings, drainage and other improvements. The taxes on the property will average 42d. per acre. The land is badly situated, and in the judgment of experts the price paid is absurdly high.

Wives Cannot Be Imprisoned.

LONDON, April 17.—In the House of Lords to-day the Lord High Chancellor, referring to the Clitheroe abduction case, in which Mr. E. H. Jackson was by the Court of Appeal found to have no right to compel his own wife to live with him, stated that the Government would not introduce a bill giving men power to imprison their wives for refusing to comply with a magistrate's order restoring the man to his conjugal rights. Parliament, said Lord Halsbury, had abolished the power to imprison a wife for refusing to live with her husband, and the judges could not alter the law.

Further Fighting in Assam.

CALCUTTA, April 17.—A despatch from Rangoon states that Capt. Presgrave, who was reported to have reinforced Lieut. Grant at Fort Thabat, has met and defeated 800 Manipuris. Presgrave's mounted infantry pursued the Manipuris and killed 50. There was no loss of life on the British side.

King Humbert's Practical Sympathy.

ROME, April 17.—King Humbert has sent $100 to each child left an orphan by the steamer Utopia disaster.

Shooting Affray at Honey Harbor.

MIDLAND, April 17.—Walter Simcox went up a shanty he had built in the woods near Honey Harbor, 12 miles from here, and several cut two men belonging to Peterboroughshene, who had taken possession during his absence. Instead of going away as directed, one of the men shot Simcox, the ball entering the fleshy part of the thigh, striking the bone and coming out just above the knee.

A Blow That May Prove Fatal.

MILTON, April 17.—William McKenzie's 9-year-old son, Kenneth, is dangerously ill from the results of a blow in the stomach from the fist of a schoolmate named Armstrong. His recovery is problematical.

This Boy Will Die.

Gaspereaux, April 17.—At Kintail, William Burgess, aged 8, was playing with a loaded revolver when the contents were accidentally discharged in his right side immediately over the region of the liver, and caused a very severe wound. Peritonitis having already set in the case may prove fatal if the bullet cannot be extracted.

The Little Boy and His Gun.

BOWMANVILLE, April 17.—Fred. Burden, while loading the chamber of his revolver, exploded the cartridge. The ball entered his left hand at the base of the thumb, passing upwards toward the wrist and lodging there.

Horrible Story of Juvenile Ferocity from Cape Breton.

HALIFAX, April 17.—A revolting story of youthful ferocity comes from Little Narrows, C.B.: A number of boys on their way home from school called in at the blacksmith's forge where the smithy's apprentice, whose name is Logan, was at work. The boys began playing and Logan becoming offended drew a red hot and sharp iron out of the fire and taking hold of a boy by the name of Matheson drove the iron into his abdomen. The victim, who is 13 years old, is not expected to recover. Logan after committing this act skipped at once and is supposed to be hiding in the fastness of Logan's glen between Little Narrows and Lake Ainslie.

Selling Emma Abbot's Costumes.

CHICAGO, April 17.—Among the articles already sold to private parties from Emma Abbot's wardrobe are the "Hustle" dress ($30); the "Ernani" of black velvet, with Venetian point lace and real ermine, $400; and the Gypsy dress worn in the "Bohemian Girl," $50. An option has been given on the entire series of costumes made for the opera of "Carmen" and which have never been worn.

Dropped Dead After Leaving Church.

LONDON, April 17.—Miss Jessie Fletcher, after attending evening service in the Presbyterian Church at Melbourne, was returning to her home and fell dead when within a few yards of the door.

Hull-less Oats Yourex Gets Ten Years.

BELLEVILLE, April 17.—Chester W. Yourex, the forger, who pleaded guilty to four indictments, was this morning sentenced to 10 years in penitentiary on each count, the sentences to run concurrently.

The Limits of Design.

Buyinglady (to Saleslady)—I would like a coat of arms. Can you paint me one?

Saleslady (amiably)—Certainly, madam. Bring me yours any time, and we can copy it in any size or way that you desire.

Buyinglady (earnestly)—But I wish you to design me one. I have new!—

Saleslady (stiffly)—We design only embroideries—not families.

A Job for Hamlet's Father.

Amateur Actor—Well, what did you think of Hamlet?

Candid Friend—Er—um—; well to tell the truth, if I'd been the old man's ghost I'd ha' spanked you!

Children Cry for Pitcher's Castoria.

JOHN MORLEY.

If He Had a Vice He Might Become Prime Minister, Said a Politician.

"If John Morley had a vice he might become Prime Minister," said a well-known politician the other day. The praise must not be taken too literally. The English do not actually consider vice essential in Prime Ministers, but prefer boldness to restraint, daring to plodding caution, passion to absolute self-control. They like a man who has some share of human weakness, just sufficient to show that he is like other folk, that there is some point in common between himself and the people. Nobody has discovered a weakness in John Morley. He is not a man to commit a faux pas. He never boils over, he keeps himself at an even temperature and under perfect control. The English idolize their passionate men. John Morley is not passionate. But all men respect him, and the masses are as fond of him as they can be of any public man who goes some distance along their way of thinking without becoming a demagogue.

In spite of the fact that he was not, and never had been a journalist, Mr. Morley for three years edited the Pall Mall Gazette, which he subsequently handed over to Mr. Stead. Mr. Morley was pitchforked into journalism. Frederick Greenwood left the Pall Mall unexpectedly, and a successor was required at once. Morley had a high reputation as a philosophic radical and a writer, and he consented to write leading articles and to lend the paper the weight of his name. His dedications as a journalist were marked; the chief among them being a lack of all-round interest in human affairs.

In those days Mr. Morley dwelt in Putney. He used to come up every morning, and always walked across Hungerford Bridge. The sight of the Thames soothed and inspired him. He used to get to the office about 9, and having read his letters, there followed a discussion between him and Mr. Stead as to the policy of the paper. The events of the preceding day were hotly debated, and the "line" to be taken in regard to each carefully decided upon. This discussion would take half an hour or more.

Then there was silence in the Pall Mall Gazette office for the space of some hours. Mr. Morley found it essential to composition that he should be absolutely quiet. He wrote with great ease, and his "copy" never needed any corrections. He knew exactly what he had to say, he knew exactly how to say it. An opinion might possibly need modification sometimes, an expression never. At 12:30 his leader would be finished, and he would soon afterward be free to walk across to the Athenæum Club. Here he rested for an hour.

Morley has been described as an impressionable man, whose impressions need to be often renewed if they are to prove lasting. For this reason he should be, as he is, one of Gladstone's first lieutenants. He went into politics six or seven years ago, leaving journalism, and turning the Pall Mall over to "that good man, Stead," who immediately began to send off his fireworks, thought he had ignited the Thames, and proceeded to patronize his master, and the world in general.

Mr. Morley speaks better outside the House of Commons than in it; but even on the platform he is less interesting than many others that can be named. He does not let himself go. His delivery is monotonous.

Morley is an agreeable man to know, he is courteous without being courtly; genial, without being familiar. He left the editorial desk for a seat in Gladstone's Cabinet. They say that his dream of life is to write a final history of the French Revolution—his book on Rousseau, Diderot and Voltaire and others of that period having been preliminary studies for that purpose.

John Morley is a Radical in politics and an agnostic in his attitude toward religion. Stead called him a Puritan who had missed his way adding that, although professedly the most free thinking of all prominent politicians, he is the one who in heart is the most profoundly imbued with the religious idea.

WHY go about hawking and spitting when Nasal Balm will remove every vestige of your catarrh, and thus relive you of this disagreeable habit? In cases of cold in the head Nasal Balm gives instant relief, and there is no case of catarrh it will not cure if used according to directions. A single bottle will convince you of its merit. 6 92w

A True Bill.

Wm. Gilmanie, Wolfe Island, Ont., was a sad sufferer from indigestion and stomach cough for three years. Was treated by best physicians and used numerous patent medicines without success, when two bottles of Miller's Emulsion of Cod Liver Oil cured me. I have great pleasure in recommending it. For sale by all druggists. dw

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w153

Ashburnham Mission.

A correspondent writes that the friends of the Mission opened a series of meetings to be held in the Mission House on Sunday evenings during the summer months. Last night there was a good turn-out. Mr. Wm. Wallbrock and Mr. F. Bottel gave short, earnest addresses to the people, and a very profitable time was spent together.

The Grand Edison Ball.

Preparations on the most elaborate scale are being made for this great socialistic event. Music for the terpsichorean trippers of the light (electric) fantastic toe will be given by a magnificent Toronto orchestra. Refreshments will be provided of the highest quality, as shown by the fact that hawley bros. will supply the tea to be used for the occasion. If everything else corresponds in excellence this will be the most splendid social event ever happening in Peterborough.

dw

Opening of Navigation.

The water in the river is unusually high at present, fully six inches above the normal level at this season of the year, and the flats along the river, for a mile back in some places between this and Rice Lake, are flooded. On Wednesday Commodore Calcutt's steamer Daisy will make a trial trip, and if the ice is out of Rice Lake sufficient to allow steamers to reach Harwood, regular trips will be resumed at once, and navigation be regarded as opened.

P. A. A. A.

The following complete list of the performers that will contribute the programme of the P. A. A. A. concert on Tuesday evening, April 28th, shows what a musical treat awaits those who patronize this charming entertainment:

Miss Vair, MEZZO soprano; Mr. T. Dunn, baritone; Master Arlidge, boy soprano; Prof. Arlidge, flautist; the Peterborough Male Quartettes, Messrs. Manning, Rose, Matthews and Drope; the Amateur Orchestra in a fine programme of overtures and selections; Mr. J. H. Cobb, artistic illuminated club swinging. Prices, 25c. and 50c. Plan of hall a Greatrex's drug store. d91

Children Cry for Pitcher's Castoria.

THE RAILWAY CHARTER.

$500 Granted by the Town Council for the Purpose.

Considerable Discussion Regarding the Request of the Board of Trade—Delegates Appointed to Go to Ottawa.

A special meeting of the Town Council was held Saturday night for the purpose of dealing with the resolution passed by the Board of Trade requesting the council to grant $500 to assist the promoters of the Peterborough, Sudbury and Sault Ste. Marie Railway Company in extending railway connection to the north; and also, as Mayor Stevenson proposed, to appoint delegates to go to Ottawa to-night with the Trent Valley Canal deputation and interview the Government to-morrow with regard to making an appropriation for the work. Mayor Stevenson presided, and there were present: Councillors Cahill, Davidson, Winch, Kelly, E. H. D. Hall, T. E. Bradburn, A. Dawson, W. H. Moore, Wm. Lungford and R. M. Dennistoun.

On motion the Board of Trade deputation was heard.

Mr. WM. MANSON told the council what had been done at the Board of Trade meeting Friday night, when, after the above mentioned railway project was discussed, this resolution was passed:—

Mr. Dumble moved, seconded by Mr. Hilliard, that the Board respectfully requests the town council to make a grant of $500 to assist the promoters of the Peterborough, Sudbury and Sault Ste Marie Railway in securing a charter and promoting the scheme of the proposed railway.

Mr. JOHN BURNHAM, president of the P., S. & Ste. M. R. R. Co., being called on stated the position of affairs with regard to the projected line, which was fully discussed at Friday night's meeting and reported in Saturday's EXAMINER. The trade of the back country was, he said, in danger of being taken from Peterborough. This trade was important to the town, and it was proposed to build a line to Bobcaygeon and the north for the purpose of conducting this trade here. Then if the line from Pontypool to Lindsay and the north was built by the C.P.R. Company, the Grand Trunk traffic there would be endangered, hence the G. T. railway looked favorably on the extension from Peterborough. The Grand Trunk at present had the trade of the north, but they think if this new scheme is carried out it will head off their rivals and prevent the line from Pontypool being built. Mr. Burnham stated that three different routes were proposed, any one of which was feasible. This line was important to the town, and hence should be supported. Since this company had given notice of application, however, two other notices were advertised, one for a line from the C. P. R. between Toronto and Peterborough, to the north, and one from Toronto to Sudbury. It was important that the Peterborough project be carried out first.

Mr. D. W. DUMBLE said he had no personal interest in the company, and he did not think the members of it would make any money. In any case, this line would bring trade to the town, and the town could not afford to be penurious in promoting any *bona fide* scheme such as he believed this to be. He felt the citizens would sustain the council in any action they might take to help these gentlemen along. Mr. Dumble advised the company to keep their hands untied and not bind themselves to either the C. P. R. or G. T. R., but negotiate with the line giving the best terms.

Mr. BURNHAM stated that the company had written to Mr. Van Horne and he promised to send an engineer here.

Mr. DENNISTOUN asked, if the charter was secured, what would be the next step?

Mr. BURNHAM said the company would next look for a bonus?

Mr. DENNISTOUN—*From the town?*

Mr. Burnham smiled.

Mr. DAWSON asked who were the promoters of this new scheme. It was a new thing to him.

Mr. E. H. D. HALL said Mr. Dawson could not have been reading the town papers or he would have seen frequent notice of the company, and finally a note of the company urged to take any money of it, but they had already gone to considerable expense, and now simply asked the town to help them get the charter. Among the promoters were Messrs. John Burnham, M.P., T. Cahill, J. R. Stratton, M.P.P., Jas. Stevenson, M.P., R. S. Davidson, W. H. Moore, and it was expected Mr. Boyd, of Bobcaygeon, would join them.

Mr. DAWSON said he did not wish to throw cold water on the scheme, but he did not think it a proper course for the town to buy a charter for a private company, unless the town owned a charter.

Mr. HALL replied that the Company had no objection to the town controlling the charter, but they could not manage the railway. He proposed that the council appoint certain directors on the Company's Executive Board, and thus be represented.

Mr. CAHILL said the whole question was whether it was worth enough to the town to make an effort to get this line. If the town did not think well of the scheme, they could not expect outsiders to do so. He was pleased to see that the townspeople were looking favorably on the scheme. The Grand Trunk also favored it, and if these gentlemen succeed in getting the road for $500 no one could object. This line was important to Peterborough, and it should be practically encouraged. The town of Cobourg not long ago voted a bonus of $30,000 to the projected line from that place.

Mr. LANGFORD said he had been under the impression that this was a private company, and he did not think the council should be asked so suddenly to deal with the matter. He moved, seconded by Mr. Dennistoun, that the matter be referred to the Manufacturers' Committee to report at the next meeting of the council.

Mr. MELDRUM urged the importance of prompt action, so that the deputation which went to Ottawa Tuesday would be in a position to act, and moved, seconded by Mr. Kelly, that the council hereby grants to the promoters of the Peterborough, Sudbury and Sault Ste. Marie Railway, to pay the actual disbursements to procure a charter, a sum not exceeding $500, provided that the promoters enter into an agreement to return this sum if the charter is sold, and that the charter for the railway contain a provision that the town council shall have the appointment of two members on the board of directors.

MR. DAWSON again said he could not vote for the resolution, as this matter had been sprung on the council. If the company had bona fide intentions they should get their charter first and then come to the town.

MR. STEVENSON said last year these gentlemen concerned had observed railway schemes springing up all around them which would if carried out seriously effect Peterborough's trade. They had taken the thing up and applied for a charter in the regular way, but had acted solely in the interests of the town. It would hardly be fair to them to ask them to stand the expense of getting a charter, and the money if spent by the town would not be wasted. The Grand Trunk was favorable to the scheme, and he felt confident that the line would be bonussed by the government. He though there should be no two opinions on this matter but everyone should see it was to the town's interest to encourage the road.

Mr. DENNISTOUN said he simply wished the matter referred because he could not vote intelligently on it. He had heard nothing of this scheme, and wanted time to consider it.

Mr. KELLY made an address in support of the resolution he had seconded.

Mr. MOORE said he, like Mr. Cahill and Mr. Stevenson, was willing to give up his place on the Board of Directors. The town had nothing to lose and all to gain by it When Sir Joseph Hickson was interviewed last summer by the council he advised them to apply for a charter. The council could not do it. Some one had to do it, and these private parties stepped forward and did it.

Mr. E. H. D. HALL explained why there was need of haste in the matter. The company did not have the chance of seeing Mr. Seargeant until last week, and it was necessary now to get the application in before parliament meets. It would be too late to bring it up at the next regular meeting.

After some further discussion, the matter came to vote, when Mr. Meldrum's motion was carried on the following division:—

YEAS—Messrs. Cahill, Davidson, Winch, Kelly, Hall, Bradburn, Moore and Meldrum.

NAYS—Messrs. Langford, Dennistoun and Dawson.

OTTAWA DELEGATES.

The question of appointing delegates on the Trent Valley Canal deputation was brought up. Mr. Moore moved, seconded by Mr. Meldrum, that the clerk provide tickets for such members of the council as desire to attend with the deputation at Ottawa re Trent Valley Canal, and also provide tickets for the following members of the Board of Trade:—Messrs. Geo. Hilliard, Col. H. C. Rogers, R. A. Malholland and John Carnegie.

Mr. Dennistoun moved the amendment that the Peterborough council and Board of trade go to Ottawa to interview the government when the House is in session.

This amendment was lost and the original one adopted.

The council then adjourned.

The Big Ball To-night.

New Preparations for the Edison Company's Hall are Going Forward

Hundreds of people visited the Edison works yesterday to see what preparations were being made for the grand ball to night The doors of the immense building were closed, but easy view of the interior was had through the windows. Public interest, always alive regarding the Edison Company's huge building operations, has been quickened by the approaching opening event, and everyone is wanting to know all about the affair. All are anticipating a good time.

It will without doubt be the biggest social assembly ever held in Peterborough, and every care is being taken to make it a brilliant success commensurate with its proportions. The committee in charge have decorated the interior of the building with evergreens and bunting, and eight electric lamps will furnish the illumination. On either side of the main entrance are three dressing rooms, to which the guests will be shown, as they arrive, by the reception committee. The band stand has been built in the centre of the floor, so as to make an even distribution of the music. At the far end a table stretches from side to side, where lunch will be served from half past eleven to one o'clock. In a corner a kitchen has been built for making tea and coffee. Benches extend down both sides of the building for the use of wallflowers, while the gallery will accommodate hundreds of spectators, who will be able to make a promenade completely around it. The floor is of planed lumber, and when waxed will be excellent for dancing purposes. There are 24 dances on the programme, about every fourth dance being a Lancers. This arrangement will satisfy the many who do not round dance.

It is proposed to have a little ice cream making. Mr. Kreusi, Mr. Isaull, and perhaps other prominent members of the Edison Company are expected here by Mr. Martin, and as the town councillors and other representative men have been invited to the ball, a platform is erected near the main entrance from which it is probable some formal opening addresses will be made. These will not occur, however, until the guests all in, probably about the fourth or fifth dance down.

By to-night it is expected the sidewalk into the building will be finished, so that those going on foot to the ball will not be inconvenienced.

Corlett's orchestra, of Toronto, comprising ten pieces, a number of them brass instruments, will supply the music.

The ball is announced to open at 8:30 o'clock.

Y. M. C. A. Notes.

Mr. George Gilchrist gave a very earnest talk at the "Young Men's Meeting" Saturday night, the attendance and attention was good. Mr C. K. Calhoun General Secretary Lindsay followed with an impressive address on the need of more "Daniels in our work for Christ among young men. The after meeting was very profitable to all.

Mr. Thos. G. Anderson led the "Consecration" service Sabbath morning, the lesson's from the topic "Jonah" were profitable and helpful to all present.

Messrs. M. Cummings and C. K. Calhoun gave practical and heart searching addresses at the "Personal Purity Meeting" for men only yesterday afternoon, we are satisfied fruit shall be borne from this service. The orchestra were present and led the singing.

Messrs. James Sutherland and C. K. Calhoun addresses at the Gospel and Song service last evening were impressive and the Holy Spirit was present to convict and convert; all present felt the power of God was there, we give him the praise. The hall was filled with an attentive audience and much good will be the result.

The Y. M. C. A. Literary Society meeting at 8 p.m., topic "Wilt though be made whole." John 5, 1-16.

Personal.

Mr. Wilbur Daly is about removing to his old home in Napanee. Mr. and Mrs. Daly will be missed by their many friends in town.

Rev. Father Teefy, the eloquent preacher of the St. Vincent de Paul Society on Sunday evening, returned to Toronto this morning by the 7 o'clock train.

News Nuggets.

—There was a blank at the police court this morning.

—A diphtheria placard was placed on a house on Elm street to-day.

—The Edison Company ball is the talk of the town to-day. The dressmakers are worked to the last degree.

—Wanted.—A good appetite. You can have it easy enough by taking Hood's Sarsaparilla. It tones the digestion and cures sick headache.

—There is a considerable gathering of the clans—the rural and outside members of the Trent Valley Canal deputation are coming to town to go to Ottawa to-night.

Edison's Wonderful Phonograph.

Edison is the marvel of inventors. The phonograph now on exhibition by Mr. W. F. Lipsett at 416 George street is a novelty to most persons in town. A representative of the EXAMINER had the pleasure of hearing it this morning, and the marvellous manner in which two of the rattling comic songs of George E. Fax, of Belleville, were reproduced were a decided musical treat. The voice was easily recognizable, every note distinctly audible, and the piano accompaniment quite the orthodox thing; the cries of "encore!" and the applause were also perfectly plain to the ear. Another selection was by a military band and all the shades of expression and tone were heard with the greatest facility and perfection of effect. The phonograph is well worth hearing. The hours for ladies are from 2 to 5 during which, gentlemen unaccompanied by ladies are not admitted. Parties may make special arrangement for a visit to the Edison phonograph by applying to the manager 416 George street. The ball to celebrate the opening of the Edison Company's works should be less enjoyable to the thoughtful citizen than half an hour's visit to the Edison Phonograph. No one should miss hearing the phonograph during its stay in town.

The Town Dairy.

This is the name of a new milk industry started the 1st of February, by the undersigned, who has now got arrangements perfected, and is prepared to deliver cream, milk, creamery milk and butter milk either by can or bottle delivery. His herd of cows consists of Durhams, Ayrshires, Devons and Jerseys.—healthy stock, specially fed. To meet the encouraging and increasing trade which he has already secured, he is having built a new delivery rig of special design which will be placed on the road in a short time. The office and headquarters is situated at 11 Conger street, and telephone connection will be made in a few days. A trial is respectfully solicited.

SAVIOUR OF THE WORLD.

"I Am the Resurrection and the Life."

An Address on "Charity" by Rev. Father Teefy in St. Peter's Cathedral—A Practical Response on the Part of the Congregation.

St. Peter's Cathedral held a large and attentive congregation Sunday evening, when Rev. Father Teefy, B.A., Superior of St. Michael's College, Toronto, delivered an address under the auspices of the St. Vincent de Paul Society. Rev. Father Teefy has spoken in Peterborough, where he is recognized as an earnest and eloquent preacher, gifted with oratorical power in no small degree. His address was fully up to expectations. The beauties of charity were pictured in glowing terms and the claims of poverty advanced with irresistible force.

The musical portion of the service was in keeping with the special character of the occasion. Miss Hurley presided at the organ, and rendered the accompaniment in a very sympathetic and effective manner. The vocal music was also very pleasing. The principal music was "Lambillotte's grand Magnificat," in which Miss Annie Dunn took the solo and the full choir the chorus. At the offertory the "Regina Coeli" was rung by the choir. At the Benediction, a duet was sung "O Salutaris" by Misses Annie and Mary Dunn. Miss Annie Dunn's singing of the soprano score was very pleasing. Her voice is soft and round, blends well with her accompaniment, and loses none of its sweetness nor mildness in the higher notes. Lambillotte's "Tantum Ergo" was given in good style by the choir, and altogether the music was very pleasingly rendered.

THE RESURRECTION AND THE LIFE.

During the service, in which His Lordship Bishop O'Connor and the cathedral clergy took part, Rev. Father Teefy delivered his address, taking for his theme the words in John xi, 25:—"I am the resurrection and the life." In the middle ages, said the speaker, scholastic theologians raised the question as to whether the second person of the blessed Trinity would have become incarnate if none had never fallen, and they arranged themselves on either side, and those who maintained that he would, drew a beautiful picture of the Man-God reigning over this world amidst peace and sanctity and all the earthly parities. Man's history is sad and dark and stained with blood, and Christ came down from heaven lower still than he would have come if man had not fallen. He was to raise the world from sin and death and bring it to heaven. He was to be the resurrection and and the life, first of all to rise and clothe himself with immortal glory and shower down on us that happiness for which he created us. Do we not owe more thanks and greater gratitude to Him that, man having fallen, He should come down and stand by our grave. No better time, said the preacher, could have been chosen by the society to plead its cause than this holy Easter tide. What is the resurrection? It is the restoration to that position which we have lost: If there is anything we should work for, hope for, have ever before us, it is that this mortal shall put on immortality, and this corruptible incorruptibility. And again this appeal was appropriate because Christ Himself preached to the poor, raised them up by example and doctrine, clothed poverty with dignity and gave it a sceptre with which to rule the earth. And that poverty, said Rev. Father Teefy, pleads with you to night. If you want to share in that resurrection, it is that you be generous to the poor. It was appropriate that at this time the St. Vincent de Paul Conference should ask you to

GIVE OF YOUR ABUNDANCE.

If we meditate on the text we see that our Lord is, in the beautiful language of the church, alone holy. What is death? Punishment for our sin. And when man fell death came upon him, and because Christ is the resurrection He is the ideal of mankind, He is humanity's saint, and he has the power of God for the individual and society. And because of this He is thoroughly the exaltation of us all. The church sings it in her mass: "Tecum apud Mariam," "Thou alone art Most," "Thou alone art Lord, Thou alone art Most High," The preacher then went on to develop this triple thought. All graces and holiness come from God, and wonderful was His power as Lord. The power of Christ was shown in the stemming of the barbarian onslaught upon Italy; in the raising of woman from a position of slavery to be man's helpmeet. The Church said, "whom God hath joined together let no man tear asunder;" and sooner than break this principle for one woman, the church let England go. Christ said, "I am the resurrection and the life," and this principle continues in the Catholic church. If there is one thing constantly in the world, it is poverty. The Lord took the poor by the hand and raised them up, not to be rich in this world's good, but to be more content and patient. He first presented Himself as their example and became poor for their sakes, so poor that He had not where to lay His head, so poor He was laid in the tomb of a stranger. In Him humanity has a model of poverty, and all humanity comes to worship poverty in the person of the poor carpenter's son, Jesus Christ. Pagans then worshipped the golden calf, even the Israelites bowed down before it, and it was the love of wealth today which ruled the world. If men would only imitate Christ how quickly would they throw away wealth and take up the cross and follow Him, and be upon their knees before Him who was

POOR FOR THEIR SAKE.

Is not that principle shown in the Catholic church, in the religious societies—the young men and women giving up brilliant prospects in life to follow Him, in the monks and nuns who deny themselves for His sake. Are they not come to worship poverty that the poor may have an example? The Catholic church in this country, grand as are her works and institutions of charity, which are springing upin every quarter, if it were not for the poverty of the religious, and the self-denial of the men and women who consecrate themselves to God, the church would be barren of good, and there would be scarcely a charitable institution in the church. But it was because Christ's charity was in the Catholic church that so much good had been done, and what little the congregation should give that night, the alms they gave the Society, would go forth like an angel of God to the homes of the poor, and those alms would speak to the poor, and raise them up to the path of virtue and patience, and Christian service. Is not the resurrection of the world? The world would have been stagnant and fallen to-day if Christ had not taken the poor by the hand and been a model for both poor and rich. Man naturally sought for glory, but it was not to be gained in the military camp or the legislature, but in following the path of Christian duty. There is no exaltation for either the rich, the proud or the poor save in Him who is the resurrection and life of all. In the world to-day capital was engaged in a contest with labour, and the only hope of settling it was by joining the opposing forces so that they may not be at war, and each will see that it cannot do without the other. Their hands should be clasped for mutual support and the elevation of the race. On the part of the rich more generosity, on the part of the poor more patience and resignation, then when this double lesson is taken to heart and followed out, we may

EXPECT THE MILLENIUM.

This principle was being carried out, in the face of abuse and tyranny, by the Catholic Church, by her Pope, her clergy, her religious bodies of all kind. There is the resurrection and the life? There is great need of such a truth in the world. Those on whom God had bestowed the good things of earth were so blessed that they might share them with those who had them not, and they will bless you. In the name of the poor, in the name of Christ, in the name of your own soul, in the name of all I beg you, my dear friends, said the preacher in conclusion, be generous, so that your alms may rest on your soul to earthly and eternal glory, and your Lord will reward your generosity. He will say to you then, and you will see it and believe it and know it, and it will thrill your soul, He will say to you, "I am the resurrection and the life."

A very large collection was taken up at the close of the address for the benefit of the St. Vincent de Paul Society, an organization which is doing a vast amount of good continually by its charitable works. The congregation contributed liberally towards the collection Sunday night.

Many people who prize themselves on their blue blood would be far happier with pure blood; but, while we cannot obtain our ancestors, fortunately, by the use of Ayer's Sarsaparilla, we can transmit pure blood to our posterity.

Three Men Killed.

WINNIPEG, April 19.—Details of a terrible accident, which happened on the Columbia and Kootenay branch of the C.P.R., have just been learned. While blasting, a heavy blast being slow in discharging, sculptors returned from their place of safety and proceeded to work again. Seeing smoke issuing from the crevices in a rock they started to run, but the cliff beneath them heaved and split and a terrible explosion occurred, big rocks fell on some of the party. James Ryan, Jurlus Matheson and Henry Martin were killed and Augustus Johnson terribly lacerated. Mr. McLennan and Fordham Smith were injured.

NORTH.—In Chicago, Illinois, U.S.A., on Friday, April 17th, 1891, Henry North, father of Mrs. Joseph Roblin, Peterborough, aged 69 years.

Pure importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is hereditted and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing exclusively **Your Blood** than the more conproven positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

A BAD HUMOR CURED.

$5,000 Expended on Doctors and Medicine with avail. Gave himself up to die.

Good Will Suggests Cuticura Remedies. Uses them 7 months, and is entirely Cured.

I was in the war during 1863-65, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1874 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the CUTICURA REMEDIES, which, from my so extensively advertised and used. I followed her counsel at once, and can truly say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of misery and suffering without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience.

C. L. PEARSALL,
1 Fulton Fish Market, New York.

April 13, 1889.

VOL. XII NO. 93. PETERBOROUGH, TUESDAY, APRIL 21, 1891. PRICE TWO C[illegible]

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credits. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on those terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

A HOBOKEN TRAGEDY.

AN ITALIAN USES A STILLETO WITH DEADLY EFFECT.

He Carves up All His Relatives and is in Turn Shot Dead by His Brother in law —A Sanguinary Scene of Bloodshed.. The Assassin a Lawless Loafer.

HOBOKEN, April 20.—This morning Angelo Gaboths, an Italian, murdered his mother-in-law, stabbed his father-in-law almost to death and was slain by his brother-in-law. Gaboths slept in his father-in-law's house with his father-in-law last night. In early morning he arose and going to the bed in which his mother-in-law and wife were sleeping drove his stiletto into the elder woman's abdomen, killing her instantly. He then went back to his father-in-law's room and stabbed the old man in the neck. His aim was bad and the victim shrieked. Thereupon Coquilo Coniquito, the old man's son, awoke and a desperate fight with knives ensued. It was finally ended by Coniquito stabbing Gaboths to the brain through the eye. There have been no arrests.

Another account states that the tragedy was the result of insane jealousy on Gaboths' part. He was 30 years old and his wife 17 when they were married two years ago. Eight months afterwards Gaboths drew a knife across his wife's abdomen, making a horrible wound, because he imagined she was unfaithful. It is not now known what became of Gaboths at the time, but after she recovered his wife lived with him again, he having promised to behave himself. But he became a lazy, shiftless loafer, depending on his wife for support. He believed his wife was untrue to him, that she was the mistress of a man she had met at her mother's house and that her mother shielded her in her wrong-doing. He went to the house last night with a stiletto and revolver prepared to do mischief. After killing his mother-in-law he stabbed his wife three times and left her as he thought dead. Covered with blood the murderer entered Coniquito's room and fired at Coniquito, who returned the fire. Although wounded in the breast several shots were exchanged. Gaboths then tried to leave the house, but was intercepted by his father-in-law, who struck him with a chair. Gaboths thrust his stiletto several times into the old man's body, but did not touch a vital part.

Coniquito here appeared again on the scene and fired the last shot in his revolver, striking Gaboths in the forehead and killing him. Coniquito and Mrs. Gaboths will recover. Their father may die.

VERY LIKE A MIRACLE.

An Essex Man's Lightning Cure by Faith in God.

WINDSOR, April 20.—About a year ago Francis Sweet, jr., a farmer at Gesto, was thrown from a rig by a runaway team and sustained serious internal injuries. Latterly he was taken to his bed suffering terribly from his injuries. The attendant physician told him plainly that if his spine became affected there would be no hope for him. Last week the suffering man was so bad that his friends and family gave up all hope. His will was made and his brother James of Kingsville sent for. On Wednesday he was converted. That night and all Thursday he suffered terribly. On Thursday evening his friends and the poor man himself had given up all hopes. All thought he could not live till morning. The disease had reached his spine. His family had gathered around his bed to bid a last farewell. His wife and his brother were kneeling at the bedside praying. He was also praying. It was just 7 o'clock. Mr. Sweet says the thought struck him that surely if the Lord is able to save me He is also able to heal me. He at once put the eleventh hour thought into practice. He prayed to God to heal him and quick as a flash he felt he was well, and he dumfounded those present by raising himself up in bed. Five minutes before he could not raise head or limb. More surprising still, next afternoon he got up, dressed himself, washed and combed unassisted and went about his regular labors around the farm, apparently as well as ever.

BAYHAM'S COUNTERFEITERS.

Another Arrest Effected: Rogue 25 and 10 Cent Pieces

ST. THOMAS, April 20.—Sanford Long of Bayham, arrested on the charge of uttering counterfeit money, was arraigned before Judge Ermatinger and elected to be tried by jury, and his trial will therefore take place at the June Sessions. The counterfeit money passed was 25 cent and 10 cent pieces, and the district between Aylmer and Tilsonburg is said to be flooded with the coins. The 25 cent pieces are a good imitation of the genuine and would be readily accepted if one were not suspicious. They are a counterfeit of Canadian coinage of 1881.

Another man, named Crane, has been arrested for the same offence and will have a preliminary hearing before P. M. Glover at Aylmer to morrow.

DIED IN EACH OTHER'S ARMS.

Tragic Suicide of Two Lovers in a New York Hotel.

NEW YORK, April 20.—A young couple registered at the Grand Union Hotel Sunday morning as F. Behrand and wife, and were assigned to room D 8 on the third floor. To-night at 8.30 they were found dead in the room from gas asphyxiation. They were in bed wrapped in each other's arms. They had inhaled the gas through rubber tubes held in their mouths. On the woman's breast was a large and beautiful bouquet, evidently purchased for this very occasion. The man was about 25 years old and the woman 22. They left four letters, two of which were to a Mrs. Miller of 210 East Ninth-street. Mrs. Miller was seen late to-night; she admitted virtually that she was acquainted with the couple, but gave the impression that the name given by the young man was correct, but that the young woman was not his wife.

A Moslem Marriage in England.

LONDON, April 20.—The first marriage with Moslem rites ever known to have taken place in England has just been recorded. The bride is the daughter of the late Judge Pitch of Liverpool and the groom is a barrister practising in London, who is a full fledged Mohammedan.

BRITISH AND AMERICAN.

PORTUGAL CREATING TROUBLE IN SOUTH AFRICA AGAIN.

Additional News from Manipur—Justin McCarthy's Sunday Theatre—Starvation in Ireland Owing to the Failure to Grow of the Potatoes Recently Planted.

LONDON, April 20.—Despatches from Durban, South Africa, show that the Portuguese are taking a high hand in Mashonaland. The latest instance of their hostility to British interests in that district is likely to cause a further tension in the relations between the governments of Great Britain and Portugal. There are a number of British colonists who have settled in Mashonaland, and mails are carried via Biera, a Portuguese settlement. A short time ago, upon the arrival of the British mail sacks at Biera, the Portuguese authorities held them and refused to allow them to be carried to their destination. Great indignation on the part of the British colonists has been aroused by the high-handed proceeding.

Col. Willoughby has reached Delagoa Bay. He reports that on arrival at Beira he applied for permission to proceed to the Pungive River and offered to pay the prescribed duties, but as he received no answer after 48 hours he started without permission, when the Portuguese opened fire upon him, seized his two steamers with mails and provisions, and imprisoned 16 of the crew. Willoughby says the lives of the British at Beira are in great danger.

The Portuguese declare that the British are excluded from the Pengive River, which the boats were navigating when seized, and which is the chief water route about Mashonaland, and several of the British colonists have been imprisoned and most of the British employes have returned from Mashonaland on account of the arbitrary action of the Portuguese. There is every evidence that a serious rupture is impending between the Portuguese and the British authorities.

The Situation in Manipur.

SIMLA, April 20.—A despatch from Rangoon says the Jobray, the younger brother and heir of the Maharajah of Manipur, who deposed the latter in September last and who has been proclaimed regent, has with 3000 Manipuris occupied the strongly entrenched position held by Lieut. Grant until the latter was ordered to evacuate it. It is presumed this position is Fort Alongtaing near Thobal (previously referred to in despatches as Fort Thobal), where on April 4 Lieut. Grant repulsed 4000 Manipuris, killing the command in chief of the Manipuris, who was the third brother of the Maharajah, and also two Manipuri generals and a number of soldiers.

To Satisfy the Croakers.

LONDON, April 20.—Owing to the persistent agitation of the question of military defences it has been decided to strengthen the fortifications of the Thames and to erect a new heavy battery at Sheerness. All the river forts are to be supplied with new guns of late and approved patterns. It is hoped that these precautions will silence the "croakers" who do not believe in the ability of England's floating "wooden walls" to protect the country from invasion.

A City to be Fortified.

BERLIN, April 20.—The Government has determined to strongly fortify the important commercial city of Osnabruck, Hanover. Besides the defences of the city itself, three forts will be erected outside the lines.

A NOVEL ELOPEMENT.

The Prospective Bride was a Clever Schemer but the Groom was Not.

LONDON, April 20.—An elopement with some novel and exciting features has just occurred at Alfreton. Pretty Annie Gough, daughter of the coachman of Judge Morewood at that place, dressed herself in her brother's clothes, stole the judge's horse, rode to the neighboring city of Nottingham and there joined her lover. The cupidity of the prospective bridegroom, however, proved stronger than either his honesty or his discretion. He attempted to dispose of the horse by selling it and the delay thus incurred enabled the emissaries of the angry father to overtake the fugitives. The girl was arrested and taken back home, but her lover managed to escape.

Newfoundland Delegates Satisfied.

LONDON, April 20.—The Newfoundland delegates express themselves as well satisfied with the result of their conference yesterday with Lord Salisbury. The particulars of the interview, however, have not transpired. Mr. Emerson, speaking for the delegation, says that Lord Salisbury requested that the negotiations be kept secret until a decision shall have been arrived at in the matter. He received the delegates graciously and all the phases of the question at issue were talked over. It has been decided by the Government to allow the delegates to present before the House of Lords on Thursday the address adopted by the Newfoundland Legislature. Mr. Emerson will be the spokesman of the delegates on that occasion.

How the Queen's Housemaid Died.

LONDON, April 20.—A singular death from blood-poisoning occurred at Grasse recently. One of the Queen of England's housemaids was sewing and accidentally pricked her finger with a needle and inflammation set in. Two doctors were called and her arm was lanced. Matters seemed to be going better for a time, but fever set in and she died almost immediately. Queen Victoria selected the site and she will be buried in a lot that is portioned off from the Catholic cemetery for the burial of those of other faiths who may die at Grasse.

Perished on the Prairie.

WINNIPEG, April 20.—The son and daughter, aged 8 and 6, of Mr. Reimann, who went about 10 days ago from Winnipeg to a new settlement north of Calgary, were lost on the prairie. Having gone out one evening to hunt for cattle they didn't return, and though thorough search was made next day they could not be found. As a prairie fire was raging it is feared they perished.

Stanley's Successor.

OTTAWA, April 20.—Lord Kilcoursie, a son of the Earl of Cavan, will probably succeed the Hon. H. Stanley on the Viceregal staff. He is a subaltern in the 2nd Battalion of the Grenadier Guards and has had six years' service.

Once More Postponed.

WASHINGTON, April 20.—Owing to the illness of Attorney-General Bradley the Hayward case was again postponed for a week to-day. Argument will be proceeded with next Monday, however.

21 PROTESTS FILED.

THIS NUMBER OF ONTARIO SEATS TO BE CONTESTED.

Sir John Macdonald's Among the Protested Seats—Only Thirty Conservative and Seven Reformers Escape—Still Another Batch Confidently Looked For.

TORONTO, April 21.—Yesterday was a big day in the matter of filing election petitions against the return of members in the recent Dominion elections.

Each petition requires $1000 in cold cash to be deposited with the officers of the courts and apparently no trouble seems to have been found on either side to raise the money.

A few minutes after the petition was put in against Sir John Macdonald the petition against Hon. Alexander Mackenzie in East York was filed in the Court of Queen's Bench.

There is practically no difference as to what court the petitions are filed in as the different chief justices meet and assign certain of their colleagues to try the election appeals irrespective of the courts they are entered in. It is not likely that any of the cases will be tried before the fall.

ONTARIO LEGISLATURE.

The Country Not Yet Prepared for the Single Tax Idea.

TORONTO, April 21.—Yesterday Mr. Talt moved the second reading of his bill involving an approach to single tax. The bill provides that any municipality may declare that improvements upon real property shall not be estimated for the purpose of assessment in excess of 50 per cent. of their actual cash value.

Mr. Hardy said the country was not prepared for the single tax idea, or even to go half way. If the country were ready, such a measure would be entitled to more explanation than was given. If such buildings as the Canada Life, Bank of Commerce, Rossin House were assessed at half their value while a poor man was assessed at the full value of the land on which his cottage was built, it would be a very serious thing. In bringing the question before the House, the promoter of the bill had accomplished all he desired or wanted to accomplish—[laughter]—this session. Many of the single tax ideas were not tolerated a few years ago, but are now adopted. Their popularity was increasing. But he doubted whether at this late period in the session the bill could receive the consideration and attention which it demands, and he therefore asked Mr. Talt to withdraw it, which was done.

In moving the second reading of his bill to amend the Election Act Mr. Whitney explained that one clause provided that the county attorney shall attend election trials and institute proceedings for violations of the law. This was simply following the law elsewhere. In England there is a director of prosecutions, and the Dominion Election Act provides that the Attorney-General shall instruct counsel to commence proceedings. Another clause provides that the penalty for bribery shall include a term of imprisonment as well as a fine. Mr. Whitney said Sir Richard Webster wrote that he was surprised that the penalty in Ontario did not include imprisonment and that the penalty of imprisonment had exercised in England a beneficial and a deterrent effect. This amendment was demanded by the best interests of the province, and if the Government did not favor the bill he would reintroduce it next session. The Attorney-General might at least assent to the principle of the bill, that imprisonment as well as a fine should be the penalty for bribery, and allow the bill to go to committee.

Mr. Meredith said he was afraid the result of the bill would be injurious rather than beneficial. The great difficulty is to prove acts of bribery and corruption. Not one case out of a thousand corrupt practices is proved. It is well known that the severity of a punishment often prevents a conviction. The Government was afraid that if the law was made more severe there would be fewer convictions. In spite of the provisions of the Dominion Election Act there is ten times over the amount of corruption in Dominion elections that there is in the Ontario elections, showing that Mr. Whitney is entirely mistaken in the effect of the change he proposes. It is the duty now of the county attorney to institute criminal proceedings whenever his attention is called to it and therefore that clause is unnecessary. Mr. Mowat said he proposed to consolidate the election laws before the next general elections and he would endeavor to do something to lessen corruption.

After some further discussion the bill was defeated by a vote of 32 nays to 25 yeas. The division was on party lines except that Mr. Balfour supported the bill. Mr. Campbell, the Equal Right er, also supported it. Mr. Conmee spoke in favor of the principle of the bill but voted against it.

The motion of Mr. Campbell (East Durham), respecting separate schools, was reached, but it was allowed to stand. He stated that he was not prepared to go on yesterday and that certain members whom he expected to support it were not present. It will probably be reached again Wednesday.

Where is Mr. Larmour?

PRINCETON, April 20.—The people of this village and surrounding country are much exercised over the continued absence of our G.T.R. Agent Frank Larmour, who left here some two months since with a well-filled purse for a two weeks' holidays in Uncle Sam's domains, and to his most intimate friends his long absence is wrapt in mystery.

Accidentally Shot.

KINGSTON, April 20.—James Elliott and a few companions were walking near the cotton mill, when one of the young men began fooling with a revolver. In some way the cylinder was struck and a chamber discharged. The bullet lodged in the thigh of Elliott, lacerating the flesh seriously.

$3000 for Insisting Upon 10 Cents.

MUNCIE, Ind., April 20.—Frank Mayo, traveling salesman, who was ejected from a Lake Erie and Western passenger train for refusing, in default of a ticket, to pay 10 cents more than the regular fare, has just recovered a verdict of $3000. It is a test case.

Tried to Kill the Judge.

CHARLESTON, W. Va., April 20.—Sim Johnson, the negro who ravished Eva Bailey, a white girl, was sentenced to-day to be hanged. After Judge Snyder had pronounced sentence Johnson made a desperate attempt to kill the judge and was only overpowered after a desperate struggle.

Children Cry for Pitcher's Castoria.

UNDERNEATH THE GROUND.

A Coal Mine Cage Was Suspended While 300 Miners Buried Alive Below Momentarily Expected Death.

LONDON, April 20.—Two large cages or cars used for hoisting and lowering men and material in a colliery in the Longton (Staffordshire) coal district, while one of them was being hoisted and the other was being lowered, came into violent collision and were smashed to pieces. The result was that the shaft was badly damaged and choked up with debris, thus cutting off communication with 300 miners whom the accident imprisoned in the mine below. For 14 hours the miners were shut up in the mine, practically buried alive. This was a period of terrible suspense for their families and friends, who crowded about the pit in a state of great agitation and distress. Eventually a small hole was pierced through the mass of wreckage and earth clogging the shaft, and it was found possible to lower food by means of a rope to the imprisoned miners. Further work upon the passage enabled the men engaged in the work of rescue to haul the 300 miners one by one out of the mine by using buckets, to which ropes were fastened.

Miners Killed and Injured.

BERLIN, April 20.—The walls of the Germania pit near Gelsenkirchen collapsed yesterday, burying a large number of miners in the ruins. Four men were killed outright and several injured. Many of the men are entombed in the mine and their fate is uncertain, though it is thought they will be rescued.

Heavy Glasgow Failure.

GLASGOW, April 21.—Arrol Bros. of this city have suspended payment. Their liabilities are heavy; assets not known. The Arrol Bros. are not connected with Sir William Arrol, the builder of the Forth bridge. The firm was concerned in the Buenos Ayres transactions. The failure is attributed to non-receipt of remittances from Buenos Ayres and to the suspension of the Renfrew Forge and Steel Company.

Why Davitt Was Ineligible.

LONDON, April 20.—William Henry Smith in the House of Commons to-day, replying to a question in regard to Michael Davitt not being made a member of the Royal Labor Commission, said Davitt's evidence before the Parnell special commission, with the fact that he had been convicted of treason and felony, unfitted him to sit on the commission.

Watched Fields Fail to Sprout.

CORK, April 20.—Considerable alarm prevails among the small farmers and poor people of the Skibbereen district on account of the discovery that the seed potatoes recently distributed as one of the relief measures of the Government have practically proved a failure. Many lots of these potatoes planted weeks ago have as yet shown no signs of life.

MANSLAUGHTER.

Returned Against Timothy Wood of Winona Yesterday.

HAMILTON, April 20.—An inquest on the body of William Foster, who was found dead in his bed at his residence in Winona yesterday morning, was commenced this afternoon in Winona village before Coroner Wolverton of Hamilton. The jury brought in a verdict of manslaughter against Timothy Wood. Wood has been arrested and his case will come off at the assizes, which opened here before Judge Armour this morning.

The Strike in the Coke Regions.

MT. PLEASANT, Pa., April 20.—At 3 o'clock this afternoon the coroner's jury announced its verdict in the Morewood riot case as follows: "That the deceased came to his death at Morewood on Thursday morning, April 2, 1891, about 3 o'clock by a bullet discharged from a gun or revolver in the hands of the deputies of the sheriff of Westmoreland County." This applies to each man killed in the riot.

Labor Troubles.

Three hundred coalheavers at the Cleveland docks have struck for an increase of wages.

Six hundred of the 950 laborers engaged in grading Jackson Park for the World's Fair at Chicago yesterday struck for an increase in wages from $1.50 to $1.75 per day.

The trainmen on the Indiana Midland at Lebanon, Ind., who went out on strike Saturday on account of non-payment of wages overdue, have induced every man on the road to join them and not a wheel is being turned except an engine and mail car. No passengers or freight are allowed to be carried.

Protests Against Cabinet Ministers.

HALIFAX, April 20.—To-day F. T. Congdon, representing the petitioners against the return of Nathaniel White for Shelburne, Sir John Thompson for Antigonish and Hon. C. H. Tupper for Pictou, filed petitions. In the petition against the return of Hon. C. H. Tupper it is charged that for the purpose of procuring the election of defendant the railway service of Canada was made use of; also that Government officials were influenced. Similar grounds are given in the petition against Sir John Thompson, including the use of the Intercolonial Railway, and it is alleged that the defendant and agents directly and indirectly were guilty of practising intimidation by spiritual and temporal threats upon certain voters to compel such and against others to compel them to refrain from voting.

Taps from the Telegraph.

The Erie, Oswego, Cayuga and Seneca canals will be opened for navigation May 5.

The grip has all but disappeared in New York and the mortality record has taken a big drop.

The loss by the fire in the carpenter shop at the C.P.R. works, Hochelaga, Sunday night will reach $30,000.

A Chicago grand jury has indicted Secretary Gibson of the whisky trust for attempting to bribe a Government officer to blow up Shrefeldt's distillery.

William Lawlor, who was convicted with William Black of having robbed Darling's jewelry store in Simcoe of $14,000 worth of jewelry, has been released from the penitentiary after serving seven years of his ten-year term.

Death After a Lifetime in Bed.

MOUNT HOLLY, N.J., April 20.—Mrs. Mary White died here yesterday after an illness of more than 30 years, during which long period she never arose from her bed. A physician administered to her every day during her illness.

Will Continue to Sell Bait.

ST. JOHN'S, Nfld., April 20.—It is reported the fishermen at Bay de Eets are determined to sell bait to the French from St. Pierre and have resisted the government officers. Reinforcements have been sent to assist the authorities.

Sold for $92,000.

HAMILTON, April 19.—The premises and plant of the Hamilton Electric Light Company have passed into the hands of the syndicate composed of Hamilton, Toronto and Montreal capitalists. It is understood that the price agreed upon is $92,000.

Choked to Death by a Pencil.

WARWICK, Ont., April 19.—Allen, the 3-year old son of John Williamson, fourth-line west, was choked to death by swallowing a play pencil.

Escape of a Smallpox Patient.

WINDSOR, April 19.—On Wednesday Shelson, the smallpox patient at Blythewood, escaped from quarantine and next day a telegram was received from the health officer at Sarnia stating that Shelson was under arrest there and that his face was covered with the marks of the disease. It is feared that the action of Shelson will cause a small epidemic.

Stand Your Ground.

When you make up your mind to take Hood's Sarsaparilla, do not be induced to buy some other preparation instead. Clerks may claim that "ours is as good as Hood's" and all that, but the peculiar merit of Hood's Sarsaparilla cannot be equalled. Therefore have nothing to do with substitutes and insist upon having Hood's Sarsaparilla, the best blood purifier and building-up medicine.

ATTRACTIONS IN

DRY GOODS AT TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $18.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

She Wanted the Neighbors to See.

MRS. BLACK—How much did you say those lace curtains were?

CLERK—Just $2.50 per pair, ma'am.

MRS. BLACK—Well, I'll take three pairs, for that will only amount to six dollars, and I can pretend to pay ten dollars for the same article. I think they are just lovely.

CLERK—Can I sell you a nice parasol to-day?

MRS. BLACK—What is the price for a good parasol? I suppose yours are all new? They ought to be the most stylish and most durable.

CLERK—Yes ma'am. Our parasols are all new and fresh, and we can give you a very pretty parasol in every, combined or reversible handle. Our price for a pretty parasol is 50c.

MRS. BLACK—Well, they certainly are cheap. I'll take one for myself, one for Susan Jane, and one for Maria. Be sure you don't send the parcel after dark, and you needn't be particular about wrapping up the parasol, for I shall pay next door neighbor to see that it is a good one I bought at

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

TUESDAY, APRIL 21, 1891.

Lady Dufferin, the wife of Lord Dufferin, the British ambassador at Rome and formerly Governor-General of Canada, will shortly publish a work entitled "My Canadian Journeys, 1872 and 1873."

The Manitoba Legislature was prorogued on Saturday. The Governor's assent was withheld from the bill relating to foreign corporations, which was recently disallowed at Ottawa and re-enacted by the Legislature.

THE SUGAR DUTY QUESTION is raised in Canada by the operation of the McKinley Bill, the difference in the price of sugar on the two sides of the line being both a source of much dissatisfaction on the part of the people and a corrupting influence upon those who are tempted into it by smuggling. As nearly as can be calculated, the sugar used in Canada costs the people five million dollars more on account of the duties. The government gets three million dollars. As the Government expects a surplus of three or four millions annually it could afford to abolish the duties altogether. As that, however, would be disastrous to the manufacturers it is likely that what deductions are made will be made so as to leave them protected, as in the United States. We may speak, says the Montreal *Witness*, with what contempt we please as to having our customs tariff dictated by the United States, it is obviously difficult to avoid this under any protective system. The only way of emancipation is free trade.

The Coming Session.

The Ottawa *Free Press* thus refers to the session of the Dominion Parliament, which is to open on Wednesday, April 29th:—Those newspapers which have been predicting that the session of the Dominion Parliament which opens on the 29th instant will be a brief and unimportant one, do not understand the political situation. No doubt the ministers are anxious to have a short and a quiet session. They would like to postpone discussion and action in regard to the great issues which have been forced upon parliament and the country by their own incapacity, folly and dishonesty. After appealing to the country under the pretence that they desired authority to negotiate a reciprocity treaty with the United States, they now want the reciprocity question dropped, because it is rather distasteful to the combinesters, whose money enabled them to purchase constituencies. Mr. Foster is anxious to avoid making any changes in the custom tariff this year. He insists that Canadians should be satisfied to pay eight cents a pound for sugar which can be purchased in the United States for five cents a pound, in order that the members of the sugar combine may be able to purchase million dollar palaces and purchase estates in England. Even the followers of the Government admit that the present burden of customs taxation is outrageous, but the combinesters are masters of the situations, and Sir John Macdonald is afraid to touch his wonderful tariff edifice lest it should collapse completely and bury his ministry in the ruins.

But the desire of ministers for "a short, quiet session" is not likely to be gratified. Strengthened and encouraged as they have been by the recent elections, and feeling that they are fighting for the people's cause, the Reformers in parliament can be trusted to fully ventilate every subject in which the taxpayers of the country are interested. The session may last four months. It is nearly a year since parliament was prorogued, so that there will be a year's accumulation of business to dispose of. Mr. McCarthy proposes to renew his attack upon the dual language and Separate school systems of the North West Territories, and the discussion upon his propositions is likely to be long and bitter. Sir John Thompson has promised that the McGreevy-Tarte-Langevin scandal shall be referred to the committee on privileges and elections, and the Liberals will fight for a thorough investigation. Having broken faith with the Liberals in the matter of the revision of the electoral lists, Sir John Macdonald and his colleagues have no right to expect any consideration at the hands of their opponents now, and Sir Hector and Mr. McGreevy will receive just the same treatment as was accorded Mr. Rykert last session. If the charges preferred against them by Mr. Tarte are established—and some of them are admitted—mock appeals for sympathy will avail nothing.

And the government will have to grapple with the Manitoba schools question. Though they have vetoed two Manitoba acts at the demand of wealthy speculative corporations, they have paid no attention to the appeals of the French Canadian and Catholic minority for the disallowance of the bill abolishing the Separate schools system in that Province. The ministers have promised to grant money to pay the expenses of testing the constitutionality of the acts in question, and Mr. Dalton McCarthy announces that he will do his utmost to prevent the fulfilment of that promise. It will be interesting to watch the backing and filling of the ministerial leaders with respect to that subject. The tariff question will be discussed in all its phases, and the supporters of the government will be compelled either to vote with the Reformers in favor of the repeal of the unjust provisions of the Foster tariff, or defend those iniquitous features of the law with their votes. Such disclosures will be made regarding the ministrations of the custom law that the ministers will probably be compelled to grant a committee of enquiry, and then some startling revelations may be looked for.

Supporters of the government who preach protection for farmers will have to explain how they can square their alleged principles with a policy of reciprocity with the United States in farm products, and those whose chief political stock-in-trade is loyalty, will have to reconcile their preaching with their practices. There will be the Washington Mission, the difficulty with Newfoundland, the indefensible conduct of our high commissioner, and other fruitfull topics of discussion to be dealt with, and the ministers will have their hands full. The session will be a long one.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

Not a "Fake" Journal.

"Is it another fake?" is a question the friends of the DOMINION ILLUSTRATED have frequently to answer with regard to the prize competition inaugurated by the publishers of that Journal for the current six months. She publishers have themselves given the best answer to that by publishing the list of prizes. There are 100, aggregating in value over $3,000. The first is $750 in gold and the smallest is valued at $5. The competition consists in finding in current numbers of the Journal the answers to thirty-six questions, six of which are published each month. On receipt of 12 cents in stamps the publishers (the Sabiston Litho. & Pub. Co., Montreal) will send sample copy with full particulars.

In the first stage of consumption Miller's Emulsion will certainly cure. For sale at all drug stores. dw

Children Cry for Pitcher's Castoria.

SMELLING AT THE CORK.

The smell of the cork won't cure you. Rest assured of that, Madam. That's common sense in a nutshell. Do not take a dose or so of Dr. Pierce's Favorite Prescription and expect to feel well *immediately*. You may find marvelously speedy effects from its use, but chronic, or lingering, diseases, which have had possession of the system for years, can't be cured in a day. Such maladies are generally slow in their inception, slow in their progress, and must be cured, if at all, by slow degrees and regular stages.

Perseverance in the use of the "Favorite Prescription" for a reasonable length of time will cure all those chronic weaknesses, irregularities and derangements with which so many females are afflicted. But the use of this world-famed medicine must be persisted in for a considerable time in long standing, complicated and obstinate cases.

Go to your drug store, pay a dollar, get a bottle and try it—try a second, a third if necessary. Before the third one's been taken you'll know there's a remedy to help you. Then you'll keep on taking it and a cure 'll come.

But if you shouldn't feel the help, should be disappointed in the results—you'll find a guarantee printed on the bottle-wrapper that'll get your money back for you.

How many women are there who'd rather have the money than health? And "Favorite Prescription" produces health. Wonder is that there's a woman willing to suffer when there's a *guaranteed* remedy in the nearest drug store.

Where proof's so easy, can you afford to doubt?

Manufactured by World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

Little Things Speak.

"What a little thing I am! It is hardly possible to realize the fact that my usefulness extends from ocean to ocean; that I am always a welcome visitor to every home where I am used to give new life, new usefulness, and fresh, lasting looks to what was once cast away and worthless. I am a life preserver, a renovator a messenger of joy and pleasure; and I daily instruct in the science of economy. Ah! reader you have guessed my name, have you? Yes, I am indeed Diamon Dyes, and intend to follow up the good work I so long ago commenced in Canada. Some poor competitors are endeavoring to displace me from my high position by stratagem and false representations; but the verdict everywhere is in my favor."

Ahead of Koch's Lymph.

Charles Campion, Kingston, Ont., says:—Gained 7 lbs. with one bottle of Miller's Emulsion of Cod Liver Oil. Cured bad Bronchial Cough with a few doses and made me feel like a new man. I strongly recommend it. All druggists keep it. dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

A Great Blessing.

Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses, from its wonderful efficiency in curing chapped hands, and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal 6d92

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hanel, Perfumer, Philadelphia, Pa.

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credit and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

SIR PROVO WALLIS.

His Popular Title is "Father of the Royal Navy."

100 YEARS OLD SUNDAY.

A Lifetime on the Seas—A Canadian Who Distinguished Himself in the Shannon-Chesapeake Affair and Many Others—The Honors Heaped Upon Him.

IR Provo William Parry Wallis, G.C.B., senior admiral of the fleet, whose 100th birthday will be celebrated to-morrow (April 12th), is an officer whose eventful life forms perhaps the sole remaining link between the present and an ever memorable period of British history. Sir Provo is a Canadian—is one of Canada's most distinguished sons. He was born at Halifax, Nova Scotia, on the 12th of April, 1791, the son of the chief clerk in the office of the commissioner of the navy yard at that port. His naval career began in 1804. In his long and honorable service he has seen many changes in the conditions of naval warfare; he has seen a complete revolution in the construction of iron clads; he has beheld these floating fortresses fitted with engines of destruction which could never have even been dreamed of in the days when he was a midshipman, and he has witnessed the abolition of purchase and patronage and the introduction of the system of promotion by merit into the force.

Upon this point we cannot do better than reproduce this extract from The Times, published some years ago. "In more ways than one is Sir Provo a link between the obsolete past and the scientific present. When he entered the service and for many years afterwards there was no steam navy. The first steam vessels,

ADMIRAL SIR PROVO WALLIS.

and they were only tugs, did not appear in Portsmouth harbor until nearly the twenties, and Sir Provo never served in a steam vessel of any kind. That he never served in an ironclad or even an iron ship; never was shipmate with the breech-loading gun or, indeed, with a heavy gun of any sort as heavy guns now go; never had proving acquaintance with torpedoes and electric light—these are assertions that can be truthfully made concerning no naval officer, save Sir Provo Wallis, on the active list of any service. He is old enough to have served under Lord Bridport, Lord Hood, Sir Richard Hughes, Lord Hotham, Lord St. Vincent, Lord Duncan Cornwallis, Lord Keith, Lord Nelson, Lord Collingwood or Sir Robert Calder. He is modern enough to know Lord Charles Beresford, Mr. Whitehead, Mr. Beeman, Lord Armstrong and Zalinski. The officer who was at the head of the admirals' list when Sir Provo became a midshipman was Admiral of the Fleet Sir Peter Parker, Bart, who was born in 1721 and who entered the navy about 1735.

He may well have known and served under Admiral of the Fleet Sir John Norris, who lived until 1749, and who had been promoted captain for his gallant behavior at the battle of Beachy Head on June 30, 1690. Thus the services of only three officers, Wallis, Parker and Norris, are long enough to call us directly back to the revolution of 1688. Surely at no period of our history has any officer gained a better right than Sir Provo William Parry Wallis to be called the father of the royal navy."

Sir Provo was appointed midshipman on the Cleopatra in 1804, under Capt Sir Robert Laurie. On the 17th February, 1805, he experienced his first taste of action, the Cleopatra having entered into an engagement with the French frigate Ville de Milan. The Cleopatra was disabled by her antagonist, and in great danger of being sunk. After a desperate encounter the English were overpowered and the British colors hauled down. The Cleopatra was, however, rescued and the Ville de Milan became the prize of the Leander, a 50-gun ship of the British fleet, without firing a shot. The French ship was added to the British navy under the name of the Milan. The next appointment of Midshipman Wallis was with the Cambrian, and while cruising in her off Antigua the tidings reached him of the battle of Trafalgar. He afterwards served in the Triumph and in 1808 at the age of seventeen he was promoted lieutenant of the Curieux—a ship which ran ashore during the blockade of Guadeloupe and was burned by the orders of her captain. Mr. Wallis then received a lieutenancy in the Gloire, a much larger vessel, and took part in the destruction of the battery of Ane la Bergue and the French frigates, as well as in the capture of Gaudeloupe shortly afterwards. For his services on that occasion he was rewarded with a medal. In 1812 we find him appointed to the Shannon under Captain Broke and he was with her throughout her famous cruize off the American coast. England had been humiliated by disaster after disaster at sea at the hand of the Americans, and it seemed as though her sovereignty of the sea was to be disputed. The British sailors were burning to wipe out the indignities which had been sustained, and the Shannon was one of the vessels that blockaded the American ports and was sailing up and down the coast in search of battle. It came in the form of the encounter with the renowned Chesapeake. The muscular and daring Capt. Lawrence of the Chesapeake had drawn up his men, and, appealing at once to their patriotism and cupidity, promised them a large amount of prize money. He closed his address with the words, "Peacock her, my lads, Peacock her!" The Peacock was the name of a British vessel that had fallen a victim to American prowess. The Shannon was short of provisions, and such as they had were stale from long cruising, and Capt. Broke felt the responsibility of his position, and realized the necessity of saying a few plain words to his men. The time, he said, had now come for which they had been waiting to avenge the repeated disasters and insults the nation had suffered, and the people at home expected news from over the sea that Britain's sons were Britons still. He told them of the taunts of their enemies that England would have to haul down her haughty flag. "Don't try to dismast her. Fire into her quarters, main deck into main deck, quarter deck into quarter deck. Kill the men and the ship is yours." Under equal sail the ships drew near each other, the officers and men being all ready at their stations. The Shannon's main deck was commanded by Lieuts. Wallis and Faulkner, and as soon as the guns bore upon the Chesapeake's second bow port she delivered her broad-side with telling effect. The gallant Capt. Lawrence fell, mortally wounded, many men were slain, and the air was filled with flying splinters and a cloud of dust. After another fearful broadside Capt. Broke and his men boarded the Chesapeake, and a desperate conflict raged upon her decks. The captain was severely wounded, the first lieutenant was killed, and Lieut. Wallis was in command. For thirteen minutes the terrible onslaught lasted, and victory was complete; but 252 men had been placed hors de combat. Lieut. Wallis put a crew on board the Chesapeake and bore her away for Halifax, which he reached within a week. When the Shannon reached England her officers and crew were thanked by the Prince Regent and entertained by the City of London. Medals were struck and distributed, and Capt. Broke was made a baronet. Lieut. Wallis for his share in the transaction received a "letter of approbation" from the Admiralty and a sword from his captain. Commander Wallis was appointed to the Saipe, and for a while went out of active service on half pay. He was in Paris when Napoleon escaped from Elba and startled Europe by appearing at the head of the French army. He succeeded in effecting his escape from the French capital through the kindness of a dignitary of the Roman Catholic Church. He married a daughter of Archdeacon Barnstaple. On re-entering active service a few years later he gained the rank of post captain. He was appointed to the Niemen and subsequently became captain of the Madagascar, in which vessel he protected the British subjects at Vera Cruz when the French fleet bombarded it in the Franco-Mexican war. For his services he received the public thanks not only of the rescued but of the large number of British merchants whose interests had been at stake there. He was made captain of the Warspite and senior officer on the River Tagus in 1843. In the following year he was the special envoy of England, when Tangier and Mogaclar were bombarded by the French under the Prince de Joinville, and for the skilfulness and success of his services on this mission he received the thanks of both the British and French Government. In 1845 he was senior officer on the Syrian coast during the Syrian war. He was some years afterwards made an aide-de-camp to her Majesty, preferring that honor to the good service pension offered him. In 1851 he obtained full flag rank; in 1857 he was appointed commander-in-chief on the southeast coast of America. He was recalled the following year in consequence of his promotion to vice-admiral. Since 1858 he has not been to sea, but in recognition of his long and active services he was placed upon the active list for life. The rule is that admirals must retire from active service at the age of 70, but an exception was made in favor of Admiral Wallis whose honor is unique. In May, 1890, he was made K. C. B., and in 1875 admiral of the fleet. He enjoyed but a few years married happiness before his wife died and he married again in 1840, his second wife being a daughter of the late General Sir Robert Wilson, M. P. Sir Provo is now in feeble health, but his mind is vigorous, his memory clear and his handwriting smooth and steady.—Toronto Globe.

WHY go about hawking and spitting when Nasal Balm will remove every vestige of your catarrh, and thus relive you of this disagreeable habit? In cases of cold in the head Nasal Balm gives instant relief, and there is no case of catarrh it will not cure if used according to directions. A single bottle will convince you of its merit. 6d92w

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. dw

A True Bill.

Wm. Gillespie, Wolfe Island, Ont., says: I had indigestion and stomach cough for three years. Was treated by best physicians and used numerous patent medicines without success, when two bottles of Miller's Emulsion of Cod Liver Oil cured me. I have great pleasure in recommending it. For sale by all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w15d

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Hagyard's Pectoral Balsam.

Hagyard's Pectoral Balsam gives prompt relief in coughs, colds, hoarseness, whooping cough, croup, asthma or bronchitis. It is the most pleasant and perfect throat and lung healer in the world for children or adults. Price 25c. 2w15d

Everybody Admires Soft White Hands,

And every lady ought to use Dyer's Jelly of Cucumber and Roses, as it makes the skin soft and smooth. Druggists keep it. W. A. Dyer & Co., Montreal. 6d92

NOT one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief. dw

AN INACTIVE or Torpid Liver must be aroused and all bad bile removed. Burdock Pills are best for old or young. dw

AS A PICK-ME UP after excessive exertion or exposure, Milburn's Beef, Iron and Wine is grateful and comforting. dw

FOR NETTLE RASH, Summer Heat and general toilet purposes, use Low's Sulphur Soap. dw

CARTER'S LITTLE LIVER PILLS.

CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK
Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents five for $1. Sold everywhere, or sent by mail.

FLAX-SEED EMULSION COMPOUND

BRONCHITIS
135 Lexington Ave., New York City, Sept. 19, 1889.
I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION
Brooklyn, N. Y., Feb. 14th, 1889.
I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION
Brooklyn, N. Y., Dec. 20th, 1888.
I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY
Brooklyn, N. Y., Oct. 10th, 1888.
I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES
187 West 84th St., New York, Aug. 6, 1888.
I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM
Sold by Druggists, Price $1.00.
FLAX-SEED EMULSION CO.
35 Liberty St., New York.

the D&L Emulsion OF Cod Liver Oil AND THE Hypophosphites of Lime and Soda.

No other Emulsion is so easy to take.
It does not separate nor spoil.
It is always sweet as cream.
The most sensitive stomach can retain it.

Carey, of Toronto, Grand President of the E. B. A., will also be present. Admission 15c. 1d

Christian Endeavor.

The Young People's Society of Christian Endeavor in connection with St. Paul's church commemorated its second anniversary Monday night by an open meeting in the church. There was a good attendance and the proceedings were marked by a deep spiritual interest on the part of all. Mr. A. J. Johnston occupied the chair. The choir was in attendance, with Prof. Aridge at the organ. After an opening hymn and prayer by Rev. E. F. Torrance, there was a responsive from Psa. cxxxix, 1-12, followed by the singing of another hymn. The topic of the evening was then taken up, and at intervals papers were read by Messrs. J. H. Connal, W. Nelson and A. McCallum, interspersed by prayer by Misses. Colville and Anderson, and vocal solos by Miss Sophie Cimeron, Master Aridge and Miss Vair. After the collection was taken up Rev. Mr. Torrance delivered a short address, and the meeting was then brought to a close.

Tickets, 25c.

IT'S NOW A PLEASANT MEMORY

The Swell Event of the Social Season.

All Praise to the Edison Company for their Magnificent Entertainment—Nearly Two Thousand People Accept their Hospitality—The Great Ball Given by the Edison Company.

There have been many social assemblies in Peterborough, but none larger or more brilliant than that given by the Edison Company Monday night. The formal opening of the new works was marked in a characteristic way. Everything undertaken by the Edison Company has been carried forward with a vim and enterprise peculiarly their own, and the same spirit was manifest in their management of the ball. That it was the grandest ever held in Peterborough there is no doubt—"no possible, probable, shadow of doubt, no possible doubt whatever;" and the townspeople are deeply indebted to the Edison Company for the hospitality extended them.

The ball was arranged on a correspondingly generous scale to the broad views and liberal ideas of its donors. In the neighbourhood of a thousand invitations were issued, and all classes of citizens were in attendance, and thus made to feel that the Edison Company belonged to the town and that they all had a right to feel interested in this immense industrial acquisition. More than a thousand people gathered in response to the invitations, and when the ball was at its height the scene was a memorable one. Over the wax glazed floors scores of fairy-like forms flitted about in the arms of their gallant cavaliers to the sensuous pulsing of entrancing music. Jewels and gay decorations gleamed in the brilliant electric rays scarcely less dazzling than the bright flashes of smiling eyes which everywhere met one's gaze, while the galleries were thronged with spectators, and even at the windows great crowds of the "unwashed" peered in upon the beautiful panorama. It was a sight for the gods, and the Edison Company, through their clever and popular local engineer, Mr. Martin, deserve unlimited praise for having placed the opportunity for such rare enjoyment before the public.

The preparations were most complete; dressing rooms were provided, and all clothing checked. The decorations, though extensive, lost some of their effect by reason of the immensity of the building, but they were very attractive, nevertheless. Then the luncheons were quite satisfactory, and the spacious floor, though slightly heavy with dampness at first, grew better as the evening advanced. Last, but not least, the music. At nine o'clock the inspiring strains from Corlett's orchestra sounded through the hall, "music arose with its voluptuous swell," and—

> To brisk notes in cadence beating,
> Glanced their many twinkling feet.

How can we picture the brilliant scene? The "fair women and brave men," the ravishing costumes, the exultant stepping, the shuffling of slippered feet, the soft, low tones, the silvery tremulous laughter, the sweet odor of roses and violets, the rythmic melody of the music, and the noise and motion of the moving hundreds!

> Her feet beneath her petticoat
> Like little mice stole in and out,
> As if they feared the light:
> But, O, she danced such a way,
> No sun upon an Easter day,
> Is half so fine a sight!

And the dresses. The brain was bewildered by the marvellous creations worn by the ladies. White, pink, golden, blue and all the pretty colors were interwoven in rare productions of the dressmakers' art quite stunning to behold. A description of even the most striking is not possible in these columns, much less a list of the guests, who comprised the most fashionable folk of the town as well as the many who are eminently worthy and respectable but are not recognized worshippers at the shrine of Fashion. Nevertheless "everybody and his cousins" were there, and all enjoyed what the gushing maiden would term "just a lovely time." Mr. Martin was assisted in some of the work by a citizens' committee, to whom is largely due the *bonhomie* and success of the ball.

Who was the belle of the ball? Well, we give it up! Amidst so much beauty of face and form, enhanced by becoming *decolleté* dresses, it would be invidious to attempt to pick and choose. The question of supremacy is too difficult for even a "popular voting contest" to satisfactorily settle.

The moon was waning in the west when the merry dancers ceased their tripping of the light fantastic toe. The following programme was presented to the devotees of Terpsichore:—

PROGRAMME.

WALTZ.

1. Quadrille	2. Waltz
3. Polka	4. Waltz
5. Lancers	6. Waltz
7. Polka	8. Waltz
9. Lancers	10. Waltz
11. Eight Hand Reel	12. Waltz
13. Military Schottische	14. Lancers
15. Waltz	16. Polka
17. Waltz	18. Lancers
19. Waltz	20. Polka
21 Waltz	24. Lancers
23 Waltz	24. Sir Roger de Coverly.

There was a pleasing absence of all overdoing, which too frequently mars the comfort of large assemblies, the immense floor affording ample accommodation for all. The building was admirably adapted for this purpose, and the public will echo the wish that the Edison Company may open their other large buildings as they are completed with similar festivities.

Though no official invitations were sent outside of Peterborough, a number of people procured cards and sent them to friends at a distance. The result was that there were many strangers in the gathering—from Toronto, Montreal, Coburg, Port Hope, Millbrook.

It is impossible to give even a partial list of those present. Probably not more than two or three hundred were dancing, the remainder preferring to play the part of spectators. Among those present from outside the town the following were observed:—Col. H. M. Frances, and Mr. B. D. Frances, Sherbrooke. Mr. and Mrs. M. D. Barr, Toronto; Misses Leggatt, of Montreal; Mr. Clarence Smith, of Toronto; Dr. Dixon, of Toronto, all connected with the Edison Company, as well as Mr., Mrs. and the Misses Pedlar, of Oshawa. Mr. Pedlar being the representative of the Canada Roofing Company of Montreal; Miss McDonald, Toronto; Miss Stewart, Ottawa; Mr. and Mrs. T. Dean, Lindsay; Mr. Arthur White, Montreal, of the Grand Trunk; Miss Cobbett, Miss Irene Smith and Miss Nanreas, Port Hope; Mr. Fred. Reid, Cobourg; Mrs. Eyre, Toronto; Mr. Elliot, Millbrook; Mr. Jas. Rutherford, Montreal; Mr. R. Neil, Sherbrooke; and the following from Lakefield:—Mr. and Mrs. Lefevre, Capt. and Mrs. Elen. Mr. and Miss Blomfield, Mr. Burt, Mr. Lampreire, Mr. D'Arcy and Miss Strickland, Miss Barlee, Major Baillais, Mr. W. H. Casement.

Mention should also be made of the Battalion Band and sergeants of the 57th Rangers in uniform, their scarlet coats adding colour to the scene. The band opened the proceedings with the National Anthems of both Canada and the United States, out of compliment to the large American representation present and the personality of the Edison Company.

THE FORMAL PART.

About ten o'clock a slight interruption occurred. At the invitation of Mr. Martin some of the town councillors and others who were present took seats upon the temporary stage which had been erected near the main entrance, and Mr. Martin stepping forward claimed the attention of the audience for a few minutes. He first said he had two duties to perform—one pleasant and the other unpleasant. He would perform the unpleasant duty first, and said he regretted that some gentlemen whom they had all expected to be present had telegraphed that they were unable to do so. At his request Col. Francis, auditor of the company, read the following message received by wire, which explained itself:

SCHENECTADY, N.Y., April 20.

Important business engagements prevent our being present at the opening of Peterborough Works to-night. Please express to the guests our regrets, with best wishes for a pleasant evening to all participants, and hoping the same amicable relation will continue in the future,

We remain,

SAMUEL INSULL and JOHN KRUESI.

Another who had written him that it was utterly impossible to be here was Mr. Julius Meyers, a gentleman they all knew and esteemed. (Applause.) When it was known that Mr. Meyers had a contract for building and putting in operation five miles of electric railway before the first of June at Milwaukee, it would be seen that it was important he should remain and attend to his business. Mr. Langton also was unable to be present, and Mr. J. A. Barron, M. P., Lindsay, had telegraphed his regrets. Then the speaker turned to the more pleasant duty. He thanked the Mayor and town council for the practical interest they had taken in the Edison Company's undertaking, and also the ladies and gentlemen of the town for the sympathy and hospitality extended to the Company's representatives. The officers of the Company had been fortified by the sympathy of so many bright eyes which were looking with interest on their work (applause). He also thanked the merchants and dealers for the efforts they had made to accomodate the company with material and supplies. He was proud of the staff of men he had working under him in this undertaking (applause). Without their zealous and faithful service when the thermometer was below zero and through all sorts of weather, it would have been impossible to construct this immense building in which they stood. The other pleasant duty, said Mr. Martin, is in the name of the Edison General Electric Company to bid you all, Mr. Mayor and ladies and gentlemen, a most heart welcome to-night. I thank you for coming down and taking part in the celebration of the completion of this great building (applause).

MAYOR STEVENSON briefly replied, and in turn expressed the gratitude of the citizens for the hospitality extended them on this occasion. This was the formal opening of only one of the many buildings they expected to see erected in the course of time. The Edison Company had the sympathy and support of the townspeople in this undertaking, and the heartiest wishes for their success, and no effort would be spared on the town's parts to carry out their agreement to the letter, and even more. The Mayor thanked Mr. Martin, as the representative of the company, for the kindness shown the people.

There were others on the rostrum, but "on with the dance, let joy be unconfined," was the reigning motto, and so the formal part of the proceedings terminated with three rousing cheers for the Edison Company. Among those on the platform, were: Messrs. H. M. and D. B. Francis, of the Edison Company, Mr J. R. Stratton, M.P.P., Rev. J. C. Davidson, Rev. C. B. Kenrick; Councillors R. S. Davidson, E. H. D. Hall, W. H. Moore, R. M. Denniston, A. Dawson, H.C. Winch, W. H. Meldrum, Thos. Cahill, T. Kelly; Mr. A. V. R. Young, American Consular Agent.

ECHOES OF THE BALL.

The committee deserves great credit for the way they managed the ball. Everything passed off without a hitch. The door was closely watched, and only invited guests were admitted.

To sum the whole thing up, in the language of an enthusiastic admirer: "The Edison Company is the greatest on earth and we are the people." The undivided opinion is that the Edison Company did a very handsome thing in tendering this complimentary ball to the citizens of Peterborough. It was a new departure, but a decidedly admirable one.

The committee wish to thank Mr. Wade and Mr. and Mrs. W. J. Martin for their able efforts towards decorating. Mr. J. J. Turner also lent assistance.

The committee also owe a debt of gratitude to Mr. Jackson for the loan of the piano used by the orchestra. They feel deeply grateful to all who assisted in making the ball as success.

The caterers for the occasion were Messrs. Long and Hooper, who with a large staff of assistants supplied the necessary material comforts in a satisfactory manner. The provisions were completely exhausted.

Street Sprinkling.

To the Editor of the Examiner:

SIR,—In the name of common sense and decency, why is not the street sprinkler at work? The dust is flying thickly and pedestrians are made miserable by the choking clouds. Who is responsible for seeing that the town officials do their duty promptly?

YOURS,
DUST BIN.

Death of West Northumberland Registrar.

Wm. H. Eyre, registrar of deeds for the west riding of Northumberland, died at his residence on University avenue, Cobourg, Saturday morning. The deceased gentleman was born at Launceston, Cornwall, England, in July, 1826, and consequently at the time of his death was in the 65th year of his age. He came to Canada with his parents in 1832, when this part of the country was a forest wilderness. His father purchased a "clearing" in Hamilton Township, midway between the Town of Cobourg and Port Hope, then struggling hamlets. As a pioneer settler Mr. Eyre was quite successful, and when his son Wm. Henry reached the age of manhood he made him the present of a farm on the south side of Rice Lake. With his young family Mr. Wm. H. Eyre worked and lived upon this farm until March, 1870, when he received the appointment of registrar for the riding from the Sandfield Macdonald Government. At that time his brother, John Eyre, was the Local representative of East Northumberland, and had the additional distinction of being one of the famous "nine martyrs." For 21 years Mr. Eyre filled the position with general acceptability. He was also a commissioner of the town trust for many years. In politics he was a Liberal, and in religion an Anglican. It would be hard to find anywhere a more genial man. He was an enthusiastic and skilful angler, chess player and yachtsman, and his home was always open for the social entertainment of troops of friends, both old and young. In the year 1850 Mr. Eyre found a worthy helpmate in the person of Miss Leith, a lady of Irish birth. There survive eight children, six daughters and two sons. Of the daughters there are married viz., Mrs. Dr. Lightburne, residing at Phœnix, Arizona; Mrs. Pettigrew, residing at Cobourg, and Mrs. J. Walter Curry, residing at North street, Toronto. The sons are young men. Mr. Eyre had been failing in health for nearly a year before the silver cord of life snapped in twain.

Personal.

Mr. W. S. Bletcher, of the firm of Brown & Bletcher, grain merchants, Port Hope, is in town.

Mr. R. C. Carter, of Deseronto, superintendent of Agencies of the Rathburn Co., is in town to-day.

Messrs. C. J. Phelan and Walter Phelan are attending the meeting of the C. L. A. in Toronto to-day as delegates for the Peterborough Lacrosse club.

The Misses Parkinson, of Oakwood, Ont., nieces of the Hon. S. C. Wood, are at present attending the Peterborough Business College, and are taking complete courses in book-keeping and shorthand.

Five Men Sent to Gaol.

A tough looking quartette, their wrists manacled together, marched up to the gaol this morning, while behind them walked the police. Three of them gave their names as James Curtis, Thos. McDonald and Wm. Reynolds. They were thoroughbred specimens of the genus tramp, and have been begging about town for some days and "camping out" near Burnham's Point over night. They were given a month each in gaol at hard labor as vagrants. A young man from Harwood named Fred Miner completed the quartette. Miner was arrested at the Edison Works last night. He was one of the great crowd that surged about the doors of the building, whom the chief and an officer had difficulty in keeping back. When the chief's back was turned Miner threw a stone and hit him in the back. Constable Stewart noticed the action and promptly arrested Miner. He pleaded guilty this morning, and having no money to pay his fine, was also sent up for a month. Poor Bobby Panter was committed for three months. Bobby is a well known figure around town. He is a harmless imbecile, and the small boys make his life miserable. Last night he was the centre of a noisy group at the Edison works, and the police arrested him in order to maintain quiet. This morning his father stated that Bobby was so hard to look after that he was a nuisance, so he was sent up for three months to be out of harm's way.

Children Cry for Pitcher's Castoria.

THE TOTTEN PREDICTION.

How He Finds His Calculations as to the Second Coming of Christ.

NEW HAVEN, Conn., April 20.—Prof. C. A. L. Totten of the Sheffield Scientific School of Yale, who has made a mathematical calculation, founded on Biblical truths, which he says proves beyond peradventure that the Messiah will come again in 1898, said to-day:

"Some newspapers have published that I predict the end of the world within this century. That is their error, not mine. I don't think that the end will come for a million years, and I haven't made my prophecy about it at all. My remarks were neither comprehended nor even apprehended. But here is what I do declare—not prophecy, for the prophecy is already told in the Bible in the parables of the laborers in the vineyard and the virgins with their lamps.

"A generation, in its true Biblical sense, is three score and ten years—70 years—and so the 57 generations, traced through the genealogies in the Old Testament, equal 3990 years, and hence the 58th generation began with 3991 (year of the world). The hours mentioned in the vineyard are each 153 years. So, multiplying these by the 12 hours, we have 1836, which, added to 3991, equals 5827 years of the world and the completion of the vineyard parable. Then, as the work naturally concluded at sundown, the parable of the virgins and their lamps properly follows. And this parable, according to the text, represents one generation—70 years—which, added to the 5827, makes 5897.

"Now, this 5897 A.M. (year of the world) corresponds to March, 1899. Why? For these reasons: Caesar pushed the beginning of the old Hebrew year from the autumnal equinox (in September) ahead to March. England pushed the year ahead from March to January, and Pope Exignus mistook the beginning of 4001 for 4000 in computing the birth of Christ. We thus gained six months plus three months plus one year, which equals one and three-quarter years. Deduct from 5897 thus and we have 5895¼, the time at which the bridegroom will come and will find some of the virgins with their lamps untrimmed.

"The 5895¼ year since the birth of Adam will see the bridegroom, who of course is none other than Christ himself. Now, what is 5895¼ A.M. in our A.D. years? Herod ordered all the innocents of two years and younger to be put to death, and in a very short time after that the eclipse of the moon took place. It took place in the year 3996, according to Josephus, and Herod died in that year, too. Now Herod limited his order to children of two years, because about two years before the magi informed him of the birth of the Saviour. So Christ was born two years before the eclipse and the death of Herod took place two years before 3996, that is, 3996. So now subtract 3996 (birth of Christ) from 5895¼ A.M. to find the A.D. year, and you leave 1899¼ A.D., or in March, 1899, the bridegroom will come and awaken the foolish virgins.

"When you see the bud is bursting you know that harvest will follow in time as a natural consequence, and he who notes the signs of the times will see that the appearance of the bridegroom is not far off. He will come again to correct the abuses of nations and individuals. He will cast out customs that conflict with his teachings. He will expurgate the nations and will establish a better order in the temporal and spiritual concerns of this world. I don't mean by this that I believe the millennium will begin in 1899. I think that is a thousand years away. I say simply that at His second coming Christ will make the world better, as He did at His first."

Touched a Live Wire and Died.

CHATTANOOGA, Tenn., April 20.—A horrible accident occurred in this city to-night in the presence of several thousand persons who had gathered at Ninth-street and Georgia-avenue to witness the Fire Department put out a small blaze in the European Hotel. Charles Werner, head hoseman of the Lookout Fire Department, was at the top of the long ladder playing a hose in the third story window, when he got a shock from a live electric wire and dropped dead to the ground before the thousands who were looking on at the fire.

Annie Besant.

Mrs. Annie Besant, who has arrived in this country on a lecture tour, is an extraordinary woman. The wife of a church of England clergyman, she left her husband to become a disciple of the late Charles Bradlaugh, and for many years was identified with him in his literary pursuits and fully accepted his views on matters of religion, which, as is well known, were those of an atheist. Mrs. Besant has since joined the theosophist, and is at the

ANNIE BESANT.

present moment a worshipper at the shrine of Mme. Blavatsky, including mahatmas, cabinets, and the whole box of tricks. It is a matter of regret to see a really sensible woman converted to a gross superstition by the charlatan tricks of the theosophists.

The following is Mr. Bradlaugh's opinion of his former partner: "Mrs. Annie Besant as an orator has few, if any, equals amongst her own sex on either side of the Atlantic. I am sure, that, with Lessing, she always seeks for truth, and will never hesitate, whatever the personal consequences, to proclaim in turn each truth she thinks she has found." She is to lecture in Montreal.

Edwin Booth Retires.

At a recent performance in the Brooklyn Academy of Music this veteran actor expressed the hope that it was not the last time he should appear on the stage; but as it is his last appearance this season other events point the correctness of the general belief that he has retired for ever. If this be so, not only will the foremost English-speaking player have departed from the stage, but an ancient school of dramatic art of which Booth was the greatest and last representative. At this last appearance "Hamlet" was the play, as it was his first in the winter of 1852-3, and no more fitting choice could have been made, for no player has ever been so much identified with the character of the title role as Booth. When his audience thought of his long and splendid career, begun in 1833 in humble Tressel to his father's Gloucester, they accorded him a tumultuous ovation.

Arrested on a Capias.

GUELPH, April 20.—George Hutchinson, a moulder, was arrested on Saturday on a capias. It is alleged that the defendant seduced the daughter of William Gauhan of Milton and intended to leave for the United States. The capias was therefore issued in order to compel the young man to remain here and stand his trial.

Suicide At Fort Colborne.

ST. CATHARINES, April 20.—Dolly Zavits, 20 years old, son of a farmer living a few miles from Fort Colborne, placed the butt of a rifle against the wall in his room and the muzzle to his face and touching it off with a stick, blew his brains out. Illness had effected his brain.

Many people who pride themselves on their *blue* blood would be far happier with *pure* blood; but, while we cannot choose our ancestors, fortunately, by the use of Ayer's Sarsaparilla, we can transmit pure blood to our posterity.

Minard's Liniment cures Burns, etc.

Astonishing but True.

The following story can be vouched for by four persons in the City of Montreal, and is so by the family of the subject of this article. According to promise we withhold all names, but give to the public and those interested the plain and truthful facts of a most remarkable case. Mr. ——, a well known hardware salesman, was for over eighteen months terribly afflicted with nervous prostration, and twitching of the muscles. Mental depression ensued, which brought with it a failing memory, a forgetting of faces, names and facts. Two of the best physicians were consulted, but after weeks of attendance the sufferer's condition was not improved. The family were recommended to try Paine's Celery Compound, which, after having been used for about eight weeks, produced a most decided change for the better. The nervousness was banished, and there was no more twitching of the muscles. Sound and refreshing sleep was found, instead of nights of wakefulness; and in four weeks more a retentive memory and clear brain was obtained. This is not an isolated case. Paine's Celery Compound has done and is still doing what ordinary physicians are unable to do. There is hope for all who suffer like this Hardware salesman, when this great and effective remedy is used in time.

P A A A

The following complete list of the performers that will contribute the programme of the P. A. A. A. concert on Tuesday evening, April 28th, shows what a musical treat awaits those who patronize this charming entertainment: Miss Vair, mezzo soprano; Mr. T. Dann, baritone; Master Aridge, boy soprano; Prof. Aridge, flautist; the Peterborough Male Quartette, Messrs. Manning, Rose, Matthews and Drope; the Amateur Orchestra in a fine programme of overtures and selections; Mr. J. H. Cobb, artistic [illegible] club swinging. Prices, 25c. and 50c. Plan of hall at Greatrex's drug store. d91

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

A MAN'S wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so, too! dw

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PIERRE MORRER, 98 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

Cuticura Remedies

Were Given Unqualified and Unsolicited Endorsement.

Cuticura Proves a Godsend.

I was in the year during 1883-4, and took a heavy cold at the Exhibition, from which I never fully recovered. In 1885 I broke out in sores all over my chest and shoulders, which spread from time to time, I tried all the famed doctors I could find, and to no avail. I expended over five thousand dollars trying to find a cure but could not, and finally either myself up to do die, my good wife proposed to me, one day, to try the CUTICURA REMEDIES, which were so extensively advertised and used. I followed her advice, and am happy to say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. C. L. PEARSALL,
1 Fulton Fish Market, New York.

April 15, 1890.

Cuticura Remedies.

These grateful testimonials tell the story of great physical suffering, of mental anguish, by reason of humiliating disfigurations, and of threatened diseases happily and speedily ended, by the CUTICURA REMEDIES, the greatest Skin Cures, Blood Purifiers and Humor Remedies the world has ever known.

Spring Business opens

Brilliant Booming Bustling Buoyant

We have opened the batteries of trade from our staunch old fort and from the moment we opened in dead earnest Spring Business started with a jump. We are now in the heyday of our glory, because we are told by everybody that we occupy first place in the galaxy of clothiers. Our store is filled to overflowing with a grand assortment, and every department is jammed with elegance. Every table is filled with new styles and there is nothing cheap about anything except the price.

LOOK US UP!
LOOK US OVER!

We have a beautiful and elaborate range of new and elegant styles in Tweeds and Overcoatings for Spring wear. These we make to measure in short order at short prices. Our efforts have always been directed to maintain the leadership in low prices and success and supremacy has crowned our efforts.

Clothiers and Furnishers.
Peterborough.

You Want to Buy a Home

And bear in mind you are making one of the mistakes of your life by delaying, because no sane man can fail to see that new and extensive Manufacturing Industries, new Railway Extensions, the development of the mineral wealth of our back country and the early commencement of work on the Peterborough and Lakefield section of the Trent Valley Canal, cannot fail to force our fine town into the front rank as one of the leading cities in Ontario.

This being the case, is it wise for you to continue to rent if it is possible for you to buy, and a very moderate amount of money will enable you to do so.

I have Lots at all prices and in all parts of the town with special snaps for speculators, on the line of the canal from $50 up.

Houses and Lots in quality, location, price and terms to suit all buyers. Do not delay. Come and see me if you want a good property at a low price.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

Head Office—Montreal. | Incorporated—1865

Authorized Capital..... $1,000,000.00

The progress of the SUN in 1890 is unprecedented in the history of Life Assurance in the Dominion of Canada. The increase in 1890 equals the whole business put in force by the Company for the first seven years of its existence.

Income in 1890 ..... $761,700.00
Policies written in 1890..... $5,200,000.00
Life policies in force at close of year. $16,800,000.00

The surplus PROFITS for the year exceed what accrued for the first six years the Company did business.

Peterborough Daily Examiner.

VOL. XII. NO. 94. PETERBOROUGH, WEDNESDAY, APRIL 22, 1891. PRICE TWO CENTS.

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credits. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on these terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

ONTARIO LEGISLATURE.

AMENDMENTS TO THE MINING LEGISLATION PROMISED.

The Ontario Insurance Act and "the Jack"—Courts to Sit on Holidays—Grants to Protestant and Catholic Schools.

TORONTO, April 22.—A deputation of parties interested in mining waited upon the Government yesterday to protest against the proposed Mining Act, and laid before the Government the grievances complained of at a recent convention held in Toronto. They submitted this memorandum as expressing the opinion of the meeting:

1. It was inexpedient and would injure the country and the mining industries of the province in their present condition to subject the products of any of the mines, whether located on sold or unsold lands within the province, to any royalty or special tax.

2. The patent should carry to the grantee, subject to such conditions for development as may be imposed, the absolute unlimited fee without reservation, except as to merchantable pine.

3. The price of mining locations in surveyed territory within five miles of any constructed line of railway or gravelled road should not exceed $4 per acre, and outside of such belt should not exceed $3 per acre, and in unsurveyed territory within five miles of such railway or road as aforesaid the price should not exceed $3 per acre, and outside of such belt should not exceed $2 per acre.

4. That the laws applicable to mining should, as far as possible, be general and that the laws of the province relating to mines and mining should as soon as possible be simplified and consolidated.

Mr. Mowat said the matter had already received serious consideration and would continue to do so. The deputation then withdrew.

Mr. Gibson's bill to amend the Ontario Insurance Act by providing that a company shall not be liable for any loss occasioned by the use on the insured premises of a steam engine within 100 feet of a barn or stack met with strong opposition from representatives of rural constituencies in the Assembly yesterday. The bill was introduced at the instance of the Fire Underwriters' Association Mr. Gibson said that in cases where the engine could not be placed at a distance of 100 feet straightaway the farmer could use an instrument called a "jack," by which power can be transmitted round a corner. Mr. Awrey said the bill had a wider scope than the promoter dreamed—[laughter],—that a "jack" costs about $75, and as it was estimated that there were over 2000 engines in use the bill would involve an expenditure of $150,000 on "jacks"—a very good thing for the "jack" company. Mr. Bishop showed that of 1100 fires in 1888 5 were caused by such engines and of 1000 in 1889 6 were caused by them, while each year more fires were caused by tobacco pipes. [Laughter] "Mr. Speaker, I think there is something behind this bill which is not on the face of it." [Laughter.] That settled it. The debate was adjourned on the motion of Mr. Fraser.

Mr. Meredith, in moving the second reading of his bill to provide that courts shall not sit on Christmas, New Year's and other holidays, and that the business of courts shall not be continued after 6 p.m., said he would be satisfied if the House assented to the principle of the bill, and would not press it any further this session.

Mr. Mowat, however, was opposed to the bill and refused to allow it to be read a second time. The vote for the second reading resulted 35 yeas, 49 nays. The division was on party lines, except that Messrs. Biggar, Guthrie and Paton supported the bill.

In committee of supply the item of $352,857 for hospitals and charities, an increase of $3579 over last year, raised a discussion upon the grants made to Roman Catholic and Protestant institutions respectively. Mr. H. E. Clarke pointed out that 20 Protestant charitable institutions received $17,014, having 1761 Protestant inmates and 88 Catholic inmates. Nineteen Roman Catholic charitable institutions received $28,301 having 94 Protestant inmates and 3381 Roman Catholic inmates. The total grant to 17 general hospitals was $37,008, with 3288 Protestant inmates and 2999 Roman Catholic inmates. The Roman Catholic population of the Province is about 880,000 and the Protestant population about 1,900,000. It might be expected that the grant to Protestant charitable institutions would be five times that to Roman Catholic ones, but instead it was $11,000 less. There were 1855 Protestants and 3351 Roman Catholic inmates. The only explanation could be that there was a different system of enumeration in the two classes of institutions. The inspector should make some inquiry into the mode of enumeration.

Mr. Fraser said the discussion was sprung upon them without notice and therefore an absolute answer could not be given at once. But the grants were given under the statute and the machinery for calculating the grants was the same in all institutions. He did not know whether the attention of the inspector had been called, to these figures but he was satisfied the details would bear the closest scrutiny. The reason of the apparent disparity in the number of inmates was that the religious minority of the Province was not so well off, especially in the large centres of population. The institutions were called sectarian, but anyone could obtain admission. There was not one institution that was exclusively religious in that sense. Whatever the reason for the difference might be, it could not be charged that the returns were improperly made.

The special committee on the bill respecting undertaking, embalming and organic chemistry struck out all clauses of a compulsory character. As the bill will go to the House it will provide simply for the establishment of the college with powers to grant diplomas and registration certificates. The penalty for the unauthorised use of the title of fellow of the college is fixed at $20 for a first offence and $50 for a second, half of the fines to go to the prosecutor and half to the college. The right of registration is extended to all undertakers and embalmers at present practising in Ontario.

The directors of the Ontario, Belmont & Northern Railway Co. waited upon the Government and asked for a grant of $25,000, or $3000 per mile for their road, which will connect with the existing lines and run to the northern portion of Belmont Township, Peterboro County.

He—Would you forgive me if I kissed you?

She—I—I don't know; but you can easily find out, you know.

In Training.

"Why are you drinking so much this evening, Lushington?"

"To get a thirst to-morrow morning."

A GIGANTIC STRIKE.

HUNDREDS OF THOUSANDS OF MEN TO GO OUT MAY 1.

Labor Day Will Be a Remarkable Occasion—France, Austria, Spain and the United States to Witness a Fierce Conflict of Capital and Labor.

LONDON, April 21.—Anarchists are busy throughout Europe organising for a general strike. In Paris, Vienna and Madrid they are distributing fiery circulars. Fifty thousand of these circulars are said to have been distributed in the barracks of Paris surreptitiously during the past week.

Meetings of workingmen were held on Sunday throughout Austria and Hungary to arrange for demonstrations. In Spain the workingmen are agitating in Barcelona, Valencia, Cadiz, Valladolid, Saragossa and other places. But the trades unions deprecate a strike on the ground that the men are unorganized and lack funds, and that by striking they will only play into the hands of the employers, besides creating a hostile feeling in the Cortes after the Government has projected important remedial measures.

All the European governments have decided to prohibit outdoor demonstrations. The employers are combining to refuse a holiday in Spain, and insist that every indoor meeting must be attended by a Government delegate.

On This Continent.

NEW YORK, April 21.—In the United States the situation is just as deplorable. The bituminous coal trade has suffered a terrible blow from the coke strike and will suffer a greater one on May 1. As far as is known up to this time the eight-hour strike of May 1 will be joined in by the 15,000 bituminous miners of the Clearfield, Huntingdon and Broad Top region and the 10,000 men in what is known as the Pittsburg district of railroad miners. The latter are distributed along the Baltimore and Ohio, Pennsylvania and Pan Handle lines within a radius of 75 miles of Pittsburg. The 50,000 coal miners of Ohio, West Virginia, Indiana and Illinois are also in the movement, and most of them will make a stand for the eight-hour day.

In New York the situation is alarming, and half-a-dozen trades unions will go out of work on the refusal of an eight-hour day. At St. Louis the outlook is black. Carpenters, marblecutters, carriagemakers and others are in line with the army of strikers, and will listen to no compromise. In Baltimore the stonecutters have set their teeth in the face of employers, and unless their requisition is heard before May 1 they will, to a man, march in the fight of the idle. The situation in New England is far more bright. Boston workmen want a nine-hour day and more pay, and the smaller cities are in sympathy with the Hub. Excepting the miners the trouble does not appear to be dangerous in the cities of Ohio, Cincinnati and Cleveland

Where the Strikers are Located.

The following table shows in figures the workmen in leading cities who will go out May 1:

Western Coal Mines:	
Estimated in Pennsylvania, Ohio, Indiana, Illinois and West Virginia	75,000
New York:	
Bricklayers' helpers	10,000
Bricklayers	5,000
Housesmiths	3,000
Marble polishers and stone-sawyers	1,200
Furniture workers	5,000
Varnishers	2,000
Machine woodworkers	400
Baltimore:	
Stonecutters	2,000
Pittsburg:	
Carpenters	5,000
St. Louis:	
All trades (estimated)	15,000

Street Railway Employes' Strike.

DETROIT, April 21.—Conductors and drivers on some of the lines of the city street railway company struck early this morning, refusing to take out their cars. The service has been considerably crippled during the day, but little violence has been used so far and only two arrests made. Cars are running under police protection. The men hope to be able to induce those who have not yet left their cars to do so.

TORONTO TOPICS.

TORONTO, April 21.—Seven toll-gates in York Township were closed yesterday, the municipality having purchased the roads.

Chief Justice Galt yesterday set aside a by-law passed by the municipality of London West under the recent Local Option Liquor Act. The ground of his decision is that the Dominion, and not the Ontario Government, have the power to pass such a bylaw.

Yesterday morning on the C.P. express from the east Major-General Herbert, accompanied by his aide-de-camp, Capt. Streatfeild, arrived in the city. After registering at the Queen's and breakfasting they were joined by Col. Otter, D.A.G., and Col. Dawson. The quartet visited the Drill Shed, and in the evening attended the reunion of army veterans.

One of the prisoners at the assizes yesterday was Maggie Mullin for forgery. After the jury had retired to consider their verdict the young woman was seized with pains of approaching maternity and by order of the judge was sent to the hospital, where she gave birth to a babe a few hours later. She will have to be again tried on the forgery charge.

Murdered the Whole Family.

LEIPSIC, April 21.—A gardener named Damm, living in the village of Albrechtshain, murdered his wife and 4 children with a hatchet to-day and then hanged himself. He is supposed to have been made insane by financial troubles.

McCarthy's Sunday Theatre Project.

LONDON, April 20.—The scheme for the Sunday theatre, which is the pet project of Justin Huntley McCarthy, M.P., is assuming a more definite shape. It has been proposed that in order to start it the use of the theatre of the Lyric Club should be obtained. The performances will in no wise interfere with church-going, because it is not intended that they shall commence earlier than 9 o'clock, and it is very likely that it will be even later before the curtain is rung up.

A Steamship Company's Collapse.

BORDEAUX, April 21.—The steam navigation company whose vessels ply between this port and New York is going into liquidation because of loss of money due to reduction of traffic, resulting from the duties imposed upon French articles of export by the McKinley Tariff Act, the French Government's virtual prohibition of American products and the increased duties placed upon American grain.

IN A HEAP OF TROUBLE.

PORTUGAL HAS A SERIOUS REVOLT ON HER HANDS.

The Officers of a Garrison on the West African Coast Murdered—King Carlos Must Also Answer to England for Firing Upon British Steamers.

LONDON, April 21.—The annual meeting of grand habitation of Primrose League (organized in honor of Lord Beaconsfield and with the purpose of propagating Conservative doctrines) was held at Covent Garden Theatre this city to-day. An immense assemblage of Conservatives, which included many of the best known men and women in England, was present. All the leaguers and their friends wore badges of primroses. Lord Salisbury, who presided, was greeted with loud and enthusiastic cheers.

The Countess of Radnor opened the meeting with singing "God Save the Queen," the audience joining in the refrain.

Lord Salisbury then addressed the meeting. He sketched the origin and growth of the Primrose League, saying it now numbered 1,000,000 members, a statement which was warmly applauded.

Referring to the political situation Lord Salisbury said that though the present aspect of affairs was encouraging the Conservatives must not doff their armor. The Irish question was one which this generation must solve. He, however, did not believe the coming general election would solve the question. Whichever way the elections went he could promise that the other party would have no rest so far as the Irish question was concerned. [Great cheers.] Lord Salisbury said that, thanks to Mr. Balfour, there had been five years of resolute government in Ireland, which country was now enjoying a state of peace and prosperity which it had not known for years. The speaker declared that he would regard Parnell's success as one of the greatest blows which the Empire could receive and the success of the anti-Parnellites would be not less injurious. They knew, said Lord Salisbury, that Parnell had the sympathy and received the support of American conspirators, while Mr. McCarthy, they were also aware, represented the secular efforts of some people who had high spiritual rank in the Romish Church. [Applause.] He thought the reverence and respect due to the bishop would disappear when they had behind them the familiar features of Mr. Schnadhorst (the organizing chief of the Central Liberal Association). Could they imagine, continued Lord Salisbury, the Archbishop of Canterbury summoning the Protestant clergy to resolve upon a change in the leadership of the Conservative party? [Laughter.] He would certainly demur at such an exercise of influence, and he would not be alone in demurring. Imagine an English clergyman denouncing from the altar every Liberal in his parish, and the London clergy leading their submissive flocks to the polls under threats of spiritual consequences in case they refused. In Great Britain this was impossible, yet the English electorate were asked to place Ireland under this hybrid secular-ecclesiastical power. In so doing they would place their brethren of the north of Ireland under a novel, monstrous power from which they would receive no mercy. [Cheers.]

Lord Salisbury advised a courageous, unflagging pursuit of the objects and aims of the Primrose League. He said there were times of great danger before them. The society had a great cause to maintain. It had been raised up at a critical period of England's necessities to defend principles having the sanction of centuries and thus defeat the wild, fantastic imaginations which were leading astray many communities in many parts of the world.

THE FRENCH FLAG.

Serious Revolt in a Portuguese Dependency on the West Coast of Africa.

LONDON, April 21.—The Press Association announces that Lord Salisbury has directed the British Minister at Lisbon to demand from the Portuguese Government an immediate explanation of the seizure of British vessels at Beira, and that if the response is not satisfactory Lord Salisbury will insist upon reparation.

LONDON, April 21.—The natives of Portuguese Guinea, west coast of Africa, have revolted and have hoisted the French flag. The garrison on the island of Bissao has been overpowered and all the Portuguese officers and soldiers massacred.

The rebels on the island of Bissao number 6000. They have had two battles with the Portuguese and have completely routed them, 400 native levies and four Portuguese officers being killed and 21 men wounded. In addition 71 men are reported missing. Reinforcements will be sent from Lisbon to the scene of the revolt.

Grave Fears of the Result.

LONDON, April 22.—A correspondent at Madrid says grave anxiety is felt there over the state of affairs in Portugal. He expresses fears that a revolution is about to break out, in which event, he says, the lives of foreign subjects will be endangered.

MORE FIGHTING IN ASSAM.

British Forces Continue to Punish the Manipuris.

SIMLA, April 21.—On Sunday the Manipuris approached near to camp and throughout that night kept up a desultory fire upon the British force without, however, doing much harm. The next morning the British force made a rapid, skilful advance upon them. The engagement was short, sharp and decisive, and the enemy was completely routed. The Manipuris had 150 killed and a number wounded; only one Englishman was killed and four were wounded. All the villages in the vicinity of the camp were burned.

Attributed to Bismarck.

BERLIN, April 21.—An anonymous pamphlet, of which Prince Bismarck is supposed to be the author, has been published in Dresden. The pamphlet is entitled "The Ruin of Austria," and among other things it suggests that Germany's truest policy is an alliance with Russia and Italy. Prince Bismarck, this publication adds, would unhesitatingly allow Russia to pursue her historically aggressive route to Constantinople through Bulgaria if that would avert a crisis.

A Poll Tax Riot.

PALERMO, April 21.—There was a serious riot at Cerda yesterday growing out of the opposition to the poll tax. Two thousand peasants protested against the tax and, invading the prison, released a comrade confined there. Then they marched to the communal offices, where they destroyed the records. Many rioters were arrested. Troops have been despatched to the scene.

Bought 'Em Too Late.

LONDON, April 21.—Philip Levi, the insolvent Dundas-street clothier, was arrested here last night by Detective Carpenter of Montreal on a warrant charging him with obtaining goods under false pretences from the firm of Horsefell & Co., wholesale dealers of Montreal. The goods are valued at $2000 and were obtained a few months since. The detective and the accused left for Montreal last night.

A Blind Editor Charged with Libel.

BRAMPTON, April 21.—Editor Mungovan of The Orangeville Post was before the magistrate here yesterday, charged with criminal libel preferred by John Willoughby of Charleston. Mr. Mungovan was committed for trial. The case will likely be tried at the spring assizes here. Bail was accepted. Mr. Mungovan is stone blind.

Collapse of the Plan of Campaign.

DUBLIN, April 21.—At a meeting of the Tenants Defence League here to-day Mr. Redmond stated that a continuance of the Plan of Campaign was impossible in view of the fact that with the exception of the fund now held in Paris there was no money with which to continue the warfare against the landlords.

Children Cry for Pitcher's Castoria.

A MUTINY IN THE GUARDS.

The Grenadiers Refuse to Obey Their Officers When Ordered Out On Parade—Complaints of Tyranny.

LONDON, April 21.—There is renewed and great excitement in military circles caused by a mutinous demonstration in the 3rd Battalion Grenadier Guards, in almost every particular similar to that which caused the second battalion of Grenadier Guards to be sent to Bermuda in disgrace. The Guards, who are at present at Chelsea barracks in this city, were ordered to parade in full marching order at 8 o'clock this morning. The men, who have been in a sullen frame of mind for some time, refused to obey. Then the officers consulted with the noncoms. and the latter appealed with some effect to the men, for a little later four companies formed up on the parade ground. The remaining companies, however, remained in their barrack rooms. The War Office officials were communicated with and the oldest members of the more discontented portion of the battalion, the men having the longest terms of service, were placed under arrest and an investigation into the cause of the mutiny was commenced, in order that a preliminary report upon the subject might be placed before the Duke of Cambridge, the commander-in-chief of the forces. The discontent has been growing for a long time. The men declare that they have been long subjected to a series of excessive and annoying drills for which there was no cause or reason. They assert that these alleged excessive drills were not ordered with the view of perfecting the battalion in military manœuvres or in the manual of arms, but the men say that these drills were ordered solely for the convenience of their officers. In addition the Grenadiers say that owing to the absence of their second battalion in Bermuda all the recruits of the Grenadier Guards are sent to the first and second battalions, thus necessitating continued extra drill and consequent hard work for large numbers of well-trained experienced soldiers, who might be spared the extra trouble and annoyance if their officers exercised a little more judgment and a little more feeling for the men under their command.

The Outbreak Premeditated.

The outbreak appears to have been a premeditated affair. It was at first supposed the trouble was confined to the Guards quartered at Chelsea Barracks. It is now announced that there was also a serious display of bad feeling upon the part of a detachment of Grenadier Guards quartered at St. George's Barracks. This morning, as usual, they were ordered to parade, and after some delay did turn out, but when they appeared on the parade ground it was evident they were depressed and discontented. Three Guardsmen, however, refused to parade in spite of all arguments and were placed under arrest.

$300 DAMAGES.

Emily Jane Secures a Verdict Against an Adelaide Farmer.

SARNIA, April 21. — At the Lambton Assizes to-day a jury returned a verdict of $300 for Emily Jane Hendrick in her suit against William S. Cheney for breach of promise and maintenance of child. The parties reside in the township of Adelaide, county of Middlesex. Plaintiff is a handsome, attractive young lady and the defendant is a well-to-do farmer. The plaintiff in her evidence stated the defendant had asked her to marry him two or three times before she consented. Defendant pictured to her a brilliant future and told her about the nice home they were going to have, and she commenced to prepare her trousseau. On cross-examination Mr. Lester asked the plaintiff why it was she jilted her first lover, G. Munro, who was a very handsome, affable fellow, and why she took to the defendant. After some hesitation plaintiff admitted that part of the reason was that defendant had more money, and, she added, "He told me he liked me so much."

Secured $30 Damages.

HAMILTON, April 21.—At the assizes today A. D. Gough of Toronto sued Smith, the clothing man here, for damages for advertising a stock purchased from him as a bankrupt stock when in reality he was quite solvent, though he disposed of his stock to Smith at 70 cents on the dollar. Plaintiff secured a verdict of $50 and costs.

THOUGHT HE WAS A PORCUPINE.

The First Time He Hit It He Missed It—Other Accidents.

BELLEVILLE, April 21.—Jacob Brant and Isaac Powles, two Indians from the Mohawk Reserve, in company with others, have for some time been hunting out at Silver Lake. One of the party was shooting at a porcupine when Brant, who was near by and unobserved, received one of the shot in his leg, inflicting an ugly wound. It was necessary to travel nearly 40 miles before the injured man could be treated by a medical man, he in the meantime enduring untold agony.

A Minister Injured.

WALKERTON, April 21.—The Rev. Mr. Fatt, rector of St. Thomas Church, was thrown out of his gig, and becoming entangled in the lines was dragged some distance through the street. One of his legs was broken below the knee, other injuries being also sustained.

It Went Off.

SPARTA, Ont., April 21.—While Charles Minor, son of Jordan Minor, was examining a revolver yesterday it discharged, the ball striking Herman Douglas, aged 17, in the ribs, 1½ inches above the heart. He will die.

DIED FROM EXCITEMENT.

The Sight of His Buildings Burning Was Too Much for a Campbellford Farmer.

CAMPBELLFORD, April 21.—Fire destroyed the barns and outbuildings of John Snarr, lot 23, concession 7, township of Rawdon, yesterday afternoon. Origin unknown. In addition to the buildings there were burnt three horses, six head of cattle and six hundred bushels of grain and hay, etc. The shock proved too much for Mr. Snarr, who was aged 71, and he dropped dead between the house and barns.

P.E.I. GOVERNMENT RESIGNS.

Will Its Successor be a Liberal or a Coalition Government?

HALIFAX, April 21.—The Local Government of Prince Edward Island has resigned, but the Lieut.-Governor declined a dissolution on the advice of Premier Yeo, and sent for Frederick Peters, one of the Liberal members, for a consultation. Mr. Peters has called a meeting of the Liberal members of both Houses of the Legislature to discuss the situation.

A Sheltered Water Route from Georgian Bay to Lake Ontario.

OTTAWA, April 21.—A Trenton deputation to-day asked the Minister of Public Works to deepen Trenton harbor. The Minister of Marine was also asked to establish a lighthouse to Giant's Tomb, near Midland harbor. The deputation waited on Sir John Macdonald at 4 o'clock this afternoon. The advantages of a sheltered water route from Georgian Bay to Lake Ontario were pointed out by the various speakers, who included D. R. Murphy, Trenton; W. H. Bennett, Midland; Major Rippler, Barrie; John Carnegie, Peterboro, and D'Alton McCarthy, M.P., of Toronto. Sir John replied at considerable length. He said in effect that the canal must and will be built.

Failed for $3,500,000.

LONDON, April 22.—B. & A. Homarjee, Parsee bankers and merchants of Bombay, have failed, with liabilities of nearly half a million pounds. The failure is due to wild speculation in exchanges.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying and appetite restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

J. C. Turnbull.

ATTRACTIONS IN
DRY GOODS
AT
TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

Housefurnishing ITEMS.

VERY INTERESTING NEWS

One of the most important parts of our store is the Carpet and Housefurnishing branch. Upon this one point we concentrate no small portion of our resources.

We offer a very handsome range of **Tapestrys.** Cheerful, tasty designs, in fact richer patterns than you often find in higher class goods, at only 35 cents per yard. From this price up we can show excellent value and choice effects. For example, the prices run like this: 45c., 50c., 55c., 60c., 65c., 75c, 80c., 85c.

Then in **Brussels** the stock becomes interesting.

We have **Borders** to match many lines. Stairs, too, if required.

An important feature in our stock is that nearly all the designs are PRIVATE.

Good line patterns in **All-Wools, Unions, Hemps,** etc

Art Squares in nearly every size.

Madras Muslins, with Fringes to match.

Art Muslins, Curtain Nets, and everything in the Housefurnishing line sold at most reasonable prices at

O. C. Rowse.

She Wanted the Neighbors to See.

MRS. BLACK—How much did you say those lace curtains were?

CLERK—Just $2.50 per pair, ma'am.

MRS. BLACK—Well, I'll take three pairs, for that will only amount to six dollars, and I expected to pay ten dollars for the same quality. I think they are just lovely.

CLERK—Can I sell you a nice parasol to-day?

MRS. BLACK—What is the price for a good parasol? I suppose yours are all new? They ought to be the most stylish and most durable.

CLERK—Yes ma'am. Our parasols are all new and fresh, and we can give you a very pretty parasol in ivory, sandlewood or vermoche handles. Our price for a pretty parasol is 50c.

MRS. BLACK—Well, they certainly are cheap. I'll take one for myself, one for Susan Jones, and one for Maria. Be sure you don't send the parcel after dark, and you needn't be particular about wrapping up the parasol, for I want my next door neighbor to see that it is a new one I bought at

WEDNESDAY, APRIL 22, 1891.

WHENCE THE DIFFERENCE?

There is a serious discrepancy between the Canadian and American returns of trade between the Dominion and the United States in 1890. Our trade and navigation returns place the aggregate trade between the two countries at $93,814,783, while the Washington statistical bureau figures make it $99,492,343. According to the American returns $60,449,366 worth of goods were exported from the United States to the Canadian provinces last year. The returns of our customs department place the value of the imports from the United States into Canada at $52,291,973. Does the difference indicate the value of goods smuggled across the lines? The exports from Canada to the United States last year were valued at $40,522,810 by the Dominion customs department, and at $39,042,977 by the United States customs authorities. The difference here is not very great. Of the articles exported from Canada to the United States last year 31 per cent. were admitted into that country free of duty, while of the imports from the United States into Canada, according to the American returns, $38,804,250 were subject to duty, and $21,645,116 free. The chief articles on which duties were collected by both countries last year were:

	Imported into U.S. from Canada.	Imported into Canada from U. S.
Coal	$1,769,420	$3,674,539
Breadstuffs	5,930,641	8 346 690
Wood, and Mfrs. of	9,537,030	1,637,486
Fish	1,520,475	462,025
Totals dutiable	$18,757,616	$14,020,740

The Benares Outbreak.

The outbreak at Benares contains far greater possibilities of trouble for the British in India than the small revolts among the mountain tribes along the northern boundary of the Empire. Benares has, from time immemorial, been the holy city of the Hindoos, not only of India, but throughout all Asia, and Brahmins and holy men, as well as the wealthy from Thibet, China, Farther India and India, flock to it to worship and pray, to atone for their iniquities and shortcomings by lavish charity, and to wash away their sins by bathing in the sacred waters of the river Ganges. No other city in the world has been for so long the centre of a great religion and no other city has been so uninterruptedly prosperous as the holy city of the Hindoos. "Twenty-five centuries ago, at the least," says an Anglo-India writer, "it was famous. When Babylon was struggling with Nineveh for supremacy, when Tyre was planting her colonies, when Athens was growing in strength, before Rome had become known, or Greece had contended with Persia, or Cyrus had added lustre to the Persian monarchy, or Nebuchadnezzar had captured Jerusalem, and the inhabitants of Judea had been carried into captivity, she had already risen to greatness, if not to glory. Nay, she may have heard of the fame of Solomon, and have sent her ivory, her apes and her peacocks to adorn his palaces, while partly with her gold he may have overlaid the temple of the Lord." The reason why Benares became the sacred place of the Hindoos has apparently been lost sight of for ages and the most holy bathing place of the Ganges is a small tongue of land at the junction of the Jumna and the Ganges near Allahabad. The whole Gangee is, however, sacred, and the fine site of the holy city may account for its having been founded there. The banks of the river, which form a fine bend of four miles in length at this point, are lined with bathing places, and the old temple is full of holy temples. The streets are extremely narrow, it being impossible for wheeled vehicles to pass through many of them, and they are literally lined with religious mendicants, who, to excite charity, expose the most awful sores and extraordinary deformities. Like all Indian cities, and especially sacred ones, it is in an extremely unsanitary condition, so that Europeans for that reason partly live in the suburbs. The Government are introducing sanitary measures steadily, but they are compelled to act with great caution, in order to avoid offending the susceptibilities of the natives, whose passions are ready to foam up on the slightest occasion. It appears from the meagre despatches received that it was owing to the necessity of removing a temple in order to secure a necessary site for waterworks, that the trouble has arisen. As the Hindoos of India number over one hundred and forty millions, or about seventy-five per cent. of the whole population, it will be easily understood why the present outbreak, owing to a supposed offence against their religion, may prove serious.

The British Census.

The census taken throughout the United Kingdom on the 5th of April, is expected by some authorities to show a population considerably less than has been estimated by Government officials. A writer in the *Times* of April 7 places the total at 37,873,000 whereas the lowest official estimate is 38,652,000. It appears that there has been a marked falling off in both the birth-rate and the death-rate during the last decade, that of the birth-rate being excessively large. Then there has been a considerable increase in emigration, half a million more British and Irish emigrants having gone than in the previous ten years. The figures of the Canadian census taken on the 6th will not be known for some time. According to all accounts the enumerators have done their work well. Mr. George Johnson, the head of the bureau, has been studying the American system at Washington, and will no doubt profit by his investigations. With such of his decisions as have been made public no fault can be found, though the de jure method is open to abuse, especially in places like Quebec.

The Banner Reform Township.

Townsend, in Mr. Charlton's constituency, which gave him a majority of 491 in the last election, has for forty years been known as the banner Liberal township. A new competitor has appeared. A correspondent tells us that the township of Clarence, in Russell, gave Mr. W. C. Edwards a majority of 496, beating Townsend by four. At the previous election Mr. Edwards' majority in Clarence was 488. Mr. Charlton and Mr. Edwards will have to settle this question when they meet at Ottawa.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

Railway Extension.

To the Board of Trade Peterborough.

GENTLEMEN,—I see by the EXAMINER of the 15th inst that you are alive to the interest of a railway from Peterborough to Bobcaygeon, and that there are three routes proposed, one from Omemee, one from Chemong Lake and one from Lakefield.

Now would it not be well to consider the fact that by starting from Lakefield and running through Young's Point, thence to Burleigh or Beckhorn, from there to Bobcaygeon it would make the opening up of a very available timber section, besides tapping the excellent stone quarries at Young's Point, which would be a great boon to Peterborough, as it is no convenient it would be largely used for building purposes.

Likewise consider other benefit the company would gain by the road to Young's Point.

The writer, although not an engineer, is under the impression that a road could be built more cheaply from Lakefield than from Chemong Lake, as there are two very long bridges nearly a mile each in length and plenty of mud to contend with that way. The bridges on this route would be short and easily constructed and the right of way would cost little or nothing from Burleigh to Beckhorn, and every mile of the road built would be opening up a country, where the company would be increasing their business.

If that portion of the road were completed from Lakefield to the Point this season, there would be would be several carloads of stone shipped for the Edison Works this fall, as the company are now asking for prices for large quantities. Hoping that the Board of Trade and the Railroad Company will investigate the matter.

Yours truly,
YOUNG'S POINT.

Never Thought of Them Before.

Mrs. Davis one day last week, called at the house of her friend Mrs. Dorset, and found her in a desperate condition. Her temper was not an angelic one, and Mrs. Davis, who was ever ready to pour oil on troubled water, said: "Mrs. Dorset, do you wish to live long and be happy?" "Indeed I do Mrs. Davis; and find I have all I need to reach these two points but one thing." "And what is that you lack to attain this happiness Mrs. Dorset?" "Simply, Mrs. Davis, a dye that will color properly and give good results. I have just spoiled some lovely silk by using a miserable dye my druggist recommend to me." "Ah! Mrs. Dorset you require to use Diamond Dyes to make your happiness complete. They will never cause you to worry or fret." "Many thanks Mrs. Davis, I really never thought of them, being a novice in housekeeping; but for the future, I'll only use the Diamond Dyes."

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. dw

Ahead of Koch's Lymph.

Charles Campion, Kingston, Ont., says:—Gained 7 lbs. with one bottle of Miller's Emulsion of Cod Liver Oil. Cured bad Bronchial Cough with a few doses and made me feel like a new man, I strongly recommend it. All druggists keep it, dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

A Great Blessing.

Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses, from its wonderful efficiency in curing chapped hands, and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal 6d92

A MAN'S wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so, too! dw

How Absurd

for people to ruin their health by unwholesome food. The food prepared with Imperial Cream Tartar Baking Powder is wholesome. 4 th s-w

Twelve years trial in English climate, with increasing demand, proves the Royal Rheumatic Remedy to be the best remedy for rheumatism. For sale by W. R. Greatrix, druggist. dw

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hanel, Perfumer, Philadelphia, Pa.

Ayer's Pills,

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Dealers in Medicine.

Maple Syrup.

JUST RECEIVED

A very Superior Grade of Maple Syrup from eastern townships, which is both light in color and heavy in weight, and of the finest flavor. As it has been made on the EVAPORATING PAN PROCESS, you can therefore depend upon it being clean and free from dirt. As we know the maker to be thoroughly reliable and trustworthy, we take pleasure in guaranteeing it the best Quality of Pure Maple Syrup. Our aim is not to to sell cheaper Goods than anybody else, but to give better Quality for the same money.

Are now fully prepared with their spring supply of newly imported FIELD, GARDEN and FLOWER

SEEDS

Purchasers of Seeds must now be convinced of the disappointment experienced in buying Seeds from boxes or packets already put up and placed in stores on commission, and in many instances transferred from place to place for years before being sold, the disappointment experienced not only from their non-vegetative power, but from the small quantity contained in each paper. To prevent these disappointments, Messrs. Ormond & Walsh sell the whole of their Seeds by weight at a fair and moderate price, with a guarantee of their FRESHNESS and VEGETATIVE POWER. eod35w

COME, SEE, AND BUY

ONE OF THE PATENT

BAKING CABINETS

on exhibition at J. J. TURNER'S Sail, Tent and Awning Factory. This is one of the most complete and useful articles for any and every house, as it holds your flour, spices, raisons, sugar, meal, &c., and when you are through baking you can look it up and it makes a nice piece of furniture. Having bought the right for Peterborough and Ashburnham to manufacture this, I want some good live agents to sell it.

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credit and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the Town or Ashburnham.

TELEPHONES.—Bell No. 38, Ontario No. 112.

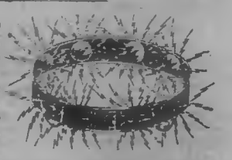
AT GRAND CENTRAL HOTEL, PETERBOROUGH,
On Friday and Saturday, 24th and 25th April

MR. C. H. DORENWEND, Inventor of the famous Dorenwend Electric Belt and Attachments, will be at the above place and date with a complete stock of these appliances. A practical common sense method of the self application of Electricity for the relief and cure of all forms of Muscular and Nervous Diseases. BE YOUR OWN PHYSICIAN. Use these invasions, and leave drugs and compounds alone. Electricity as applied by



The Dorenwend Electric Belt and Attachments,
Will cure, without Medicine,

RHEUMATISM, LAME BACK
NEURALGIA, NERVOUS DEBILITY
GOUT, VARICOCELE
LUMBAGO, IMPOTENCE
DYSPEPSIA, SEXUAL DECLINE
KIDNEY DISEASE, PARALYSIS
LIVER COMPLAINT, FEMALE COMPL'NTS
SPINAL DISEASE

The Dorenwend Electric Belt is provided with a battery which generates a mild continuous current of Electricity. It can be felt and can be regulated at will by the wearer whilst the belt is on the body. It is a light contrivance, and can be worn at any time without the least inconvenience. It is the only Electric Belt in the world that follows out the true principles of electrical science. It has been examined and pronounced by experts and authorities to be the most practical and efficient method of bodily application yet invented. Call anyway and examine them, and get a copy of book on home treatment.

At Grand Central Hotel, on Friday and Saturday, 24th and 25th April.

WAR CHIEFS OF EUROPE.

GENERALS WHO WOULD LEAD IN THE COMING STRUGGLE.

German, French and Russian Warriors - The Men Who Manage Military Movements and Daring Soldiers Who Execute Them in the Field.

VERY general is the belief that recent events point and foreshadow a great European war as soon as the Powers can get ready for it. Some of these may be noted. The Triple Alliance is sound, the French are unwilling to accept overtures of a pacific nature from Germany so long as the latter holds on to the conquered provinces; there is a Franco-Russian alliance of sentiment and of fact, and England seems to be preparing to side with the Triple Alliance against France and Russia the moment occasion offers. If these facts prove correct, the coming struggle will be of wide scope, and the combatants will be the Triple Alliance with England on one side and France and Russia on the other side. So much for the probability and scope of the apparently inevitable international conflict, now for the men. Who are the generals, the men of action who will take the field in case the trumpets sound the alarm?

Germany's Generals.

Germany is of course the first to be considered. All eyes will be fixed upon the country which lies between the two great enemies, and which professes to be able to cope with them both.

According to the latest war map of the German General Staff—a map finished only a few days ago—Germany now has sixteen strategic railroad lines in order, for the instant dispatch of armies to and beyond the French frontier. It has nineteen bridges over the Rhine, so that there need not be a moment's hesitation in pushing forward two or three large armies, as it pushed them on in 1870.

It has ten strategic railroad lines ready for sending troops into Russia, and is building four more with all possible speed.

PRINCE ALEXANDER OF PRUSSIA. GENERAL SCHWARZKOPPEN. COUNT WALDERSEE.

It can send troops to thirteen different points in the Russian Kingdom of Poland and the Government of Wilna at once.

It has everything prepared, even to the smallest item of rolling stock, and it has what probably no other general staff in the world possesses, perfect plans for mobilizing two sets of troops at once, one to the north, the other to the east.

Should it succeed in undertaking this great double move, it would present the most magnificent and formidable military spectacle of modern times, and one upon which the whole world would gaze with eyes of wonder and with bated breath.

This double mobilization is the work which the great silent man, Moltke, now living quietly in retirement, planned during the long years of laborious study before he went into his magnificent campaigns. The Prince of Sedan right hand man is Lieut-General Count Alfred Schlieffen, and he will likewise be his successor. He knows all of Moltke's traditions.

The chief warriors for Germany will be General Von Waldersee, General Schwarzkoppen and the Prince Alexander of Prussia.

General von Waldersee's talents and engaging personality signal him for a prominent part in case of war. Moltke called him his most brilliant pupil. He is one of those who cannot be kept down. It is said that he has been selected as one of the commanders to operate with the Italian forces in case of a joint movement of the allies against France.

General Schwarzkoppen, of Wurtemberg, is understood to possess great talent. General von Kaltenborn-Stachau, the present Minister of War, has had a splendid career, rising in less than sixteen years to be a Commanding-General. General Lewinski was famous in 1870, and is as fresh as he was then. Generals von Albedyll, Bronsart von Schillendorff, von Hacnisch, and von Meerscheidt-Hullessem, a favorite of the old Emperor, would give a good account of themselves. General Leutze, the only Commanding-General in the army who is not a nobleman, is very popular and highly esteemed.

Prince Alexander of Prussia is an infantry general of distinction. He is the eldest of the Hohenzollern Princes, and grandnuncle of the young Emperor. Despite his advanced age he would doubtless be very prominent in case of war.

The French Generals.

GEN. DE GALLIFLET. GEN. SAUSSIER. MARSHALL MACMAHON.

In the French armies the staff, or staff-major, is divided into three branches, the staff service, the general staff and the army staff. At the head of the High Council of War, as remodelled in 1888, is the veteran General Saussier, commander of the Paris Garrison.

General Saussier is sixty-two years of age, although he has the complexion and the gait of a schoolboy. He is within two years of the limit of age but is still vigorous enough in body and mind to act as Commander-in-Chief of the principal group of armies which would consist of the forces first mobilized. He has had wide experience of campaigning in the Crimea, in 1870, and in the siege of 1871. If the war comes before 1892 he will be one of the most active figures in it.

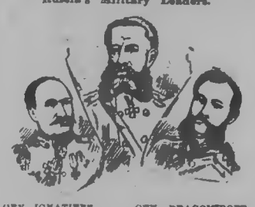
Directly under Generals Saussier in the Council of War are the following division generals, several of whom are already known to fame: General Marquis de Galliffet, General de Miribel, General Duke of Aumale, General Billot, member of the Senate; General Berger, Military Governor of Lyons; General Thomassen and General Gallaud. Of these, two are worthy of special mention Generals de Miribel and Galliffet both men of great daring, and of wide experience in actual campaigning. Miribel served in Mexico, was honorably connected with the war of 1870 and the great siege, is a rigid disciplinarian, and an enthusiastic believer in the universal military service now the rule in France.

General de Galliffet has been in the army since 1848. As Commander of the Third Chasseurs d'Afrique he took part with the Army of the Rhine in the Franco-German war, and came out of it with the rank of General of Brigade. General de Galliffet is one of the first cavalry officers in Europe. He is a handsome man, of elegant manners and large fortune. In Africa he has made several important campaigns, and has been a Division General since 1875.

The two French Marshals are, of course, beyond the period of active service. Marshal Canrobert is sixty-one, and Marshal MacMahon, Duc de Magenta, is eighty-two.

The counsels of both would, however, be of great value in time of war. MacMahon is a born soldier, and did marvels against overwhelming force in the campaign of 1870. He can mount a horse as well as he ever could, and at times seems as active as when at Worth, after his horse had been twice shot under him, he rallied his men on foot until it was no longer possible.

Russia's Military Leaders.



GEN. IGNATIEFF. GEN. DRAGOMIROFF GENERAL GOURKO.

Everything seems to prove that there is a Franco-Russian alliance. The extravagant public demonstrations of friendship whenever Russians visit France, or when French officers go to Russia, are intended as an announcement of the alliance.

Russia has to-day many generals who have achieved fame within the last fifteen years, and several of them are open in their expressions of enmity to Germany.

The present Minister of War, General Vaunovski, is an able and adroit tactician. A good many of the men who shone so brightly in the difficult times of the war with Turkey, in 1878, are dead; the Grand Duke Nicholas is incurably ill; the fiery and impetuous Skobeleff is gone forever.

But men like Gourko, Dragomiroff and Ignatieff are still alive and likely to play prominent parts in a general war. The last named would be especially useful if Russia should decide to pursue her march toward Constantinople, while keeping Austria and Germany well occupied in other directions.

General Ignatieff is now in his fifty-eighth year. His performances have been more distinctly diplomatic than military, and would be so in future, but none the less important for that.

WHY go about hawking and spitting when Nasal Balm will remove every vestige of your catarrh, and thus relive you of this disagreeable habit? In cases of cold in the head Nasal Balm gives instant relief, and there is no case of catarrh it will not cure if used according to directions. A single bottle will convince you of its merit. 6d92w

Speaking of Tips.

A tip is a piece of special or valuable information such as this, that Hagyard's Yellow Oil is a prompt and effectual cure for croup, colds, hoarseness, sore throat, rheumatism, neuralgia sprains or soreness of any kind. Known as reliable over 30 years. 2w15

A True Bill.

Wm. Gillespie, Wolfe Island, Ont., says: I had indigestion and stomach cough for three years. Was treated by best physicians and used numerous patent medicines without success, when two bottles of Miller's Emulsion of Cod Liver Oil cured me. I have great pleasure in recommending it. For sale by all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w15d

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

Children Cry for Pitcher's Castoria.

B BLOOD BITTERS

BANISHES BAD BLOOD.

Bad Blood is responsible for all the Boils, Blotches, Pimples, Eruptions, Skin Diseases, Humors and Disfiguring Rashes that are so prevalent, especially in spring. There is a NATURAL FOE TO BAD BLOOD called Burdock Blood Bitters which always conquers, never fails and is recommended by thousands. It searches out and removes all impurities from the smallest pimple to the worst scrofulous sore. In Scrofula, Erysipelas, Salt Rheum, Shingles, Tetter, etc., its effects are wonderful.

WHAT THEY SAY.

Two of my children had large sores on their bodies caused by poorness of the blood. They were completely cured by one bottle of B. B. B. MRS. J. PINEL, London East, Ont.

About a year ago I got a running abscess on my neck which made me very weak. B. B. B. cured it and I am strong again. MRS. GEO. LEDINGHAM, Montcalm, Man.

B B B

A Faithful Friend.

SIRS,—I have great faith in your Burdock Blood Bitters, and can recommend it for most anything. Two years ago I was troubled with an ulcer on my ankle; having used B. B. B. for bad blood I procured a bottle, and a box of Burdock Healing Ointment; after using three bottles and three boxes I was completely cured and can recommend it everywhere. Yours truly, MRS. WM. V. BOYD, Brantford, Ont.

Perry Davis' PAIN-KILLER

Is used both internally and externally. It acts quickly, affording almost instant relief from the severest pain.

That you can get a good hardwood Bedroom Suite, well made and finished light or dark, for $13.

That you can get a 6 good chairs for $2 25.

That you can buy a good mixed Mattress at Clegg's, for $3 50.

In short, you get good value in any and every grade of Furniture at Clegg's. 4d94-1w17

Christian Endeavorers.

At the meeting of the Epworth League of Christian Endeavour in connection with the George street church Monday night, these officers were elected for the ensuing year:—
HONORARY PRESIDENT—Rev. J. H. Locke.
PRESIDENT—G. B. Bean, B.A.
VICE PRESIDENT OF C. E. DEP'T—A. E. Scott.
VICE-PRESIDENT OF RELIGIOUS DEP'T—Miss M. Frise.
VICE PRES. OF SOCIAL DEP'T—Mr. E. Mannell.
SECT. TREAS.—Ralph Sloan.

The public should keep continuously in mind the delightful concert to be given under the auspices of the P.A.A. A. on Tuesday evening, May 26th.

The P.A.A.A. Concert.

A splendid programme of vocal and instrumental selections. The promoters of the concert are forwarding preparations for making this concert the success of the season. Tickets 25 and 50 cents. Seats at Greatrex's.

Cricket Fixtures.

The bright sunshine and dry days suggest the field to the cricketer. The fixtures for the season so far are Parkdale, May 25th, at Parkdale; Toronto, in Peterborough, June 15th and August —— (an old score). At Toronto, the last week of July, probably the 20th; East Toronto, here, July 1st; Toronto, during Exhibition week; Ottawa, here, May 28th; in Ottawa, during August. It is proposed this year to have more than the usual number of local matches played. There never was a more successful season than when the Duffers and Buffers filled the cricket field with enthusiastic excitement.

An Unusual Success.

Peterborough council of the Royal Templars of Temperance held an open meeting in their lodge room last night. The room was filled. Mr. H. F. Lindsay occupied the chair. The programme comprised vocal solos by Mrs. Daly and Mrs. Seward, a cornet duet by Mr. J. Miller and Mr. H. Holland, a recitation by Mrs. Goldsmith, reading Mr. A. Clegg, and instrumental solos Miss Cochrane, Miss Patterson, and an excellent recitation by Mrs. Dr. Goldsmith. The entertainment was very enjoyable and successful in every way. The hall was filled in every part.

Mortuary Statistics.

The mortality returns for the month of March are issued. The ratio of deaths for every thousand of the population in the principal cities and towns is as follows:—Montreal 1.96, Toronto 1.25, Quebec 3.19, Hamilton 1.51, St. John 1.53, Ottawa 1 93, Halifax 1.57, London 1 30, Winnipeg 1.01, Victoria, B.C., 1.20, Kingston 1 85, Brantford .77, Hull 2 50, Charlottetown 1.02, St. Thomas 1.60, Guelph .18, Windsor 1.23, Belleville .85, Stratford 1.00, Sherbrooke 3 63, Three Rivers 2 21, Peterborough 2 15, Woodstock .97, Brockville 1.35, Chatham 1.03, Sorel .73, St. Hyacinthe 1.57, Galt 1.64, Fredrickson 1.78, St. John's, P.Q., 1.27.

More Licenses.

The Board of License Commissioners for the West Riding of the County of Peterborough met Tuesday in the council chamber. There was quite a rush of business. Tavern licenses were granted to Messrs. Martin Connors, John Casey, J. B. Larocque, John Fanning, Wm. Snowden and Wm. Cardwell. The following shop licenses were granted:—Messrs. John Cameron, Geo. Mitchell & Son, and W.J. Morrow. For the village of Lakefield Messrs. Leon Dion and Wm. Ash were granted tavern licenses. In the village of Ashburnham Messrs. S. G. Bennett, Geo. Lipsett and Mrs. Swanston (beer) were granted tavern licenses, and Messrs. J. C. Sullivan and Wm. Collins shop licenses. The Board adjourned till Monday next at ten o'clock.

Among the Rangers.

The drill shed was open last night and squads were put through their facings. Regular company drill will begin next Thursday night.

An officer states that the battalion will be in better shape this year than ever. A wide spread interest is manifested in the regiment among the young men, and there is no difficulty in filling up the ranks.

A meeting of the officers was held after drill.

Major Hodgins, of the Governor General's Foot Guards, is expected here Saturday to make arrangements for the visit of that regiment to Peterborough on May 25th.

Encore! Encore!

Last night the school room of St. Aunrew's church was prettily decorated with flowers and flags, and an excellent programme by amateur local talent presented to an attentive audience. Rev. F. W. Paton occupied the chair. The first number was an excellent rendering of C. A. White's quartette, "The Wolf in on the Hill," by Miss Heubach, Miss Wrighton, Messrs. Ketchum and Ross. Miss Code followed with a pianoforte solo, which was given with great taste. "Love's Old Sweet Song" was rendered in excellent voice by Mr. Drope. A "Bee story", by Miss Gray, elicited an encore, "bee" cause it was excellently told. The next number, a quartette by Mrs. Jones, Miss Baillie and Messrs. Jones, with orchestral accompaniment, was so well rendered that it received an encore, and was replied to by an equally beautiful quartette. Mrs. Dr. Goldsmith, with her usual good humor, gave some excellent advice against the use of tobacco. The closing number of the first part of the programme was a quartette by Miss Heubach, Miss Wrighton, Messrs. Ketchum and Ross, entitled "Moonlight Will Come Again," and was received with such marked appreciation that the quartette had to come again and give a comic selection in such good style that the audience was convulsed with laughter. Mr. Rowse opened Part II of the programme with a well rendered reading entitled "Trouble in the Amen Corner." A spirited vocal solo, "Norman's Tower," was given in excellent voice by Mr. Knowles, who replied to an encore with "Come to my Heart." Mr. Fakenham followed with a comic reading, which was so well appreciated that he had to reply with another similar selection. The next number was a beautifully rendered solo by one of Peterborough's favourites, Mrs. Daly. Then followed a brilliantly executed pianoforte duet by Miss Wrighton and Mr. Clark. The closing number on the programme was a fine chorus, excellently rendered by the choir. The musical committee desire to thank those who so kindly lent their assistance, and also Mr. Jackson for the use of the piano. This excellent programme will at some future date be followed by another of a similar character.

News Nuggets.

—William Simons, an able-bodied tramp, was advised by the magistrate this morning to leave town at once or go to gaol.

—Three diphtheria cards were put up yesterday—two on Elm street and one on College street.

—In advanced age the declining powers are wonderfully refreshed by Hood's Sarsaparilla. It really does "make the weak strong."

—At the organ recital in St. John's tomorrow night Dr. Davies will play the *Andante* and *Allegro Vivace* from Mendelssohn Fifth Symphony, the Minuet from Boccherini. The overture to "Zampa" Meyerbeers March, "Le Prophete" and several other collections.

Many people who pride themselves on their *blue* blood would be far happier with *pure* blood; but, while we cannot choose our ancestors, fortunately, by the use of Ayer's Sarsaparilla, we can transmit pure blood to our posterity.

In the first stage of consumption Miller's Emulsion will certainly cure. For sale at all drug stores. dw

THE TRENT VALLEY CANAL

A Big Deputation Pushes the Matter.

The Deputation Courteously Received—They Present a Strong Case to the Government—Sir John's Diplomatic Reply.

If the Dominion Government does not enter in earnest upon the work of constructing some section of the Trent Valley Canal, it will not be for want of prodding on the part of the citizens of the district to be served by the Trent Valley Canal. On Monday evening the largest and most representative deputation that ever left the Midland district upon canal intent, proceeded to the Capital to lay the case of the Trent Valley Canal before the Government. The deputation included representatives

FROM END TO END OF THE CANAL

route—from Trenton to Midland, and including Barrie. On Monday morning the delegates, who had reached the city by different route and at different hours, assembled at 10 o'clock in the Russell house to organize a deputation. The following gentlemen attended the meeting from the following districts:—

PETERBOROUGH.—Town—Jas. Stevenson, M.P., Mayor, Councillors Cahill, Davidson, Kelly, Meldrum, Langford; Mr. Geo Hilliard, ex-M.P.; John Carnegie, secretary of the Trent Valley Canal Association, W. H. Wrighton, C. McGill, R. Malholland, J. E. Belcher, J. M. Irwin, Harry Phelan.

ASHBURNHAM.—John Burnham, M.P., Reeve, R. B. Rogers.

COUNTY OF PETERBOROUGH.—Frank Elmhirst, Wardon; Geo. Stewart, Reeve of Otonabee; A. R. Kidd, Reeve of Dummer; John Maloney, Reeve, —. Walsh and Robert Allen, Councillor, Douro.

LAKEFIELD.—W. H. Casement, Reeve; Councillors John Hull, F. Lillicrap, J. Richardson, jr., C. J. Moore, and R. C. Strickland, ex-Reeve.

VICTORIA COUNTY.—Chas. Fairbairn, M.P., South Victoria, M. Boyd, Capt. Bottum, Warden Stubbsch.

BEAVERTON.—F. Madill, M.P., and Reeve Trevellyan.

PORT HOPE.—H. A. Ward.

MIDLAND.—J. B. Horrell, Mayor, W. H. Bennett, H. S. Raby, and H. F. Switzer, John Gray and H. L. Lovering Medonte township.

BARRIE.—D'alton McCarthy, M.P., E. P. Pepler, mayor, J. L. Barron, R. E. Fletcher and —— Pearcy, councillors J. Simcox, warden of Simcoe, and T. S. Graham, reeve of Bradford.

TRENTON.—A. W. Hawley, Mayor, D. R. Murphy, G. W. Ostrom, ex-M.P.P., and councillors Thos. Garman, Chas. Crowe, E. J. Peterson, P. J. Burke, ex-mayor and H. W. Delaney, town solicitor.

AN AUDIENCE WITH THE MINISTERS

was arranged for four o'clock, and at 4:15 the invading deputation marched in column of twos, threes and fours to the western departmental block, and assembled in the office of the Minister of Railways and Canals. The veteran and diplomatic Minister of Railways and Canals, Sir John, was found ready to meet the party. Mr. J. Stevenson, M.P., chaperoned the visitors and introduced several of the gentlemen personally the the Chieftain, who having entrenched himself in his official chair on the plea that he was a young man, smiled blandly upon the Trent Valley representatives. He was supported by Hon. Messrs. Mackenzie Bowell, Minister of Customs, Sir Hector Langevin, Minister of Public Works, Hon. John Carling, Minister of Agriculture, and —— Trudeau, Deputy Minister of Railways and Canals.

Mr. D. R. MURPHY, of Trenton, opened the ball, and after referring to the widely representative character of the depatation, which included the district from Georgian Bay to Trenton, said the delegation did not come in a hostile spirit but its strength and unanimity were calculated, he said, to indicate the enduring interest the Midland district took in this great work. The deputation was there to thank the government for promises made in respect of the canal. Mr. Murphy gave a brief history of the Canal. He praised Sir John for rescuing the canal from the clutches of Ontario in 1878, a fact that showed that the Government was in favor of the construction of the work. Reference was was also made to

SIR CHARLES TUPPER'S VISIT

to Trenton in 1882, when he pledged the Government to the construction of the canal and the building of the existing sections at Fenelon, Burleigh, etc., argued a friendly feeling on the part of the Government towards the canal. He pointed out the benefits the canal would confer in the way of traffic and in shortening the distance from inland points to tide water. He also dealt with the Commission and asserted its favourable report had wiped away all objection, so that the Government were justified in constructing the canal, and he advocated beginning with the construction of the Trenton-Frankford section, and concluded his speech by saying that the district deserved something for the steady support that the Government had received from it.

Mr. W. H. BENNET, Midland, pointed out the great importance the canal would be in the matter of carrying Northwest grain from Port Arthur to some point on Lake Ontario. He claimed that the present canal enterprise was the only great public work Ontario had asked of the Government. (Applause.) Continuing, he said, that the lumber interest was also one that would be benefitted. Lumber

BARGES GOING TO MONTREAL

would bring coal as a return cargo, with the result of helping the Nova Scotia coal industries and, incidentally, the manufacturing industries on the route, especially instancing Peterborough.

Mr. JOHN CARNEGIE showed the advantages of the canal route, and said that it was a natural waterway, needing only comparatively trifling cost for opening shallow and obstructed sections. He also produced figures to show that grain could be shipped from Waubaushene to Montreal at two cents per bushel with a fair margin of profit. The canal would, by cheapening freight, add largely to the price of grain. The canal would also bring the railways to book in the matter of freight rates.

Mr. PEPLER, of Barrie, pointed out that the report of the Commission had sustained all three points in dispute—the local importance of the work, the abundance of water supply, and its importance as a through grain route, especially. The dominant danger of the railway influence was pointed out. To show the necessity of the completion of the canal the speaker quoted figures to show that it cost as much to transport grain to Toronto, 60 miles, as to transport it to Liverpool, 3,000 miles.

NINE COUNTIES WERE INTERESTED

in the completion of this work. The speaker referred to the importance of the Simcoe district not being overlooked, as it furnished a large amount of available grain freight.

Mr. DALTON MCCARTHY had nothing to add to the arguments that had already been adduced to show the importance of this canal as a means of national development. He said he had been converted from the belief that the days of canals were over. Canals were an important check upon overcharging of railways in the matter of freight. He argued that apart from its national importance, the canal was due to Ontario, whose prosperity and population had been affected by the opening up of the Northwest at so large an expenditure of national funds. He would like to see the canal begun, like the C. P. R., at both ends, and rushed through to completion.

Sir JOHN MACDONALD in replying said he was glad to meet so important a delegation. He was favorable to the work, and he added that the work had been considerably pushed, and as fast as money could be got from Parliament. He (Sir John) reminded the delegation that what money had been spent had been obtained with considerable difficulty. He justified the

APPOINTMENT OF THE COMMISSION,

and admitted that Ontario had helped to build great public works, yet he reminded the deputation that Ontario had a large share of public money spent upon the Welland and other canals. The immediate completion of the Trent Valley Canal was a question which parliament, the members of the administration, and also the Finance Minister, would have to be consulted about. Canada's credit was now good and it was important that the credit should be kept good, and the government, parliament, the people, and the money lenders would all have to be satisfied of the feasibility of the work before money would be voted or loaned. Sir John said that the government felt that the canal must be built—(cheers)—and he believed would be built. Sir John's answer to the complaint of the Maritime Provinces that canals did not pay, was that there was a dead loss of half a million a year on the Intercolonial railway. He said he could not give the deputation any more specific promise than that the report of the commission would be laid before parliament. With the support of the district he felt sure that

A STRONG REPORT WOULD BE MADE

to bring parliament into a practical frame of mind in relation to the canal, which he hoped would be successfully completed. Sir John closed his remarks amidst applause. A vote of thanks was passed to Sir John for the encouraging promises he had made to the deputation.

Capitular Masonry.

Toronto and Lindsay Brethern Pay a Fraternal Visit to Corinthian Chapter Royal Arch Masons.

Tuesday evening a number of members of St. Paul's Royal Arch Chapter, Toronto, and some brethren from Lindsay, paid a fraternal visit to Corinthian Chapter No. 16, on the occasion of the installation of officers of Corinthian Chapter. The Toronto Masons arrived in a special car at 8 o'clock, and after having supper at the Oriental Hotel, adjourned to the handsome Masonic Hall on Water street. The visiting brethren from Toronto were:

Ex-Comp. W. G. Allcock	E
" " G. F. Sheply	H
" " C. Denney	J
" " Ben. Allen	P Z
" " R. W. Hull	P Z
Rt. Ex. Comp. Bernard Saunders	
Comp. R. G. Donald	
" George Kappele	
" W. Barwick	
" John A. Ross	
" H. Saunders	
" H. B. Hewman	
" John McKnight	
" W. R. Clark	
" T. Sparling	
" George Keach	
" W. T. Dertine	

And from Lindsay:

Rt. Ex. Comp. Dingle	Grand Supt
Ex-Comp. Hallett	

OFFICERS OF THE CHAPTER.

The officers of the Corinthian chapter were installed by Rt. Ex. Comp. E. H. D. Hall, assisted by Rt. Ex. Comp. B. Shorty, V. Ex. Comp. R. A. Morrow, V. Ex. Comp. R. C. Donald, Ex. Comp. H. C. Winch and Ex. Comp H. Rash. The officers installed are as follows:—

Ex. Comp. R. E. Wood	Z
" " D. Spence	H
" " A. St. A. Smith	J
Comp. T. E. Bradburn	Scribe E
" Geo. McWilliams	Scribe N
Ex. Comp. H. Rush	P S
Comp. Chas. Wynne	S S
" A. Mercer	J S
" R. G. Kingan	1st V
" R. M. Jennisoun	M 2nd V
" John McKee	R 3rd V
" John Shaw	4th V
Ex. Comp. D. Bellegham	Janitor

After the close of the meeting the brethren adjourned to the dining hall, where a pleasant hour was spent in feasting, singing and speech-making. Ex. Comp. E. E. Wood occupied the chair. The songs of V. Ex. Comp. Donald, of Toronto, were particularly good, he being one of the best amateurs in the city.

The visiting brethren returned to their homes this morning.

Frazerville.

(From Our Own Correspondent.)

The farmers of this vicinity have now started spring work. Those with high rolling land have sowed considerable. Fall wheat is looking well here.

The energetic citizens of Frazerville intend getting telephone connection with Peterborough in the course of a short time. This will be a great advantage to the village people, and also to the surrounding country, especially those of South Monaghan, who are generally too late for the railway carriages and can get their wants supplied by simply letting the Peterborough merchants know through the telephone.

Mr. Robert Stewart, who a few years ago retired from blacksmithing in this village and started farming, has now leased his farm to Mr. R. Campbell and intends coming back to the village. We think Robert is suited to city life and wish him every success with the same.

Messrs. Goodfellow & Langton, carriage and wagon makers, are busy filling orders for the coming season. Some very handsome rigs have left the shop already.

On Thursday evening last a very interesting and instructive lecture was delivered in the Methodist church here on the manners and costumes of the Japanese. The reverend gentleman showed by a magic lantern the pictures of the principal cities and rulers of Japan, together with the plantations they cultivated, the principal, he said, being tea. The speaker explained each and every part distinctly, which was very interesting to the old as well as to the young. Before closing he sang a few selections in Jap. language, which was very amusing to the audience.

Mr. Wesley Whitfield is now under medical treatment.

We are pleased to see that Mr. William Wright is able to get out again, after being ill for many months.

Sunday school opened in the Methodist church here last Sunday. A large attendance was present. This has been a very successful school in the past, and we hope that this season, under the management of Mr. Thomas Smyth, superintendent, it may prosper more than ever.

We notice in the columns of you valuable paper last week that the operose correspondent of South Monaghan wanted to know what was the matter with Baillieboro correspondent, and also making some observations on the topics contained in my last budget of news. Now, as the South Monaghan boy is an erratic person and takes in from Bewdley to Frazerville, it is hard for Baillieboro or any other correspondent to say much. Then he says I misunderstood the electric system, but how does he know? He was not there when the stranger made the remark in my presence, that all we wanted now was the electric light. Then he says with regards to improvements that all the difference he can see is the situation. He says the situation of Centerville being mid-way between Peterborough and Port Hope is a natural improvement, but I tell you it has been that way long before he saw it, only that the past few years it has lost all its tradesmen, whereas, Frazerville is a large sized village on the G. T. R., composed of energetic citizens, and all the necessary shops that a village should have. It is also the station where all the South Monaghaners come to get on the train when wanting to travel. Now, I will say no more, but leave it to the readers who know the two places to judge for themselves.

The Egg Trade.

The outlook for the egg trade is not very cheerful this year. The time has come for the shipment of eggs to the United States, but it seems as though the McKinley Act were going to prevent export except at extremely low prices in Canada. Under rapidly increased production, and a demand limited to our own home market, prices have declined within the last week with almost unprecedented rapidity, but as yet there seems to be no chance of exporting them profitably. Last year the prices of eggs in England were high, and some hopes of profitable exportation thither were encouraged. This year the demand is not so good, and prices are not favorable. It stands to reason that it must always be precarious for Canada to have to compete in the production of eggs against the myriad housewives of the continent of Europe, who have the advantage not only of thrift unknown to the western world, but of being so much nearer the market, a thing of great importance when freshness is so essential.—*Montreal Witness.*

Development of Belmont Mines

Deputations Wait upon the Ontario Government—The Deep Interest of the Local Member.

A deputation representing the provisional directors of the Ontario, Belmont & Northern Railway Company interviewed the Attorney-General and Hon. Mr. Hardy after the House rose at 6 o'clock Tuesday evening. Messrs. J. T. Saill of New York, T. D. Ledyard, Douglas Armour and E. Bristol of Toronto formed the deputation and asked Government assistance for the building of a line of railway from lot nineteen, Township of Belmont, in the County of Peterborough, to a point on the Central Ontario Railway adjacent to the Village of Marmora, in the County of Hastings, a distance not exceeding nine miles. Valuable deposits of magnetic iron essential to the manufacture of Bessemer steel have been discovered in the northern part of Belmont and particularly in lot nineteen. The proposed railway is intended to give an outlet to the mining operations which are promised in the event of its being built. The total amount of aid asked of the Government is $25,000 or $3,000 a mile. The expenditure is estimated at $15,000 a mile. The results statement which Mr. Bristol, on behalf of the deputation, read, further stated that if the railway is built the Belmont Bessemer Ore Company—a company with a subscribed capital of $200,000, of which $25,000 is paid up—is bound by a written contract to take out and ship from lot nineteen 20,000 tons of iron ore at least per annum for a period of twenty years. Furthermore, the promoters of the Belmont Bessemer Ore Company, having expended $5,000 in testing the extent and quality of the deposit on said lot, declares that if the ore continues to be of the standard of the ore tested it proposes to take out and ship 250,000 tons of ore per annum, which would itself involve the employment of 600 men. The railway company is willing to guarantee in a satisfactory way the construction and operation of the road if the aid asked be given.

Mr. Ledyard had some specimens of ore with him which Messrs. Mowat and Hardy examined.

Mr. Bizzard, in whose constituency the Belmont mines are, introduced the deputation to the Attorney-General. The member for East Peterborough is an untiring representative and during the session has been of signal service to his constituents. It was only by unusual diligence and diplomacy that he and Mr. Stratton, member for the south riding, succeeded in saving the County of Peterborough from a part of the cost of the Trent Narrows and Kinmount Bridges, by the defeat in committee of Dr. Willoughby's bill.

With to-day's deputation were those members of the House whose ridings are interested: Messrs. Stratton, Sprague, Wood (Hastings), and Bigger. The Attorney-General made the usual assurances of consideration.

Personal.

We notice by the Winnipeg *Free Press* that W. G. McFarlane, son of Mr. Andrew McFarlane, of this town, has left Winnipeg for Brandon, to take charge of a new hardware store opened out in that place by his uncle, Mr. J. L. Wells.

A FLINT MINE.

Important Discovery on Pilgrim Island, Province of Quebec.

MONTREAL, April 21.—What is claimed to be an important discovery in the mining world has been made on Pilgrim Island, seven miles from Riviere Du Loup, in the shape of a silex mine which is the first of the kind found in Canada. A delegation of leading citizens from that place passed through the city yesterday on their return from New York, where they succeeded in interesting a number of capitalists with the object of exploring this mine, which is said to be most valuable. Factories for manufacturing glassware will, if certain concessions are made, be established at Riviere du Loup, where there is magnificent water power. It is claimed that the Local Government will grant a liberal subsidy.

Defective Braces Cost a Life.

LONDON, April 21.—Owing to defective bracing an old building which was being removed at the Imperial Oil Works collapsed to-day, and a man named Nugent was struck on the head by the falling timber and probably fatally injured.

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

MARRIED.

GALLAGHER—ENGLISH—At St. Paul's church, Norwood, by Rev. Father Conway, on Tuesday, 21st April, 1891, Mr. Francis Gallagher, of Percy, to Bridget, third daughter of Mr. Michael English, of Asphodel.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 20 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

A BAD HUMOR CURED.

$5,000 Expended on Doctors and Medicine with Avail. Cured Himself up to date.

Good Words Suggests Cuticura Remedies. Does them 7 months, and is entirely Cured.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the known doctors I could find, and to no avail. I finished some five thousand dollars trying to find a cure but could not, and finally giving myself up to die, my friend who suggested to me, one day, to try the CUTICURA REMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience.

I Fulton Fish Market, New York.
April 15, 1890.

Cuticura Remedies.

These grateful testimonials tell the story of great physical suffering, of mental anguish, by reason of humiliating disfigurations, and of threatened dangers happily and speedily ended, by the CUTICURA REMEDIES, the greatest Skin Cures, Blood Purifiers and Humor Remedies the world has ever known.

You Want to Buy a Home

And bear in mind you are making one of the mistakes of your life by delaying, because no sane man can fail to see that new and extensive Manufacturing Industries, new Railway Extensions, the development of the mineral wealth of our back country and the early commencement of work on the Peterborough and Lakefield section of the Trent Valley Canal, cannot fail to force our fine town into the front rank as one of the leading cities in Ontario.

This being the case, is it wise for you to continue to rent if it is possible for you to buy, and a very moderate amount of money will enable you to do so.

I have Lots at all prices and in all parts of the town with special maps for speculators, on the line of the canal from $50 up.

Houses and Lots in quality, location, price and terms to suit all buyers. Do not delay. Come and see me if you want a good property at a low price.

VOL. XII. NO. 95. PETERBOROUGH, THURSDAY, APRIL 23, 1891. PRICE TWO CENTS.

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis**.

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credit. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on those terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics' Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

As old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

IMPERIAL PARLIAMENT.

ANOTHER DEFEAT FOR SALISBURY'S GOVERNMENT.

The Dissenters Placed on an Equal Footing with the Church of England Mr. Gladstone in a Passion A Liberal Unionist Victory in Oxfordshire.

LONDON, April 22.—In the House of Commons to-day Samuel Evans member for Glamorganshire, moved the second reading of the bill enabling trustees of religious bodies to acquire compulsorily the freehold of places of worship upon paying compensation therefor. The motion was carried—218 to 110.

The measure being intended to place the dissenters on an equal footing with the Church of England, the division on the motion is tantamount to a defeat of the government.

Several Conservatives voted for the bill. A number of Liberal members made speeches in which they urged that the measure was necessary in order to secure for the dissenters places of worship in districts held by Tory landlords.

Gladstone in a Temper.

LONDON, April 22.—The House of Commons yesterday was the scene of an unusual outburst of temper on the part of Mr. Gladstone. During the sitting in committee T. W. Russell charged the Liberals with trying to defeat the Irish Land Bill. Mr. Gladstone exclaimed, "That is absolutely untrue." The House stood aghast and Mr. Russell quietly observed that there were so many leaders of the Opposition that it would be advisable to drop the subject. This did not improve Mr. Gladstone's temper, and he again gave vent to language rarely heard on the front bench.

A Unionist Victory.

LONDON, April 22.—At the election for member of the House of Commons from the Mid Oxford or Woodstock division of Oxfordshire, yesterday, Mr. Morrill, the Liberal-Unionist candidate, was elected, receiving 4468 votes, as against 3760 cast for Mr. Benson, the Gladstone Liberal candidate.

NATIONAL FEDERATION.

Parnell's Latest Scheme, According to Healy, is to Ruin the Plan of Campaign—A Tory Alliance.

DUBLIN, April 22.—... a meeting of the Irish National Federation here to-day David Sheehy, M.P. for South Galway, stated that 800 branches of the National Federation have been formed within the past six weeks, and already £1700 has been subscribed to carry out the purposes of the organization.

Timothy Healy, who presided, referred to Redmond's remarks yesterday at the Tenants' Defence League meeting in regard to the impossibility of continuing the plan of campaign as no funds were available. Healy said this state of affairs resulted from Parnell's intention to ruin the campaign tenants, all of whom Healy said were anti-Parnellites. Parnell, continued Healy, was in alliance with the Tories and had undertaken, in order to please Balfour, to bring about a collapse of the plan of campaign on condition that no Conservative candidate should be put forward in opposition to him in Cork. But, said Healy, the evicted tenants would not be deserted. [Cheers.] Even though Parnell abandoned them the Federation would not abandon them.

Strength of Parties in Ireland.

LONDON, April 22. The reports of the McCarthyite members of the House of Commons who have canvassed the whole of Ireland show that an election in Ireland would oust 26 Parnellite members of Parliament, including Parnell himself. Parnell's nominees would probably capture three seats—Dublin, Mayo and Clare—while the Unionists are expected to defeat McCarthy, Sexton, Hy. Campbell and Redmond and Sir Thomas Grattan Esmonde. This would leave the strength of the different parties as follows: McCarthyites, 72; Parnellites, 9; Unionists, 22.

HIS VANITY HIS DEATH.

A Lad of 17 Kills Himself for Want of a Stylish Suit.

PHILADELPHIA, April 22.—Because he could not get a new suit for the celebration of Passover, which begins to-day in the Hebrew faith, Ferdinand Meyers, a boy of 17, living at No. 152 Wilmer-street, shot himself in the temple, and died in 15 minutes without uttering a word. The youth had the pistol a week, and when he repeated his request for the clothes last night his mother says she told him she would give him the money, but he said he would not want any clothes, and started for bed. A little while after his mother heard the thud of a fall, and found him dead on the floor.

ESCAPED TO CANADA.

With a Big Pot of Money and a Beautiful Woman.

SAN ANTONIO, Texas, April 22.—Daniel Sullivan, a banker of this city, owns a large ranch 300 miles west. For five years he has employed as manager L. Ploget of Canada. Under his management the cattle and sheep have increased tremendously. Recently Sullivan learned that Ploget had sold 25,000 sheep and a large number of horses and pocketed the money and skipped to Canada, accompanied by a beautiful woman named Labriche. Sullivan's loss is $50,000. Ploget has been located at Toronto and steps for his extradition will be taken.

The Sky Darkened by June Bugs.

GREEN CASTLE, Ind., April 22.—A strange sight was seen here last evening. A loud, roaring sound was heard and heavy black clouds were observed passing rapidly over the city. Upon close observation it was found that the clouds were composed of millions of bugs, about one inch in size. They passed from the west to the east, and the noise of their combined wings made as much sound as an express train at full speed.

The New P. E. I. Government.

CHARLOTTETOWN, P.E.I., April 22.—The members of the new Government were sworn in to-day as follows: F. Peters, president of council; R. McLean, Alex. Laird, P. Sinclair, D. Farquharson, J. W. Richards and T. Kickham. The departmental officers will be appointed after the House adjourns probably to-morrow.

Manitoba Wheat.

WINNIPEG, April 22.—Reports received on the grain exchange here state that wheat is already above ground from 1 to 1½ inches in nearly all parts of Manitoba.

WHOLESALE MASSACRES.

THE GREAT POWERS HAVE TROUBLE WITH THEIR SUBJECTS.

Barbarous Treatment of a British Envoy by the King of Gambia—England Sends an Answer in the Shape of Gunboats—The Situation in Manipur.

SIMLA, April 22.—It is thought but few facts connected with the advance of the British forces upon Manipur will be given out for publication until a decisive engagement has been fought. It is known, however, that the advance of the British has been considerably delayed by bad roads and that the troops have found the advance posts of the enemy abandoned. It is expected the Manipuris are retreating to some position where they can make a determined stand against the British. The Manipuris, it is said, have 62 prisoners whom they are holding as hostages. The advancing troops found the headless bodies of three Goorkhas who had evidently escaped death or capture at Manipur but had been afterwards overtaken by the Manipuris.

A KINDLY KING.

How the Native King of Gambia Treated a British Envoy.

LONDON, April 22.—Advices from Bathurst, the capital of Gambia, the British West African colony, show that Great Britain has another "little war" upon her hands. The native King of Gambia has for some time been misbehaving and the colony has suffered by his depredations. The British Administrator, Gilbert T. Carter, C.M.G., sent an envoy to the king with an intimation that if he didn't stop he would taste some marine "cold steel." His sable majesty for reply seized the envoy, had him bound and portions of his cheeks and thighs cut out by the body guard. Later the envoy and the pieces were sent back to the Administrator along with the significant missive, "This is the king's answer." A suitable reply has been arranged for by the British. Three gunboats have already ascended the Gambia River.

A MADAGASCAR MASSACRE.

Fifty-seven Hova Soldiers, the Governor and Thirteen Customs Officials Slain.

MARSEILLES, April 22.—The latest mails from Madagascar bring a report that the Sakalavas of Marrombo have massacred the Governor of Tubear and 57 Hova soldiers, after the Sakalava King had promised the Governor an audience.

The victims' bodies were horribly mutilated. Thirteen Hova customs officers were also murdered. The inhabitants of Tubear fled in terror to the French colony on the Island of Nosi-Be, near Madagascar. At last accounts a French gunboat was cruising along the Madagascar coast waiting for Hova reinforcements.

To Punish the Rebels.

LISBON, April 22.—An expedition to punish the rebels of Portuguese Guiana will start at once from Angola. Warships have left here to join the expedition.

Armed Bands on Bulgaria's Frontier.

VIENNA, April 23.—Armed bands of Russians and refugees Bulgarians are appearing in the Bobrutischa and the Roumanian Government evidently friendly to Russia, is not interfering with them. The Roumanian army is being armed with the same weapons as the Russian and Russian officers are permitted freely to inspect the troops and fortresses. It is reported that a secret treaty is in negotiation between Russia and Roumania, which would place at the disposal of Russia nearly 300,000 Roumanian troops and a small but effective fleet.

The Ever Recurring Gun Accident.

LONDON, April 22.—Two young sons of ex-Mayor Stafford of Leicester were playing with a revolver yesterday in a bedroom. Cecil, the elder, ignorant that the weapon was loaded, pointed it at his brother Roy and pulled the trigger. The pistol was discharged and the bullet struck the younger boy in the head, inflicting a grievous wound. Cecil, thinking he had killed his brother and overcome with remorse, turned the weapon against himself, fired and fell a corpse to the floor. The mother rushed to the bedroom and found both of her children weltering in their blood upon the floor.

Can Go Gunning Without a Band.

ROME, April 22.—The Italian Government proposes to abolish the use of brass bands in the army. They are pronounced not only very expensive but useless, the theory that the men derive inspiration from their martial melodies being rejected by the military authorities.

A MAD WOLF'S WORK.

Thirty-two Persons Bitten by a Ferocious Beast Will be Sent to Pasteur.

VIENNA, April 22.—A despatch from Czernowitz, capital of the Duchy of Bukowina, says that a mad wolf has spread terror and dismay among a number of families inhabiting a village near that town. The wolf ran amuck through the village, biting, or trying to bite any person, male or female, who came across his path. During the course of his mad rage the animal bit, more or less severely, 32 people. A number of them, all of them if possible, will be sent to Paris for treatment under the Pasteur system.

Chat From Across the Sea.

General Booth says he is short £20,000 in the current expenses of the Salvation Army.

A lady who has died in Glasgow has bequeathed £70,000 to General Booth for the Salvation Army.

The Emperor has refused to accede to the request of Alsace-Lorraine to mitigate the severe passport regulations.

Moses Williams, one of the gallant 600 of Balaclava fame, committed suicide in a quarry near Cardiff, Wales, yesterday.

Shamskin, the would-be assassin of the Czar, is said to have implicated a number of Jews in his confession, and as a result 3000 of that race have been expelled from Kieff, where the plot to murder the Czar had its origin.

All parties in Parliament are rather hoping that Cobain, the Irish Conservative member, will not be brought to trial, as the developments would be of a nature to shock the country and could hardly fail to have a demoralizing influence.

ELKTON, Md., April 22.—Rioting at college was the cause of the death of Ralph Hughes to-day. A year ago at St. John's College, Annapolis, wet papers were put into Hughes' bed. He laid on them all night, contracted pneumonia and consumption.

CANOEISTS DROWNED.

TRAGIC OCCURRENCE IN BURLINGTON BAY.

Three Members of the Hamilton Leander Rowing Club Thrown from Their Boat by a Sudden Squall and Two of Them Drowned.

HAMILTON, April 22.—A sad and drowning accident occurred on Hamilton Bay this evening which has cast a gloom over aquatic circles in this city. Three young men belonging to the Leander Rowing Club, named F. W. Oxenham, L. Campbell and D. Stuart McInnes were out for a sail in one of the club's canoes about 4.30 this afternoon, and when about half a mile from shore a squall came up suddenly and capsized the craft, dumping all three into the water. McInnes, who is a good swimmer, managed to keep afloat until rescued, but the other two sank from sight and were drowned. Oxenham was a clerk in the office of the Canada Life Assurance Co. and Campbell, who came from Toronto a short time ago, is employed in the Bank of Hamilton. McInnes is also an employe of the Bank of Hamilton and lives in Park-street south. Neither of the young men are married. The bodies have not yet been recovered.

TORONTO TOPICS.

TORONTO, April 23.—Moses Paul, one of the best known commercial men in Canada, died in Milwaukee, Wis., yesterday. He was for 18 years connected with John Macdonald & Co. of this city.

A. W. Godson, late contractor for the corporation, was arrested yesterday on a charge of fraud and forgery.

The Young Liberals held their annual banquet last evening.

Rev. W. F. Wilson, pastor of Woolgreen Methodist Church, known as "Move on" Wilson, was married yesterday to Miss Nellie Smith, daughter of Mr. A. B. Smith, merchant.

At the Criminal Assize Court yesterday the trial of Christopher McGrain for manslaughter was commenced before Mr. Justice Street. The victim of the crime was Jane Harding. She was the proprietress of a somewhat irregular house at 11 Ontario-street. Liquor was sold in the place and both men and women of anything but moral character nightly congregated there. It was after one of these orgies on the night of February 13, 1891, that the crime was committed. Jane Harding was the prisoner's paramour. The foreman of the jury announced that an agreement could not be arrived at and the prisoner was remanded to the next court. Mr. DuVernet, on behalf of his client, will apply for bail.

Matilda Berry was also tried for manslaughter. She seems to be the proprietress of a sort of baby farm. A child christened William Marshall was born at the Burnside Hospital and by some means came under the charge of the defendant on January 19 last. The child died on March 13 while under her charge. The evidence for the crown was of a very flimsy nature, about the only point proven being that the child was insufficiently nourished. Upon this ground Mr. J. G. Holmes, for the defence, submitted that there was no case to go to the jury. His Lordship concurred and the prisoner was declared not guilty and discharged.

A man named Ambrose Collins called on Rabbi Elzas on Tuesday and by telling a pitiful tale of woe secured from the Hebrew pastor $2 and a pair of pants. Yesterday Mr. Elzas concluded that he had been duped and told Sergeant Detective Reburn. Detective Burrows was detailed to investigate, and found the story told by Collins a lie. He thereupon arrested him for fraud, and when placed in the cells it was discovered that he was wanted on a charge of stealing a bicycle from W. M. Laughton. In the Police Court he pleaded guilty to the fraud and not guilty of the alleged theft. He was remanded until Monday.

Richard O'Leary, perhaps the best known jockey in Canada, died in the city early yesterday morning. Dick was known in almost every town in Ontario where race meetings were held. He was born at Port Credit in 1839, and was thus 52 years of age. O'Leary was known everywhere as an honest, straightforward and outspoken man. He had marvelous courage, good ideas and the courage of his convictions. He lived at various times in London and Ottawa, where he was connected with training stables. His first great Canadian triumph was when he rode Fearnaught to victory for the Queen's Plate at Ottawa in '79. Among the other four years in which Her Majesty's guineas fell to his prowess was in '89, when he rode Colonist ahead of Bonnie Ino, Long Shot, Evangeline and other cracks at Woodbine Park. O'Leary was successful at times over the jumps and his clever steeplechase triumph in St. Catharines is well remembered. O'Leary rode successfully on many United States tracks. Among the horse owners the deceased trained for were Sheriff Powell, Ottawa; John Foster, Woodstock, and James White, Hamilton. His last effort on a track in Toronto was at the O.J.C. fall races last year, when he rode W. Hendrie's Sunbonnet in the Juvenile Stakes without getting a place. Among the horses owned by O'Leary was Bonnie Brae.

Rev. J. Goforth, Presbyterian missionary in China and well known in Canada, writes from Lin Ching that the natives are giving great trouble to the missionaries in the Honan district. He says: Pressure has already been brought to bear on the officials and gentry of the unruly district from their superiors, but it is not sufficient to suit our consul and as they are apt to get a harder squeeze before they awake to the fact that when they adopt Chinese methods of looting Britishers they will have to accept British methods of paying for it. The American Presbyterian missionaries have been driven out of Cho-ming-shon—Dr. Hunter's wife and two children and Mr. Lane. A mob attacked their residence and wrecked all they could lay their hands on, the occupants of the house escaping by highways. Mrs. Hunter was cornered by a mob and caught hold of an elderly Cainaman and asked: "Why are you trying to kill me and my children?" The crowd fell back a little and a man cried out: "We don't want to kill you, but if you don't leave the city at once we will."

The entire party were allowed peacefully to leave the city in carts next day, but the excitement and exposure had an ill-effect on all, especially Mr. Lane and Mrs. Hunter, who have gone into consumption. During the riots the Mandarin was appealed to, but declared that he could do nothing.

ARRESTED FOR BURGLARY.

One of the Members Arrested at Montreal for Burglary.

MONTREAL, April 22.—Edward Collins of Detroit, Mich., and William Muller of Toronto were arrested yesterday afternoon on a telegram from the Chief of Police of Cobourg stating that a hardware store there had been robbed of a considerable sum by these two men. They were brought before the Police Magistrate here this morning, and pleading not guilty were remanded.

ATE HIS BROTHER.

Horrible Act of a Madman as Reported from a Cuban Town.

HAVANA, April 23.—News has been received here of a horrible affair which recently happened at Macaigua. A madman attacked his little brother with a knife, cutting off his head and otherwise mutilating him in the most terrible manner. He then proceeded to eat portions of the body and had devoured the fingers, liver, heart and eyes when discovered. In reply to questions why he had committed the horrible deed the madman declared that his brother had died and that he was making an autopsy.

Children Cry for Pitcher's Castoria.

A TRAGEDY OF THE STRIKE.

Accidentally Killed Her Lover at Whose Side She Was Fighting Like a Tigress.

UNIONTOWN, Pa., April 23.—Officers who went to Adelaide to-day to evict strikers were overpowered and driven away. Later they were reinforced by Sheriff McCormick and a large posse and returned to the scene. A pitched battle then took place between the posse and 300 Hungarians, men and women. A Hungarian girl was killed, and others, including several deputies, were injured. It is said the girl was accidentally killed by a bullet from a pistol discharged by her lover, at whose side she was fighting like a tigress. The same bullet wounded Sheriff McCormick's thumb. But for the arrival of C Company every deputy would have been injured, if not killed.

Pinkerton Men for the Coke Regions.

PITTSBURG, April 23.—Four carloads of Pinkerton guards arrived in the coke regions to-day. All were heavily armed. It is thought that these men will take the place of the militia. Last night unknown persons on the hills surrounding Morewood fired several shots, but they could not be located.

The Detroit Street Car Strike.

DETROIT, April 23.—The City Street Railroad Company are running their cars with much difficulty and irregularity to-day. There have been some collisions between strikers and new hands. Some cars were ditched or thrown across the tracks, but still the company is keeping cars moving with policemen on platforms and at the barns. The company have appealed to the Mayor for protection. The strikers' pickets have induced many of the men to quit.

A STRANGE ACCIDENT.

A Markham Youth Probably Fatally Injured in a Peculiar Manner.

MARKHAM, April 22.—Wilmot, son of Mr. Richard Reeves, baker, was romping with some girls in the yard last evening and jumped over the fence close to where a young lad named Killet sat whittling a stick. When he landed on the sidewalk he stumbled and fell across Killet's lap with his whole weight on the knife-blade, which penetrated his left side, the point barely touching his heart. Dr. Shaw, who was called, pronounced the wound a serious one.

HIS LOVE WAS DEEP.

It Was Also Effervescent and Now the Ghost Will Have to Walk.

LANSING, Mich., April 22.—In the Common Pleas Court to-day Miss Rhoda J. Pratt, formerly private secretary to the Adjutant-General of Michigan, was given a verdict of $8,000 against Prof. J. Clegg Wright of Cincinnati. Wright is a lecturer and spiritualist, and it was charged promised to marry Miss Pratt, but failed to do so.

ONTARIO LEGISLATURE.

TORONTO, April 23.—In the Assembly Mr. Tooley moved: In opinion of this House it is advisable and would be in the interest of the province that supplies that may be required for the public institutions of the province should be supplied by public competition in lieu of the course at present carried out.

Mr. Awrey moved in amendment that supplies for the public institutions have been heretofore and are now purchased by public competition, after advertisement for tenders, so far as that mode of purchase can be advantageously carried out, and in the opinion of the House the best interests of the province will be served by continuing the present mode of dealing with respect to such supplies.

The amendment was carried by a vote of 52 to 32.

They Don't Like Guttenberg.

NEW YORK, April 22.—The meeting in Jersey City last night to protest against the existence of the Guttenberg race track was largely attended. Nearly every church in Jersey City was represented. Rev. T. W. Gowen presided. Resolutions were passed denouncing the race track and pledging the support of the meeting "to the executive officers of the law in the performance of their duty, that this pool of wickedness may be closed up and the good name of our county redeemed from the stain now resting on it, to our shame." The resolutions concluded: "Guttenberg must go!"

A collection was taken up to carry on the work. A permanent organization was formed and an executive committee appointed. Speeches were made by Anthony Comstock and others.

INTERESTING ITEMS BY WIRE.

General D. P Grier at St. Louis.

Miss Kate O'Connell, last surviving daughter of Liberator Daniel O'Connell, at Dublin.

Association games yesterday: Boston 2, Athletics 1; Louisville 4, St. Louis 0.

Dunlap broke the small bone of his left leg in the Washington-Baltimore game Monday while trying to steal third.

Wullwedor & Co.'s furniture factory at Chicago was damaged to the extent of $100,000 by fire yesterday.

Two thousand of the striking spinners of Bradford, Pa., have resolved to resume work Monday if permitted to do so.

At Newark, N.J., yesterday Max Hunger shot his former sweetheart, Martha Marawasky, wounding her in the head and hand. He then shot and killed himself.

At a meeting of trotting horse breeders from all parts of the United States in Chicago yesterday it was decided to organize the National Trotting Horse Breeders' Register Association and, that completed, to negotiate with Mr. Wallace for the purchase of his register.

Dr. J. D. Furry, an old student of the Toronto School of Medicine, son of Mr. Elias Furry, of South Cayuga, county of Monck, died in Chicago on Tuesday on his way home from the Sandwich Islands whither he had gone for his health. Dr. Furry was a rising and successful physician, having occupied for some years the position of city physician of the city of Peoria, Ill.

Parson Davies for Jim Hall and George R. Clarke for Bob Fitzsimmons at Chicago signed articles of agreement for a fight to a finish with 4-oz. gloves, Marquis of Queensberry rules, between Hall and Fitzsimmons, for a purse of $12,000. The match is to take place in St. Paul or Minneapolis July 22.

A Boston despatch says the amalgamation of the League of American Wheelmen and the Amateur Athletic Union has been consummated. This was decided upon at a conference of the executive committee and racing board of the L. A. W. recently in Washington. It was further decided that the 17 racing men suspended for accepting expenses while in training from athletic and cycling clubs should be reinstated.

A SISTER-IN-LAW'S SORROW.

Boarders Cleaned Out the Larder and Killed Her Pet Black Hen.

HAMILTON, April 21.—At the Wentworth Assizes to-day Mrs. Lansley of Beverley sued her brother-in-law, Walter Lapsley. Mr. Lapsley rented a farm from him and brings an action for trespass against him because, she alleges, he came upon the premises before the lease expired and sowed a crop of wheat on a field. In the course of her evidence the plaintiff stated that her brother-in-law and his family had come to board with her on the farm, and had on one occasion held a bee to which a number of neighbors came. In order to provide a recherche spread, she alleges that her boarders cleaned out the larder and killed and cooked a pet black hen belonging to her. She was away at the time, and when she returned at night after the bee there was no food left in the house and she had to go supperless to bed.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and in the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. So that from the time of purchase until Hood's Sarsaparilla is prepared, everything is carefully watched with a view to obtaining the best result. Why don't you try it?

ATTRACTIONS IN
DRY GOODS
AT
TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

Housefurnishing ITEMS.

VERY INTERESTING NEWS

One of the most important parts of our store is the Carpet and Housefurnishing branch. Upon this one point we concentrate no small portion of our resources.

We offer a very handsome range of **Tapestrys.** Cheerful, tasty designs, in fast richer patterns than you often find in higher class goods, at only 35 cents per yard. From this price up we can show excellent value and choice effects. For example, the prices run like this: 45c., 50c., 55c., 60c., 65c., 75c., 80c., 85c.

Then in **Brussels** the stock becomes interesting.

We have **Borders** to match many lines, Stairs, too, if required.

An important feature in our stock is that nearly all the designs are PRIVATE.

Good line patterns in **All-Wools, Unions, Hemps,** etc.

Art Squares in nearly every size.

Medea's Muslins, with **Fringes** to match.

Art Muslins, Curtain Nets, and everything in the Housefurnishing line sold at most reasonable prices at

She Wanted the Neighbors to See.

MRS. BLACK—How much did you say those lace curtains were?

CLERK—Just $1.50 per pair, ma'am.

MRS. BLACK—Well, I'll take three pairs, for that will only amount to six dollars, and I expected to pay ten dollars for the same quality. I think they are just lovely.

CLERK—Can I sell you a nice parasol to-day?

MRS. BLACK—What is the price for a good parasol? I suppose yours are all new? They ought to be the most stylish and most durable.

CLERK—Yes ma'am. Our parasols are all new and fresh, and we can give you a very pretty parasol in ivory, combined or unmatched handles. Our price for a pretty parasol is 65c.

MRS BLACK—Well, they certainly are cheap. I'll take one for myself, one for Susan Jane, and one for Maria. Be sure you don't send the parcel after dark, and you needn't be particular about wrapping up the parcel, for I want my next door neighbor to see that it is a new one I bought at

NEVER FAILS. CURES COLD IN HEAD AND CATARRH

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

THURSDAY, APRIL 22, 1891.

THE fight over the Dominion constituencies will now be shifted from the polling booths to the election courts, there being fourteen protests against Liberals and twenty against Conservatives.

"Two thousand men out of employment in Toronto! This is rather a startling announcement to come from a city which never wearies boasting of its wonderful progress and unbounded prosperity," and it is a rather tough nut for the high taxationists to crack, to explain how in an intensely Tory city, that returns two out of three members by overwhelming majorities to support a national policy that was to give every mother's son constant employment can possibly allow such things to be. How is it anyway?

GRANULATED sugar is selling in Buffalo at 20 lbs. for $1. In Canada the rate is 12 or 13 lbs. for $1. Thus the Canadian consumer is tariff-taxed 60c. on every dollar spent for sugar. Of this a large part goes Mr. Redpath, the millionaire sugar refiner, who lives in princely splendor in Paris on the revenue thus legally squeezed out of his Canadian "serfs," and in return makes a contribution over five years to the Conservative election campaign funds to keep in power the friends who permit and legalize the wholesale robbery.

THE New Brunswick government has succeeded in passing through both houses of the legislature a bill to abolish the legislative council of that province, the bill to come into effect in 1894, or three years hence. The abolition of the council will effect a considerable saving to the province. There is no benefit, at all comparable to the cost, of a second chamber for provincial legislatures. It would be as wise to attach a second chamber to some of the county councils of this province. The line on the Senate matter should be drawn somewhere and it is not too radical to insist on drawing the line at the local legislatures.

THERE are to be six bills of divorce before Parliament during the coming session, so those who say that the Senate will have nothing to do when it meets make a great mistake. The Hamilton *Herald* thinks that the amiable old women serve a very useful function in looking after the divorce cases, and it is said to be the fact that they are always on hand when there is business to be done in the way of examining witnesses. What a good many people cannot understand is why divorce cases should not be tried before the judges in the courts, like other legal matters, instead of by a political body.

Rochester "Star" Nurseries.

First-Class Fruit Tree Stock a Special Feature—The Headquarters of the Canadian Department in Peterborough—Well Grown Fruit Tree Stock—Early Planting Made Possible.

The fact that the headquarters of the Canadian department of that great concern, the Rochester "Star" Nurseries, is in Peterborough, and that, to the astonishment of all interested in fruit growing, this season's stock for planting is on hand is something worthy special mention. The manager of the Canadian department has opened a temporary additional office for the delivery of stock for this season's planting. It is unusually early for fruit trees and plants to be ready for delivery but this is a feature for which the "Star" nurseries are noted. This year's stock crossed the line on the 18th and before this is read thousands of trees will have been planted and started growing. This is a striking contrast to the sights often seen—farmers going homeward about the middle of May with despondent-looking fruit trees, to be despondently planted, when other trees are in nearly full leaf. But that is something that will never be seen with the trees of the Rochester "Star" Nurseries. By extraordinary push, energy and expedition, the trees and shrubs are dug, packed and shipped early in the season. There is no disappointment in planting in the proper season the best of stock. And this latter is a point of the greatest importance. An EXAMINER reporter had a look over the magnificent stock for spring delivery in the temporary delivery warerooms on Water street, opposite the Ontario Bank, and all the stock shows evidence of the most careful culture. The apple trees are, as a rule, the height of a man, strong-wooded, and the vitality and vigour of the trees is shown in the extraordinary growth made the past season. This growth which, in some cases reaches three feet of stocky shoot, indicates a tree or shrub in perfect health and vigour—or in other words a tree of good constitution, that will enter upon its new life in the orchard or garden plot with every thing in favour of its making a splendid tree. The same mode of treatment applies to all other trees, shrubs, plants, rosebushes, grapevines, etc., grown by the Rochester "Star" nurseries. Mr. Bowman the proprietor, devotes a special branch of his business to growing trees and shrubs for the Canadian market. That is trees and shrubs representing varieties suitable to the climate. The trees are carefully budded—a much better plan than grafting—and care is taken to keep the tree in strong growth, and as before stated, by early digging and delivery to give the farmer and fruit grower the best quality of stock, suited for the climate and sure to give satisfaction.

Those wishing to see a fine collection of fruit trees or fruit plant stock, should visit the delivery warerooms, Water street, and see what kind of stock Mr. Charles L. Trotter, the manager of the Canadian department of the "Star" Nurseries, provides for his patrons. Those who contemplate planting next year are especially invited to inspect this stock, and those who cannot conveniently do so should wait till the salesmen of the "Star" nurseries call upon them. The stock of this nursery is always above par, and good live salesmen, who will always find an opening by calling on Mr. Charles L. Trotter, 348 Water street, can readily dispose of nursery stock whose appearance, character and reputation make it sure of sale.

A Great Blessing.

SIRS—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing, and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

American wheat markets took a weak turn to day, closing ¼c to 1c lower than Monday. May opened in Chicago at $1.15 and closed at $1.12½, lowest point; in New York at $1.25½, advanced 1c and closed at $1.24½, 4c above lowest point; in Milwaukee at $1.15 and closed at $1.11½; in St. Louis at $1.14 and closed at $1.12; in Toledo at $1.22 and closed at $1 19; in Duluth at $1 17 and closed at $1.15; in Detroit at $1.20 and closed at $1.19½, 1½c higher than yesterday.

It Pays to be Wise and Economical.

The wise and economical are the happiest people in our midst. Goods for household use and consumption are never bought until their quality and utility are assured. The wise, economical and prudent at all times strictly avoid buying any of the common package dyes prepared by inexperienced makers, knowing well that the results after using these dyes is as all times disastrous and expensive. Diamond Dyes which are sold at the same price, are invariably asked for by all who have home dyeing to do. The colors are bright, pure and unfading, and the reputation of these dyes established years ago.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for cleansing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. dw

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Ahead of Koch's Lymph.

Charles Campion, Kingston, Ont., says:—Gained 7 lbs. with one bottle of Miller's Emulsion of Cod Liver Oil. Cured bad Bronchial Cough with a few doses and made me feel like a new man, I strongly recommend it. All druggists keep it, dw

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses, from its wonderful efficiency in curing chapped hands, and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal 6d92

A MAN'S wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so, too! dw

Twelve years trial in English climate, with increasing demand, proves the Royal Rheumatic Remedy to be the best remedy for rheumatism. For sale by W. R. Greatrix, druggist. dw

AS A PICK-ME UP after excessive exertion or exposure, Milburn's Beef, Iron and Wine is grateful and comforting. dw

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla. Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

"Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Ayer's Sarsaparilla,

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credits and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

NEWFOUNDLAND QUESTION.

The Delegates Arrive at an Amicable Understanding With Salisbury.

LONDON, April 21.—It is reported that the conference between the Newfoundland delegates and Lords Salisbury and Knutsford have been satisfactory to all concerned and are leading the way to an agreement. It is added that Lord Salisbury has been as conciliatory towards the delegates as Great Britain's engagements with France permitted him to be. Lord Knutsford is also said to have received the delegates' suggestions in a liberal spirit.

The Newfoundland delegates are understood to have submitted proposals which have tended to greatly diminish the tension in the relations between the colony and the British Government. These proposals, it is said, while demanding the abandonment of the Knutsford Coercive Bill, show that the delegates realize this could only be done in the event of the adoption of an alternative means of insuring the faithful performance of the obligations existing between France and England.

It was also found impossible to accede to the delegates' demand for abandonment of the arbitration proposals. The ground for this refusal was that Great Britain was unable to do so on account of the deficits engagements she had already entered into with France. But it is added suggestions are under consideration which it is hoped may have the effect of modifying Newfoundland's objections to the action of the British Government.

It is believed the differences between Canada and Newfoundland have been also adjusted and that Canada is supporting the policy of Newfoundland in connection with the bait question.

LACROSSE MEN IN SESSION.

Annual Meeting of the Canadian Lacrosse Association in Toronto.

TORONTO, April 21.—Probably the largest meeting of lacrosse delegates ever held in Canada took place in the reading room of the Rossin House yesterday. Representatives were present from all sections of Ontario.

A. H. Baird, Paris; George Thompson, Orillia, and W. C. Kennedy, Toronto, the Nominating Committee, reported that new clubs, as follows, had applied for admission, recommending their election: Junior Hurons of Goderich, Gravenhurst, Puzzlers of Simcoe, Ætnas of Georgetown, Walkertons, Mechanics of Toronto Junction, Mildmays, Dauntless Juniors of Clinton, Junior Beavers of Seaforth, Kingstons.

The election of officers resulted:

Hon. President—H. J. P. Good.
President—James Vance, Ingersoll.
First Vice President—F. W. Garvin, Toronto.
Second Vice President—M. E. Mitchell, Milton.
Secretary-Treasurer—Harry O'Loughlin, St. Catharines.

Council—C. A. Kendall, Toronto Athletics; W. Balkie, Barrie; J. A. McFaddin, Stratford; G. Thompson, Orillia; A. H. Baird, Paris; W. Cross, Madoc; W. C. Kennedy, Capitals; F. Glanville, Lornes; W. Coulter, Mechanics; A. J. Bamphold, Niagara Falls.

There are now 13 championships in connection with the C. L. A. as follows:

(a) Senior, (b) Intermediate, consisting of 11 districts, all, except two, of which were contested last year, the Excelsiors being in the Niagara and Gerry districts, where there are no district clubs at present in affiliation with this association. The council expects to witness a revival of the game there during the season.

The championships are held as follows:

Senior—Athletics of St. Kitts
Intermediate—Excelsiors of Brampton.

District champions:

Southern—Lisgars of Tilsonburg.
Southwestern—Kents of Blenheim.
Saugeen—Walkertons
Western—Stratfords
Southern Junior—Stratford Juniors.
Central—Excelsiors of Brampton
Northeastern—Orillias
Northwestern—Lornes of Mount Forest.
Eastern—Checkers of Beaverton.

Stratford was admitted to the senior series after considerable discussion. Seaforth, also of the Western district, vigorously opposed the admission, but strong speeches by Messrs. Hunter, Ross, Ballantyne and Baird with Stratford's good record caused that club's election.

Very little alteration was made to the constitution. Senior clubs must put up $100 security, while intermediate and junior teams go untaxed.

The most important change made to the playing rules was the one giving the referee the same control over field captains as players. Their removal from the field for a sufficient offence may therefore be looked for this season.

New Essay on Man.

Man that is born of woman is small potatoes and few in a hill. He rises up to-day and flourishes like a rag-weed, and to-morrow, or the next day, the undertaker hath him. He goeth forth in the morning warbling like a lark, and is knocked out in one round and two seconds.

In the midst of life he is in debt, and the tax collector pursues him wherever he goeth. The banister of life is full of splinters and he sloideth down with considerable rapidity. He walketh forth in the bright sunlight to absorb ozone and meeteth the bank teller with a sight draft for $35.

He cometh home at eventide and meeteth the wheelbarrow in his path. It riseth up and smiteth him to the earth and falleth upon him and runneth one of its legs into his ear.

In the gentle springtime he putteth on his summer clothes, and a blizzard striketh him far from home and filleth him with cuss words and rheumatism. In the winter he putteth on winter trousers and a wasp that abideth excitement. He starteth down into the cellar with an oleander and goeth backward, and the oleander cometh after him and sitteth upon him.

He buyeth a watch dog, and when he cometh home from the lodge the watch dog treeth him, and sitteth near him until rosy morn. He goeth to the horse trot and betteth his money on the brown mare, and the bay gelding with a blaze face winneth.

He marrieth a red-headed heiress with a wart on her nose, and the next day the parent ancestor goeth under with a fee, arrest and great liabilities, and cometh home to live with his beloved son-in-law.—Wichita County Democrat.

Horticultural Notes.

Keep your trees trimmed into proper shape from the beginning; it is better to train than to trim.

When you prune a plant that is growing you check growth, prune it when it is dormant and you add vigor to the plant when it starts again.

A good compost for pot plants or anything else can be made as follows: Skim off slices of soda, mix with fine brush and weeds, let get dry, and turn the whole mass. Mix this well with some leaf mold, well decomposed manure (cow dung being best), one third sand. This compost will grow anything in the ordinary line to perfection. If prepared in the fall, store out of the reach of frost and turn occasionally.

Children Cry for Pitcher's Castoria.

DELIGHTFUL PERFUMES.

How a Woman's Belongings may be Scented at Little Expense.

A delightful perfume has an indescribable influence. All people of refined taste love it. The odor of a cluster of blush roses, a handful of sweet violets or tinted trailing arbutus, is sure, for the time, to drive away frowns and unpleasant thoughts. No woman can deliberately set her lips to unkind, harsh, ranging words in the presence of a bunch of lilies-of-the-valley, breathing forth the very essence of sweetness and purity. Fragrance is directly opposed to disorder, uncleanness and ill-temper. Women of wealth find it an easy matter to supply themselves with all the elegant, sweetly-scented toilet requisites, which are now so generally offered for sale—and by many, sweetness is thought to be available only to these favored ones. This conclusion, is, however, far from correct. A very plain home may be supplied with pleasant odors, and a restricted wardrobe may be steeped in fragrance. Bottles of farina cologne and choice French sachet powders are

NOT AT ALL NECESSARY

though very desirable of course. The toilet soap should be of the best, both in fragrance and quality. If scented this is somewhat expensive unless purchased in the city, and in quantity. A plain, scentless white castile soap is always in good taste. Most of the delightful odors which cling so persistently yet faintly to the gloves, laces, handkerchiefs and stationery of the lady of fashion, are produced by the free use of sachet bags or cushions and loose cases of various sorts of scents are scattered everywhere among her possessions. The lady of equally refined tastes but small income can easily produce these effects by the use of a very simple and inexpensive substitute. The odor of finely-powdered orris-root is almost precisely the same as that of the double English violets, which are sold at large prices. Twenty-five cents worth of orris—or less than that if your druggist is at all liberal—is sufficient to impart a delightful fragrance to all your possessions to which fragrance should be applied. To perfume the drawers of a chiffonier or bureau, sprinkle a sheet of wadding with a liberal supply of the powder, and put it into a case of cheese-cloth, with an outer cover of silk or satin, if you choose, though an extra cover of the cheese-cloth, tufted with bright worsted, is as useful, if not quite so handsome. The loose meshes of the cheese-cloth allow the perfume to escape freely, and all the laces and ribbons placed in this drawer will have their share of the delicate, spring-like fragrance. Small sachet bags of the powder should also be thrown about in various places and occasionally shaken, as should the lining also be, to facilitate

THE ESCAPE OF THE ODORS.

A bit of perfume wadding, a trifle of ribbon, silk, or even cheese-cloth, is easily made up into a sachet bag, and these may be placed wherever there are things to be sweetened taking care not to make the fragrance too common. For the box, desk or drawer where stationery is kept, there should be a liberal allowance of the perfume. A delicately sweetened letter always gives an added pleasure to the recipient. But again we say be careful not to overdo the matter. Strong perfumes are offensive and out of taste. The wholesome, clean and delicate colors of the lavender flower, strawberry, spruce, and the fine blooms of sweet, white clover, which are found in some parts of our country, are quite sufficient, if carefully gathered and distributed in proper quantities, to make a generous supply of delicate perfume for the household linen, wardrobe and toilets of the farmer's wife and daughter. Pleasant perfumes will not abide with unwholesome ones. This is true of one's property and person.

WHY go about hawking and spitting when Nasal Balm will remove every vestige of your catarrh, and thus relive you of this disagreeable habit? In cases of cold in the head Nasal Balm gives instant relief, and there is no case of catarrh it will not cure if used according to directions. A single bottle will convince you of its merit. 6192w

Speaking of Tips.

A tip is a piece of special or valuable information such as this, that Hagyard's Yellow Oil is a prompt and effectual cure for croup, colds, hoarseness, sore throat, rheumatism, neuralgia sprains or soreness of any kind. Known as reliable over 30 years. 2w15

A True Bill.

Wm. Gillespie, Wolfe Island, Ont., says: I had indigestion and stomach cough for three years. Was treated by best physicians and used numerous patent medicines without success, when two bottles of Miller's Emulsion of Cod Liver Oil cured me. I have great pleasure in recommending it. For sale by all druggists. dw

Sit Down and Think.

Sit down and think; 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w15d

When Baby was sick, we gave her Castoria
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Hagyard's Pectoral Balsam.

Hagyard's Pectoral Balsam gives prompt relief in coughs, colds, hoarseness, whooping cough, croup, asthma or bronchitis. It is the most pleasant and perfect throat and lung healer in the world for children or adults. Price 25c. 2w154

Everybody Admires Soft White Hands.

And every lady ought to use Dyer's Jelly of Cucumber and Roses, as it makes the skin soft and smooth. Druggists keep it. W. A. Dyer & Co., Montreal. 6192

NOT one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief. dw

AN INACTIVE or Torpid Liver must be aroused and all bad bile removed. Burdock Pills are best for old or young. dw

SOME SYMPTOMS OF WORMS are:—Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup. dw

FOR NETTLE RASH, Summer Heat and general toilet purposes, use Low's Sulphur Soap. dw

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles inc dent to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail

FOR FLAX-SEED EMULSION COMPOUND

BRONCHITIS

136 Lexington Ave., New York City, Sept. 19, 1890.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1890.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES

137 West 34th St., New York, Aug. 6, 1888.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

Sold by Druggists, Price $1.00.

Bicycles.

The Rudge Co. have opened an agency on 161 Simcoe street. All grades of high and safety wheels in stock. fm

No. 3 Company.

A meeting of the members of No. 3 company will be held this evening at eight o'clock for the purpose of drill and serving out uniforms. W. H. HILL, captain.

Postponement.

The entertainment in connection with the Baptist church Mission Band, announced for this (Thursday) evening, has been postponed until further notice.

Morrow, the Cash Grocer,

Sells 14 lb. Redpath's granulated sugar for $1.00, and 18 lbs. light brown sugar for $1.00. Ball blue, finest quality, 4 lbs. for 25c. Do not forget the cash store, 340 George st. dw

Sons of England

Sad News.

Mr Wm. Sandford, foreman of the Central Iron Bridge works yesterday received intelligence of the death of his mother in England. Mr. Sandford's many friends will sympathize with him in his affliction.

Erecting Lighthouses.

Mr. Walter Alford, of Belleville, has received the contract for building three piers and erecting thereon light houses near Presqu'Ile. The work will be proceeded with at once.

The Condemned.

Jas. Kane, the condemned murderer, causes no trouble whatever to the Belleville gaol officials, in fact he endeavours to make it as pleasant as possible to every one with whom he comes in contact. He is perfectly resigned to the fate which awaits him on the 21st of May.

New Arrivals.

Just arrived—a large shipment of refreshing beverages for spring and summer use.

Appolinaris Water. Lithia Water.
Vesta Water.
Gurd's Celebrated Belfast Ginger Ale and Soda Water.

STAPLETON & ELCOMBE,
dw 355 George street.

Tea and Concert

A Narrow Escape.

While Mr. John Bogan was lighting the lamp in his shop on Tuesday night last the hook holding it in the ceiling supposed to be loosed in a joist was only in a lath, fell to the floor with a crash striking Mr. Bogan on the head which might have resulted more seriously.

Credit to Whom Credit.

Mr. Harry Long wishes us to make a correction. In the report of the great ball on Monday night it was stated that Messrs. Long and Hooper catered for the occasion, whereas the entire credit should have gone to Mr. Long, who managed the supper with his usual skill and satisfaction.

The G.T.R. Double Track.

The contractors yesterday (Tuesday), says the Belleville *Intelligencer*, commenced at the east end of the viaduct at Port Hope to build the double track. The whole line between Toronto and Montreal, it is said, will be completed by the first of January, 1892 This will give such an impetus to traffic on the main line as it has never had before.

To-Night, April 23

Ladies,

Our Milliner has just returned from the summer opening and brought the most elegant range of Goods ever shown by us. The latest styles are most attractive, and we invite the ladies to call and see our Stock. 3d93 H. S. GRIFFIN & Co.

Out Goes the Goods.

Prices does it. When we say things are to go, they go. We mean everything we say. Goods at first cost and less, to clear. No wild statements; absolute facts. $9,500 00 to be cleared in thirty days, and they are going—fast. KNOWLES & Co. d70w

An Open Secret.

This is an advertisement for Hawley Bros'. teas, and we don't care who knows it. What we want to say will be straight and to the point. It is this: Hawley Bros. keep the finest stock of teas and coffees in town at the lowest prices—*n'oublies pas!* Excuse the French, but don't forget Hawley Bros.' teas.

Don't Forget, To-night.

The E. B. A. hold their entertainment in Catholic Association rooms, George street, when their new hall will be opened. Splendid programme—R. M. Roy, Mrs J. E. McIntyre, Misses Dunn, Thos. Dunn, M. J. Tierney and others. The Grand President, D. A. Carey, of Toronto, will be present. Come and have a good time. Admission 15c. 13

Tickets, 25c.

Children Cry for Pitcher's Castoria.

St. John's Church Organ Recital By Dr. Davies. To-Night at 8.

Temperance Topics.

Miss Phelps, the celebrated and eloquent temperance orator, appeared in the George Street Methodist Church last night. The lecture room was crowded. Mrs. Paine, president of the W.C.T.U., under whose auspices the address was given, occupied the chair. Previous to the address Mrs. Daly sang a solo in her usual excellent style, Mr. Seward presiding at the piano. Miss Phelps spoke on the subject of the antagonism of the liquor traffic to the material, moral and spiritual interests of the people. Her address must be productive of much good.

Phonographing St. John's Organ.

Mr. Lipsett, who is now exhibiting the Edison phonograph at 416 George street, yesterday took a phonographic impression for the use of his exhibit, of an organ solo played by Dr. Davies. The selection was Sodermann's brilliant and popular Swedish wedding march, and its impression on the phonograph cylinder was exceedingly clear, the music being reproduced with singular distinctness. The reproduction was a great treat to Dr. Davies, who, though he has been playing the organ for years, thus enjoyed the first opportunity of hearing, untrammelled by the act of executing it, his own brilliant music.

The public should keep continuously in mind the delightful concert to be given under the auspices of the P.A.A. on Tuesday evening, May 28th.

The P.A.A.A. Concert.

A spl ndid programme of vocal and instrumental selections. The promoters of the concert are forwarding preparations for making this concert the success of the season. Tickets 25 and 50 cents. Seats at Sohofield's.

A Runaway.

Mr. T. Brady's delivery horse upsetted the hitching post to which it was tied and ran away from the store yesterday afternoon. Leaving Brock street and turning up Aylmer, the horse ran till it reached Smithtown hill, where it stopped from sheer exhaustion. In its flight up Aylmer street the runaway struck a carriage from behind and beat the axle so badly that the vehicle was rendered useless. The young man and two ladies in the carriage did not hear the runaway approaching in time to avoid the collision, but it fortunately resulted in no serious damage being done, other than a severe shock to the nerves of those concerned in the accident.

Junior Forestry.

Court Young Peterborough, No. 5, C.O.F., at its regular meeting last night elected these officers:—

P. C. R.....F. E. Nesbitt
C. R.....W. Galley
V. C. R.....J. Dawson
R. S.....H. Dredge
T. S.....W. Armstrong
Treas.....F. R. Milliken
Chap.....Matthew Reid
S. W.....Jno. Reid
J. W.....W. Robinson
S. B.....Arthur Elliott
J. B.....G. Galley
Physician.....Dr. Yelland

The court is in a flourishing condition, having now about 40 members with some applications pending.

How Great are the Goughs!

There is apparently no limit to the ingenuity and resources of Gough Bros., the wonderful cheap men. Though always making some startling advance on the prominent positions they take, the last great stride is after all, an astonisher. They have saved a great clothing dealer from bankruptcy. He was going to the wall for want of a large amount of ready cash. He offered his stock at a great sacrifice for cash, and Gough Bros. united the resources of their several establishments in Peterborough, Toronto and Brantford (though for ordinary purposes they are absolutely separate and distinct,) paid the wholesaler spot cash for a splendid bill of ready made goods, and that enables Gough Bros. to give the magnificent bargains hinted at in the following specimen brick of paralyzed prices—a few diamond-pointed tips:

Men's Suits at	Men's Suits at	Boys' Suits at
$6 00	$8 00	$4 50
$4 00 for	$7 00 for	$4 00 for
$12 00	$8. $8 00	$4 99 $3.50 $2 90
$10 00	$5 50	$3 25

The same sweeping reductions in shoes and boots, and in every line of the several departments of Gough Bros.' business. A special drive in fine wool hats. See to it that you do not miss this wonderful chance, for at the prices quoted Goughs' great stock of goods will go like snow in the midsummer sun, or like the man who "wants work," when you give him a job.

St. Luke's Choir Concert.

A Pleasant and Successful Entertainment in Ashburnham.

In the town hall Ashburnham, Wednesday evening a concert was given under the auspices of the choir of St. Luke's church. A programme thoroughly pleasing, and largely musical in its composition, was presented to the audience. Mr. John Burnham, M.P. occupied the chair. The programme comprised local talent mainly, Mrs. Barlee, (nee Miss Strickland) of Lakefield also assisted with her magnificent contralto voice. The other performers also acquitted themselves most creditably. The vocal selections of Mrs. Barlee, Mrs. Daly, Lily Jackson and the quartette were warmly encored. The choir also rendered two good choruses. They return cordial thanks to all who assisted in the entertainment. The programme was as follows:—

Chorus.....Choir
Instrumental solo.....Mrs. E. A. Peck
Song, "The Kerry Dance".....Miss Long
Song, "The Peddler".....Mr. Knowles
Reading.....Miss Gray
Song, "The Irish Emigrant".....Miss Barlee
Song, "A Bird from o'er the Sea".....[Miss Lily Jackson
Quartette...Miss Heubach, Miss Wrighton [Mr. Ross and Mr. Ketchum
Song, "The Three Wishes".....Miss Tivey
Song.....Mr. Dreps
Song, "My Sailor Love".....Mrs. Daly
Reading.....Mr. C. N. Brown
Song, "Queen of My Heart".....Mrs. Barlee
Quartette...Miss Heubach, Miss Wrighton, [Mr. Ross, Mr. Ketchum
Flute Solo.....Mr. Butcher
Song.....Mr. Knowles
Duet.....Miss Wrighton and Mr. Clark
Chorus, "Joys of Spring".....Choir

News Nuggets.

—The ice in Stony Lake broke up yesterday and disappeared.

—"A stitch in time saves nine," and if you take Hood's Sarsaparilla now it may save months of future possible sickness.

—Division court will be held here to-morrow. There are 18 cases to be disposed of, one of which will be tried by jury.

—The G.T.R. siding to the Edison works premises is progressing, the rails are laid as far as Stewart street and and in a few days the siding will be at the junction with the C.P.R. siding.

—The plot of ground in the South ward on Aylmer street known as the J. E. Ormond property has been invaded by the building boom, ground broken and material deposited for building.

—Mr. Wm. Mitchell has reason to feel proud of his new canoe, which he launched yesterday. It is indeed a beauty, and after Mr. Mitchell has been in training with his "*Flo*" for some weeks, he intends to challenge all canoeists to a three mile race.

—A voluminous legal document in the form of an agreement between the town scavenger and the corporation, has been prepared and executed by the parties to the agreement. Mr. Thomas Williams, who has received the contract for cleaning the town, will assume his duties on the 1st of May. The agreement will be in force for three years.

Personal.

The last issue of the *Ontario Gazette* contains the appointment of Mr. E. B. Hall as a "Notary Public in and for the Province of Ontario."

A Cavan Attempted Shooting Case.

License Commissioner's Bailiff Grimison's Close Call—A Hunt for Liquor Rendered by a Little Shooting.

(From the Port Hope Times.)

At a meeting of the Board of License Commissioners on Monday last, Bailiff J. W. Grimison was appointed a special constable to act under the Board in carrying out their instructions. At that time the new appointee little thought that within a week his scalp would be nearly required of him away out in the wilds of Cavan, or otherwise he would not have complimented himself upon his appointment. Bailiff Grimison is a man of nerve, and when put to the test managed to look after "number one" without any hesitation whatever.

No sooner was the appointment made than the bailiff started out on his new duties, and the first job he was given to tackle was to make a seizure of liquor at the Cavanville inn kept by "Bob" Hutchinson. Bailiff Grimison, in company with his brother Frank, went out to the north of the riding and hiring a democrat at Millbrook, drove four miles north to Cavanville.

THE SCENE OF THE ROW.

Everybody who has driven through Cavan knows well the location of the Cavanville inn. It is the general stopping place between Bethany and Millbrook, and as "Bob" Hutchinson is a pretty decent sort of fellow, he has numerous friendly callers during the day. Of course "Bob" could not be expected to run the inn on wind alone, and it has been rumored that fire-water has been dispensed to all who had the requisite dust to put up for it. In fact, it is alleged, that was the secret of "Bob's" numerous callers, and it is also said that his reception hours were not confined to any particular time in the morning, afternoon, or even night. Such rumors having circulated themselves pretty generally, the Commissioners made up their mind to sift them, and Bailiff Grimson was detailed to win his spurs in his new capacity of special constable, acting under the License Board.

READING THE WARRANT.

On arrival at the inn, the Bailiff found Mr. Hutchinson, and told him he had a warrant to search the premises for liquor. Mr. Grimison quietly read the warrant over, and then the fuss commenced. "Bob" had just enough inside of him to make him fight, and before he got through, things hummed around that little inn. On the conclusion of the reading of the warrant, "Bob" threw his hat upon the floor defiantly, got into a terrible rage, and loudly declaimed that "one of them would die before they left that house." The officer took things coolly, paid no attention to the threat, and jocularly remarked that he guessed neither of them would get hurt. Hutchinson's rage increased in violence, and he stamped about the house cussing to beat four of a kind, and heaping imprecations upon the head of the officer who was sent to do his duty. He went into an adjoining room and took down a small 32 calibre rifle, and returned to the bar again. Mr. Grimison caught sight of the gun intuitively, but was not alarmed, as he saw it contained no cartridges. He then commenced his search in a little room in the rear of the bar, "Bob" raising Cain all the while, when Mrs. Hutchinson, attracted by the racket, made her appearance in the kitchen and wanted to know what was the matter. The officer went into the kitchen with her, and explained that he had come to search the premises for liquor, and that "Bob" had got into a passion in consequence. She asked if he had a warrant, and he replied that he had; and sitting down in the kitchen he proceeded to read over the warrant to Mr. Hutchinson. Meantime "Bob" was in a great rage. He went into the bar, asked his little boy for some cartridges, and was given three, which he put into the rifle. He then advanced into the kitchen, and ordered the bailiff off the premises. Mr. Grimson did not scare very much, and thinking the rifle was still uncharged, paid no attention to the infuriated man. Quick as a flash "Bob"

RAISED THE SHOOTING IRON TO HIS SHOULDER

and pulled the trigger. The bullet whizzed over the bailiff's head and almost touched his hat. It took less time than it takes to tell the story, for Grimson to grab his assailant by the throat with his one hand, and by the arm which held the gun with his other. Simultaneously with the report of the rifle, appeared on the scene young Hutchinson, who seeing his father clutched by the officer, naturally pitched into his assistance, and also Mr. Frank Grimson, was at once proceeded to hold off the son. There was a pretty lively scrap all round before the rifle was wrested from the hand of the infuriated man, and tranquility restored.

Then the reconciliation commenced. Hutchinson drew in his horns when he saw the officer had him, and realized his true position. It was explained to him that he was guilty not only of interfering with an officer in the discharge of his duty, but he had also shot at the constable with intent to kill. The seriousness of the situation was sufficient to bring "Bob" to his senses, and then he commenced to implore Mr. Grimison not to lay an information against him. He became so submissive that he even assisted the officer to load the barrel of beer which was found on the premises, on to the wagon. The two Grimison brothers then drove to Millbrook, and arrived home here at ten o'clock last night.

Bailiff Grimison's steady nerve is to be commended. He used no violence under all the trying circumstances, and, although his life was endangered, he did not resort to the revolver which he carried in his pocket. Hutchinson is known throughout the district as a very decent man, but through his drinking habits of recent years has developed a bad temper, which has on more than one occasion got him into trouble. He is a dangerous man to be trifled with when under the influence of liquor. All things considered, there is no doubt but that in this instance one bailiff nearly went to Heaven—that is, if bailiffs are ever allowed within the pearly portals.

Illiterate Voters.

We have extracted from a Quebec blue book, giving many figures with regard to the last provincial elections, some results which suggest questions to patriotic minds. Unfortunately, the figures are so carelessly put together that it is impossible to feel sure of anything in our deductions. To assume that ninety-five per cent. of the voters of Sherbrooke are illiterate, and need help from the deputy returning officers in marking their ballots, is, of course, nonsense. On the other hand many counties appear to have no illiterates. Leaving these remarkable phenomena out of the count as unknown quantities, we find the lowest degree of education at Two Mountains, where forty-four per cent. of the voters needed help, and the highest at Chateauguay, where only three and a third per cent. of the voters needed help. Why should voters who cannot even mark their ballots have a share in the government of the country? Men have no inherent right to govern because they walk on two feet; children do so, so do paupers and lunatics. The righteous test of the right to share in Government is fitness. Some may say that among illiterates there are many wiser, worthier and more prudent men than many of those who can read and write. That may be true, yet no one will say that men who cannot read a newspaper or write their names, are really fit for the function of voting. There is nothing in these days to hinder any man from learning to read and write. The man who has those sterling qualities which otherwise qualify him to take part in the management of affairs has certainly the capacity to qualify himself after this manner, and is culpably unfit for a share in these affairs if he does not do so. There would appear to be no practical difficulty about excluding the illiterates. The mere refusing of assistance in the marking of a ballot would, at least, assert a right principle, while the acceptance of ballots from persons who need to be aided is a distinct affirmation of the opposite principle, namely, that ignorant persons are fit and proper voters. But would it not be a simple matter to require that every new voter should have passed a definitely established grade in the public schools or a government examination equivalent thereto. This examination might be merely formal in the case of educated immigrants presenting credentials from recognized institutions in Britain, such as university degrees, etc.; but it should be such as to ensure that no one shall go upon the voters' lists who is not able at least to read and inform himself with regard to the needs of the country. Surely the time has come when this requirement can be exacted with the full concurrence of all that is intelligent in the land. It could hardly be opposed except by interests which hope to gain by the preponderance of an ignorant vote.—*Montreal Witness.*

Assessment Statistics.

A Substantial Increase in Peterborough's Population, and Also in the Total Assessment.

The town assessors have completed their labours, and from the totals compiled have been extracted the following principal items of assessment.

From these figures it will be seen that Peterboro still maintains its reputation as a progressive town. In the matter of population the increase has been large considering the fact that the assessment of other towns and cities show a stationary condition or in some cases a falling off. The figures of population are for the year 1891, 9,841 as against 9,237 in 1890, and increase of 504 or over 5 per cent yearly. This is very satisfactory especially taken in conjunction with the indication that next year will show a much greater rate of increase. The present population of Peterborough and Ashburnham, practically one town for commercial, business, and all other matters, except civic, is as nearly as possible 11,500 inn kept by "Bob" Hutchinson. Bailiff Grimison, in company with his brother Frank, went out to the north of the riding and hiring a democrat at Millbrook, drove four miles north to Cavanville.

Number ratepayers	2,788
Number children 5 to 16	2,169
Number children 16 to 21	561
Number children 7 to 13	1,320
Total value lands	$3,687,660
Total value personal property	$351,200
Total taxable income	$119,555
Total assessment	$4,137,895
Statute labour taxpayers	339
Dogs	627
Bitches	34
Total Population	9,841

Norwood.

(From Our Own Correspondent.)

A very enjoyable entertainment was held in the Presbyterian church under the auspices of the Ladies Aid on Tuesday evening April 21. A lecture was given by the Rev. Dr. McTavish, of Central Presbyterian church, on "The power of young people in the church." The lecture was marked by great earnestness, and each point was backed with forcible arguments. After the lecture the audience retired to the basement of the church and refreshed themselves with the best coffee and cake, while the musical people added their share to the entertainment.

The vicinity of the C. P. R. station presents a very busy appearance at present. A large gang of men are busy loading railway ties, while an equally large number are employed peeling posts for block paving. All this with the usual stir around the station and elevator, combines to make a very business like appearance.

Mr. Geo. Rose, a student at Queen's University, Kingston, is home for his holidays, having completed writing on his first year examination.

The Presbyterian church is to be lit with electric lights some time in the near future as a result of the efforts of the Ladies Aid Society.

There is some talk of a cricket club being organized here for the summer months. Mr. H. Pierce is the principle mover.

Mr. A. J. Fitzgerald has secured his property from a second burglary by the presence of a treacherous looking bull-dog.

Mr. J. W. Clark of the firm of Clark & McMillan, fell and sprained his leg the other night while playing the part of a somnambulist.

A CORPSE DROVE THE CAB.

Through the Crowded Streets of Chicago a Dead Cabman Drives.

CHICAGO, April 22.—Cabman Thomas Gilbert died on his box last night while driving a passenger to the west side union depot. After the Chicago Opera House was built Gilbert made his stand at the southwest corner of Clark and Washington-streets. He was there at 8 o'clock last night, when a man stepped into his cab and said: "Drive me in a hurry to the west side union depot." Gilbert climbed on his box, and, gathering up the lines swung his horse into Washington-street and headed west. A crowd of people was surging into the Chicago Opera House when the cab rattled by. Some one noticed Gilbert's head droop forward and then fall over on his breast. The horse trotted along Washington-street and stopped for a moment at LaSalle to let a Milwaukee-avenue cable train pass by. When the train had passed the cab rumbled over the tracks and continued to Fifth-avenue, where the horse was stopped by a pedestrian. The occupant of the cab jumped out and demanded an explanation.

A crowd of people collected on the sidewalk. "You will never reach the Union depot with this driver," said the man who stopped the horse. "Look up there and you will see you are being driven by a corpse!" Two men climbed on top of the vehicle and lifted the driver off. He was dead. His fingers were twined around the iron rod of the seat.

PRINCETON'S MYSTERY.

This May Be the Correct Explanation of Frank Larmour's Disappearance.

PRINCETON, Ont., April 22.—The mysterious disappearance of Mr. Frank Larmour, the G.T.R. agent, is still the subject of speculation. One theory is that he has gone to join his wife. The story goes that some time ago there came an unpleasantness into Mr. Larmour's family life, for which a certain young woman residing not far from Princeton was held responsible. The result was that Mrs. Larmour decided to leave her husband and she and her sister went to reside at some point not generally known. Mrs. Larmour's sister, Miss Markham, is a lady of considerable wealth—she it was who built the beautiful Catholic church at Princeton—and it is said that she has offered attractive inducements to Mr. Larmour to leave the village and its unhappy associations and follow his wife. Whether he has gone there or not it is impossible at present to ascertain.

Larmour secured leave of absence from the company and his accounts are correct to a cent. One of his particular friends, Captain Williamson, is confident if everything was right with him he would have communicated. The relieving stationmaster says that his last month's pay was sent for him to Princeton and he fully expected him to send an order to have it forwarded to his address. He waited some time and as he was unable to hear from him returned the money to the company as unclaimed.

Where is J. G. Geddes?

HAMILTON, April 22.—Customs House Broker J. G. Geddes left on Thursday ostensibly for Toronto. Since then he has not been in his office. Mr. Geddes took with him a check of Thomas Lawry's for $500 to get goods out of bond. This check was cashed in St. Catharines last night and to-day Lawry left for the east in search of Mr. Geddes.

Licenses to American Fishermen.

GLOUCESTER, Mass., April 22.—A telegram from Consul-General Frye at Halifax states that the Canadian Government has agreed to grant licenses to American fishermen. Several vessels that have been lying here some time, short of men, will immediately sail for Nova Scotia and secure crews under a license.

It seems appropriate enough for a whisky firm to go into liquid-ation.

Why is it that the chief of a city fire department must always ride in the fastest of buggies and invariably drive to a fire at break-neck speed?

It Is Costly to Die in Mexico.

LEAVENWORTH, Kan., April 22.—The body of Len T. Smith, who died suddenly last Tuesday of heart disease in the City of Mexico, arrived here to-day. The funeral will take place to-morrow. The Mexican State Department compelled the friends to pay $150 to remove the corpse, and the undertaker exacted $691 for his services.

Not Generally Known.

That you can get a good hardwood Bedstead, light or dark finish, at Clegg's for $2 90.

That you can get a good hardwood Bedroom Suite, well made and finished light or dark, for $13.

That you can get a 6 good chairs for $2.25.

That you can buy a good mixed Mattress at Clegg's, for $3.50.

Beecham's Pills cure Biliousness and Nervous Ills

Insurance Business.

The abstract of business done by the Insurance companies of Canada last year, has been issued by the Department of Finance. The fire premiums received totalled $6,841,-623—an increase of a quarter of a million over 1889. The Royal leads with $563 723, followed by the Western with $536,196; the Liverpool, London & Globe with $479,594; Commercial Union, $318,697; North British, $313 247; the Queen, $302,455; and the Lancashire, $253 229. Of the total of $6 841 623, the British companies received $4,071,492; the Canadian companies, $1,240 954; and the American companies, $530,232. The losses paid by fire companies reached $3,305,276, which was 54.54 per cent of the premiums received against 51.47 in 1889. The gross amount of fire risks taken during the year was $967,036,511.

The premium income of the life companies during the year was $8,167,473, a slight decrease from the previous year. The amount of life insurance in force in Canada is $248,277,052 of which $40,759,971 was effected 1890. This is a decrease of four millions since 1889. There was a combined excess of income over expenditure of $3,560,-000.

It Means a Great Deal.

As "inch of rain" means a gallon of water spread over a surface of nearly two square feet or a fall of about one hundred tons on an acre of ground. One bottle of Paine's Celery Compound, faithfully used, means that you need not employ a physician, and therefore you save a large bill for medical attendance. One bottle of Paine's Celery Compound also means the complete banishment of that nervous, wearied feeling that you are beginning to experience. It means a dispelling of that miserable headache and irritableness which bother you. It means peaceful and refreshing sleep instead of insomnia and wakefulness. One bottle of Paine's Celery Compound to the man or woman often means scores of dollars saved, and hours—yes weeks of suffering and pain avoided. Try it and be convinced of what is said in its favor.

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

DIED.

BRENTON,—At 32 Cedar street, on the 22nd April, 1891, Silas, youngest son of Mr. Richard Brenton, aged 14 years.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEES, 9 N. Railroad St., Kendallville, Ind.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

A BAD RUMOR CURED.

$5,000 Expended on Doctors and Medicine with Avail. Cure Himself up to Date.

Good Wife Suggests Cuticura Remedies. Uses them 7 months, and is entirely Cured.

I was in the war during 1861-5, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out to curse all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure you could not, and finally drifted myself to to do die, my good wife suggested to me, one day, to try the CUTICURA REMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to say that by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. O. L. PEARSALL.

1 Fulton Fish Market, New York.

April 16, 1890.

Cuticura Remedies.

These grateful testimonials tell the story of great physical suffering, of mental anguish, by reason of humiliating disfigurations, and of threatened diseases happily and speedily ended, by the CUTICURA REMEDIES, the greatest Skin Cures, Blood Purifiers and Humor Remedies the world has ever known.

Spring Business opens

Brilliant Booming Bustling Buoyant

We have opened the batteries of trade from our staunch old fort and from the moment we opened in dead earnest Spring Business started with a jump. We are now in the heyday of our glory, because we are told by everybody that we occupy first place in the galaxy of clothiers. Our store is filled to overflowing with a grand assortment, and every department is jammed with elegance, every table is filled with new styles and there is nothing cheap about anything except the price.

LOOK US UP!
LOOK US OVER!

We have a beautiful and elaborate range of new and elegant styles in Tweeds and Overcoatings for Spring wear. There we make to measure in short order at short prices. Our efforts have always been directed to maintain the leadership in low prices and success and supremacy has crowned our efforts.

THOMAS DOLAN & CO.

Clothiers and Furnishers,
Peterborough.

You Want to Buy a Home

And bear in mind you are making one of the mistakes of your life by delaying, because no sane man can fail to see that new and extensive Manufacturing Industries, new Railway Extensions, the development of the mineral wealth of our back country and the early commencement of work on the Peterborough and Lakefield section of the Trent Valley Canal, cannot fail to force our fine town into the front rank as one of the leading cities in Ontario.

This being the case, is it wise for you to continue to rent if it is possible for you to buy, and a very moderate amount of money will enable you to do so.

I have Lots at all prices and in all parts of the town with special snaps for speculators, on the line of the canal from $50 up.

Houses and Lots in quality, location, price and terms to suit all buyers. Do not delay. Come and see me if you want a good property at a low price.

VOL. XII. NO. 96. PETERBOROUGH, FRIDAY, APRIL 24, 1891. PRICE TWO C

CASH HARDWARE STORE.

On and after 1st April we shall do business on a **Cash Basis.**

To cover the inevitable losses attendant upon a credit business, which accrue from amount of time spent in keeping accounts, collecting, bad debts, interest account, and in numerous other ways, larger margins of profit must be asked.

In these times cash buyers ask, expect, and are entitled to close prices. A careful consideration of the subject convinces us that the time has come for a cash business done on smaller profits.

The only customers who may possibly be put to inconvenience are those who have had long credit. In more ways than one it will be to their advantage to pay cash.

For convenience of our old customers who consider their accounts due when presented, we will call 30 days cash and render all accounts the first of each month, and we wish to say that will be happy to do business with them on those terms.

As the new departure is something of an experiment, what would be considered a close cash price will be made all through the stock. Not a few leaders only, but a general reduction in everything from the fourth flat to the cellar.

Our idea is to perform more than promised rather than promise more than can be fulfilled.

Our stock is large and varied, consisting of **Builders', Contractors', Household, Mechanics', Painters', Shoemakers', Farm, Mill, Factory, Lumbermen's, Sporting, Threshers', Cabinet-makers', and other lines of Hardware.**

An old saying:—"You should go to Kingan's where you can get anything from a Needle to an Anchor."

HEARD THE COLONY'S CASE

THE NEWFOUNDLAND DELEGATES IN ENGLAND.

They Lay Their Grievances Before Britain at the Bar of the House — Premier Whiteway Makes a Great Speech — Lord Knutsford's Reply.

LONDON, April 23.—The expectation of so rare and important an event as the representatives of a colony being heard at the Bar of the House attracted an unusually large number of spectators to the House of Lords to-day. The seats in the side galleries were filled with peeresses, and the galleries assigned to the members of the House of Commons were largely occupied. Behind and around the bar groups of favored ladies gave an unusual aspect of liveliness to the customary dulness of the chamber.

There was a full attendance of peers, and the Prince of Wales and Prince Albert Victor sat together on a cross bench. On the steps of the throne were seated Lord Lorne, Sir John Gorst, Political Secretary of the India Office; Baron Henry DeWorms, Political Secretary of the Colonial Office; Henry Cecil Raikes, the Postmaster-General, and other leading members of the House of Commons.

After Lord Salisbury had announced that the Government had decided to send war ships to Pungwe River, Lord Dunraven moved that the Newfoundland delegates be heard at the bar of the House. Lord Dunraven quoted precedents sustaining their claim to appear at the bar. Lord Knutsford, Secretary of State for the Colonial Department, assented to Dunraven's motion, and the Speaker of the House of Lords, Lord Halsbury, Lord High Chancellor of England, gave orders that the delegates from the people of Newfoundland were to be admitted.

The five Newfoundland delegates, headed by Sir William Whiteway, thereupon made their appearance. Sir William delivered his statement in a clear, well-pitched voice, every syllable being distinctly audible.

The Delegates' Petition.

A statement was then read by Sir William Whiteway, Premier and Attorney-General of Newfoundland. Sir William detailed the objections of the Newfoundlanders to Lord Knutsford's coercive bill and concluded with the following proposals, which he said ought, in the opinion of the delegates, and the people of Newfoundland to be accepted by the Imperial Government as a solution of the existing difficulties:

That the Newfoundland Legislature pass immediately an act authorizing the execution for this year of the modus vivendi and of the award of the arbitration commission, together with all treaties and declarations under instructions from the Queen in Council. That further progress of the Knutsford bill be deferred until the passage of the above act and that the present arbitration agreement shall not be allowed to operate beyond the lobster question without obtaining the prior consent of Newfoundland, in which case the colony shall be represented on the commission. That Newfoundland desires that the agreement be for unconditional arbitration on all points that either party can raise under the treaties. If this can be arranged between Great Britain and France Newfoundland will ask to be represented upon the arbitration commission and will pass an act to enforce the execution of the awards of the commission.

Sir William Whiteway added that the Newfoundland delegates regret that up to the present moment these proposals have not only not been accepted but that no hope has been held out that they ever will be accepted. Their adoption, he said, would immediately cause excitement in Newfoundland to subside and would induce peace under conditions which would make coercion by warship extremely difficult. The Newfoundland premier added that if the Knutsford bill became law it would have been forced upon a resentful people, but if proposals of the Newfoundland delegates were adopted every good object of the bill would be pleasantly attained. The enactment of the bill would leave a rankling wound in the hearts of the colonists and would establish a precedent which would ever give a feeling of insecurity to every self-governing colony. In offering on behalf of the Colonial Legislature of Newfoundland," continued the Premier," to enact laws providing for the honorable fulfilment of obligations of an exceedingly arduous kind, we are animated by a spirit of patriotism and devotion to the Empire. Persistence in passage of the bill, therefore, will be a poor return for the faith in Parliament which animated the Newfoundland Legislature in sending us to the bar of the House of Lords."

Sir William was listened to throughout with keen attention.

Praise from a Peer.

Lord Knutsford at the conclusion of the Newfoundland Premier's remarks, in moving to adjourn the second reading of the Newfoundland coercive bill until Monday, referred in terms of warm praise to the very able speech made by Sir William Whiteway.

This adjournment of the second reading of Knutsford's bill was in order to give the Government time to fully consider the representations made by the delegates. Should the delegates be unsuccessful in their appeal to the House of Lords they intend to apply for a hearing before the House of Commons.

A MANIAC'S SUICIDE.

An Insane Inmate of Walkerton Jail Commits Suicide.

WALKERTON, Ont., April 23.—Levi Krupp of Formosa, an insane inmate of the county jail awaiting transference to an asylum, died in his cell from starvation. Application had been made for his admission to the asylum, but he died pending the completion of arrangements. Everything possible had been done for his comfort and all his wants supplied, but he steadfastly refused to either eat or drink. He would allow nothing, not even wine or milk, to pass his lips. The verdict of the jury was that death was caused by lack of nourishment.

A Father's Awful Crime.

OTTAWA, April 23.—William Evans, a coachman of Lyon-street, was captured by Policeman Flanagan at 3 o'clock this morning, after a hard chase, and run into the station. The charge against him is that of an attempted outrage upon his own 16-year-old daughter, whom he threatened with death if she made any outcry.

ROME TREMBLED.

THE VENERABLE CITY SHAKEN TO ITS FOUNDATIONS.

Lives Lost and Property Damaged—An Early Morning Powder Explosion—The Vatican Suffers—Historical Palaces and Churches Damaged.

ROME, April 23.—At about 7 o'clock this morning a tremendous explosion shook this city to its foundations, spreading horror and dismay on all sides. The people rushed affrighted from their homes into the streets, houses rocked, pictures fell from the walls, thousands of panes of glass were broken, crockery was shattered, furniture was overturned, chimneys crashed down on the roofs and in some instances toppled over into the streets. The cupola of the House of Parliament immediately after the explosion shook violently and then collapsed with a crash, which added still further to the feeling of horror which had spread throughout Rome. All the thoroughfares were strewn with bricks, stones, splinters and other debris, hurled there by the force of the powerful concussion which had caused Rome to totter on its foundations. People of all ages and conditions were rushing, pale with fear, about the streets. Rents and cracks appeared in the walls of houses, the plaster fell from the ceilings and general desolation prevailed. In many instances people were thrown from their beds by the shock. It was discovered that the immense powder magazine at Porzeno Pantaleo, *four kilometres (2½ miles) from Rome*, had exploded, and that it had caused enormous damage to the neighboring fort.

Signor Nicotera, Minister of the Interior, stated in the Chamber of Deputies this afternoon that 7 were killed and 46 persons were injured at the scene of the explosion and that about 200 persons in this city were slightly hurt. The Minister of War said there were 265 tons of powder in the magazine, but none of the new explosive balestite was stored there.

King Humbert, accompanied by Premier Rudini and other Cabinet officers, visited the scene of the disaster and received an ovation on visiting the hospital where the injured are being cared for.

The rumors that the explosion was of Anarchistic origin are without foundation. The official reports are that inquiries made on the spot tend to show that the explosion was purely accidental.

The races, including the Italy Derby, which were to have been run this afternoon, have been postponed on account of the explosion.

The shock which caused Rome to tremble *did not spare the Vatican*. That venerated place shook with the rest of the buildings when the force of the explosion was felt, and several of the famous historical stained glass windows of the old buildings were shattered. The windows in the ancient Raphael chambers and the stained glass in the royal staircase, presented to Pope Pius IX. by the King of Bavaria, were also seriously injured.

GLADSTONE CRITICIZED.

Balfour Stirring Up Gladstone with a Letter Filled with Gibes at the Liberals.

LONDON, April 23.—Mr. Balfour has written a letter in which he comments at length upon Mr Gladstone's recent criticisms on the Irish Land Bill. Mr. Balfour says: "The Liberals oppose, line by line, a measure which is accepted in its main principles by every section of the Irish party and eagerly desired by the bulk of the Irish agricultural community, involving no risk, theoretical or practical, to the British taxpayer. Mr. Gladstone does not even pretend to hold out any prospect of a settlement of the question except by occupying the time of Parliament, if he gets a majority, with a fruitless discussion of absurd and impossible schemes of Home Rule.

"While he has been voting on abstract resolutions about self-government, rural parishes and registration, the Government has done more to advance the principle of local self-government in every part of the kingdom, to lighten the cost of education of the working classes, to strengthen the defences of the Empire and to deal with social questions than an administration pledged to Home Rule would be likely to do in a generation. The Government, though not following Mr. Gladstone's example in confining its attention to Ireland, has effected and is effecting more for the material welfare of the country than any of its predecessors."

A Little "Pipe Clay," But Efficient.

PARIS, April 23.—General Saussier yesterday reviewed the Paris garrison, numbering 10,000 men, in order to test its readiness for a campaign. Some rawness was observed among the cavalry, which is attributed to recent recruiting, but the general promptitude of the men was such that a German officer who witnessed the review remarked that even if there was a little "pipe clay" among them they showed striking efficiency.

Mansel Emulates Dunlo.

LONDON, April 23.—Sir Richard Mansel, a Welsh baronet of long pedigree but short purse, has married a dashing music-hall dancer and singer named Lily Earnest, who will remain on the boards and with her earnings help clear the baronet's encumbered estates. Previous to her marriage she commanded a salary of only £5 a week, but will probably soon be worth £100 as a rival to Lady Dunlo.

Sir Richard Mansel, Bart., is the 10th holder of the baronetcy, which was created in 1621. Lily Earnest is his second wife.

Chat from Across the Sea.

It is reported the Chilian insurgents defeated the Government troops at Iquique on April 19.

The first formal meeting of the Royal Labor Commission will probably take place on the 30th inst.

The British steamer Sayre, bound for Valeucia from London, has been wrecked at Meixedo.

The Russian Government has ordered that stricter measures be taken to protect the seal rookeries of Behring Sea.

The death notices in yesterday's Times show the names of 21 people whose total ages amount to 1735 years, or an average of 82.

The publishers of The Paris Le National have been sentenced by the Seine Tribunal to four months' imprisonment and to pay $20,000 damages and a fine of $400 for printing a libel affecting the Credit Industriel.

Cara, who killed Charles III., Duke of Parma, in 1854 and escaped to the Argentine Republic, but recently returned to Milan, committed suicide yesterday by throwing himself beneath a railway train.

ENGLAND'S ULTIMATUM.

PORTUGAL TO BE BROUGHT TO TIME WITHOUT DELAY.

Three British Warships Sent to the Mouth of the Pungwe—Dom Carlos Can't Play Fast and Loose Any Longer—Salisbury's Announcement in the House of Lords.

LONDON, April 23.—Lord Salisbury in the House of Lords to-day, in answer to an interpellation regarding the action of the Portuguese authorities in interfering with Sir John Willoughby's expedition on the Pungwe River, said the members of the English expedition had been treated in a manner not consistent with the engagements of the Portuguese Government. Lord Salisbury added that the demeanor of the Portuguese officials in Africa corresponded so little with the assurances given by the Lisbon Government that it had been decided to send three British war ships to the mouth of the Pungwe River. [Cries of "Hear, hear."]

Lord Salisbury said the men-of-war sent to the Pungwe River would not be large but they would be sufficient for the purpose, the Portuguese minister having intimated that his Government had ordered the removal of the obstacles to free passage into the interior by the river. Lord Salisbury proposed that Great Britain appoint a consul to see that the modus vivendi was observed and said the Government would send a naval officer to act in that capacity. [Hear, hear.]

Boers Threaten a New Complication.

CAPE TOWN, April 23.—A telegram received here from Pretoria, capital of the Transvaal, or South African Republic on April 19, announced that a Boer "trek," or expedition, with the consent of Portugal, was upon the point of leaving the Transvaal with the object of establishing a republic in either Mashonaland or Manicaland, territories in connection with which the British and Portuguese authorities are now engaged in several disputes. This project, the telegram added, if carried out, would affect Manica territory claimed by England, and might result in further trouble between England and Portugal.

Since that time the Lisbon Government has received the intimation, through the public press and through official channels, that the Portuguese Government was apparently courting the visit of a British fleet to Lisbon. Lord Salisbury is understood to have instructed Sir George Glynn Petre, the British Ambassador at Lisbon, to call the attention of the Lisbon Government to the reported Boer expedition, to the detention of the Sir John Willoughby expedition and to other and similar matters which have caused the relations between Great Britain and Portugal to resume a dangerously strained aspect.

Cape Colony Instructed.

Lord Salisbury was not contented with entering a protest against the reported expedition of the Boers. The British Premier, through the Foreign Office, promptly communicated with Sir Henry Brougham Loch, the Governor, British High Commissioner and Commander-in-Chief of Cape Colony, with the result that the latter, with equal promptness, placed himself in communication with the President of the Transvaal, Paul Kruger. The substance of the British Governor's communication to the President of the Boers was that the projected Boer "trek" into Mashonaland with the view of establishing a new republic would be treated as an act of hostility to Her Majesty the Queen of England.

To this distinct declaration President Kruger has just replied. He says that he has damped the projected "trek," and that in addition he has sent messages to the prominent Boers who are suspected of being the leaders of the movement, with the determination to still more clearly impress upon them the necessity of not taking any action which might lead to complications between the Government of the Transvaal and the Government of Great Britain.

Portugal Not in It.

On the other hand, it is understood that the Portuguese Government has assured the British Government that Portugal has not in any way countenanced the Boers' projected raid, and should the Boers obey the injunctions of their President this incident, which threatened to have serious consequences, may be said to have blown over. The Boers, however, are a very crafty race, and their proximity to and meddling with the territory about which Portugal and Great Britain are disputing may yet lead to dangerous complications.

ENGLAND'S REVENUE.

An Excess of Over $7,000,000 in the Estimated Surplus—Beer and Tobacco

LONDON, April 24.—The Budget was submitted to the House of Commons this afternoon by Mr. Goschen, Chancellor of the Exchequer. Mr. Goschen said there was an excess of £1,750,000 over the surplus which he suggested in 1889, but there was no certainty that a progressive increase would be maintained, as the needs of Ireland had increased the expenditure by £500,000. Mr. Goschen estimated the revenue for the coming year would amount to £90,480,000, and the expenditures to £89,440,000.

The expenditures of the postoffice exceeded the estimates by £300,000, of which sum the most was due to increase in wages paid to postoffice employes. The Government did not believe the cheapest labor was the best. [Cheers.]

Mr. Goschen said £900,000 of the surplus arose from the internal revenue duty on alcoholic spirits. There was an increase in consumption during the year of 18,000,000 gallons of home made spirits. Tobacco had given an increase of £450,000 and beer an increase of £375,000.

The net reduction of the public debt during the year was £9,512,000, making a total reduction of over £33,000,000 during the time the present administration had been in office. [Cheers.]

THE PORTE MUST CAPITULATE.

Otherwise Bulgaria Will Proclaim Her Independence—Portugal's Ultimatum.

LONDON, April 24.—Bulgaria will shortly request the Porte to recognize Prince Ferdinand as ruler of Bulgaria. In the event of the Porte's refusal Bulgaria will proclaim her independence.

English Alliance With Italy.

ST. PETERSBURG, April 24.—The Novosti says it is certain Lord Salisbury has concluded a treaty of alliance with Italy.

Knighthood for Chapleau.

OTTAWA, April 24.—Hon. J. A. Chapleau's name is now connected with the report that Canadians are to come in for a share of Queen's Birthday honors. It is said that he is to be knighted along with Mr. Laurier.

Killed by the Cars.

KINGSTON, April 24.—This morning about 9 o'clock S. Hornibrook, aged 22, a brakeman on the suburban train, was found lying mangled near the overhead bridge at the cotton mill. He had been struck by the bridge while standing on the top of the train. He was taken to the hospital, where both legs were amputated, but he only lived a few hours. A few years ago a brother, a tinsmith, fell off a house and was instantly killed. Another relative had his head cut off some years ago near the K. & P. roundhouse by a train.

Goodwin's Trial Postponed.

OTTAWA, April 24.—It is reported on good authority that the trial of Goodwin, for the alleged murder of Richard Langford, a Huntley farmer, in December last, will not take place until the next assizes owing to the absence of witnesses.

Revision of the Sugar Duties.

OTTAWA, April 23.—It is likely that there will be a revision of the sugar duties this session. Hon. George E. Foster, Minister of Finance, stated to-day that he is studying the question. The officials of the Custom Department discredit the reports about extensive smuggling of American sugar across the frontier into the Eastern Townships.

Children Cry for Pitcher's Castoria.

A FORTUNE IN A BUSTLE.

It Contains $2000 and Will Hereafter Have a Place of Honor

GETTYSBURG, Pa., April 23.—Miss Maggie Schutt of Derry, this county, died last week. Miss Schutt's relatives have been puzzled to know what she did with her money. She lived like a perverse old maid and indulged in no luxuries or frivolities. Three days after her funeral two of the young women of the house concluded to clean up the room occupied by Miss Schutt. Mrs. Jennie Bennett unearthed a large, well-made, heavy bustle. With the remark, "Well, here it goes, Kate," Jennie threw it into the flames. Taking a second thought she pulled it out again. "It seems awful heavy for a bustle," said she, "let's rip it open." When turning it over to insert the scissors a piece of green paper was seen sticking out of a hole in the seam. The green paper was a bright $20 bill. Scissors were thrown aside and deft fingers took their place. The whole thing was ripped open. There was a feminine scream. There lay tens, twenties, fifties and nestling in the bed of greenbacks were shining gold eagles and double eagles and some small silver coin. The find netted $2000.

The money will be divided between her two sisters, with a neat reward to the girls who discovered it. The old bustle will be covered with tinted satin, decked with ribbons and handed down to generations.

ONTARIO LEGISLATURE.

The Mining Regulations Engage the Attention of the House.

TORONTO, April 23.—In the Ontario Legislature yesterday Mr. Mardy, in moving the second reading of the bill to amend the General Mining Act took up the objections which have been made by mining men to the bill and justified the policy of the Government. He devoted himself for some time to the opposition raised to the royalty clauses and showed by reference to other countries that the royalties proposed were not excessive. South Carolina imposed a royalty of 25 per cent. on phosphate, obtaining last year $256,830. Nova Scotia collected last year royalties amounting to $130,000. In Michigan, although the mines were purchased from the Government in fee simple, the great bulk of them were worked on payment of a royalty of about 50 per cent to the owners. The Government believed that a royalty of 3 per cent. on silver, nickel or nickel and copper was a very moderate one. It had been urged that a royalty of 2 per cent. on iron was unfair because of the duty collected by the United States, and because there was no development of that industry. Instead of imposing a royalty of 2 per cent. absolutely, he thought that iron might be placed on the permissive list embraced in the clause. "All other ores shall be subject to such royalty as shall be from time to time imposed by order-in-council not exceeding 3 per cent."

The nickel belt near Sudbury embraced about two and a quarter million acres, of which only 135,000 acres were sold. New discoveries of nickel were made near Georgian Bay and Lake Wahnapitae, which were as rich as those of the Sudbury district. Therefore the belt of nickel was not limited to two and a quarter million acres. There was an impression that millions of acres of mining lands had been sold, but as a matter of fact only 800,000 acres had been sold since Confederation. A royalty of 3 per cent. would work off direct taxation for many years and had the advantage that a miner pays *only* in proportion to what he himself obtains. He had returns from three silver mines of their product last year. One mine produced 2000 tons valued at $100,000, a second 3000 tons valued at $91,000, a third 1800 tons valued at $145,000. The total production was worth $336,000, on which the royalty would have amounted to $10,000. In reply to the objection that an increase of price to $5 an acre would prevent the land from being sold, Mr. Hardy said that if the lands were not sold now they would be valuable as assets hereafter. It had been said that in Michigan lands were sold at $1.25 an acre. On the contrary, his information was that they were sold at from $3.50 to $30 and $40 an acre. The fact was that $5 an acre was much below the average price in Michigan.

The second reading of the bill was then carried, only those who spoke against it crying "nay."

WASHINGTON COMMISSIONERS.

Patterson of Essex to Be a Commissioner —Revising the Sugar Duties.

OTTAWA, April 23.—It is reported here that Mr. J. C. Patterson of Essex has been appointed one of the special commissioners to represent Canada in the forthcoming negotiations at Washington. It is also stated Hon. Edward Blake has been invited to act as a commissioner.

The Cabinet to Meet Daily.

OTTAWA, April 23.—The Cabinet will meet daily from this on till Parliament meets, settling the policy of the Government and preparing the speech from the throne and the work of the session.

Found Guilty.

TORONTO, April 24.—At the York assizes yesterday Sarah Fox was found guilty of manslaughter for killing of her babe. The body was found about Feb. 27 last within the walls of Dr. Richardson's residence, where it had been apparently thrown by the prisoner.

The Mail-Empire libel suit which has been so long pending has at length been dropped. It was the old suit arising out of The Empire's charge that Ned Farrer, when connected with The Mail, had conspired to betray Canada with the Washington authorities. Upon The Empire's withdrawing the plea of justification The Mail abandoned the suit.

A cable despatch just received from Rev. Dr. Mackay, Canadian missionary at Tamsui, Formosa, China, announces the death of the Rev. John Jamieson, M.A., who for the past seven years has been laboring in that field with him. No particulars are given. At the time when the letters last received from Formosa by the Foreign Mission Committee of the church were written Mr. Jamieson was enjoying his usual health, but about two years ago he suffered from a severe attack of phthisis, and it is supposed that a recurrence of this has now proved fatal.

Fire at Blenheim.

BLENHEIM, Ont., April 24.—Early this morning the residence of James Dexter was totally destroyed by fire. Most of the contents were saved. The house was valued at $650. Insured in the Western for $400.

Valued His Life at 62.

OTTAWA, April 24.—A harness maker at Hull attempted suicide by hanging yesterday. He was discovered by a boy and cut down, but not a moment too soon. Out of gratitude he gave his rescuer $2.

Not Guilty of Manslaughter.

HAMILTON, April 23.—At the Wentworth Assizes to-day Timothy Wood was placed on trial charged with manslaughter, in having caused the death of George Foster of Winona, who was found dead in bed after a quarrel with prisoner. The bruises found on the body of deceased were accounted for in a measure by the testimony of witnesses who saw him fall from a train and the jury acquitted the prisoner.

Lost Both Husband and Cash.

BARRIE, April 23.—At the Chancery sittings, the case of McDonald v. Nesbitt was heard. The action arose out of a breach of promise suit which was tried at Barrie last year. Wellington Nesbitt, brother of the defendant made a deed of part of the property to his sisters, as Miss McDonald, the plaintiff, contends to beat her out of $1100 damages, which the jury gave her against Wellington Nesbitt for breach of promise of marriage. Action dismissed.

What it Costs.

Must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the great middle classes because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said, "100 doses One Dollar," and a bottle taken according to directions will average to last a month.

J. C. Turnbull.

ATTRACTIONS IN
DRY GOODS
AT
TURNBULL'S.

The change in the weather has brought with it a great demand for Millinery, also for Spring Shades in Dress Goods. Our store was never more attractive in these lines than at present. We have every new and desirable shade in stock with Millinery to match. If you are in town this week, have a look at our Grey Dress Goods and Millinery Window. Large Grey Checks for young people to be made up alone or mixed with Black. Small Black and White Checks and Stripes (broken patterns,) for older people. Goods that are hard to find, in neat patterns.

We justly claim to take the lead in our Tailoring Department for quality of goods, fit and price. We get up a splendid suit, in Halifax tweed or navy serge, for $12.00. Fine grades of Almonte and other makes of tweed for $13.00, $14.00, $15.00 and $16.00. Scotch tweeds and serges from $16 to $20 for the best. Fine all Venetian finish or diagonal cords for coat and vest, with black or fancy pantings to match, at from $19 to $22 a suit. Remember our prices. Call and see our stock, and do not pay a great deal higher figure through force of habit.

We have added this week to our already attractive stock of Boys' Clothing, another shipment just turned out of the manufacturers' hands, neat and new styles.

We show now an immense range of patterns in cottonades and shirtings, in the best quality.

We also keep all the lower lines, beginning at 5c. for shirtings and 12½c. for cottonades.

We have an opening now for an apprentice in the millinery department. Apply until Saturday.

Housefurnishing ITEMS.

VERY INTERESTING NEWS

One of the most important parts of our store is the Carpet and Housefurnishing branch. Upon this one point we concentrate no small portion of our resources.

We offer a very handsome range of **Tapestrys.** Cheerful, tasty designs, in fact richer patterns than you often find in higher class goods, at only 35 cents per yard. From this price up we can show excellent value and choice effects. For example, the prices run like this: 45c., 50c., 55c., 60c., 65c., 75c, 80c., 85c.

Then in **Brussels** the stock becomes interesting.

We have **Borders** to match many lines. Stairs, too, if required.

An important feature in our stock is that nearly all the designs are PRIVATE.

Good line patterns in **All-Wools, Unions, Hemps,** etc

Art Squares in nearly every size.

Madeas Muslins, with Fringes to match.

Art Muslins, Curtain Nets, and everything in the Housefurnishing line sold at most reasonable prices at

She Wanted the Neighbors to See.

MRS. BLACK—How much did you pay those lace curtains were?

CLERK—Just $2.50 per pair, ma'am.

MRS. BLACK—Well, I'll take three pairs, for that will only amount to six dollars, and I'm positive to pay ten dollars for the same quality. I think they are just lovely.

CLERK—Can I sell you a nice parasol to-day?

MRS. BLACK—What is the price for a small parasol? I suppose yours are all gone? They ought to be the most stylish and most durable.

CLERK—Yes ma'am. Our parasols are all new and fresh, and we can give you a very pretty parasol in ivory, combined or verandah bamboo. Our price for a pretty parasol is 65c.

MRS. BLACK—Well, they certainly are cheap. I'll take one for myself, one for Susan Jane, and one for Maria. Be sure you don't send the parcel after dark, and you needn't be particular about wrapping up the parcel, for I want my next door neighbor to see that it is a new one I bought at

FRIDAY, APRIL 24 1891.

THE TRENT VALLEY CANAL

Considering the immense importance of this great waterway to the national interests, and the interests of the district through which it passes, it is of vital importance to try to understand the attitude of the Dominion Government towards it. The Government is committed to the scheme, as shown by Mr. Murphy, of Trenton, in his remarks to Sir John at the interview with the Premier and his colleagues on Tuesday last. Mr. Murphy recalled the pledge virtually made in 1878 by assuming the Trent Valley Canal works, and the specific pledge given by *Sir Charles Tupper* at Trenton in 1882, which pledge was repeated at other points on the route on the occasion of the same visit. The other promises made by the Government have been presented to our readers from time to time. It might, however, be advisable to repeat them. On the night of the elections in 1887, Mr. Stevenson on the platform of the Opera House, according to the *Review*, made this statement:

"He (Mr. Stevenson) stated that the Minister of Public Works had given him (Mr. Stevenson) every assurance that the Trent Valley Canal contract between Lakefield and Peterborough would be let during the coming summer. This was no election dodge, as the elections were over."

And we might recall the promise made in a letter published in the same election contest by Mr. E. C. Strickland, Lakefield, in the Lakefield *Chronicle*, in which, among other things, he said :—

"I had a very satisfactory interview yesterday in the Queen's Hotel, Toronto, with Sir John Macdonald, and received *his most positive assurance* that contracts would be let next summer on that portion of the Trent Valley Canal running through Lakefield."

And just previous to the last election, Mr. Strickland wrote to the press pointing out the danger to the interests of the canal which would follow an adverse vote to the Government candidates.

The crowning promise, however, was that sent by Sir John Macdonald, of Kingston, to Mr. Stevenson two days before the elections on the 5th of March. The telegram read thus :—

"KINGSTON March 3rd, 1891

The Trent Valley Canal Commissioners, having reported favourably upon the construction of this scheme, Parliament will be asked in the estimates next session for a grant for the purpose.

JOHN A. MACDONALD."

This is a formidable array of promises to set against the wet blanket that Sir John spread over the scheme on Tuesday last at his office in Ottawa. He told the large and naturally expectant deputation that "the Government *believed* the canal must be built," but he hinted to the deputation that they could not surely be so unreasonable as to "desire that any expenditure should be made that would in any way affect the financial credit of the Dominion." "It was," he said, "a very important thing for the future of Canada that her credit should be maintained" Sir John and his supporters were not so solicitous for the credit of Canada when he and they were sowing broadcast the foregoing pledges, and he has shown no solicitude for the loss of credit of the Government, involved in the failure to implement these pledges. The deputation got no satisfaction from Sir John on the occasion of their visit. He made a big descent from the specific promises made by him and on his behalf in the past, to the very vague encouragement implied by his "hope" and "belief" that "parliament will give grants from time to time sufficient to carry on the work efficiently." Is there any encouragement in this? If Sir John's explicit and direct promises cannot be relied upon as shown by the past, what can be expected from his faint-hearted and equivocating "hope and belief" that parliament might be cajoled into doing something as brilliantly indefinite as Sir John's diplomatic non-committalism to the great representative deputation that went into the Railways and Canals office last Tuesday afternoon, so full of hope, and departed figuratively shivering under the wet blanket, Sir John had blandly dropped upon the members of it? What conclusion can be arrived at other than this, that the Trent Valley Canal scheme is regarded as of more importance in carrying the elections in this district in the interest of the government than in carrying Northwest wheat from Port Arthur to Montreal? It is all very discouraging to the people of this district and town especially. It seems to be time for the people to set themselves the task of arguing out whether it is better to continue electing members to support Sir John, or, as Mr. Barron suggested at the recent meeting of the association in Peterborough, "to show their teeth."

Ontario Railway Bonuses.

Concerted action is being taken by a number of Ontario municipalities to obtain from the Dominion government a refund of the bonuses paid by such municipalities towards the construction of railways, before the adoption by the federal authorities of the policy of subsidising local roads. It is surely time that something like a definite policy was adopted in reference to this matter, and that policy ought to be "one law for all." If the inhabitants of Tupperdom are to have their local railways built at the cost of the entire Dominion—as a reward for supporting the Tory party, and in such cases the taxpayers of Ontario and Quebec must bear the lion's share of the expense—then it is certainly just that those Ontario municipalities which have built their own railways, and which are now being burdened with a large share of the cost of building railways in Tupperdom, should received back a portion at least of the money they have spent upon their own roads. If Ontario must bear the cost of building local railways in Tupperdom, then Tupperdom should be willing to bear a small share of the cost of Ontario's local railways. That is surely a fair proposition. Whenever a local railway is asked for in Cape Breton, or in Cumberland, Prince or Gloucester, the Tuppers have it built as a branch or an extension of the Intercolonial, thus saddling the greater portion of the cost upon the taxpayers of Ontario and Quebec. But when a local road is wanted in Ontario, the people of the localities interested must tax themselves for its construction. Sir Charles Tupper had to promise millions of dollars of Dominion government money to carry Nova Scotia for the Tory party at the recent election. In giving his reasons for retiring from the contest in Inverness county, Dr. Alexander Campbell, an independent Conservative, in a published card, said : "I am happy to say that I have it on the very best authority that the government is to build and equip the Orangedale line (so-called) next summer. I am fully satisfied with the authority I have on the subject, consequently I withdraw my opposition to the government candidate." It will be observed that Dr. Campbell says he has been promised that the government is to "build and equip" the railway to which he refers. That means that the railway, a purely local line, is to be built chiefly at the expense of the people of Ontario and Quebec, who built their local railways without any aid from Nova Scotia. And every mile of railway added to the Intercolonial system increases the burdens upon the taxpayers of the upper provinces, because the Intercolonial does not pay working expenses. The greater the mileage the greater the annual loss upon the operation of the road.

As Others See It.

The Ottawa *Free Press* thus refers to the visit of the Trent Valley Canal deputation on Tuesday last :—"The gentlemen who waited upon Sir John Macdonald yesterday to urge him to fulfil his promise to complete the Trent Valley Canal project not only evinced an utter want of confidence in the premier's pre-election pledge, but they gave him an opportunity of qualifying that pledge in such a way that is virtually means nothing. During the election campaign Sir John stated that his government had adopted the policy of pushing the canal to completion with all possible speed. Yesterday he told the large delegation which waited upon him that 'the government believed the canal must be built,' but talked about the danger of impairing the Dominion's credit, the strength of rival and opposing influences, &c., and declined to state whether the canal would be built in ten years or a hundred years hence. The deputation did more harm than good, by betraying a disposition to disbelieve Sir John's ante-election promise. They should have held him to that promise, instead of giving him an opportunity of qualifying it in such a way as to make it wholly worthless."

Unseen Dangers

One of the most important agents of health in the community, is pure drinking water. Many of our city reservoirs, wells and tanks contain impure water, and in them lurks unseen dangers which are often fatal to young and old. Common and poorly prepared package dyes contain ingredient that are dangerous to the health of the operator, and destroyed the fabrics which are colored. In Diamond Dyes there is every guarantee of perfect purity, good results, and stability of color. It is for these reasons Diamond Dyes are so popular.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. dw

We Claim the Earth.

We claim the earth is round, and we know it's true. We also claim that Hagyard's Yellow Oil cures sprains, bruises, colds, croup, sore throat, rheumatism, neuralgia, and all painful or inflammatory diseases, and we know this is true. Yellow Oil is a true family remedy for lameness or soreness in man or beast. 2w15d

Ahead of Koch's Lymph.

Charles Campion, Kingston, Ont., says:—Gained 7 lbs. with one bottle of Miller's Emulsion of Cod Liver Oil. Cured bad Bronchial Cough with a few doses and made me feel like a new man. I strongly recommend it. All druggists keep it, dw

A Great Blessing.

Sirs—I have taken three bottles of Burdock Blood Bitters and find it a good medicine for constipation and poor appetite. I will continue taking it as it is a great blessing and I feel a great change in my health since taking it. Mrs. J. V. GREEN, 5 Sydenham street, Toronto, Ont. 2w15d

Important and True.

No better evidence of the fact that Burdock Blood Bitters is certain remedy for all blood disorders can be asked than that of Mr. Geo. V. Thomas, druggist, of Hull, P. Q., whose wife was cured of cancer by B.B.B. The family doctor is certain that the disease was cancer and that it is now cured. 2w15d

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses, from its wonderful efficiency in curing chapped hands, and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal 6d92

A MAN'S wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so, too! dw

Twelve years trial in English climate, with increasing demand, proves the Royal Rheumatic Remedy to be the best remedy for rheumatism. For sale by W. R. Greatrix, druggist. dw

In the first stage of consumption Miller's Emulsion will certainly cure. For sale at all drug stores. dw

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

TIME TO US MEANS MONEY.

THE TRIPLE ALLIANCE AT WORK! WE BUY BIG TO SELL BIGGER!! THE OPENING GUN OF THE CAMPAIGN OF THE TRIUMVIRATE!!

SPOT CASH has saved a wholesale firm from bankruptcy; a colossal sale effected in an emergency has kept the assignee from the door! And how! Here is a business story made up of business facts, and related by business people as a matter of business. Isn't it your business, you hard working, toiling men of industry, to take in the above business!

GOUGH BROS., of Peterborough, run their own show. They have no connection with the Gough Stores in Toronto and Brantford. But in union for a purpose there lies strength. The head of a wholesale house in difficulties required money—had to sell. One man's extremity is another man's opportunity. Goughs, of Peterborough, Toronto and Brantford, pooled their energies, backed with cash, and, by so doing, carried the day, and captured at a bargain $68,000.00 worth of Clothing, Furnishing Goods, Hats and Caps, Boots and Shoes

Have you an idea what it means to handle this bonanza; and, mind you, handle it to take the balance of the purchase money out of it by May 24th! You haven't. We have. And now we begin to push the biggest, brightest, most daring effort of our business career. Will you help us and benefit yourself! You will, for common sense tells you that, in order to do well for ourselves, we must do better for you.

We Push for a Purpose! ☞ Here are a few Diamond-Bitted Pointers :—

All Men's $16.00 $14.00 $12.00 $10.00 SUITS Go For $8.00

All Men's $8.00 $7.00 $6.00 $5.50 SUITS Go For $4.90

All Boys' $4.50 $4.00 $3.50 $3.25 SUITS Go For $2.90

Men's Fine Cordovan Shoes, at $5.00, $4.50, $4.00, $3.75, now offered for $2.90. All $2.00, $1.75, $1.50 Boots go for $1.10. The same reduction applies to Ladies' and Children's Wear.

The prices of our Hats we will not quote here, as the high priced hatters would be completely knocked out and discomfited.

Just ask for hats and you will get a start. Buyers! Wearers! Customers! We want you to believe a strong statement. It is no stronger than the facts warrant. We fire to the third storey all compunction and reserve, and frankly tell you of our position. We sacrifice profit that we may meet our engagements and keep the name of GOUGH BROS. as the one firm, the Napoleons of Business, who can plan, carry out and consummate the biggest business, the biggest business scheme to place the best goods in every man's hands for less money than ever before.

GOUGH BROTHERS,

THE WONDERFUL CHEAP MEN.

TO THE TRADE

We handle very largely all kinds of Bankrupt Stocks which we sell only to the trade and in quantities to suit purchasers.

We exchange stock for all kinds of Farm Produce or Real Estate.

Store keepers who handle the products of the farm in large quantities would do well to consult us before making consignments.

We buy outright or sell on commission.

CHANGE IN BUSINESS.

I beg to announce to my late customers that I have sold out my business to Messrs. Hilliard & Peplow, and I would bespeak for them the same support as has been accorded me.

C. N. BROWN.

ANNOUNCEMENT.

For some time past we have thought a strictly cash business in Flour, Feed and Provisions could be successfully carried on in Peterborough, and to test this question, we have purchased the above business from Mr. C. N. Brown who will still continue as manager in Flavelle's old stand, Simcoe street.

In order to be successful we intend to make it the interest of everyone to pay cash with order by selling at wholesale prices.

We will positively give no credits and cash customers will not have to keep up the losses made by others on the credit system.

We will keep a full supply of the very best quality of Flour, Feed, Chop, etc., and our customers need not fear that the quality of the goods will be lowered to make up for the reduction in prices. We are simply giving them the benefit of the margin necessary to cover losses and interest charges incurred on the credit system.

Goods delivered to any part of the town or Ashburnham.

AT GRAND CENTRAL HOTEL, PETERBOROUGH,

On Friday and Saturday, 24th and 25th April

MR. C. H. DORENWEND, Inventor of the famous Dorenwend Electric Belt and Attachments, will be at the above place and date with a complete stock of these appliances. A practical common sense method of the self application of Electricity for the relief and cure of all forms of Muscular and Nervous Diseases. BE YOUR OWN PHYSICIAN. Use these inventions, and leave drugs and compounds alone. Electricity as applied by

The Dorenwend Electric Belt and Attachments,

Will cure, without Medicine,

RHEUMATISM, NEURALGIA, GOUT, LUMBAGO, DYSPEPSIA, KIDNEY DISEASE, LIVER COMPLAINT, SPINAL DISEASE, LAME BACK, NERVOUS DEBILITY, VARICOCELE, IMPOTENCE, SEXUAL DECLINE, PARALYSIS, FEMALE COMPL'NTS

The Dorenwend Electric Belt is provided with a battery which generates a mild continuous current of Electricity. It can be felt and can be regulated at will by the wearer whilst the belt is on the body. It is a light contrivance, and can be worn at any time without the least inconvenience. It is the only Electric Belt in the world that follows out the true principles of electrical science. It has been examined and pronounced by experts and authorities to be the most practical and efficient method of bodily application yet invented. Call anyway and examine them, and get a copy of book on home treatment.

At Grand Central Hotel, on Friday and Saturday, 24th and 25th April. dw

PEOPLE.

Tippoo Tib will be a social lion in London next season.

The University of Helsingfoers, in Finnland, has opened its doors to women.

Hansborough, the new Senator-elect from North Dakota, was a tramp printer twelve years ago.

Miss Braddon is careless about the style and material of her garments, but her diamonds are dazzling.

At 90 years of age, Mrs. Matilda Sewall, of Augusta, Me., takes rank among the best piano-players of her city.

Miss Kate Greenaway is to have an exhibition of her drawings at the London Fine Art Society early in February.

Fr. Ignatius has been spending the winter in Florida. Friends in England sent him $3,000 to cover his expenses.

With the death of Sherman and Porter the titles of general of the army and admiral of the navy pass out of existence.

Mrs. Garfield still wears mourning as deep as that which she put on when her husband, President Garfield, died, nearly ten years ago.

Sherman was as light a sleeper when in the field as the great Napoleon was. He rarely took more than five hours of rest when the enemy was near by.

Columbus will be honored by the Ohio city which bears his name with a bronze statue, designed by R. H. Park. It will cost $30,000, and, with pedestal, stand thirty feet high.

Meissonier had an abiding hatred for Americans. Though they bought his pictures with a generous hand and paid excessive prices for them his detestation was bitter and outspoken.

Henrik Ibsen was a little boor in his boyhood, and even his brothers and sisters disliked him. In revenge for his meanness and unsocial ways they used to pelt him with stones and snowballs.

Mr. Seney, the Brooklyn art patron, who has just now sold a choice collection, says he thinks the four greatest living painters are Cazin, Knaus, Innes and Israels. The last leads the Dutch school.

Rev. H. P. Collier, also of Brooklyn, in a speech at Boston referred to his own city as the home of the inordinately-athletic, hair-raising, larynx-busting Talmage daughters to tell you what is the matter.

The Archduke Francis Ferdinand, the heir to the throne of Austria, is a tall and very distinguished-looking man. He has been very carefully educated, has considerable talent for art and music, and is a fine soldier.

The Sultan lives in constant dread of assassination. He never leaves the grounds of his palace except to go once a week to a neighboring mosque. Once a year he pays a visit to Stamboul, but his route is never known in advance.

Mrs Hungerford, the "Duchess" of current fiction, is a brown-haired woman with merry eyes and a youthful disposition, though she is the mother of six children. She has written twenty-seven novels, besides countless magazine articles.

Mr. Gladstone has three hats, and three only. One is black and very old: the second is white, and is used only in summer; the third is a soft felt, and his constant traveling companion. Its age is unknown, but certainly it was not new in 1860.

Mrs. Calhoun, sister of Gen. Custer, bears a semblance to her dead hero-brother, and possesses many of the mental characteristics that distinguished him. She is a most fluent conversationalist and an elocutionist of wide reputation.

The Emperor of Austria sent the German empress a diamond set which cost £3,200 as a gift in celebration of the christening of her infant son, of whom he was one of the sponsors, the Archduke Eugen being the representative at the ceremony.

Gen. Booth expects to get his "Darkest England" scheme launched by July. He will then take a long trip, visiting South Africa, India, Ceylon, Australia and New Zealand, and will be absent nearly a year. He starts for the continent this week.

The depopulation of Iceland is going on steadily. The depreciation in the value of the land has been very marked of late, while the taxes have considerably increased, and the Icelanders are said to be emigrating in shoals. The population, which was 80,000 ten years ago, is now under 60,000.

It was one of Gen. Sherman's daughters, the eldest, who refused to dance with the Russian Crown prince when he made his tour of the United States. Her refusal raised a cloud of social dust at the time, but she explained it on the ground that out of deference to her mother's wishes she had decided not to waltz at all.

The mad king of Bavaria sometimes smokes as many as 100 cigarettes a day. For each cigarette he uses an entire box of matches, touching off the others to see them burn after he has used one to secure a light with. He has a new suit of broadcloth made for him twice every week, but he never uses a handkerchief, towel or napkin. He refuses to go near water, and never bathes.

Lord Dufferin's success as a diplomat at the Czar's court was ascribed in a large degree to the charms of his wife, who became a favorite of the Russian aristocracy. In Rome, where her husband is now stationed as the representative of England, she is no less popular. Besides being a woman of tact and judgment, the countess is a linguist of much ability, conversing fluently in French, German and Italian.

A Bad Bargain.

Hardup—Wonder what I would get if I put this overcoat up?

Wiggins—Pneumonia. I guess, in this weather.—Texas Siftings.

The Collinsby Pafting and Towing Company are building a powerful steel steam tug at Kingston, Ont., the plates, machinery, etc., for which are being imported from England.

Children Cry for Pitcher's Castoria.

Capitalism Hostile to Democracy.

Capitalism and democracy cannot live together. One of these two must go down. A sham democracy may, indeed, continue to exist in which the multitude serve tables and the stockholders devour what is set upon them. Yet the republic in which every freak aggregation of capital is followed by an increase of the "unemployed" till they mount up to millions, has no very palpable advantage over the "effete and monarchy-ridden" States of Europe. It is just as great a crime against the Declaration of Independence to be monopoly-ridden as it is to be monarchy-ridden. If kings are superfluous, why do certain omnipotent individuals command the approaches to New York and poll its inhabitants every time the latter buy a railway ticket? Must they be labeled with the old names, to prove that they exert the old kind of power? Political freedom which leaves nine men out of ten without house or home, and which cannot prevent machinery and artificial prices from creating a mass of vagrants and loafers even in America, has clearly mistaken the shadow for the substance. And democracy, if it means to be a real transition from bad to better, must examine anew the title deeds to its inheritance which were so magnificently drawn, and must learn, ere it be too late, how much of its property has been thoughtlessly squandered and signed away to private and irresponsible corporations. For monopolist right is national wrong.—Rev. Wm. Barry in the March Forum.

Why Russia Persecutes the Jews.

The principal grounds upon which the Russian justifies the persecution of his Hebrew brother are as follows. He asserts: 1, that the Jews are too rapacious, and too successful in getting money and property away from the surrounding Christians; 2, that they hold themselves, as a class, apart from the rest of the community; 3, that they furnish many of the leading nihilists and mischief-makers; 4, that they evade service in the army and do not become patriotic Russians. The first accusation may be ignored, and it amounts simply to saying that the Jew is shrewder and more intelligent than his neighbors of other races. As to the Jew's refusal to mingle more freely with his neighbors of different creeds, or, in other words, to assimilate with the population, it cannot be said that he has as yet received any very warm invitation to do anything of the kind. He has been chased like a beast of prey for centuries, and now he is asked why he does not like his persecutors. The charge of nihilism is perhaps true, to the extent that the Jews naturally furnish their proportionate quota to the malcontents who have the courage to act. But that the Jews among the Nihilists exceed their proper proportion to the whole population, is denied by many trustworthy writers. The charge that the Jew evades army service is disproved by official statistics.—P. G. Hubert, Jr., in the March Forum.

Why go about hawking and spitting when Nasal Balm will remove every vestige of your catarrh, and thus relive you of this disagreeable habit? In cases of cold in the head Nasal Balm gives instant relief, and there is no case of catarrh it will not cure if used according to directions. A single bottle will convince you of its merits. 6392w

Speaking of Tips.

A tip is a piece of special or valuable information such as this, that Hagyard's Yellow Oil is a prompt and effectual cure for croup, colds, hoarseness, sore throat, rheumatism, neuralgia sprains or soreness of any kind. Known as reliable over 30 years. 2w15

A True Bill.

Wm. Gillespie, Wolfe Island, Ont., says: I had indigestion and stomach cough for three years. Was treated by best physicians and used numerous patent medicines without success, when two bottles of Miller's Emulsion of Cod Liver Oil cured me. I have great pleasure in recommending it. For sale by all druggists. dw

Sit Down and Think.

Sit down and think: 1st, that dyspepsia is caused by wrong action of the stomach; 2nd, that Burdock Blood Bitters is designed to correct and regulate the stomach; 3rd, that it always cures dyspepsia and costs less than a cent a dose. Can you afford to be dyspeptic? 2w153

When Baby was sick, we gave her Castoria
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Hagyard's Pectoral Balsam.

Hagyard's Pectoral Balsam gives prompt relief in coughs, colds, hoarseness, whooping cough, croup, asthma or bronchitis. It is the most pleasant and perfect throat and lung healer in the world for children or adults. Price 25c. 2w151

An Open Secret.

This is an advertisement for Hawley Bros'. teas, and we don't care who knows it. What we want to say will be straight and to the point. It is this: Hawley Bros. keep the finest stock of teas and coffees in town at the lowest prices—*n'oubliez pas!* Excuse the French, but don't forget Hawley Bros.' teas

Not Generally Known.

That you can get a good hardwood Bedstead, light or dark finish, at Clegg's for $2 00.

That you can get a good hardwood Bed room Suite, well made and finished light or dark, for $13.

That you can get a 6 good chairs for $2.25.

That you can buy a good mixed Mattress at Clegg's, for $3 50.

In short, you get good value in any and every grade of Furniture at Clegg's. d194-1w17

The School Not Responsible.

Dr. Clarke, Medical Health Officer, stated to an EXAMINER reporter this morning that in response to a number of complaints he has inspected the West Ward School building, and has come to the conclusion that there is nothing about the premises to generate the diphtheria cases existing in that vicinity, but that the disease is rather due to the influence of the creek. There are not many cases in town, and those known to exist are nearly all improving. No new cases have been reported for several days.

New Bell Telephones.

The following numbers have been added to the exchange list of the Bell Telephone Company in town:—Rev. C. B. Kenrick, residence, 222; Mr. E. B. Stone, barrister, office, 226; Mr. G. W. Matthews, residence 224; Mr. A. J. Robertson, dentist, 223; Mr W. H. Manning, dentist, 220; Mr. P. H. Green, photographer, 219; Mr. W. B. Ferguson, residence, 221; the Wm. English Company, 218; Mr. J. Moloney, residence, 217; the Peterborough Milk Company, 216 Three hundred more are under construction.

Practical Christianity.

The Madoc correspondent of the Belleville *Intelligencer* thus refers to an act of generous Christian charity on the part of a minister:—"A young girl, perhaps more sinned against than sinning, was a few days ago, turned out of the place of her abode on to the street when about to become a mother. She was refused admittance at different houses, when the Rev. Father Davis, Roman Catholic priest, had her taken to his house and cared for—which speaks volumes for his kindness and nobleness of heart." Unfortunately we have the Levite and the Pharisees with us yet, but, thank heaven, we have the good Samaritan also with us.

Girls' Guild Apron Sale.

The Girls' Guild, of St. John's held a very successful apron sale in the shop on George street, next to Messrs. Mills Bros.' hat store. The rooms were very prettily decorated by by the girls and the fine stock of aprons and other little articles were met with a very encouraging demand. During the progress of the sale refreshments were served. The financial results, which are not yet compiled, were very satisfactory. The arrangements that largely contributed to the success achieved were carried out by the Girls' Guild, whose officers are as follows: Miss ——— Campbell, President; Miss Mamie Frosts, Vice-President; Miss Lily Pratt, Secretary; Mrs. James Campbell, Superintendent of work, and Miss Kirkpatrick, Miss Burrist and Miss Davidson, directors. The proceeds of the sale are to be divided between the funds for a memorial to the late rector of the parish, Rev. Mr. Beck, and the funds of St. John's South Ward Mission.

The public should keep continuously in mind the delightful concert to be given under the auspices of the P.A.A.A. on Tuesday evening, ~~the 7th~~ 28th April. A spl solid programme of vocal and instrumental selections. The promoters of the concert are forwarding preparations for making this concert the success of the season. Tickets 25 and 50 cents. Seats at Scheifele's.

The P.A.A.A. Concert

Delegates to High Court.—W M Graham, W A Eastland.

Drainage By-law Trouble.

Notices have been served upon the Reeve and Clerk of the Township of Cavan, that application will be made to the High Court of Justice, Common Pleas Division, at Toronto, to quash the bylaw of the corporation No. 264, which was passed by the township council on the 20th of March last, entitled "A bylaw to provide for draining parts of the 11th, 12th, 13th and 14th concessions of the Township of Cavan and parts of the 12th and 13th concessions of the Township of Monaghan, and for borrowing on the credit of the municipality of the said Township of Cavan the sum of $12,000 for completing the same." It is expected that there will be a big legal fight over the above.

Cricket Club.

A meeting was held Wednesday evening for the purpose of organising a cricket club in Belleville for the ensuing season. There was a fair attendance, and considerable enthusiasm was manifested. Col. S. S. Lazier, presided. The election of officers resulted as follows:—Patrons, Messrs. H. Corby, M. P., W. B. Northrup and T. Ritchie. President, W. H Biggar, M.P.P. Vice-President, Rev. S. Daw. Sec.-Treas., R. E. Lazier. Honorary members, Rev. A. Armstrong, Messrs. Tait and Platt. Committee, A. Roberts, S Lazier, H. Smart, J. Brasier, Messrs. Spalding and Pepler. The club starts out under favorable auspices, and will no doubt give a good account of itself this summer.

Successful Organ Recital.

There was a large attendance at the organ recital given in St. John's church last night by Dr. Davies. The increasing attendance that marks these recitals show that the public are reaching a higher appreciation of the splendid works of the musical masters which are presented from time to time, with such masterly skill by Dr. Davies. The numbers given last night were full of interest. The programme opened with the andante and allegro in b flat by Mendelssohn which many in Peterborough will remember as having been performed here by the Mendelssohn Quintette club. And Dr. Davies rendition last night was a delightful reminder, the orchestral effects being given with great exactness in this selection as well as in the fifth number, the overture to "Zampa." In this there was a very striking imitation of the orchestral movements, the pizzicato being produced with astonishing fidelity. The Handel chorus in o "I will sing" (Israel) is also worthy of especial notice, though all the numbers of the programme as given below were finely performed:—

Andante e Allegro, b flat	*Mendelssohn*
Chorus—"I Will Sing" (Israel), in C	*Handel*
Minuet e Trio—Octette in F	*Schubert*
Andante Religioso, b flat	*Mendelssohn*
Overture—"Zampa"	*Herold*
Andante, Op. 33	*Dussek*
Gavotte, in D	*Davies*
Grand March—"Carmen"	*Bizet*

Dr. Davies is in request. He is engaged to give an organ recital in St. George's Cathedral, Kingston, at an early date.

The Cavan Attempted Shooting.

Hutchison Arrested, Arraigned and Tried —A Fine of $30 and Costs Imposed—A Lesson to Too Previous Shooters.

In Thursday's EXAMINER was given the details of the attempt on the part of Robert Hutchinson, of Cavan, to shoot a license commissioner's constable, who was searching his inn for liquor. The Port Hope *Guide* thus relates the sequel:

"Chief Constable Douglas, armed with a warrant, went out to Cavan on the 7 o'clock train Thursday morning for the purpose of arresting Robert Hutchinson on the charge of assaulting John Grimison, a constable, while in the discharge of his duty. The chief succeeded in making the arrest, in fact caught him red handed while dealing out distilled damnation, without having the legal right to do so, to a couple of thirsty souls.

"Mr. Douglas brought the prisoner in on the noon train, and he was arraigned before R. H. Holland, P.M., in the afternoon. Mr. Preston, Millbrook, appeared for the prosecution, and Mr. D. H. Chisholm for the prisoner. There were two charges preferred against him, the first for selling liquor without a license; on the advice of his counsel, the prisoner pleaded guilty, and was fined $20 and $8 95 costs.

"For the assault charge, on being arraigned Hutchinson, by the advice of his counsel, elected to be tried summarily, and when the charge was read he pleaded guilty. Before the magistrate pronounced sentence, the counsel for the prisoner asked for the mercy of the court on account of the man's wife and family, who were dependent upon him for support. Mr. Preston, on behalf of the prosecution not wishing to be too severe, he would make the fine $40 and the costs $10 45, in all $50 45."

News Nuggets.

—Hiawatha Encampment of Oddfellows gives a parlour entertainment in Orange lodge rooms to-night.

—At sunrise this morning the thermometer stood 1° below freezing point. Probabilities are colder to-morrow.

—Hood's Sarsaparilla is on the flood tide of popularity, which position it has reached by its own intrinsic, undoubted merit.

—Norwood has a cricket club: W. E. Roxburgh, Hon. Pres.; Dr. Pettigrew, Pres.; W. A. F. Campbell, Vice-Pres.; Dr. Rose, Sec; J. G. Fitzgibbon, Treas., Thos. Fraser, captain.

—Any rate payer who dared put his nose within the precincts of the lower floor of the town buildings, this morning, was in serious danger of blood poisoning. The stench was palpably abominable. Falstaff's buck-basket was as fragrant as a clover field in bloom, as compared with the civic stench encountered in the clerk's office. The board of health should investigate, and the occupants of the town buildings should add to their life insurance.

Personal.

Mr. W. A. Dixon, of Toronto, was in town to-day.

Mr. W. C. Chisholm, son of Mr. D. Chisholm, Q.C., Port Hope, has received the appointment of assistant city solicitor for Toronto.

Mr. Hooper, of Kingston, has assumed temporary control of Mucklestone & Co's hardware store during the illness of Mr. E. B. Loucks, the local manager.

Rev. F. A. Leitch, of Irondale, who has been attending his ministerial examinations in Omemee, was in town to-day seeing old friends. His appointment in the back country apparently agrees with him.

Watch Repairing.

Take your watch to ERNEST B MANN and have it properly repaired. Satisfaction guaranteed or your money will be refunded. Ernett's Music Store, 159 Hunter street, Peterborough. dw

Opened Their New Hall.

The "Emeralds" Give an Entertainment —A Deserving Order.

The new hall of Peterborough Branch of the Emerald Beneficial Association was formally opened on Thursday night. There was a large audience present, who greatly admired the new hall, and congratulated the members and officers of the E. B. A. upon the evidently prosperous condition in which they stood. The hall is a part of the Catholic Association Rooms, and on Thursday night looked its best in a gay dress of bunting and flags. Mr. E. J. O'Neil, president of the Peterborough Branch, occupied the chair, and made a brief opening address of welcome, in which he said that the members of the order felt encouraged by the presence of so many of their friends, and it was a satisfaction to know that any effort on their part to further the worthy objects of the order was appreciated. He felt confident that in their new hall the E.B.A. would increase in numbers and in their influence for good.

Mr. D. A. Carey, of Toronto, Grand President of the Order, next delivered a lengthy address, pointing out the objects of the Order and the results obtained. Their Order was purely mutual, with principles which acted as a safeguard to a man's morality and such grand benevolent features as would commend the Order to all right-thinking men. They looked after the widow and orphan, and cared for rich brethren. The benefiary department Mr. Carey considered entitled the E.B.A. to the name of being the best association of the kind in existence for the amount of money paid in. Mr. Carey gave figures indicating the rapid growth of the Order and some of the practical results of their benevolent system. His address was very interesting and instructive, especially to members of the Order.

Mr. Madden, Vice-President of No. 1 Branch, Toronto, was also present.

On account of illness several of the performers announced to take part were unable to fill their engagements, and the programme consisting of stereopticon views by Mr. E. Roy, and month organ selections by Mr. Wm. Burdick. Mr. Roy's views "From London to Rome," were exceptionally fine and gave deep pleasure to the audience. The picture of Her Majesty at the close was loudly cheered. Mr. Burdick's expert musical renditions were also warmly applauded.

The Association has made splendid progress in Peterborough, a fact which speaks well for the merits of the order and the deserved recognition it is receiving. The committee in charge of the entertainment comprised Messrs. E. O'Neil, D. Donaghue, Wm. Hogan, C. E. Roach, W. J. Devlin, Geo. Giroux, Jos. Begley and J. Daly.

St. George's Day.

Duly Celebrated by the Loyal Englishmen in the Good Old-Fashioned Way—A Successful Tea and Entertainment.

Lansdowne Lodge of the Sons of England held a tea and entertainment in their handsome rooms Thursday night, which was quite as successful as Englishmen's gatherings always are. The rooms were nicely decorated, and two long tables filled up more than half the space. About three hundred people had supper—and such a supper it was, of the substantial and comforting sort, which English housewives know so well how to prepare.

About eight o'clock the tables were cleared away, and the guests seated themselves in anticipation of the pleasant programme which was to follow. The programme gave every satisfaction, and those who witnessed "Pumpkin Ridge" for the first time were immensely tickled by the funny farce. The characters were all admirably taken, the cast being the same as published on previous occasions. Dr. Scott acted efficiently as chairman. Following was the programme:

PART I.

Instrumental (English airs)	Miss Tivey
Vocal solo	Miss Lilly Jackson
Irish reading	Mr. C. Brown
Vocal solo	Mrs. Stapleton
Instrumental (mouth organ)	Mr. Burdick
Vocal solo	Miss Tivey

PART II.

Vocal solo—"The Union Jack of Old England"	Mr. H. Varnes
Dialogue	Misses Barlow and Taylor
Reading (by special request)	Mr. J. Nugent
Instrumental	Mr. Burdick
Character song	Miss Alice Barlow
Vocal solo	Mr. W. Bowman

Concluding with the roaring farce, "Pumpkin Ridge."

"Pumpkin Ridge" was the nominal conclusion only, for the young people stayed behind and indulged in a merry dance for a few hours. They all voted the Sons of England jolly entertainers indeed. Much credit is due to the committee of management for the success that attended the entertainment. They were Messrs. Barlow, Taylor, Foster, Mitchell, Turner, Cox and Carpenter. The ladies too, conducted the supper with a skill and liberality proverbial with them.

The committee wish through the EXAMINER, on behalf of Lansdowne Lodge, to return thanks to the ladies and gentlemen who took part in the programme or otherwise assisted in making the entertainment successful.

Bills Before the House

In the Ontario Legislature on Wednesday, Mr. Stratton's bill to amend the Municipal Act so that the written consent of any candidate who may not be present at the nomination must be had, was given its second reading and referred to the Municipal Committee.

The bill to amend the act to incorporate the Nicholls Hospital Trust was passed and Mr. Stratton's bill, providing that towns and cities may establish public bathing houses, was passed in the Municipal Committee.

Uxbridge Will Remain.

The special committee of the general Methodist Conference, vested with the powers of the Conference for the purpose of deciding questions of grave import between the sessions of the Conference, was called together Wednesday in the board room of the Wesley buildings, Toronto, to meet a deputation from Uxbridge district and consider their petition, praying that the committee would suspend the action of the conference in removing them from the Toronto to the Bay of Quinte conference.

The following resolution was adopted by the committee after the deputation had been heard and full consideration of the subject: Moved by Dr. Maclaren, seconded by Dr. Sanderson, that the general conference special committee have carefully and earnestly considered the power of this committee to accede to the memorials of the Uxbridge district, and, after the fullest discussion and investigation of the subject, unanimously agree that any interference with the general conference legislation would transcend their powers, the more, especially as the general conference itself voted against either rescinding or suspending the original decision in the case.

Ministerial Candidates.

Bay of Quinte Conference Examinations —General Business of the Board.

The examination of candidates and probationers for the ministry in the Bay of Quinte Conference of the Methodist Church was held at Omemee on Wednesday. Rev. O. R. Lambly, M.A., chairman, and Rev. T. J. Rimleon, B.D., secretary, and all the members of the Examining Board were present, except Revs. Dr. Williams and Jos. Young, the latter having been called to Prescott by the severe illness of his father. About 25 young men wrote in the different years upon the various subjects prescribed by the conference.

The annual meeting of the board was held at 2.30 p.m. Rev. Dr. Bredin, after 29 years' service as an examiner, tendered his resignation, and a committee was appointed to prepare a resolution expressing the sorrow of the board at his leaving, and also to consider the case of Rev. Dr. Williams, transferred from the conference. Rev. W. P. Dyer, M.A., was added to the board, and the different subjects were allotted to the several examiners for next year. The next annual meeting will be held in Brighton, April, 1892. The examination was continued until Thursday night.

The Morgan House

is now the headquarters of F. J. O'Brien, the hackman. Telephone orders promptly attended to. Good, well-broke team, elegant hack and courteous attendance.

STRONGEST MAN IN THE WORLD.

A Canadian Champion in Lewis, Strength and Deeds.

If Louis Cyr, the strong man of Canada, could lift a weight off the human mind as easily as he does from the floor he would be a valuable member of society. His efforts, however, are simply to show that he possesses a remarkable muscle.

Cyr is a French Canadian, born in a little town named St. Jean, which is about twenty miles from Montreal. He was 17 years of age when he discovered that he was possessed of great strength. He happened to be out walking one day when he came across a wagon load of bricks stuck in the mud. He weighed at that time 240 pounds. Cyr got under the cart and lifted it on to solid ground. From that moment he went around lifting nearly everything on which he could get a good hold.

Cyr is now but 27 years of age, weighs 318 pounds, and stands 5 feet 11½ inches in height. He has yellow curly hair, which falls to his shoulders. He comes naturally by his marvellous strength. His mother was a powerful woman who considered the carrying of a barrel of flour up two flights of stairs a mere trifle. She weighed 305 pounds. His father tipped the scales at 230 pounds, but was not gifted with any remarkable weight-lifting ability. He has several brothers who are only ordinary men in the matter of strength.

The remarkable thing about Cyr's performances is that he uses no harness. In New York city, Dec. 20, 1888, William B. Curtis made a harness lift of 3,339 pounds. At Berthierville, Canada, Oct. 1, 1888, Cyr, without harness, raised 3,536 pounds of pig iron. He confidently expects to lift 4,000 pounds before he retires.

For two years Cyr has abstained from the use of liquor and tobacco. This, he says, has increased his lifting ability 700 pounds. He eats five or six pounds of meat a day, and pays double board. Cyr's last and greatest lift was 3,993 pounds.

LOUIS CYR.

At a recent exhibition given by Cyr, in Lewiston, Me., he picked up a barrel of flour with one hand, and put it on his shoulder as if it were a bundle of cotton batting. With one finger he raised two great dumb-bells with a man, weighing 160 pounds upon them, the total weight being 516 pounds. He lifted the bells and the man about two feet from the floor with the forefinger of his right hand only. He juggled a 35-pound cannon ball as if it were rubber. His great feat of the evening was in hoisting, by his famous upward back lift, a platform weighing 381 pounds, upon which stood twenty men, whose combined weight, with that of the platform, was 3,790 pounds. He also did an equilibrist act with Mrs. Cyr, in which he balanced her clinging to a ladder, supported on his chin.

Cyr was recently presented with a handsome championship belt by the citizens of Montreal.

ELOPED WITH AN M.D.

A Traveling Doctor Alleged to Have Eloped With Another Man's Wife.

GUELPH, April 23.—Harrison Lyon, who works for Mr. M. O'Connor, Elora-road, was in the city to-day and stated his belief that his wife has eloped with a Dr. McKenzie, who has been staying at the Commercial Hotel since last October. Mr. Lyon's story is that his wife and he lived together for six years until she went to be treated by this Dr. McKenzie, who seems to have won away his wife's affections. Three times she left him, and three times he received her back again. Mrs. Lyon has been working at service in the city for some weeks, and at the last place was visited by her husband and by the doctor, who, she represented, was logging her. On Tuesday evening of last week she left her place, and has not been seen there since. The same day Dr. McKenzie left the Commercial, saying he would be back in a day or two, but he has not yet turned up. Mr. Lyon is firmly convinced that they have gone off together. The woman is about 25 years old, while the traveling doctor is a middle-aged man and leaves a child in this city.

BLOODSHED IN COKE REGIONS.

Trouble Attending the Eviction of Strikers' Families in Pennsylvania—The Sheriff Furiously Attacked By Women.

SCOTTDALE, Pa., April 23.—Shortly after noon to-day Sheriff McCormick with deputies began making evictions at Leisenring No. 3. A Hungarian woman named Glashko shot at McCormick, the ball inflicting a painful flesh wound in the hand. The sheriff grappled with the woman and wrested the revolver from her. She then secured an ax and attacked the sheriff with the weapon, cutting his foot. McCormick then drew a revolver and shot the woman, fatally injuring her. By this time a great crowd of strikers had gathered and one Hungarian made for the sheriff. McCormick shot the man in the mouth. The deputies were gathered in a knot by this time and the evictions were carried through, but not until the deputies fired into the Hungarians again.

Not a Street Car Running in Detroit— Further Trouble Feared.

DETROIT, April 23.—The street car service on all lines of the City Railroad Company is completely paralyzed to-day. A few stray cars were started this morning, but the attempt to run them was soon abandoned by the company and scarcely a wheel is moving. Trouble is anticipated.

Wages Down.

LONDON, April 24.—The wages of the miners in the Cleveland iron mining district of Yorkshire have been reduced five per cent. At a meeting to-day of Welsh tin plate manufacturers, at which four-fifths of the manufacturers were present, a proposition to close the works controlled by them for a month was adopted.

Flour Up.

LEEDS, April 23.—The Millers' Association has again raised the price of flour. This time the price of flour is increased 1s 6d per bag, which makes a total increase since February last of 3s 6d per bag.

Rioting Stonemasons.

NEW YORK, April 23.—The police reserves were called out up town this afternoon. One hundred Italian stonemasons who had struck for higher wages attempted to drive the men from work on buildings. Fifteen rioters were arrested.

An Old Superstition Revived.

ATHENS, April 23.—Great excitement exists in Corfu because of the murder of a Christian boy in the Jewish quarter. The populace believe that the child was killed by the Hebrews as a Passover sacrifice. The Hebrews are terrified at the threatening attitude assumed by the Christians, and have barricaded their houses, in which they have taken refuge, and are calling upon the Government for protection.

She Wanted to Live in a City.

MADOC, April 25.—Mr. C. Plane, a yeoman, resides in the first concession of the township of Madoc. His wife, it is said, has repeatedly urged her husband to move into the village or the city, as she disliked living in the country. This, however, did not meet Mr. Plane's views and as a result some trouble has arisen between them. Yesterday afternoon, during Mr. Plane's absence from home, his barn was destroyed by fire, together with some cattle, farming implements and a quantity of grain. It was alleged that the wife was the cause of the fire and she was arrested and brought before a justice of the peace in the village of Madoc, who acquitted her.

Children Cry for Pitcher's Castoria.

The Ontario Government's Mining Regulations

Practical Men Justify the Policy of Reservation.

Messrs. J. H. Bell, of New York, and A. Bristol, of Toronto, representing the provisional directors of the Belmont Bessemer Ore Co., saw Hon. Mr. Hardy Wednesday afternoon with regard to the mining regulations. Their company had no objection to make to any of them. They are of the opinion that the royalty proposed by the Government of 2 % on iron is not unreasonable. They are paying 30 cents a ton on their ore in the owners of the mines, which is much more than the government royalty. Both Messrs. Bell and Bristol did not come to the House just to secure the government's approval. They had a suggestion to make. It was, that if the assistance asked for by the deputation yesterday representing the Ontario, Belmont and Northern railway be given, and that line of railway be built, the Belmont mines will be an assured success. These will be paying 30 cents of a royalty, and will show the royalty proposed by the government on its mining lands to be very reasonable. The proposition is that if the Ontario, Belmont and Northern railway be constructed, and the mines of the Belmont Bessemer Ore Co. worked, the wisdom of the policy of the government in the matter of royalties will be substantiated.

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

The funeral will leave his late residence on Saturday afternoon at three o'clock and proceed to Little Lake Cemetery for interment.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

A BAD HUMOR CURED.

$5,000 Expended on Doctors and Medicines with small. Gave himself up to die.

Good Wife Suggests Cuticura Remedies. Uses them 7 months, and is entirely Cured

I was in the war during 1863-65, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which spread impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the CUTICURA REMEDIES, which were extensively advertised and used. I followed her suggestion, and am happy to say that by different application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience,

C. L. PEARSALL,
1 Fulton Fish Market, New York.

Clothiers and Furnishers,
Peterborough.

You Want to Buy a Home

And bear in mind you are making one of the mistakes of your life by delaying, because no sane man can fail to see that new and extensive Manufacturing Industries, new Railway Extensions, the development of the mineral wealth of our back country and the early commencement of work on the Peterborough and Lakefield section of the Trent Valley Canal, cannot fail to force our fine town into the front rank as one of the leading cities in Ontario.

This being the case, is it wise for you to continue to rent if it is possible for you to buy, and a very moderate amount of money will enable you to do so.

I have Lots at all prices and in all parts of the town with special snaps for speculators, on the line of the canal from $50 up.

Homes and Lots in quality, location, price and terms to suit all buyers. Do not delay. Come and see me if you want a good property at a low price.
